No. $\frac{1771\text{-C.}}{111}$ of 1905.

FROM

THE HON'BLE MR. E. G. COLVIN, I.C.S.,
Chief Commissioner of Ajmer-Merwara,

To

SIR L. W. DANE, K.C.I.E., C.S.I., I.C.S.,
Secretary to the Government of India
in the Foreign Department.

Dated A. G.-G.'s Camp, Rajputana, the 10th December 1905.

SIR,

I have the honour to submit the Annual Administration Report of Ajmer-Merwara for the year 1904-1905 compiled by the Commissioner, Lieutenant-Colonel P. J. Melvill, I.A.

2. In accordance with the instructions conveyed in paragraph 2 of the Foreign Department letter No. 4069-I.A., dated the 2nd November 1904, the Report has been submitted separately and has not been incorporated in the Political Administration Report of Rajputana.

I have the honour to be,

SIR,

Your most obedient servant,

E. G. COLVIN,
Chief Commissioner of Ajmer-Merwara.

[NOTE.—The maximum limit fixed for the narrative portion of the Report is 35 pages.]

REPORT

ON THE

ADMINISTRATION OF AJMER-MERWARA.

FOR

1904-1905

SECTION I.

GENERAL ADMINISTRATION.

Personnel.

1. Lieutenant-Colonel P. J. Melvill, I.A., was Commissioner of Ajmer-Merwara throughout the year 1904-1905. The following officers held charge of the offices of Assistant Commissioner of Ajmer and of Merwara, for the periods noted against their names :—

AJMER.

Captain H. B. Peacock, I.A., from 1st to 27th April 1904.
Mr. E. H. Kealy, I.C.S., from 28th April to 12th September 1904.
Major C. T. Ducat, I.A., from 13th September to 12th December 1904.
Major A. F. Bruce, I.A., from 13th December 1904 to 31st March 1905.

MERWARA.

Mr. E. H. Kealy, I.C.S., from 1st to 26th April 1904.
Pandit Brij Jiwan Lal, from 27th April to 1st May 1904.
Major C. T. Ducat, I.A., from 2nd May to 10th September 1904.
Mir Said Hussain, from 11th September to 13th December 1904.
Major C. T. Ducat, I.A., from 14th December 1904 to 31st March 1905.

Major H. R. Woolbert was Civil Surgeon of Ajmer, and Mr. R. C. Bramley held the office of District Superintendent of Police, Ajmer-Merwara, throughout the year.

Revenue and Expenditure. (*Vide* Statement No. 43.)

2. The total revenues of Ajmer-Merwara, Imperial and local, amounted to Rs. 14,14,362-15-10 as compared with Rs. 13,21,997-5-1 and the expenditure to Rs. 11,22,802-6-11 as against Rs. 11,24,825-8-9 in the preceding year (1903-1904). Imperial revenues increased from Rs. 8,81,765-8-4 in 1903-1904 to Rs. 9,33,343-5-10 in 1904-1905, while the expenditure fell from Rs. 7,14,599-14-4 to Rs. 6,94,206-5-7 in 1904-1905.

There was a surplus in Imperial revenues over Imperial expenditure of Rs. 2,39,127-0-3 as compared with a surplus of Rs. 1,67,165-10-0 in the previous year.

3. The increase in Imperial revenues occurred under the following heads :—

	R	a.	p.
Land revenue proper	91,884	10	11
Excise	78,074	3	8
Customs	3,385	0	10
Assessed taxes	196	11	11
Registration	377	11	6
Law and Justice—Courts	1,673	3	11
Police	276	10	2
Education	525	8	0
Miscellaneous	684	15	1
TOTAL	1,77,078	12	0

On the other hand, there was a decrease of Rs.1,25,500-14-6 under the remaining heads. Consequently there was a net increase of Rs. 51,577-13-6 in Imperial revenues. The principal increase of revenue was under the heads "Land Revenue Proper," "Excise" and "Customs."

SECTION II.

ADMINISTRATION OF THE LAND.

1. Court of Wards.

Year ending on the 31st July 1905.

4. The General Manager of the Court of Wards, Ajmer, managed the estates of the wards, under the control of the Commissioner, Ajmer-Merwara, who represents the Court of Wards under section 4 of the Ajmer Government Wards Regulation, I of 1888.

Agricultural aspects.

5. From the agricultural point of view, the Sambat year 1961 (1st August 1904 to 31st July 1905) was not satisfactory. The rainfall, though neither sufficient nor tank-filling, was timely, and had it not ceased early, the crops would have been good. As it was, the outturn of the Kharif was rather poor. The Rabi crop was expected to yield a fair outturn, but the harvest suffered severely from blight and frost.

Estates under management.

6. At the commencement of the year, on the 1st August 1904, there were seven estates under the Court's management, *viz.*, Bhinai, Junia, Deolia Khurd, Kalahera-Bogla, Kerot, Gangwana, and Chawandia. Three estates, *viz.*, Sarana, Karel, and Masuda came under the Court's management during the year. Thakur Madho Singh of Sarana, a subordinate Istimrardar of Bhinai, died on the 28th July 1904. His eldest son, Jagmal Singh, aged 15 years, succeeded to the estate, and owing to his minority, the estate was taken under the Court's management with the sanction of the Honourable the Chief Commissioner, Ajmer-Merwara, conveyed in his First Assistant's letter No. 859-123, dated the 12th August 1904. Thakur Zorawar Singh of Karel, who, on the termination of his minority, was put in possession of his estate in April 1903, applied that his estate might be managed by the Court of Wards, on the ground of his incapacity; the Honourable the Chief Commissioner accordingly declared Thakur Zorawar Singh incapable of managing his own estate under section 7 (1) (*c*) (*iv*) of the Ajmer Ward's Regulation (I of 1888), and replaced the Karel estates under the Court's management in September 1904. Rao Sahib Thakur Bahadur Singh, C.I.E., Tazimi Istimrardar of Masuda, died on the 16th July 1903, leaving no male issue. In March 1905, the Government of India sanctioned the succession of Thakur Nathu Singh of Nandwara as Istimrardar of the Masuda estate. On the 13th April 1905, the usual "Talwar Bandi" ceremonies were performed in the presence of the subordinate Thakurs and estate officials. Nathu Singh has taken the name of "Bijai Singh," by which he is now known. He was born on the 20th October 1897, and during his minority the estate will be managed by the Court of Wards. No estate went out of the Court's management during the year, and thus there were ten estates under the Court's management on the 31st July 1905.

Demand and Collections for Sambat 1961 (AD. 1904-1905.)

7. On the 1st August 1904, the unrealized arrears amounted to Rs. 43,543-12-8, *viz.*, Bhinai, Rs. 19,314-13-5; Junia, Rs. 14,026-11-6; and five other estates Rs. 10,202-3-9. The current demand for the Sambat year 1961, including that of the three estates of Masuda, Karel, and Sarana newly brought under management, amounted to Rs. 2,57,696-11-6, *viz.*, Bhinai, Rs. 54,453-0-6; Junia, Rs. 35,242-5-7; Masuda, Rs. 1,42,574-11-10; and seven other estates Rs. 25,426-9-7. Out of the gross demand of Rs. 3,01,240-8-2, a sum of Rs. 2,57,630-4-8 was collected (in Bhinai, Rs 58,111-7-0; in Junia, Rs. 35,647-5-11; in Masuda Rs. 1,38,303-5-7; and in seven other estates Rs. 25,568-2-2). A sum of Rs. 92-2-0 was remitted in the Junia estate as irrecoverable. The outstanding arrears which remained unrealized at the close of the year on the 31st July 1905 amounted to Rs. 43,518-1-6, *viz.*, Bhinai, Rs. 15,656-6-11; Junia, Rs. 13,529-9-2; Masuda, Rs. 4,271-6-3; and seven other estates Rs. 10,060-11-2.

Cash balance on the 1st August 1904.

8. Excluding the amounts invested in Government Promissory Notes, the opening balance to the credit of the seven estates under management on the 1st August 1904 was Rs. 26,814-5-10, *viz.*, Bhinai, Rs. 10,466-1-6; Junia, Rs. 5,029-6-8, and five other estates, Rs. 11,318-13-8. The opening balance of the Masuda estate on the 1st August 1904 was Rs. 54,885-10-3. This balance was exclusive of the amount invested in Government securities (Rs. 28,100); in Ajmer Postal Savings Bank (Rs. 100-0-6); in the Alliance Bank of Simla (Rs. 12,979); Gold (1,008 tolas); Silver (32,896 tolas); Gold Mohars (Rs. 2,395); and Sovereigns (12).

Receipts and Expenditure for the Sambat year 1961 (A. D. 1904-1905).

9. Including the collections and the opening cash balance, the gross receipts for the year amounted to Rs. 3,39,330-4-9, *viz.*, Bhinai, Rs. 68,577-8-6; Junia, Rs. 40,676-12-7; Masuda, Rs. 1,93,188-15-10 and the seven other estates Rs. 36,886-15-10. The receipts of the Masuda estate include Rs. 56,158-14-3 on account of the sale proceeds of —

	R	*a.*	*p.*	
Horses	8,693	0	0	
Gold (1,007¼ tolas)	24,189	5	0	
Silver (32,792¾ tolas)	23,496	7	6	
198 Gold Mohars	4,615	1	9	and
11 Sovereigns	165	0	0	
TOTAL	56,158	14	3	

as also the Alliance Bank deposit of Rs. 12,979 left by the late proprietor Rao Sahib Thakur Bahadur Singh.

10. The total expenditure for the year amounted to Rs. 2,57,639-4-10 (Bhinai, Rs. 65,856-12-3; Junia, Rs. 31,663-14-2; Masuda, Rs. 1,32,428-8-6; and the other estates, Rs. 27,690-1-11). The expenditure figures include Rs. 28,776-14-5 * appropriated towards the liquidation of debts; Rs. 55,000 for the purchase of Government securities (Rs. 50,000 Masuda, Rs. 5,000 other estates); and Rs. 25,918-0-1 paid to Government by the Masuda estate on account of the first instalment of the succession Nazarana. The balance of the succession Nazarana amounting to Rs. 51,836-0-3 will be paid during 1905-1906.

Balance on the 31st July 1905.

11. The year closed on the 31st July 1905, with an aggregate cash balance of Rs. 81,690-15-11 (*viz.*, Bhinai, Rs. 2,720-12-3; Junia, Rs. 9,012-14-5; Masuda, Rs. 60,760-7-4; and the other estates, Rs. 9,196-13-11). This balance does not include the Government securities of the face value of Rs. 92,100, held by the estates of Chawandia (Rs. 7,000), Kerot (Rs. 6,000), Masuda (Rs. 78,100) and Sarana (Rs. 1,000), nor does it include the undisposed of Gold (10 mashas); Silver (103¾ tolas; Gold Mohars (2,197); Sovereign (1); and the Rs. 100-0-6 in the Ajmer Savings Bank.

Government dues.

12. The Government "Jama" and Takavi instalments were paid in full by all the estates.

Liabilities.

13. On the 1st August 1904, five out of the seven estates were involved in debt to an extent of Rs. 1,19,932-5-6, *viz.*, Bhinai, Rs. 70,852-5-3; Junia, Rs. 39,042-11-2; Deolia Khurd, Rs. 1,986-9-3; Kalahera-Bogla, Rs. 227-5-6; and Gangwana, Rs. 7,823-6-4. The estates of Kerot and Sarana owed private debts to the extent of Rs. 122-15-8, which were admitted and paid during the year. The repayments amounted to Rs. 28,776-14-5, *viz.*, (1) to Government on account of land revenue arrears and takavi instalments, Rs. 763-14-9; (2) to the Alliance Bank of Simla on account of debts due by the Bhinai estate, Rs. 18,500 and by the Junia estate, Rs. 8,500; (3) to other creditors, Rs. 1,012-15-8. The balance of the principal debt outstanding on the 31st

	R	*a.*	*p.*
* Bhinai	18,500	0	0
Junia	8,500	0	0
Deolia Khurd	536	9	3
Kalahera Bogla	227	5	6
Kerot	21	15	8
Gangwana	890	0	0
Sarana	101	0	0
TOTAL	28,776	14	5

July 1905 stood at Rs. 91,278-6-9, *viz.*, Bhinai, Rs. 52,352-5 3; Junia Rs. 30,542-11-2; Deolia Khurd, Rs. 1,450; and Gangwana, Rs. 6,933-6-4. In spite of the unsatisfactory harvests the progress made in liquidating the debts due by the Bhinai and Junia estates was satisfactory.

General remarks.

14. There are now seven wards studying at the Mayo College, *viz.*, Thakurs Kesri Singh and his brother Nahar Singh of Junia, Raja Sardul Singh of Bhinai, Thakur Udai Singh of Kerot, Thakur Nathu Singh of Kalahera-Bogla, Thakur Jagmal Singh of Sarana, and Thakur Bijai Singh of Masuda. The last two boys joined the Mayo College in February and April 1905, respectively. Thakur Arjan Singh of Deolia Khurd was removed from the Kekri School and sent to the Ajmer Government College in August 1904. The general health of all the wards has been satisfactory.

15. Bubonic plague made its appearance in the Bhinai, Junia, Masuda, Deolia Khurd, Sarana and Kerot estates during the latter part of the year. The returns show 879 seizures and 691 deaths from plague.

16. Rao Kesri Singh, uncle of the minor Raja of Bhinai, who was Honorary Magistrate and also had charge of the Raja's household, died at Bhinai on the 21st July 1905. The village of Keria, yielding a revenue of about Rs. 3,500 a year, and held by him in maintenance has now lapsed to the estate.

17. The garnet contractor Seth Gopi Chand Dhor of Jaipur worked the garnet mines in the estates of Jetpura-Jedana and Bhinai. The net profits to the two estates amounted to Rs. 1,151 on which Rs. 71-15-0 on account of royalty, at one anna per rupee, was paid to Government. Rupees 199-3-6, being the share of the Jetpura Thakur, were paid on his behalf to the Alliance Bank of Simla towards the liquidation of the estate debts, which stood at Rs. 6,367-12-0 on the 31st July 1905.

2.—Estates managed under the Ajmer Taluqdars' Relief (Dami) Regulation, V of 1872.

18. The states of Dodiana, and the shares of Wazir Ali and two others, to the extent of six annas in a rupee, in the village of Morajhari, continued to be managed as before under the Dami Regulation. The receipts including the opening cash balance of Rs. 427-9-0, and the expenditure in the two estates for Sambat 1961 amounted to Rs. 3,360-0-10 and Rs. 2,887-13-6 respectively, leaving a closing balance of Rs. 428-2-3 in Dodiana and Rs. 44-1-1 in Morajhari. The figures of expenditure include a sum of Rs. 1,125 appropriated towards the liquidation of the Government Dami instalments (Rs. 825) and of private debts (Rs. 300). The balance of Dami stood at Rs. 379-14-9 against Dodiana, and Rs. 1,169-5-6 against Morajhari on the 31st July 1905.

3.—Estate of the Diwan of the Dargah Khwaja Sahib.

19. The estate was managed by Diwan Ghiyasuddin Ali Khan during the year 1904-1905. The income of the estate amounted to Rs. 8,010 and the expenditure to Rs. 7,727, showing a balance of Rs. 283. The Diwan, it is believed, has contracted considerable private debts, and there can be small doubt that his estate will again be almost hopelessly involved in the course of a few years, as he always was, and is, a reckless spendthrift. The Diwan's Estate Regulation, III of 1887, having been repealed, there are no means now of effectively controlling the income and expenditure. He has, however, been warned that if he fails to manage his estate properly, the matter will be brought to the notice of the Honourable the Chief Commissioner.

SECTION III.

PROTECTION.

20. Mr. R. C. Bramley held charge of the office of District Superintendent of Police, Ajmer-Merwara, throughout the year. 1 Police.

21. The total strength of the force (Government, Municipal, and Cantonment) was 704, and was unchanged. The post of European Sergeant at Ajmer was abolished with effect from 1st July 1904, and in its place a post of Native Inspector for the city of Ajmer was created. The total expenditure was R1,14,873, of which R87,100 were paid by the Government and the remaining R27,773 were paid by local bodies. (Year ending the 31st December 1904). Police Statements A3, A4, C, D, E, E1, and F, serial Nos. 6, 7, 10, 11, 12, 13, and 14).

22. The total number of men admitted into Hospital was 330 as against 326 in 1903. The percentage of men admitted to Hospital during the year was 46·87. The number of deaths was 11 as against 9 in the previous year. Retirements on pension numbered 14. Two men deserted, and 16 men were discharged.

23. The conduct of the Police Force as a whole was good, the number of men punished during the year 1904 being 82, as against 117 in 1903. Dismissals numbered 12 and included two Head Constables. In four cases, members of the force were punished by Magistrates after trial for offences under the Penal Code. In 48 cases, as against 74 in 1903, departmental fines were inflicted : they included four cases in which Sub-Inspectors were thus punished. Eight men were deprived of their good conduct allowance. Forty men resigned during the year, as against 27 in 1903, showing a marked increase. This number of resignations is ascribed by the District Superintendent of Police principally to insufficient pay.

24 The rewards granted for meritorious service in the year 1904 amounted to R299 as against R813 in the previous year. The latter figure included a reward of R300 in a case under section 396 of the Indian Penal Code. In addition to the above amount, the Police Force received a sum of R86-7-0 from others Departments under the Excise and other Acts.

25. The total number of true cognizable cases including sanitary offences, was 2,345 in Ajmer, and 638 in Merwara ; 2,983 cases in all against 2,970 in 1903. The number of sanitary offences rose from 1,358 to 1,486; the increase of 128 cases is attributed to the fact that in recent years sanitary matters have been receiving greater attention than formerly. Cases under the Penal Code returned as true numbered 1,235 in Ajmer and 232 in Merwara as against 1,414 and 198 respectively. There was a decrease in crime proper in the Ajmer Districts especially under serious and minor offences against person and property, while there was an increase of 64 cases in Merwara in crime proper. This was due to the failure of the Kharif crops, which gave rise to an increase in thefts and burglaries. The number of false cases reported was 184 in Ajmer and 27 in Merwara, as against 114 in Ajmer and 19 in Merwara respectively. In Ajmer, especially in the city, there is a marked tendency to exaggerate private quarrels into criminal offences.

26. The number of cases investigated was 1,375, of which 446 were prosecuted to conviction. The proportion of convictions to cases enquired into was 32·51 in Ajmer and 32·05 in Merwara, as against 30·06 in Ajmer and 53·07 in Merwara. Persons arrested numbered 902, as against 972 in 1903, of whom 620 were prosecuted to conviction. There was a slight decrease in the percentage of convictions in the Merwara District and a slight increase in Ajmer.

27. The value of property reported stolen amounted to R54,383, of which property worth R17,049 was recovered.

28. Offences against the State numbered 27, as against 26 in 1904, including 22 cases against the coinage. Murders numbered 10, as against 7 in 1903, in 5 of which cases persons were arrested and brought to trial. There was

1 dacoity as against 5 in 1903. The only dacoity case reported this year occurred at Liri in the Kharwa estate, and the case is remarkable as being the only occurrence of this nature in which transfrontier Pathans have been implicated. Robberies numbered 20, as against 18 in 1903. Excise and opium cases detected by the Police numbered 2, as against 4 in 1903. The incidence of crime (sanitary and false cases excluded) in the year, taken over 10,000 of the population is as follows :—

Ajmer, 33·58 as against 38·45 ; Merwara, 23·99 as against 18·13. In Ajmer the incidence is the lowest recorded since 1901. In Merwara the incidence has increased.

29. The question of entry by the Ajmer Police into Jaipur territory for the purpose of investigation in extraditable cases has been settled, and the neighbouring State officials give assistance whenever required.

30. The number of previous convictions proved during the year under report was 95, as against 123 in 1903. The finger impressions of 142 persons were taken in the year and were sent to the Central Bureau at Abu. The number of time-expired convicts under surveillance at the end of the year was 675. Surveillance is regularly exercised by officers in charge of Police stations and by Head Constables, and the registers are constantly examined. The number of proclaimed offenders on the registers at the end of the year was 83, as against 69 in 1903. The Police School in the Ajmer lines is reported to be working satisfactorily, but was closed during an outbreak of plague in the district owing to the great demand for constables. The Police record for the year it on the whole satisfactory. Owing to the outbreak of plague in the district, a good deal of extra work fell on the Police in connection with guarding evacuated villages.

2. Criminal Justice.

(Year ending the 31st December 1904).

(*Vide* Judicial Statements Nos. 1 to 6 and 13, Serial Nos. 15 to 20 and 29.)

31. During the year 1904 the office of District Magistrate of Ajmer was held by Captain H. B. Peacock, I.A., Mr. E. H. Kealy, I.C.S., Captain C. T. Ducat, I.A., and Major A. F. Bruce, I.A., and that of District Magistrate of Merwara by Mr. C. C. Watson, I.C.S., Mr. E. H. Kealy, I.C.S., and Captain C. T. Ducat, I.A.

32. The total number of offences reported was 5,670, of which 5,183 were returned as true. Of these 1,312 were reported under the Police Act, against 1,179 in 1903.

33. The number of cases under the Opium Act was 28, as against 47 in 1903 and 86 in 1902.

34. The number of persons under trial in the year was 8,315 ; of these 4,675 were convicted. The corresponding figures for 1903 were 7,267 and 4,025. The number of person placed on trial before Honorary Magistrates was 4,137, as against 3,106 in 1903.

35. The average duration of each case was 9·12 days as against 10·45 in 1903.

36. The increase in the number of the cases under the Municipalities Regulation, 1886, accounts for this. The number of witnesses examined was 4,302, the corresponding figure for 1903 being 6,368.

37. There was an appreciable increase in the number of cases in which proceedings were taken under Chapter VIII of the Code of Criminal Procedure, but the percentage of convictions (24·00) was lower than in 1903 (65·15).

38. The number of persons placed on trial before the District Magistrates was 42. The Court of Sessions dealt with the cases of 19 persons, as against 33 persons in 1903.

39. In the Railway jurisdiction 254 persons were placed on trial, of whom 221 were convicted. Ninety-four of the persons on trial were charged with theft, of whom 81 were convicted.

40. The number of appeals and revisions dealt with by the District Magistrates and the Sessions Court was 120. In 60 cases the sentence or order in appeal was confirmed.

41. The Courts of the Cantonment Magistrate, Nasirabad, Judicial Assistant Commissioner and Magistrate, 1st class, Ajmer, Extra-Assistant Commissioner, 1st grade, and Magistrate, 1st class, Ajmer, Extra Assistant Commissioner,

2nd grade, and Magistrate, 1st class, Ajmer, Extra-Assistant Commissioner, 3rd grade, and Magistrate, 1st class, Kekri, and of the Honorary Magistrates of Bhinai, Sawar, Bandanwara, and Deolia were inspected by the District Magistrate, Ajmer, while the following Courts were inspected by the Commissioner during the year under report:—

Court of the District Magistrate, Merwara.
Court of the Cantonment Magistrate, Nasirabad.
Court of the Deputy Magistrate, Beawar.
Court of the Tahsildar, Beawar.
Court of the Tahsildar of Todgarh.
Court of the Honorary Magistrate, Kharwa.

42. The jurisdiction scheme introduced at the close of the year 1902 has continued to work satisfactorily. The year 1904, like 1903, was a normal year, and presents no special features in connection with criminal justice. The Courts generally worked satisfactorily.

43. The number of the Courts remained the same as in the preceeding year.

3. Civil Justice.

(Year ending the 31st December 1904.) (*Vide* Judicial Statements Nos. 1, 7 to 13, Serial Nos. 15 and 21 to 29.)

44. The redistribution of the civil judicial business amongst the various Original and Appellate Courts, which was effected with the object of assigning to each Court a definite local jurisdiction and of relieving both the Assistant Commissioners of Ajmer and Merwara of much original work, has proved satisfactory on the whole. Under that arrangement, however, all rent suits in the Ajmer District were to be tried by the Revenue Extra-Assistant Commissioner; but it was found that the number of such suits was too large for him to dispose of in addition to his revenue work, and rent suits of over Rs. 25 in value are now triable by the several Civil Courts of the Ajmer District according to their territorial jurisdiction.

45. The total number of suits instituted (including miscellaneous cases) was 7,660. Of these 3,641 were instituted in the Court of Small Causes.

46. The total value of the suits instituted was Rs. 5,98,443, against Rs 6,82,022 in 1903. Suits of all kinds, the value of which was less than Rs. 50, numbered 4,966.

47. The total number of suits of all kinds (including miscellaneous cases) for disposal was 9,021. This includes the pending list at the close of 1903 (1,038) and 323 suits under review, revival and remand. Disposals by transfer numbered 1, and disposals without trial 1,755. The number of suits disposed of without contest was 5,067; of suits disposed of by arbitration 129, and of suits disposed of with contest 1,077. The pending file at the close of the year was 992, as against 1,038 in the preceding year, and of these 279 suits had been pending for more than three months. The average duration of contested civil suits was 94·11 days, of uncontested suits 28·23. On the appellate side, 245 appeals from decrees and orders were for disposal. The pending file at the close of the year was 113 appeals. The average duration of appeals was 72·23 days, as against 50·82 in the preceding year.

48. The number of applications for the execution of decrees was 19,538, against 19,804 in 1903. The number pending at the end of the year was 2,611. In 13 cases only was the judgment-debtor imprisoned.

49. The Commissioner in his cold weather tour inspected the Courts of the Assistant Commissioner, Merwara, and Subordinate Judge, 1st class, the Cantonment Magistrate, Nasirabad, and Subordinate Judge, 1st class, the Deputy Magistrate of Beawar and Subordinate Judge, 1st class, the Tahsildars of Beawar and Todgarh, and of the Honorary Munsiff at Kharwa.

4. Registration.

(Year ending the 31st December 1904.) (*Vide* Statement Form I, No. 30.)

50. Of the total number of documents presented for registration, a percentage of 61·88 as against 64·03 in the previous year was registered by the Sub-Registrar of Ajmer, who is also Registrar of the Court of Small Causes, Ajmer. The total number of documents registered (1,771) is more by 231 than that of 1903. This increase is due to the registration of instruments below Rs. 100 having become compulsory under the provisions of the Transfer of Property Amendment Act, VI of 1904, and for this reason compulsory registrations show an increase of 233 (from 1,189 to 1,422). The area of the agricultural land transferred by sale shows an increase of 606 bighas (from 1,850 to

2,456), while in the area of agricultural land transferred by mortgage, there is a decrease of 1,331 bighas (from 4,227 to 2,896). The value of land transferred by sale and mortgage amounted to Rs. 1,61,105 or Rs. 64,592 less than in the preceding year. These variations are probably due to an improvement in the condition of the cultivators during the past year.

51. The total receipts and expenditure of the year amounted to Rs. 4,841 and Rs. 1,711, as against Rs. 4,293 and Rs. 1,344 respectively in 1903, showing a surplus of Rs. 3,130, as against Rs. 2,949 in the preceding year.

(1) AJMER MUNICIPALITY.

5. Municipalities.

(Year ending the 31st March 1905.)

(*Vide* appended Tables 1—4, Serial Nos. 31—34.)

52. The constitution of the Committee remained unchanged. The usual triennial election was held on the 14th December 1904, and the new members who were then elected took their seats on the 1st April 1905.

53. The total income of the year was Rs. 2,24,447 as against Rs. 2,09,135 in 1903-1904, and the expenditure Rs. 1,80,107 as against Rs. 1,82,290. The closing balance of the year was Rs. 1,23,967. The increase of Rs. 15,312 in the income is composed chiefly of octroi, rent of lands and houses, conservancy fees, and garden income.

54. The total octroi receipts rose from Rs. 1,54,475 to Rs. 1,63,996 gross or Rs. 1,32,226 less refunds (Rs. 31,770). The increase of Rs. 9,521 is due to the importation of cloth, metal and fuel in larger quantities, owing to the severe winter this year.

55. The income under the head "Rent of lands and houses" rose from Rs. 3,639 to Rs. 4,576, the increase of Rs. 937 being due to competition at the annual auction sales of leases of Municipal property.

56. The income from the conservancy fees was Rs. 9,755 as against Rs. 8,069, showing an increase of Rs. 1,686 which is due to the collection of arrears of previous years. The Municipal income improved also under the heads of "Garden" and "Water" as the gardens being more productive and water having been sold to the railway and private persons in larger quantities than in the preceding year. The decrease of Rs. 4,015 under the head "Sale Proceeds of Land" is due to the fact that no new site was sold during the year under report (1904-1905). The decrease of Rs. 1,326 under the head "Other Conservancy Receipts" is due to the fact that the income of 1903-1904 included the sum of Rs. 1,431 on account of the refund of an unexpended balance of sums paid in previous years to the Locomotive Superintendent, Rajputana-Malwa Railway, for repairs and renewals to the Conservancy Rolling Stock. The variations under the other heads of Municipal income are small and do not call for special remarks.

57. The actual expenditure during the year under report amounted to Rs. 1,80,107, as against Rs. 1,82,290, showing a decrease of Rs. 2,183.

58. There is an increase of Rs. 2,239 under the head "Refunds" which is accounted for by the larger imports. The increase of Rs. 760 under the head "Lighting" is due to the purchase of 93 new lanterns of an improved pattern. Expenditure under the head "Police" shows an increase of Rs. 1,968, this being due to the employment of the extra Police Guard maintained at the plague camps and also to the payment of Rs. 500 to the Reserve Inspector for performing the duties of Sergeant in addition to his own.

59. The increase of Rs. 1,401 under the head "Conservancy" is due to the purchase of trolly wheels and four new carts for removing foul water from the city. The increase of Rs. 4,748 under the head "Public Works—Roads" is due to extensive repairs having been made to the Municipal roads, which were in a bad state. The increase of Rs. 510 under the head "Public Instruction" is principally due to the grant of Rs. 15 per mensem to the Arya Putri Patshala at Ajmer as a grant-in-aid and contribution towards the Rajputana School Sports. The decrease of Rs. 11,697 under the head "Water Supply" is due to the fact that the expenditure of 1903-1904 included the cost of extending the pipe line along the Circular Road. The variations under other heads of expenditure are small and do not seem to call for special remark.

60. A sum of Rs. 14,001 was paid during the year towards the repayment of Government loans, and Rs. 10,604 on account of interest. The balance of the loans due by the Municipality to Government amounted to Rs. 2,04,608 at the end of the year.

61. The incidence of the octroi taxation on the population, as recorded at the Census of 1901, was Rs. 1-12-8, as against Rs. 1-11-2 in 1903-1904.

62. During the year under report, the pipes from the Foy Sagar have been extended to the Mayo College. The question of purifying the Foy Sagar water by filtration, or otherwise, is under enquiry. The water level of the Foy Sagar was 16·52 feet above sluice level on the 1st April 1904, and it rose to 20·70 feet on the 25th September 1904 at the end of the rainy season.

63. The number of births and deaths registered during the year were 1,801 and 3,125 as against 1,475 and 3,523, respectively, during the year 1903-1904. The birth and death-rate per mille was 24·39 and 42·32 as against 19 98 and 47·71 respectively in the previous year. Thus the birth-rate per mille rose by 4·41 while the death-rate per mille fell by 5·39. The increase in births is attributed to improvement in the general health of the population.

64. The death-rate of Ajmer City proper was 36·63 per mille, while that of the suburbs was as high as 55·92. No explanation has been given for this difference. Ninety-five cases of plague, with fifty-six deaths, were reported during the year. Of these, all but three were imported cases. The total number of children vaccinated during the year 1904-1905 was 3,651, as against 2,588 in 1903-1904. The percentage of successful primary vaccinations was 98·86.

65. The revised Octroi Schedule has been received from the Committee, and is being forwarded for sanction. The revision of the Octroi Rules is still under the consideration of the Committee.

66. A plan and estimate have been prepared and sanctioned for laying out a garden round the Jubilee Clock Tower.

67. The Municipal Committee drafted a set of rules for regulating the *Dhanmandi* (grain-market), but they were returned to the Committee with certain observations for their reconsideration.

68. With regard to the improvement of the sanitation of the Ajmer City, the Municipal Committee have decided on the following :—

(*a*) to refuse to grant permission for the erection of private latrines in courts or lanes less than ten feet wide;
(*b*) to place moveable latrines, served by Municipal sweepers, in certain quarters of the city;
(*c*) to place the existing *Birat* system under the control of the Municipality by means of a special regulation;
(*d*) to abolish the foul-water collecting stations; and
(*e*) to construct open saucer drains, etc.

69. The Municipal Committee have not yet completed the register of Nazul properties under their charge.

70. Mr. C. W. Waddington, M.A., C.I.E., held the office of Chairman of the Municipal Committee throughout the year.

(2) Beawar Municipality.

71. The constitution of the Committee remained unchanged. During the year under report, one member of the Committee resigned his seat, which was filled by election.

72. The total income of the year was Rs. 77,015 and the expenditure Rs. 66,832, the closing balance being Rs. 28,184 and an investment of Rs. 10,000 in Government paper. The gross octroi receipts rose from Rs. 66,604 to Rs. 72,489 or Rs. 42,502 when the refunds, amounting to Rs. 29,987, are deducted. The increase of Rs. 5,885 in the octroi receits is attributed to the import of dutiable articles in large quantities in connection with marriage and death feasts.

73. The incidence of octroi taxation on the population as recorded at the Census of 1901 was Rs. 1-14-10 per head as against Rs. 1-13-4 in the preceding year (1903-1904).

74. The octroi was collected departmentally as heretofore. The aggregate value of articles admitted to the Bonded Warehouse was Rs. 45,776 as against Rs. 45,437 in the preceding year.

75. The births and deaths of the year numbered 1,049 and 713 as against 861 and 783 respectively in the preceding year. During the latter portion of the year a few cases of plague were reported in the city.

76. The conservancy and lighting arrangements in the city were on the whole satisfactory. Vaccination and the Dispensary are dealt with separately.

77. The existing Octroi Schedule has now been revised in accordance with the instructions contained in Resolution No. 179-185, dated the 17th September 1903, of the Government of India in the Home Department, and it will be submitted to the Local Government for sanction.

78. The survey of the town is now being carried out and a map on a large scale will be prepared. This will enable the Committee to detect any encroachments that may be made.

(3) KEKRI MUNICIPALITY.

79. The constitution of the Municipal Board remained unchanged.

80. The total income of the year 1904-1905 was Rs. 14,956, and the expenditure Rs. 16,526, the closing balance being Rs. 5,223 besides an investment of Rs. 2,000 in Government paper. The gross octroi receipts fell from Rs. 15,113 to Rs. 13,462. Excluding the amount of refunds (Rs. 6,000) the net receipts from octroi were Rs. 7,462. The decrease of Rs. 1,651 in the gross octroi receipts was due to an outbreak of plague in the town, during which dutiable articles were not imported to the normal extent.

81. The incidence of the octroi taxation on the population, as recorded at the Census of 1901, was Rs. 1-0-8 per head as against Rs. 1-4-8 in 1903-1904.

82. Bubonic plague broke out in the middle of January 1905, and continued during the year, 429 seizures and 418 deaths having been recorded up to the 31st March 1905. The number of births and the total number of deaths from all causes registered was 288 and 719 respectively against 225 and 275 in 1903-1904. The increase in the number of deaths is due to the prevalence of plague.

83. The revised Octroi Schedule is under consideration. The Municipal area of the town has been surveyed and a map has been prepared at a cost of Rs. 590. This will form a valuable record, and will enable the Committee to detect in future encroachments on Municipal land.

SECTION IV.

PRODUCTION AND DISTRIBUTION.

Agricultural Statistics. Summary of the year. (For the year ending the 31st March 1905.)

84. *Ajmer.*—The Rabi harvest for 1903-1904, the collections on account of which were made in 1904-1905, was better than in the previous year. The Kharif harvest of 1904 was fair, the outturn being estimated at about ten annas in the rupee. The water was sufficient in wells and there was no scarcity of fodder.

85. The area under cultivation for the Rabi harvest of 1903-1904 was 34,460 acres, of which 794 acres failed. The outturn was estimated at 390,963 maunds. The area under cultivation for the Kharif harvest of 1904-1905 was 141,080 acres, of which 30,207 acres failed. The outturn was estimated at 363,201 maunds.

86. The revenue collected on account of these two harvests amounted to Rs. 261,449. The collections of revenue suspended in previous years amounted to Rs. 63,199 and the total collections came to Rs. 3,24,648. The amount of revenue outstanding at the close of the year was Rs. 25,422.

87. No Taccavi advances were made during the year, while a sum of Rs. 44,438 was recovered. The outstanding amount under both Acts on the 31st March 1905 was Rs. 75,645. The Ajmer agricultural population have not yet recovered from the effects of a succession of bad seasons, and the Istimrardars are in debt.

88. *Merwara.*—The Rabi harvest of 1903-1904 was a good one, the cultivated area being 30,332 acres, of which 1,713 acres failed. In the Kharif of 1904-1905, 65,098 acres were brought under cultivation, of which 29,848 acres failed. The outturn of the Kharif harvest was estimated at 208,144 maunds.

89. The revenue collected on account of these two harvests was Rs. 1,31,729, while a sum of Rs. 1,226 was recovered on account of previous suspensions. Revenue amounting to Rs. 5,772 was suspended during the year. A sum of Rs. 30 only was advanced to the cultivators under both Acts, while Rs. 40,266 were recovered and Rs. 1,13,082 remained outstanding at the close of the year.

Mines.

90. Messrs. Bradbury Brady & Co., by whom the Articles of Agreement approved by the Government of India to mine for asbestos in the village of Kaolai in the Ajmer District were executed towards the close of the previous year, worked the mine during the year under report but without success, and the firm has decided to discontinue further operations for the present. An exploring license was granted to Haji Sajjan Lalji and Mr. Dosabhoy J. Kanga of Hyderabad to explore for minerals and mineral oils in respect of a certain area belonging to the village of Jagpura in the Beawar Tahsil of the Merwara District. In the Istimrari area* five mining contracts were sanctioned, the Government share being fixed at one anna in the rupee on the net profits of the Istimrardar.

Trade.

91. The returns of the Rajputana-Malwa Railway for the calendar year 1904 show an increase in the number of passengers booked from stations inside Ajmer-Merwara from 719,405 to 766,137.

92. The grain trade of the two most important local trade centres for the year under report and the previous year is given below :—

Ajmer.—Imports in 1903, 14.644 tons ; exports, 236 tons ; balance of imports, 14,408 tons. Imports in 1904, 13,616 tons ; exports, 287 tons ; balance of imports, 13,329.

Beawar.—Imports in 1903, 8,625 tons ; exports, 1,665 tons ; balance of imports 6,960 tons. Imports in 1904, 3,095 tons ; exports, 1,785 tons ; balance of imports, 1,310 tons.

* Ratakhera and Chandma, Deolia, Jaitpura-Jedana, Kerot, Bhinai (Surkhan.)

Imports of cotton at Beawar fell from 1,513 tons to 1,392 tons during the year under report.

Public Works.

93. The total expenditure on Public Works (other than irrigation and railways) during the year ending the 31st March 1905, amounted to Rs. 1,19,407 as against Rs. 1,14,378 in 1903-1904. The chief items of expenditure were on buildings for "Law and Justice," Rs. 14,023; buildings for the Educational Department, Rs. 19,896; buildings for Public Works Department, Rs. 1,166; Roads, Rs. 54,064; and establishment, tools and plant, Rs. 28,229. The restoration of, and converting, the old Tahsil in the Fort at Ajmer into a Museum was taken up during the year under report.

District Post Offices.

(Year ending the 31st March 1905.)

94. During the year 1904-1905 there was no change in the District main lines, the mileage of which remained 197 miles. The number of articles despatched and the number of articles received for delivery were 55,316 and 65,880 respectively, as against 56,144 and 64,081 in 1903-1904. The percentage of articles that remained undelivered was 8·40, as against 6·11 in the year 1903-1904.

95. The total expenditure on the District Post establishment during the year under report amounted to Rs. 4,059-14-1, as against Rs. 3,922-2-2 in the previous year.

Arboriculture, Roadside tree plantation.

(Year ending the 31st March 1905.)

96. At the end of the year, the length of the roads on which trees were newly planted and maintained was as follows:—Imperial roads, 19 miles 5 furlongs; District roads, 10 miles 6 furlongs. The planting of trees on three Imperial roads and three District Fund roads was closed during the year under report under the orders of the Hon'ble the Chief Commissioner. The number of trees newly planted during the year 1904-1905 was 1,392. The number of nurseries maintained during the year was two. The total cost of these operation was Rs. 2,563 distributed as follows:—Imperial, Rs. 1,373; District Fund, Rs. 1,196.

Inspection of Rain-gauges.

(Year ending the 31st March 1905.)

97. There were altogether 56 rain-gauges in Ajmer-Merwara. They were all inspected from time to time by the District Officers and found to be efficient with the exception of two, which have since been put right.

The Ajmer Rainfall Observatory has been removed to the new site selected in the previous year.

SECTION V.

REVENUE AND FINANCE.

A.—IMPERIAL.—(1) LAND AND WATER REVENUE.

98. The average rainfall of the district during 1904-1905 was 17·04, as against a normal of 21 inches. A statement showing the total rainfall of the district is appended. The rainfall, though neither sufficient nor tank filling, was timely, and had it not ceased early the crops would have been above normal. The Rabi harvest being dependent on the rainfall of 1903, was better than in the previous year, while the Kharif harvest was a fair one. Character of the season. (For the year ending on 31st March 1905.) (*Vide* appended Statements, Seria Nos. 35 and 36.)

99. The whole of the land revenue demand for the Rabi and Kharif harvests was not collected; a portion of the revenue for the Kharif of 1312 Fasli remained outstanding in the Beawar Tahsil, owing to the poor produce in some parts of that Tahsil. Rupees 11 were remitted in Ajmer for Rabi 1311 Fasli on account of a calamity of Class B in certain fields of the village of Jatia, and Rs. 528 were remitted in Merwara on account of variable water revenue in the Beawar Tahsil. In addition to these sums, Rs. 14-8-0 were permanently remitted on account of the land revenue of certain lands taken up for Famine Relief Works in 1901. Recovery of revenue.

The collections of the year were as follows :—

	Rs.
Arrears	64,424
Revenue of the year	3,93,179
Total	4,57,603

100. The retail prices of the principal food grains in April 1904 were below normal, but, as the season went on, there was a gradual rise. The prices of staple food grains that ruled in the months of September, October and November 1904, were between 20 and 24 seers per rupee in the Ajmer District and 22 to 25 seers in the Merwara District. Prices.

101. The Tacavi loan account was as follows :— Tacavi Loans.

	Outstanding at the beginning of the year.	During year.			Outstanding at the close of the year.
		Advanced.	Collected.	Remitted.	
	Rs.	Rs.	Rs.	Rs.	Rs.
Under the Land Improvement Loans Act, XIX of 1883	1,36,243	30	45,650	...	93,993
Under the Agriculturists Loans Act, XII of 1884	1,33,787	*3,370	39,053	...	94,734
Total	2,70,030	3,400	84,703	...	1,88,727

102. The number of cattle returned during the year is shown in the following table :— Cattle.

	1902-1903.	1903-1904.	1904-1905.
Cows and bullocks	1,07,976	1,14,713	1,28,149
Buffaloes	12,468	14,124	15,037
Sheep and goats	2,35,889	2,84,618	3,18,889

103. The inspection returns show that the boundary marks were in a satisfactory condition. The boundary dispute between Ajmer and Shahpura remained unsettled. The boundary dispute between Mewar and Barli was decided by the Assistant Commissioner, Merwara, but his judgment has not yet been confirmed. Boundary marks and disputes.

* The amount of Rs. 3,370 was not actually advanced ; it is a part of the amount which was remitted by the Government during the previous year, and having been recovered before the receipt of the orders, it was subsequently refunded by the Collector to the persons concerned. In order to adjust the accounts, the amount was shown under this head by the Comptroller, India Treasuries.

Records and staff.

104. The Beawar and Todgarh tahsils were inspected by the Commissioner during the year and the result of the inspection was, on the whole, satisfactory. The Patwari Instructor was on duty throughout the year, and examinations of Patwaris were held on the 11th July 1904 and the 6th March 1905 and the following days. A special examination of Patwaris in the Beawar Tahsil, who had been working for a number of years as Patwaris, but had not passed the prescribed test, was held at Beawar on the 13th December 1904 and the following days. In Ajmer, out of 16 candidates, 12 passed in the two examinations, and in Beawar out of 22, 12 were successful and 6 were exempted.

Processes.

105. For the recovery of land and water revenue and tacavi 141 writs, 83 warrants of arrest and 77 warrants of attachment of moveable property were issued in the Ajmer District. Moveable property worth Rs. 1,868-1-0 was sold, of which Rs. 1,812 represent the amount in Istimrari estates. Thirty-one persons were imprisoned in default of payment.

Revenue cases.

106. The revenue business statement shows a rise from 2,982 to 23,971 in the Ajmer District, and from 3,952 to 20,610 in the Merwara District, in cases disposed of. This large increase is due to the disposal of mutation cases which had not been discovered in previous years.

Land acquisition.

107. A piece of land measuring ·9 acres was taken up by the Rajputana-Malwa Railway Company for sinking a new trial well at mile 10-5 between Ajmer and Nasirabad, and 7·218 acres of land, formerly acquired, were relinquished by the said Company.

Government suits.

108. No suits were instituted by or against Government during the year.

(2) Opium, Excise and Drugs.

Excise.

(*Vide* appended Statements, Serial Nos. 37 to 41.)

109. The receipt under "country spirit" on account of Still-head duty amounted to Rs. 1,26,314.

The excess receipts of Rs. 52,314 over the minimum guarantee of Rs. 74,000 in the Still-head duty is principally due to the returning prosperity of the district. The consumption of country liquor increased by 12,365 gallons as compared with the previous year's figures. The average selling price of country liquer was Re. 0-1-2$\frac{12}{14}$ per dram or Rs. 3-11-2 per gallon.

Opium.

110. During the year 331$\frac{1}{2}$ chests of opium were exported to the Punjab; 2 chests to North-West Province and 9 chests to Bombay. The duty levied was Rs. 99,005, being a decrease of Rs. 2,215 as compared with the figures of the previous year. The opium farm and vend fees fetched Rs. 13,564 as against Rs. 18,017 in the previous year. The retail vend licenses granted in the rural areas numbered 46. The number of cultivation licenses issued was 1,018 of which 1,005 were for Merwara. The marked decrease in the number of cultivation licenses during the year under report is due to the scanty rainfall which resulted in a considerable contraction of the area usually brought under poppy cultivation. The area cultivated in Merwara is reported to be 590 acres and the produce is estimated at 67 maunds.

Drugs.

111. The Import duty on drugs and the bonded warehouse fees rose from Rs. 2,102 to Rs. 4,463. The increase is mainly due to the enhancement of the duty on charas from Rs. 2 to Rs. 6 per seer. There was a decrease in the license fees, *viz.*, from Rs. 8,920 to Rs. 8,625.

Prosecutions.

112. Prosecutions under the Excise Act and Opium Act numbered 28 and 21 respectively. The number of persons convicted under each Act was 26 and 17 respectively.

Seven persons were prosecuted for possessing illicit chandu, 6 of whom were convicted. The number of dens existing at the close of the year was 10, as against 15 at the close of 1903-1904.

Staff.

113. The expenditure on the Excise Establishment amounted to Rs. 11,160. The whole of the Excise Preventive Establishment are reported to have performed their duties satisfactorily during the year under report.

(3) STAMPS.

114. Stamp receipts decreased under the heads of Court-fee Stamps and paper for judicial petitions. The decrease is due to a reduction in the number of Civil suits instituted during the year under report as compared with the preceding year. The increase in the sale of hundi stamps is attributed partly to the practice of executing promissory notes thereon and partly to heavy remittances made by traders by means of hundis to other commercial centres. (*Vide* appended Statement No. 42.)

115. No cases of wilful breach of the Stamp Rules were detected. The uncollected balance of Stamp duty in pauper suits at the close of the previous year was Rs. 25. A sum of Rs. 329-8-0 fell due during the year under report, making the total amount of Rs. 354-8-0. This includes a sum of Rs. 4-8-0 which fell due on the 20th April 1903, but which, owing to an oversight on the part of the Government pleader, was not included in the account of 1903-04. Out of the sum of Rs. 354-8-0, a sum of Rs. 350 was recovered during the year under report, leaving a balance of Rs. 4-8-0 at the end of the year. The charges of the year amounted to Rs. 17,753 as against Rs. 17,357 in the previous year. There was an increase in the amount of refunds granted, while there was a decrease under other heads.

(4) INCOME TAX.

116. The number of persons assessed fell from 742 to 672; while the amount of demand rose from Rs. 52,991 to Rs. 54,253. The increase of Rs. 1,262 is attributed partly to a larger investment of money in Government securities by some of the leading Seths in Ajmer, and partly to the payment of accumulated arrears of interest.

117. The amount of demand was collected in full, and there was nothing outstanding at the close of the year on the 31st March 1905.

118. In the course of collection 6 processes were issued, as against 13 in the previous year. The number of revision petitions preferred by assessees to the Commissioner, under section 27 of the Income Tax Act was 15.

B.—REVENUE AND FINANCE OTHER THAN IMPERIAL.

District Fund (excluding Dispensary Fund).

(Year ending 31st March 1895, Tables Nos. 1 to 3, Serial Nos. 44, 45 and 46.)

119. The District Fund receipts for 1904-05 amounted to Rs. 47,522-1-5 and the expenditure to Rs. 40,630-10-11. The closing balance of the Fund on the 31st March 1905, was Rs. 20,457. The receipts, when compared with those of the previous year, showed an increase of Rs. 9,805, which is chiefly due to the fact that a sum of Rs. 5,613 was received during the year out of the sale proceeds of the old customs house building at Kekri, while a sum of Rs. 3,000 was paid by the Kekri Municipal Committee on account of its contribution towards the construction of a new building for the dispensary at Kekri.

120. The expenditure during the year under report fell from Rs. 42,589 in 1903-1904 to Rs. 40,631, showing a decrease of Rs. 1,958 under Public Works charges. The decrease is due to the fact that some of the works could not be completed by the Public Works Department owing to frost and prevalence of plague in the Nasirabad Sub-Division.

121. In connection with the improvement of the breed of cattle, the Superintendent of the Civil Veterinary Department was unable to purchase bulls in the Kotah State, as proposed, no fair having been held there.

122. The Itinerant Veterinary Assistant has continued to do good work.

Dispensary Fund.

(For the year ending the 31st March 1905.)

123. This Fund opened with a cash balance of Rs. 13,831. The receipts fell from Rs. 15,564 in 1903-04 to Rs. 5,866, while the expenditure amounted to Rs. 15,729 as against Rs. 10,418 in 1903-1904.

124. The decrease in the receipts is due to the fact that the income of 1903-1904 included the sale proceeds of the old dispensary at Kekri and the amount of contribution received from the Kekri Municipality for the construction of a new dispensary at Kekri. This amount has been transferred during the year under report to the Public Works head of the District Fund. The increase of Rs. 5,311 in the expenditure is due to Pubic Works charges in connection with the construction of the Kekri Dak Bungalow. The closing balance was Rs. 12,468, of which Rs. 8,500 are invested in Government securities.

Health Office Account.

125. There is now no balance at the credit of this account. The balance which remained at the close of the previous year was expended during the year under report in payment of the travelling allowance of the Assistant Health Officer.

Victoria Memorial Fund.

126. The income of the Fund, including the opening balance, amounted to Rs. 28,128-6-11, of which Rs. 7,839-15-5 were spent on the enlargement and improvement of the General Hospital at Ajmer. There was a closing balance of Rs. 20,288-7-6 at the credit of the Fund.

Local Funds, incorporated and excluded.

127. *Pound Fund.*—The receipts during the year under report amounted to Rs. 1,799 as against Rs. 1,426 in 1903-1904, showing an increase of Rs. 373. The increase is attributed partly to the fact that a larger number of cattle were impounded and more unclaimed animals were sold than in the previous year.

The expenditure rose from Rs. 1,474 to Rs. 1,724. The increase of Rs. 250 is due to the transfer of Rs. 300 from the surplus balance at the credit of the Beawar Municipal Pound to the Beawar Municipality, while nothing was transferred during the preceding year. The closing balance of the fund, including the amount standing to the credit of the Beawar Municipal Pound, was Rs. 1,171.

128. *Patwari Fund.*—The receipts rose from Rs. 32,843 in 1903-1904 to Rs. 39,142 in the year under report. The increase of Rs. 6,299 is ascribed to the recovery of arrears of past years.

The expenditure amounted to Rs. 33,742 as against Rs. 33,845 in 1903-1904. The closing balance stood at Rs. 18,910.

129. *Chaukidari Fund.*—The receipts of the fund were Rs. 13,825 as against Rs. 13,929 in 1903-1904. The expenditure decreased from Rs. 12,053 to Rs. 10,880, which is due to the fact that winter uniforms were not supplied to the chaukidars during the year under report as was done in the preceding year. The closing balance of the fund stood at Rs. 12,886 in cash and Rs. 5,000 in Government securities.

130. *Police Clothing Fund.*—The receipts amounted to Rs. 7,080 as compared with Rs. 6,854 in 1903-1904. The expenditure fell from Rs. 8,434 in 1903-1904 to Rs. 4,106, the decrease of Rs. 4,328 being principally due to winter uniforms not having been supplied in the year under report. The closing balance stood at Rs. 7,857 in cash, and Rs. 5,000 in Government securities.

131. *Police Chanda Fund.*—The income fell from Rs. 1,768 in 1903-1904 to Rs. 985 in 1904-1905. The decrease is due to there having been no receipts under the head "admission fees for remounts" in the year under report, as against Rs. 720 in the preceding year. The expenditure rose from Rs. 1,409 in 1903-1904 to Rs. 1,614, showing an increase of Rs. 205 which is due to the purchase of head-stalls having been made in the year under report. No such expenditure was incurred in the preceding year.

132. *Nasirabad Cantonment Fund.*—The total receipts of the fund amounted to Rs. 45,803, as against Rs. 46,088, in 1903-1904. The expenditure decreased from Rs. 49,654 to Rs. 48,860, which is mainly due to the contingent charges in connection with the Cantonment Hospital having been much reduced during the year under report, as well as to smaller expense having been incurred in connection with plague measures.

The closing balance of the fund stood at Rs. 6,528 as against Rs. 9,586 in 1903-1904.

SECTION VI.

PUBLIC INSTRUCTION.

133. The number of public educational institutions remained unaltered, *viz.*, 66. (Year ending on the 31st March 1905.)

134. The average numbers on the rolls and the average daily attendance of institutions maintained by the department, were 3,853 and 2,747 respectively, as against 3,801 and 2,888 in 1903-1904. As remarked last year the effects of the years of scarcity and distress are manifest and must be so for some years to come, in the deficiency of young children forthcoming to fill the schools. (*Vide* appended Tables 1 to 7, Serial Nos. 47 to 53.)

135. There were many changes in the staff during the year under report, of which the following were of importance:— The Government College and Schools.

136. Mr. F. L. Reid, the Principal, left the College on the 17th December 1904, on special deputation to inspect and to report on the state of education in Rajputana. Mr. Harris, Vice-Principal, left for England during the vacations of 1904, and during his absence Mr. B. K. Thakur, B.A., Professor of Philosophy and History, officiated as Vice-Principal from the 11th April to 27th August 1904, when he was transferred to the staff of the Rajkumar College at Rajkot. Babu Binodi Lal, M.A., Professor of Mathematics, was then appointed Vice-Principal and continued to officiate such as to the end of the year. Mr. J. C. Sen, B.A., 2nd Master, was transferred to the staff of the Mayo College. Mr. E. F. Harris returned from leave on the 9th January 1905, and officiated as Principal till the close of the year.

137. The number of students in the College classes at the end of the year was 77, and in the school 225, as against 68 and 247, respectively, in 1903-1904. In the Entrance and the School-Final Examinations held in May 1905, the result was satisfactory; 40 candidates appeared, of whom 30 passed. The result of the Intermediate Examination held in July 1905 was, however, indifferent, as out of 24 candidates, 6 only were successful. In the B. A. Examination, held in July 1904, 17 candidates appeared, of whom 10 passed, while in the same examination held in July last, 11 candidates passed out of 15. The Middle Class Anglo-Vernacular Examination was held at Ajmer on the 17th April 1905, and following days. One hundred and sixteen candidates from Rajputana schools appeared, out of whom 46 passed.

138. The new Boarding House was occupied in August 1904. In the three Boarding houses there are altogether 74 inmates, of whom 35 support themselves, while the rest receive stipends from various sources.

139. There were 475 boys on the rolls of the Lower College at the close of the year. As reported last year, proposals have been made for the provision of increased accommodation, and the plans and estimates are being prepared in the office of the Executive Engineer, Ajmer Provincial Division. The average daily attendance was 403. Lower College.

140. The number of Aided Schools was five. These schools had on their rolls 1,556 pupils, and were well reported on. Aided Schools.

141. The number of village schools was the same as last year, *viz.*, 8 secondary and 41 primary. From the secondary schools 11 candidates appeared for the Middle Vernacular Examination, and all were successful. The teachers of the Village Schools are reported to have done their work satisfactorily. Of the 41 primary schools, 18 are classed as good, 14 fair, and 9 as bad. Of the 8 secondary schools, 6 are classed as good, 1 fair, and 1 bad. The average daily attendance in the village schools fell from 2,663 in 1903-1904 to 2,582 in the year under report. The total cost of the village schools in the year was Rs. 29,201, of which Rs. 14,224 was Government (Imperial) expenditure. Village Schools.

SECTION VII.

GENERAL MISCELLANEOUS.

Fairs.

142. The usual religious fair at Pushkar was held in the third week of November 1904, precaution being taken against the introduction of plague by the stoppage of the issue of tickets from infected areas, while the same rules, as were observed the previous year, were adopted in regard to the sanitation of the village and the medical inspection and supervision of the pilgrims.

The usual horse show and cattle fair was held at the same time. The attendance of people and pilgrims was estimated at 49,000. No serious crime occurred during the fair. The sanitary arrangements were excellent, and no epidemic disease broke out. Owing to the scanty rainfall, the water in the Pushkar lake was at a lower level than usual.

143. The Urs Fair, in connection with the shrine of the Khwaja Sahib, was held from the 12th to 17th September 1904. Precautions, similar to those adopted for the Pushkar Fair, were taken. The number of pilgrims who attended the fair during the year 1904 was about 80,000. No serious crime was reported.

144. The Tejaji Fair at Beawar was held from the 18th to the 20th September 1904. It is a local gathering and about 10,000 people attended it. The Tejaji Fair at Kekri was stopped, owing to the prevalence of plague in neighbouring villages, at the request of the residents.

Veterinary.

(Year ending the 31st March 1905.)

145. As reported last year the Arab Stallion "quit" was sent to Babugarh on the 20th September 1903. Nothing has yet been done towards replacing the Arab Stallion by a Marwari, Kathiawari, or Australion Stallion. The number of horse stock present at the Pushkar Fair in November 1904 was 1,141.

(*Vide* Tables IV, V, XIII and XIV, Serial Nos. 55 to 58.)

146. Some good Marwari animals were seen in the fair, two of which were bought by Captain Peacock, A. V. D., Personal Assistant to the Director General, Army Remount Department, for stud purposes. The District Superintendent of Police, Indore, purchased some 20 animals as Police Remounts, and a few were bought by the District Superintendent of Police, Ajmer-Merwara.

147. The number of cattle brought to the Pushkar Fair was 2,352.

148. During the year under report foot and mouth disease, anthrax, rinderpest, and other contagious diseases were reported. The outbreak of rinderpest was chiefly in Ajmer itself. The Superintendent, Civil Veterinary Department, took prompt action and arrangements were made for isolation of the healthy from unhealthy animals, and the disease died out soon.

Bhumias.

149. The Bhumias of the Ajmer District were, as usual, received by the Assistant Commissioner of Ajmer on the 27th June 1904, on the occasion of the birthday of His Majesty the King-Emperor. The total demand of Rs. 3,961 on account of Nazarana was recovered in full.

P. J. MELVILL, *Lieut.-Colonel,*
Commissioner of Ajmer-Merwara.

AJMER,
The 23rd September 1905.

		TOTAL	10	32	16	15	9	18	140	1	3	86	18	10	2	16·66	9	Withdrawn 4.

(*a*) Each column will show the number actually received, dismissed, investigated, declared false, etc., during the year.

(*b*) Cases under trial at the beginning of the year should be included.

(*c*) When more complaints than one are received about a single set of alleged facts, one complaint only should be shown. Counter complaints may be shown separately if the Court so directs. Care should also be taken to expunge any case which the Magistrate learns to have been also reported to the Police and included in their Register, unless he directs that it be expunged from the Police Register. Ordinarily the case should remain only on the Register of that authority which first took action in it. Corrections if made should also be made in the Statement regarding persons (Part II).

(*d*) Cases of death, escape or lunacy during trial, and charges abandoned, compounded or withdrawn (Sections 247, 248, 259, 333, 345, and 494, Criminal Procedure Code), should not be included in columns 13 to 17, but should be shown in the Remarks column.

(*e*) The order to be entered in filling in columns 13 to 16 is that in force at the end of the year. But a note may, if thought advisable, be made in the column of Remarks, showing how many acquittals took place in the Appellate or Revisional Court.

(*f*) A case should be entered as ending in conviction when any one of the accused is finally convicted by competent Court.

All attempts punishable under Chapter V, Indian Penal Code, other than those specified in Sections 115 to 120 of the Code, should be shown with the substantive offence abetted. Attempt should be shown immediately after the offence attempted.

NOTE.—This Statement should be prepared by the Magistrate.

P. J. MELVILL, *Lieut.-Col.*,
Commissioner, Ajmre-Merwara.

STATEMENT A.

No. 6.—(Return of Cognizable Crime for the year 1904.)

Part III.—Return of cases reported at a Police Station, or cases taken up by the Police, Ajmer-Merwara.

Serial Number.	Law under which punishable.	Description of crime.	Case originally reported at a Police Station or taken up on suspicion by the Police, pending under Police investigation from 1903 (a.)	Reported during the year. Investigated by the Police. Upon the report.	Under Magistrate's order after investigation had been refused by the Police.	Not investigated.	Total.	Percentage of cases investigated at once on report (column 5) to total.	Cases taken up by Station Officer otherwise than upon report.	Total of cases investigated by the Police (*i. e.*, of columns 4, 5, 6, and 10.)	Not sent to Magistrate, (b) accused, if any, released under section 169, Criminal Procedure Code. In which the Magistrate ordered case to be struck off as false, mistaken, or non-cognizable.	In which no such order was passed, but the case was not tried by Magistrate (c).	In which Magistrate sent for the accused and tried the case. Convicted.	Not convicted.	Pending at close of year.	Cases, other than those in columns 12 to 16, in which the offender was not detected or apprehended.	Cases still under investigation by the Police at the end of year.	Cases sent before the Magistrate.	Cases pending in Court at beginning of year.	Total of cases before the Courts (d).	Number ending in discharge or acquittal.	Number ending in conviction (e).	Percentage of cases ending in conviction to total of columns 22 and 23.	Number declared by Court after trial never to have occurred, or to be mistake of law or fact.	Number in which the Court held after trial that a non-cognizable offence only was committed.	Number still under trial at close of the year.	Remarks.

(*a*) In this column should be included cases, shown in previous year as "undetected," in which accused persons are arrested or sent up for trial during the year of report.

(*b*) *i.e.*, no accused persons sent to Magistrate for trial.

(*c*) Only those cases should be entered in column 13 in which it is not known whether the offence was or was not committed. Cases in which there is no doubt of the offence, but the offender has not been detected or apprehended, must be entered in column 17.

(*d*) Cases already shown in columns 14 and 15 should be excluded from columns 21, 22 and 23. Cases of death, escape, or lunacy during trial, and charges abandoned, compounded or withdrawn (sections 247, 248, 259, 333, 345 and 494, Criminal Procedure Code) should not be included in column 22, but should be shown in the Remarks column.

(*e*) The order to be entered in filling in columns 22 and 23 is that in force at the end of the year. But a note may, if thought advisable, be made in the column of Remarks showing how many acquittals tookplace in the Appellate or Revisional Court.

See also Notes (*a*), (*c*) and (*f*) to Part I of Statement A. The same rule as to entering abetments and attempts should be followed in all the statements.

NOTE.—This statement should be prepared by the Police.

R. C. BRAMLEY,
District Superintendent of Police, Ajmer-Merwara.

[*Vide* Section III—Police.]

STATEMENT A.

No. 7.—(Return of Cognizable Crime for the year 1904.)

Part IV.—Return of persons concerned in cases reported at a Police Station, or in cases taken up by the Police, Ajmer-Merwara.

Serial Number.	Law under which punishable.	Description of Crime.	Persons in Police custody, or on bail under section 170, Criminal Procedure Code, at beginning of year, as concerned in cases reported to or in cases taken up by the Police.	Persons arrested by the Police.		Persons not arrested because absconded (in cases occurring during the year).	Persons released by the Station Officer under section 169 and not required to appear by Magistrate.	Percentage of column 8 to column 5.	Persons released by Magistrate's order before trial (d).	Persons on bail or still in Police custody at close of year.	Persons appearing under order of the Magistrate.	Persons whose cases were under trial before the Courts at beginning of year.	Total number of persons tried.	Number discharged or acquitted (f).	Number convicted (including those ordered to give security for good behaviour) (e).	Percentage of number convicted on total of columns 15 and 16.	Number of persons convicted who had been arrested by the Police on report or information (column 5).	Number under trial at close of the year.	Remarks.
				Under the report or other information.	Under Magistrate's orders after investigation had been refused by the Police or the Police had reported the charge to be false.

No. 16.—Statement of offences reported and of persons tried, convicted, and acquitted, of each class of offence in the District of Ajmer-Merwara in the year 1904—(concluded.)

Description of offence.	Number of offence reported.	Number of cases returned as true.	Number of cases brought to trial during the year.	Number of Persons					Remarks.
				Under trial during the year including pending from previous year.	Acquitted or discharged.	Convicted.	Died, escaped, or transferred to another province.	Remaining under trial.	
1	2	3	4	5	6	7	8	9	10
Gambling Act, No. III of 1867	11	11	11	75	10	65	...	...	
Municipalities Regulation, No. V of 1886	1,033	1,033	1,034	1,145	82	1,062	...	1	
Opium Act, No. I of 1878	28	28	28	29	3	26	...	...	
Police District Act, No. V of 1861	1,312	1,312	1,312	1,317	51	1,266	...	...	
Post Office Act, No. XIV of 1866	...	...	...	...	...	...	...	...	
Railways Act, No. XIV of 1879	...	...	...	...	...	...	...	...	
Registration of Documents Act, III of 1877	...	...	...	...	...	...	...	...	
Stamp Act, I of 1879	1	1	1	1	1	...	...	...	
Protection of Wild Birds and Game Act, XX of 1887	25	28	28	31	3	28	...	...	
Total	5,670	5,183	5,234	8,315	3,385	4,675	15	240	

Notes—*Column* 1.—(1) "Attempts" should be entered immediately after the offences to which they relate.
(2) "Abetments" should be included with the substantive offences abetted.
(3) When giving the list of special and local laws against which offences have been committed, care should be taken to specify the title of each Act quoted, as well as its number and year. An Act of a local legislature should be distinguished by initial letters placed after the number of the Act.

Column 2.—All offences (cases) of which information was given, complaint made, or cognizance taken under Chapters IV, V, XIV, XVI, C. P. C., for the first time during the year, are to be shown, although some of the charges may not have been prosecuted, or may have turned out to be false.

Column 3.—This column should be the total of column 2, less the number of cases dismissed under section 203, C. P. C., and less all other cases in which a *Magistrate* declared that the charge was false, and that the offence never occurred, or which were dismissed as frivolous and vexatious, and in which the complainant was fined under section 250, C. P. C.

Column 5.—This column should be the total of columns 6 to 9, *plus* column 9 of previous years' statement.

Column 8.—Persons transferred from one court to another *in the same Province* are not to be entered in this column.

Column 9.—A note should be added in the column of remarks showing respectively the number of persons who died, escaped or were transferred.

General.—Cases committed or referred should not be included in this statement by the committing or referring Magistrates. The results of the trials in these cases should be shown by the Courts to which the cases are committed or referred. If the total of column 13 of Statement 4 be deducted from the total of column 2 of that Statement, the difference should correspond with the total of column 5 of this statement.

P. J. MELVILL, *Lieut.-Col.*,
Commissioner, Ajmer-Merwara.

[*Vide* Section III.—Criminal.]

Judicial Statement No. 3—(Criminal).

No. 17.—Statement of Miscellaneous Proceedings under the Criminal Procedure Code in Ajmer-Merwara during 1904.

Nature of Proceedings.	Total number of cases before the Courts during the year.	Number of persons concerned.	Number of persons discharged.	Number of persons convicted.	Remarks.
1	2	3	4	5	6
1. Proceedings again witnesses under Chapter VI C and section 485	...	...	...	...	
2. Proceedings under Chapter VIII to prevent breach of the peace	22	159	128	31	
3. Proceedings under Chapter VIII, Security for good behaviour	10	16	5	11	
4. Proceedings against local nuisances, Chapter X	2	8	7	1	
5. Possession, Chapter XII	...	...	...	...	
6. Frivolous or vexatious accusations, summarily dealt with under Chapter XX, section 250	...	...	...	...	
7. Non-attendance of jurors or assessors, Chapter XXIII, section 332	...	...	...	...	
8. Maintenance, Chapter XXXVI	...	...	...	...	
9. Forfeiture of bail or recognizance under Chapter XLII	8	8	6	2	
10. Proceedings under Chapter XLVI, section 563, against convicted offenders released under section 562	1	1	1	...	
Total	43	192	147	45	

Notes.—Column 1, Sub-head 6.—Complainants fined under Section 250 are not to be entered as convicted in Statements 2, 4 or 5, but the fact of the fines having been imposed may be noted in the column of Remarks of Statement 2 against the complaints preferred by them.

Column 1, Sub-heads 2 and 3.—Cases under Sections 107, 108, 109, 110, 118, 120, 123, C. P. C., will also appear under the appropriate head of the Schedule in Statement 2. Persons convicted under these heads and required to give security or recognizance under Sections 120, 123, C. P. C., will also appear in Statement 5.

Column 1, Sub-heads 4, 5 and 8.—Cases under these Sub-heads will not appear in Statements 2, 4, or 5. Jury cases under Chapter X will, however, appear in Statement 13.

P. J. MELVILL, *Lieut.-Col.*,
Commissioner, Ajmer-Merwara.

[*Vide* Section III—Criminal.]

Judicial Statement No. 4—(Criminal).

No. 18.—Statement showing the General Result of Criminal Trials in the Tribunals of various Classes in Ajmer-Merwara in the year 1904.

TOTAL	8,332	15	3,385	3,700	...	...	...	975	...	...	...	17	240	5,159	9·12	4,302	

NOTES.—*Column 1, Sub-head "Court of Sessions."*—Includes cases decided by Sessions Judges on reference under section 123, C. P. C.

Column 1, Sub-head "Superior Courts."—Includes cases decided by the High Courts on reference under Sections 307 and 374, C. P. C.

Column 2.—That is, the total of the entries in columns 3 to 14. The cases of persons transferred from one Court to another in the same province will appear only against the Court by which decided, or in which pending at the end of the year if not decided.

Column 3.—A note against the figure for each Court should be made in the column of remarks showing separately how many accused persons were transferred to other provinces.

Columns 5 and 6.—Persons whose cases were referred to a Superior Court for higher punishment, for orders under Section 562, Criminal Procedure Code, or for confirmation of sentence will be entered in column 7, and not in columns 5 and 6, against the Court making the reference. Against the Court receiving the reference they will be shown as convicted or acquitted, according to the orders passed by it or, as pending, if orders have not been passed.

Column 7.—These cases will also be shown against the Magistrates who made the reference, entry being made as directed above.

Column 8.—An insane accused who has been sent to a lunatic asylum should be kept on the file and entered in this column until he has been tried and either convicted or acquitted.

Column 9.—Omit cases in which the accused died, escaped, or was transferred.

Column 10.—In calculating the duration before the Magistrates' Courts, the starting point to be taken is not the date of complaint or information, but that of apprehension, or attendance on summons or otherwise of the accused. As regards Courts of Sessions, the actual number of days occupied should be given, commencing from the date of commitment. Cases in which the accused has absconded before arrest or has escaped from custody should be taken off the file till the persons implicated appear again.

General.—The figures in this statement should agree with those of Statement No. 2, and should include nothing else.

P. J. MELVILL, *Lieut.-Col.*,
Commissioner, Ajmer-Merwara.

No. 19.—Statement showing the punishments inflicted by the various Criminal Tribunals, in the District of Ajmer-Merwara in the year 1904.

NOTES.—*Column 1, Sub-head "Court of Sessions"*—Includes cases decided by Sessions Judges on reference under sections 31, 34 and 123, C. P. C.

Column 1, Sub-head "Superior Courts."—Includes cases decided by the High Court on reference under sections 307 and 374, C. P. C.

Column 19.—Includes fines realized during the year, though imposed in previous years. This column is intended to show the realized portion of fines imposed by officers in the exercise of original 19, for jurisdiction only.

Column 20.—Represents compensation awarded to complainants under section 545, Act X of 1882. These awards should also be shown under the head *fines* "imposed" and "realized" in column 18 and they form part of such fines.

General.—(1) The total of columns 5, 6 and 11 should correspond with the total of columns 21 to 25 (both inclusive), and the total of column 8 should correspond with the totals of columns 12 to 17 inclusive.

(2) This statement is meant to exhibit every sentence passed, and, where two penalties are inflicted on the same offender, to exhibit them both. Further to reconcile the number of persons entered in this statement as punished, with the number entered as convicted in statement 4. It is necessary to note cases such as those in which fulfilment of contract is ordered under Act XIII of 1859 in a footnote. As regards persons whose cases were referred for higher punishment or for confirmation of sentence, the punishment, if any, sanctioned by the higher Courts should be entered against such higher Court, and not against the Court making the reference.

P. J. MELVILL, *Lieut-Col.*,
Commissioner and Sessions Judge, Ajmer-Merwara.

GRAND TOTAL	...	...	...	...	...	...	...	...	...	...	...	...	

Notes.—Column 2.—Total of columns 3 to 12. Cases transferred from one Court to another *in the same Province* will appear only against the Court by which decided, or in which pending at the end of the year, if not decided. The words "Applicants for revision" in the heading of this column should be held to include only *accused persons* on whose behalf an application for revision is made or in whose interest the Magistrate or Judge may take steps to obtain revision on his own motion. Where such application is made, or such steps are taken, on behalf of a *complainant*, the fact should be noted, with the number of complainants concerned, in the column of Remarks. In the latter case, the accused persons against whom the application is made, though not appearing in this column, will fall into their proper places in columns 3 to 13, according to the result of such application. This note is held to apply also to cases dealt with by the High Court on review of returns.

Column 5.—Appeals dismissed under section 423, C. P. C., should be entered in this column.

Column 9.—Orders of discharge set aside by a Superior Court under section 436 of C. P. C. should be entered in this column.

Column 10.—When a sentence is reversed or proceedings are quashed on appeal, and new trial or further enquiry is at the same time ordered, the Appellate Court should not fill in column 8 as well as column 10, or column 9 as well as column 10, in each case respectively, but should make the entry in column 10 only.

Column 13.—Duration of appeals, applications for revision, or reference should be calculated thus—

(1) Appeals from date of receipt in office of the petition of appeal;
(2) Applications for revision—from the date of application;
(3) Cases dealt with by the Court otherwise than on application—from date of the order calling for the records; and
(4) Cases sent to the High Court by lower Courts for revision—from the date of the letter from the Court making the reference.

General.—Persons whose appeals were rejected under section 421, Criminal Procedure Code, should be entered in column 4, in which should also be included applicants for revision whose cases the Courts have refused to submit to the High Court. In columns 5 to 10, should be shown, opposite the sub-heads for Magistrates of District and Courts of Sessions, persons whose cases were disposed of by those Courts without reference to the High Court, and in column 11 all persons whose cases these Courts referred to the High Court.

P. J. MELVILL, *Lieut.-Col.*,
Commissioner and Sessions Judge, Ajmer-Merwara.

Total	8,638	1	1,692	1,124	2,570	1,101	174	102	23	719	209	923	248	94·11	28·23	

Notes.—*Column 2.*—Total of the entries in columns 3 to 13. Cases transferred from one Court to another *in the same Province* will appear only against the Court by which decided, or in which pending at the close of the year, if not decided. The number of cases pending from preceding year should be noted in the column of remarks, and when deducted from the total of column 2 should leave a balance corresponding with the total of column 38 of Statement VII. If after deducting the arrears shown at the end of the previous year, the balance does not agree with the figures in column 38 of Statement VII, the difference should be explained.

Column 6.—When under section 102, C. P. C., a decree is wholly or partially made in favour of an absent plaintiff on the admission of the defendant, the case should be entered in this column.

Column 8.—A case in which defendant appears, but plaintiff does not, and defendant does not confess judgment and the case is thereupon dismissed, the case should be entered in this column.

Columns 15 and 16.—As regards the average duration of suits the date of their presentation of the plaint shall be considered as the date of institution, unless some defect or omission requires to be amended before the plaint can be admitted, in which case the date of admission after amendment shall be regarded at the date of institution. With regard to applications to execute decreese the date of their presentation should alone be considered. In calculating average duration, the time that the suit has been actually pending in the particular Court should alone be calculated. The interval should be omitted during which an application for review which has been granted, or an appeal in which an order of remand has been passed, been pending in the superior Court. Revised suits are to be treated as if newly instituted on revival.

P. J. MELVILL, *Lieut.-Col.*,
Commissioner and District Judge, Ajmer-Merwara.

I.—Fractions of a rupee are to be omitted.

II.—If the income of any school maintained by the Department (or by a Local or Municipal Board) exceeds the expenditure, the return of Government or (Local or Municipal) expenditure should be reduced accordingly, the income and expenditure of the school being thus equalised. If in such school the income from fees or other private sources alone exceeds the expenditure, the excess income and the sources from which it is derived should be shown in the column of Remarks.

III.—If the income of any aided school exceeds the expenditure, the excess should be proportionately deducted from the sub-heads of endowments, subscriptions, and other sources; or, if the receipt from those sources are insufficient, from the sub-head of Fees also. The actual receipts from Imperial Revenues and from Local and Municipal Funds should be shown in full.

IV.—In calculating the expenditure from Imperial Revenues or any other Funds, all payments or contributions from Fees or other sources credited to that Fund should be deducted. Such payments should be shown as expenditure under the sub-heads to which they belong.

V.—The expenditure under "University," "Direction" and "Inspection" should be shown only in column 6 and its sub-divisions, and not in the preceding columns.

VI.—The expenditure on stipends held in Training Schools should be shown as part of the expenditure in those schools, not under the head of scholarships.

N.B.—The headings prescribed by the Government and not required for this district have been omitted.

E. F. HARRIS,

Offg. Inspector of Schools, Ajmer-Merwara.

REPORT

ON THE

ADMINISTRATION OF AJMER-MERWARA

FOR

1905-1906.

SECTION I.

GENERAL ADMINISTRATION.

1. Lieutenant-Colonel P. J. Melvill, I.A., was Commissioner of Ajmer-Merwara throughout the year 1905-1906. The following officers held charge of the offices of Assistant Commissioner of Ajmer and of Merwara for the periods noted against their names:— Personnel.

AJMER.

Major A. F. Bruce, I.A., from 1st April to 1st May 1905.
Captain A. B. Minchin, I.A., C.I.E., from 2nd May to 31st March 1906.

MERWARA.

Major C. Ducat, I.A., from 1st to 30th April 1905.
Mir Saiyad Husein, from 1st May to 20th August 1905.
Captain H. Stewart, I.A., from 21st August to 11th December 1905.
Major H. B. Peacock, I.A., from 12th December 1905 to 19th March 1906.
Mir Saiyad Husein, from 20th to 31st March 1906.

Lieutenant-Colonel H. R. Woolbert was Civil Surgeon of Ajmer, and Mr. R. C. Bramley held the office of District Superintendent of Police, Ajmer-Merwara, throughout the year.

2. The total revenues of Ajmer-Merwara, Imperial and Local, amounted to Rs. 11,17,475 as compared with Rs. 14,14,363, and the expenditure to Rs. 12,92,722 as against Rs. 11,22,802 in the preceding year (1904-1905). Imperial revenues decreased from Rs. 9,33,343 in 1904-1905 to Rs. 6,86,173 in 1905-1906, while the expenditure rose from Rs. 6,94,206 to Rs. 8,31,738 in 1905-1906. Revenue and Expenditure. (Vide *statement No. 46.*)

There was thus a deficiency of Rs. 1,45,565 in Imperial revenues this year, as compared with a surplus of Rs. 2,39,137 in the previous year.

3. The decrease in Imperial revenues occurred under the following heads:—

	Rs.
Land Revenue proper	2,31,660
Stamps	10,787
Excise	15,363
Customs	170
Law and Justice—Courts	828
Police	7
Receipts in aid of superannuation	916
TOTAL	2,59,731

On the other hand there was an increase of Rs. 12,561 under the remaining heads. Consequently there was a net decrease of Rs. 2,47,170 in Imperial revenues. The principal decrease of revenue was under the heads "Land Revenue proper," "Stamps," and "Excise" owing to famine.

SECTION II.

ADMINISTRATION OF THE LAND.

I.—Court of Wards.

Year ending on the 31st July 1906.

4. The General Manager of the Court of Wards, Ajmer, managed the estates of the Wards under the control of the Commissioner who represents the Court of Wards under section 4 of the Ajmer Government Wards Regulation, I of 1888.

Agricultural aspects.

5. The year was one of deficient rainfall resulting in a failure of both the Kharif and Rabi crops, except in irrigated areas. Owing to Government relief works having been opened, the distress was not acute.

Estates under management.

6. At the beginning of the year ten estates were under management, *viz.*, Bhinai, Masuda, Junian, Deolia-Khurd, Kalahera-Bogla, Kerot, Gangwana, Chawandia, Sarana and Karel. During the year the estates of Basundni and Richmalian were added to the number. Thakur Sawai Singh of Basundni, a subordinate Istimrardar of Sawar, died on the 3rd April 1905. His son Udai Singh, aged 10 years and 3 months, succeeded to the estate and, owing to his minority, the estate was taken under the Court's management with the sanction of the Hon'ble the Chief Commissioner conveyed in his First Assistant's letter No. 755—123-V., dated the 15th July 1905. Thakur Zalim Singh, Istimrardar of Richmalian, applied that his estate might be managed by the Court of Wards on the ground of his incapacity. The Hon'ble the Chief Commissioner declared Zalim Singh incapable of managing his own estate, and placed it under the Court's management shortly before the close of the year.

Income and expenditure of the year.

7. Excluding loans received, the income for the year of all the estates above named, excluding Richmalian, was Rs. 1,32,262 which, with the opening balance of Rs. 1,74,256 (cash Rs. 82,156 and Government Promissory Notes of the face value of Rs. 92,100), brought the total receipts to Rs. 3,06,518, *viz.*, Bhinai = Rs. 31,506 (opening balance Rs. 2,721, income Rs, 28,785); Masuda = Rs. 2,19,583 (opening balance Rs. 1,39,326, income Rs. 80,257); Junian = Rs. 19,213 (cash balance Rs. 9,013, income Rs. 10,200); other estates = 36,216 (balance Rs. 23,197, income Rs. 13,019). The expenditure for the year amounted to Rs. 1,90,994, *viz.*, Bhinai Rs. 34,927, Masuda Rs. 1,20,874, Junian Rs. 19,036, other estates Rs. 16,157. Thus the balance on the 31st July 1906 stood at Rs. 1,21,825 as under :—

	Cash balance.	Government Promissory Notes of the face value of	
	Rs.	Rs.	
Bhinai	2,880	...	
Masuda	*20,609	78,100	*Exclusive of 1,486 undisposed of gold mohars ; one sovereign ; 10 mashas of gold and 103¾ tolas of silver.
Junian	177	...	
Kerot	288	6,000	
Chawandia	2,640	7,000	
Sarana	103	1,000	
Other estates	3,028	...	
Total	29,725	92,100	
	1,21,825		

The Masuda income and expenditure included the following extraordinary items :—

Receipts—

	Rs.
(1) Sale-proceeds of 761 gold mohars	16,569
(2) Deposit withdrawn from the Post Office Savings Bank .	100
(3) Refund of the unspent balance of the money advanced to the Comptroller, India Treasuries, Calcutta, for the purchase of Government Promissory Notes . . .	3,100
Total . .	19,769

Expenditure—

	Rs.
(1) Paid towards instalment of the succession nazarana due to Government	51,836
(2) Amount subscribed to the Victoria Memorial und by the Flate Rao Bahadur Singh	1,000
Total . .	52,836

A sum of Rs. 1,495 was expended by the Bhinai Estate on the anniversary funeral ceremonies of the late Rao Kesri Singh.

Rental demand and collections.

8. The current demand on account of " Rents and Cesses " for the Sambat year 1962 amounted to Rs. 1,17,665, *viz.*, Bhinai Rs. 49,277; Masuda Rs. 44,946; Junian Rs. 10,725; other estates Rs. 12,717. Of the total demand of Rs. 1,51,897, including the arrears of previous years amounting to Rs. 34,232 a sum of Rs. 82,582 (current Rs. 80,504—arrears Rs.2,078) was collected: (Bhinai Rs. 23,827; Masuda Rs. 40,685; Junian Rs. 8,837; other estates Rs. 9,233); leaving on the 31st July 1906 an outstanding balance of Rs. 68,959 (current Rs. 37,159; arrears Rs. 31,794, *viz.*, Bhinai Rs. 37,027 (current Rs. 25,634; arrears Rs. 11,393; Masuda Rs. 7,145 (current Rs. 4,650 arrears Rs. 2,496; Junian Rs. 12,759 (current Rs. 2,580, arrears Rs. 10,179); other estates Rs. 12,021 (current Rs. 4,295, arrears Rs. 7,726); remissions were granted to the amount of Rs. 363 (Junian Rs. 56; Kerot Rs. 7; Gangwana Rs. 300).

Government Dues.

9. The succession nazarana amounting to Rs. 77,754 due from the Masuda Estate has been paid in full. Owing to the unfavourable seasons it has been necessary to recommend the suspension of the *Jama* due by the following estates :—

Estate.	For Kharif, Sambat 1926.	For Rabi, Sambat 1962.	c
	Rs.	Rs.	
Bhinai	4,300	4,300	* Suspension sanctioned, *vide* letter No. 862-151, dated the 1st April 1906, from the Chief Commissioner to the Commissioner.
Junian	2,673	3,489	
Deolia-Khurd	287	537	
Kalera-Bogla	670	964	
Kerot	...	1,013	
Gangwana	228	...	† Application under submission.
Total . .	*8,158	†10,303	

The only estate indebted to Government on account of Taccavi advances is Bhinai, for which a sum of Rs. 1,300 had to be borrowed during the year under the Land Improvement Loans Act (XIX of 1883) for the purpose of making advances to estate tenants for construction and deepening wells.

Liabilities.

10. On the 1st August 1905 four out of the ten estates were involved in debt to the extent of Rs. 91,278, *viz.*, Bhinai Rs. 52,352; Junian Rs. 30,543; Deolia-Khurd Rs. 1,450; Gangwana Rs. 6,933. Owing to

the failure of the harvests it was not found possible to make any progress during the year towards the reduction of the liabilities. In addition to the Taccavi loan of Rs. 1,300 from Government, the Bhinai Estate borrowed during the year from the Alliance Bank of Simla a further sum of Rs. 5,000 in order to meet the current expenditure of the Estate. Including arrears of Government *Jama*, "Taccavi advances" and "other loans," the balance of the principal outstanding against the several estates on the 31st July 1906 was Rs. 1,17,919, *viz.*, Bhinai Rs. 67,253; Masuda Rs. 1,502; Junian Rs. 36,704: Deolia-Khurd Rs. 2,273: Kalahera-Bogla Rs. 1,635; Kerot Rs. 1,013; Gangwana Rs. 7,162; Sarana Rs. 328, and Karel Rs. 49. The sum of Rs. 1,502 shown as outstanding against Masudais on account of debt due to the Estate of Nawab Shamshuddin Ali Khan of Ajmer by the late Thakur of Nandwara. The amount of Rs. 328 due from the Sarana Estate includes Rs. 223 on account of arrears of *Jama* for the Rabi harvest of Sambat 1962 payable to the Bhinai Estate. Owing to a succession of bad seasons and the scanty resources of the estates, the Raja of Rajgarh and the Thakur of Salari have been unable to pay the debts due by them. The amounts outstanding against them on the 31st July 1906 were :—

Raja of Rajgarh.

	Capital.	Interest.
	Rs.	Rs.
(1) Due to Deolia-Kalan	386	126
(2) Due to Piplaj	600	433
(3) Due to the estate of Nawab Shamshuddin Ali Khan	553	370
TOTAL .	1,539	929

Thakur of Salari.

	Capital.	Interest.
	Rs.	Rs.
Due to the Alliance Bank of Simla	589	110

The Thakur of Jetpura-Jedana also has not paid in full the instalment due by him to the Alliance Bank on account of the estate debt, which on the 31st July 1906 stood at Rs. 6,431 (capital Rs. 4,366 interest Rs. 2,065).

General Remarks.

11. The seven wards, *viz.*, Thakur Kesri Singh and his younger brother Nahar Singh of Junian, Raja Sardul Singh of Bhinai, Thakur Bijai Singh of Masuda, Thakur Udai Singh of Kerot, Thakur Nathu Singh of Kalahera-Bogla and Thakur Jagmal Singh of Sarana continued their studies at the Mayo College. Thakur Arjan Singh of Deolia-Khurd, Thakur Udai Singh of Basundni and Kanwars Ran Bijai Singh and Sawai Jai Singh, younger brothers of the Thakur of Sarana are studying at the Government College, Ajmer. Mehta Purshotam, Manager of the Bhinai Estate, was invested during the year with the powers of Honorary Munsiff and Magistrate, III class, in place of Rao Kesri Singh, deceased. Gratuitous relief was distributed to needy persons in seven Istimrari estates and one Jagir under the Court's management. The total amount expended aggregated Rs. 3,335, the total number of units relieved being 68,278. The garnet contractor, Seth Gopichand Dhor of Jaipur, continued to work the garnet mines in the estates of Jetpura-Jedana and Bhinai. The net profits of the two estates amounted to Rs. 1,167, on which Rs. 73 on account of royalty, at the rate of one anna per rupee, were paid to Government. Rupees 321 being the share of the Thakur of Jetpura, were paid on his behalf to the Alliance Bank of Simla towards the liquidation of the Jetpura Estate debt.

(2) *Estates managed under the Ajmer Taluqdars Relief (Dami) Regulation IV of 1872.*

12. The estate of Dodiana-Dilwari and the shares of Mir Wazir Ali and two others, to the extent of six annas in a rupee, in the village of Morajhari, continued to be managed as before under the Dami Regulation. The receipts, including the opening cash balance of Rs. 472, and the expenditure in the

two estates for Sambat 1962 amounted to Rs. 1,869 and Rs. 1,398, respectively, leaving a closing balance of Rs. 465 in Dodiana and Rs. 6 in the Morajhari Estate. The figures of expenditure include a sum of Rs. 300 paid on account of Dami instalments (Dodiana Rs. 100 and Morajhari Rs. 200). The payment of an instalment of Rs. 100 due at the Kharif harvest of Sambat 1962 (January 1906) by the Morajhari Estate was suspended with the sanction of the Hon'ble the Chief Commissioner, conveyed in his First Assistant's letter No. $\frac{863\text{-}C}{9}$, dated the 1st April 1906. The balance of Dami debt now due by the estates is Rs. 1,302 (Dodiana Rs. 280 and Morajhari Rs. 1,022).

(3) *Estate of the Diwan of the Dargah Khwaja Sahib.*

13. The Estate was managed by Diwan Ghiyasuddin Ali Khan during the year 1905-1906. The income of the estate amounted to Rs. 4,045 as against Rs. 8,010, and the expenditure to Rs. 7,286 as against Rs. 7,727. The income of the estate for the year under report is much lower than it has ever been since 1887-1888. The Diwan attributes the decrease to famine, but this is hardly sufficient to account for so large a reduction.

SECTION III.

PROTECTION.

(1) Police (year ending the 31st December 1905.)

(Police statements A3, A4, C, D, E, E1, and F, Serial Nos. 6, 7. 10, 11, 12, 13 and 14).

14. Mr. R. C. Bramley held charge of the office of District Superintendent of Police, Ajmer-Merwara, throughout the year.

15. The total permanent strength of the force (Government, Municipal and Cantonment) was 704 and was unchanged. Owing to famine, the strength of the Imperial Police was temporarily increased by four head constables, 35 constables and 32 mounted and foot Bhumias, while the Beawar Municipal Police was strengthened by 15 constables. The total expenditure was Rs. 1,14,224, of which Rs. 91,190 were paid by the Government and the remaining Rs. 23,034 were paid by local bodies.

16. The total number of men admitted into hospital was 167 as against 330 in 1904. The health of the force was good. The percentage of men admitted to hospital during the year 1905 was 23·72. The number of deaths was 14 as against 11 in the previous year. Retirements on pension numbered seven. Ten men were discharged.

17. The conduct of the Police force as a whole was good, the number of men punished during the year 1905 being 46, as against 82 in 1904. Dismissals numbered eight and included one head constable. In two cases, members of the force were punished by Magistrates after trial for offences under the Penal Code. In four cases, members of the force were punished by Magistrates under section 29 of Act V of 1861 (Police Act). In 16 cases, as against 48 in 1904, departmental fines were inflicted. Nine men were deprived of their good-conduct allowance. Twenty-five men resigned during the year as against 40 in 1904, showing a marked decrease. This is ascribed by the District Superintendent of Police principally to the better prospects of promotion under the reorganization scheme.

18. The rewards granted for meritorious services in 1905 amounted to Rs. 326 as against Rs. 299 in the previous year. In addition to the above amount, the Police force received a sum of Rs. 154 as rewards from private persons.

19. The total number of true cognizable cases, including sanitary offences, was 3,199 in Ajmer and 578 in Merwara—3,777 cases in all against 2,983 cases in 1904. The number of sanitary offences rose from 1,486 to 2,127; the increase of 641 cases is attributed to the fact that the sanitary laws have been enforced with greater strictness. Cases under the Penal Code returned as true numbered 1,320 in Ajmer and 330 in Merwara, as against 1,235 in Ajmer and 262 in Merwara, respectively. There is an increase in crime proper in both the districts, this being due to famine. The number of false cases reported was 185 in Ajmer and 31 in Merwara, as against 184 in Ajmer and 27 in Merwara, respectively, in the previous year.

20. The number of cases investigated was 1,444 of which 531 were prosecuted to conviction. The percentage of convictions to cases enquired into was 37·01 in Ajmer and 35·83 in Merwara, as against 32·51 in Ajmer and 32·05 in Merwara in the previous year. Persons arrested numbered 1,115 as against 902 in 1904, of whom 783 were prosecuted to conviction. The percentage of convicted persons was 68·88 in Ajmer and 75·94 in Merwara, as against 68·96 in Ajmer and 67·42 in Merwara in 1904.

21. The value of the property reported stolen amounted to Rs. 86,030, of which property worth Rs. 12,747 was recovered.

22. Offences against the State numbered 15 as against 27 in 1904, including nine cases against the coinage. Murders numbered four as against ten in 1904, in two of which cases persons were arrested and brought to trial.

23. There were eight cases of dacoity as against one in 1904. In one case property to the value of Rs. 7,000 was taken. Excise and opium cases detected by the Police numbered eight as against two in 1904.

24. The incidence of crime (sanitary and false cases excluded) in the year, taken over 10,000 of the population, is as follows :—

Ajmer, 35·92 as against 33·58 in 1904. Merwara 30·14 as against 23·99 in 1904. In both the districts the incidence has increased.

25. The number of previous convictions proved during the year 1905 was 92 as against 95 in 1904.

26. The finger impressions of 177 persons as against 142 in 1904 were taken during the year under report, and were sent to the Central Bureau at Abu.

27. The number of time-expired convicts under surveillance at the end of the year was 737.

Surveillance is regularly exercised by officers in charge of Police stations and by head constables, and the registers are frequently examined.

28. The number of proclaimed offenders on the registers at the end of the year was 87 as against 83 in 1904.

29. The Police school in the lines is reported to be working satisfactorily.

30. The Police record for the year is on the whole satisfactory.

31. Owing to an outbreak of plague in the first half-year and the prevalence of famine in the second half-year a good deal of work fell on the Police. During the year under report the Police force was re-armed with the new pattern Martini-Henry rifles. In addition to the permanent armed force of 80 men, two men of the Civil Police from each thana received musketry training.

(2) *Criminal Justice (year ending the 31st December 1905.)*

32. During the year 1905 the office of the District Magistrate, Ajmer, was held by Major A. F. Bruce, I.A., and Captain A. B. Minchin, I.A., and that of District Magistrate, Merwara, by Major C. T. Ducat, I.A., Captain A.B. Minchin from 2nd April to 3rd April, and 1st May to 20th August 1905, Captain H. Stewart, I.A., and Major H. B. Peacock, I.A. (Judicial statements Nos. 1 to 6 and 13, Serial Nos. 15 to 20 and 29).

33. The total number of offences reported was 6,486, of which 5,944 were returned as true. Of these 1,769 were reported under the Police Act against 1,312 in 1904.

34. The number of cases under the Opium Act was 18 as against 28 in 1904 and 47 in 1903.

35. The number of persons under trial in the year was 9,017: of these 5,698 were convicted. The corresponding figures for 1904 were 8,315 and 4,675. The number of persons placed on trial before Honorary Magistrates was 5,336 as against 4,137 in 1904.

36. The average duration of each case was 6·54 as against 9·12 in 1904.

37. The increase in the number of the cases under the Municipalities Regulation, 1886, accounts for this. The number of witnesses examined was 4,649, the corresponding figure for 1904 being 4,302.

38. There was an appreciable decrease in the number of cases under Chapter VIII of the Code of Criminal Procedure, but the percentage of convictions (35·57) was higher than in 1904 (24·00). The number of persons placed on trial before the District Magistrates was 64. The Court of Sessions dealt with the cases of 17 persons as against 19 persons in 1904.

39. In the Railway Jurisdiction 337 persons were placed on trial, of whom 283 were convicted: 179 persons on trial were charged with theft, of whom 157 were convicted.

40. The number of appeals and revisions dealt with by the District Magistrates and the Sessions Court was 335. In 57 cases the sentence or order in appeal was confirmed.

41. The Courts of the Cantonment Magistrates Nasirabad and Deolia, Judicial Assistant Commissioner and Magistrate, 1st class, Ajmer, Extra Assistant Commissioner, 1st grade, and Magistrate, 1st class, Ajmer, Extra Assistant Commissioner, 2nd grade, and Magistrate, 1st class, Ajmer, Extra Assistant Commissioner, 3rd grade, and Magistrate, 1st class, Kekri, and of the Honorary Magistrates of Bhinai, Sawar, Bandanwara and of the Tahsildar, Ajmer. Naib-Tahsildars I and II, Ajmer, were inspected by the District Magistrate, Ajmer, while the following courts were inspected by the Commissioner during the year under report :—

Court of	the	Cantonment	Magistrate,	Deolia.
,,	,,	,,	,,	Nasirabad.
,,	,,	,, Tahsildar,	Beawar.	
,,	,,	,,	Todgarh.	
,,	,,	,, Honorary	Magistrate,	Pisangan.
,,	,,	,,	,,	Kharwa.
,,	,,	,,	,,	Bandanwara.
,,	,,	,,	,,	Bhinai.
,,	,,	,,	,,	Deolia.
,,	,,	,,	,,	Sawar.

42. The jurisdiction scheme introduced at the close of the year 1902 has continued to work satisfactorily. The year 1905 was a famine year.

(3) *Civil Justice (year ending the 31st December 1905.)*

43. The number of courts during the year under report was 26 against 24 in the preceding year.

(Vide Judicial Statements Nos. 1, 7 to 13 and Serial Nos. 15 and 21 to 29).

44. The re-distribution of the Civil Justice business among the various original and appellate courts which was effected with the object of assigning to each court a definite local jurisdiction and relieving both the Assistant Commissioners of Ajmer and Merwara of much original work has proved satisfactory on the whole. Under that arrangement, however, all rent suits in the Ajmer District were to be tried by the Revenue Extra Assistant Commissioner, but it was found that the number of such suits was too large for him to dispose of in addition to his heavy revenue work. Rent suits of over Rs. 25 in value were, therefore, made triable by the several civil courts of the Ajmer District according to their territorial jurisdiction. This scheme has proved satisfactory.

45. The total number of suits instituted (including miscellaneous cases) was 6,257: of these 3,562 were instituted in the Court of Small Causes.

46. The total value of the suits instituted was Rs. 4,23,367 against Rs. 5,98,443 in 1904. Suits of all kinds the value of which was less than Rs. 50 numbered 3,766.

47. The total number of suits of all kinds (including miscellaneous cases) for disposal was 7,397. This includes the pending list at the close of the year 1904 (992) and 148 under review, revival and remand. Disposals by transfer numbered six, and those without trial 1,495. The number of suits disposed of without contest was 3,754; of suits disposed of by arbitration 129, and of suits disposed of with contest 992. The pending file at the close of the year was 1,021, as compared with 992 in the preceding year, and of these 413 suits had been pending for more than three months. The average duration of contested civil suits was 126·00 days, and that of uncontested suits 43·22.

48. On the appellate side there were 249 appeals from decrees and orders for disposal. The pending file at the close of the year was 152 appeals. The average duration of appeals was 113·55 days against 72·23 in the preceding year.

49. The number of applications for the execution of decrees was 13,130 against 19,538 in 1904. The number pending at the end of the year was 1,775. In six cases only were the judgment-debtors imprisoned.

50. The Commissioner, in his cold weather tour, inspected the courts of the Assistant Commissioner and Subordinate Judge of the first class, Merwara

Cantonment Magistrate and Subordinate Judge of the first class, Nasirabad, Cantonment Magistrate and Subordinate Judge of the second class, Deolia, Deputy Magistrate and Subordinate Judge of the first class, Beawar, Tahsildars and Munsiffs of Beawar and Todgarh and the Honorary Munsiffs of Bandanwara, Bhinai, Deolia, Sawar and Pisangan.

(4) Registration (year ending the 31st December 1905.)

51. Of the total number of documents presented for registration a percentage of 70·06, as against 61·88 in the previous year, was registered by the Sub-Registrar of Ajmer who is also Registrar of the Court of Small Causes, Ajmer. The total number of documents registered (2,472) is more by 701 than that of 1904. This increase is mainly due to the registration of instruments below Rs. 100 having become compulsory under the provisions of the Transfer of Property Amendment Act, VI of 1904, and for this reason compulsory registrations show an increase of 466 (from 1,422 to 1,888). The area of the agricultural land transferred by sale shows an increase of 2,377 bighas (from 2,456 to 4,833), while there is an increase of 6,976 bighas (from 2,896 to 9,872) in the area of agricultural land transferred by mortgage. The value of land transferred by sale and mortgage amounted to Rs. 4,38,793, or Rs. 2,77,688 more than in the preceding year. The increase is chiefly due to the famine conditions prevailing in these districts during the latter part of 1905, which forced the cultivators to resort to the mortgage and sale of their lands. (*Vide* statement Form I No. 80.)

52. The total receipts and expenditure of the year amounted to Rs. 5,555 and Rs. 1,537 as against Rs. 4,841 and Rs. 1,711, respectively, in 1904, showing a surplus of Rs. 14,018 as against Rs. 3,130 in the preceding year.

(5) Municipalities (year ending the 31st March 1906.)

53. The constitution of the Committee remained unchanged, except that Babu Hira Lal, an elected member of the Committee, resigned his seat and his place was taken by Babu Bhajan Lal. Ajmer Municipality. (*Vide* tables 1-4, Serial Nos. 31-34.)

54. The total income of the year was Rs. 2,31,362 as against Rs. 2,24,447 in 1904-1905, and the expenditure Rs. 2,13,723 as against Rs. 1,80,107. The closing balance of the year was Rs. 1,41,606. The increase of Rs. 6,915 in the income is composed chiefly of slaughter-house fees, sale of water and the refund of unexpended balances received from the Executive Engineer, Ajmer Provincial Division.

55. The total octroi receipts fell from Rs. 1,63,996 to Rs. 1,63,184 gross, or Rs. 1,33,054 less refunds (Rs. 30,130). The decrease of Rs. 812 is due to the importation of cloth, sugar and ghi in smaller quantities owing to famine.

56. The municipal income under the head "Cattle Pound" rose from Rs. 990 to Rs. 1,273 owing to a larger number of cattle having been impounded during the year under report. The income under the head "Rent of lands and houses" rose from Rs. 4,576 to Rs. 5,042, the increase of Rs. 466 being due to competition at the annual auction sales of leases of municipal property. The income from the sale proceeds of land was Rs. 1,520 as against Rs. 680, an increase of Rs. 840 due to the recovery of the earnest money for a large plot of land opposite the Rajputana-Malwa Railway Co-operative Store in Kaisarganj which was sold. The balance of the purchase money will be recovered and credited during the current year. The increase of Rs. 2,119, under the head "Markets and Slaughter-Houses," is chiefly due to the levy of a fee of 3 pies per head on all sheep and goats slaughtered at the Municipal Slaughter-House.

57. The income under the head "Sales, miscellaneous" rose from Rs. 30,340 to Rs. 36,751, the increase of Rs. 6,411 being due to the sale of Foy Sagar water to the Railway and the Mayo College in larger quantities than in the preceding year. The increase of Rs. 2,192 under the head "Advances, permanent" is due to the refund of various unexpended balances by the Executive Engineer, Ajmer Provincial Division. The decrease of Rs. 1,478 in the income of conservancy fees is due to the fact that the income of the

preceding year included arrears, while no arrears were recovered during the year under report.

58. The income from public gardens fell from Rs. 4,996 to Rs. 2,078, the decrease of Rs. 2,918 being due to insufficient rainfall, in consequence of which no sugarcane crop could be raised. The short supply of water also materially affected the other products. The variations under the other heads of municipal income are small and do not call for special remarks.

59. The increase in the expenditure under the head "Pensions and Gratuities" is due to some of the municipal employés having retired during the year. The expenditure under head "Lighting" rose from Rs. 4,680 to Rs. 5,371, the increase of Rs. 691 being due to the purchase of 66 new lanterns and 10 posts, 140 burners and chimnies, and also to the purchase of more oil. The increase of Rs. 6,772 under head "Water-Works" is due to the extension of the municipal water main along the Rajputana-Malwa Railway Mall and also to the purchase of 2 new pumps. The increase of Rs. 18,092 under the head "Conservancy" is due to the renewal of the rolling stock, purchase and hire of cattle and the entertainment of 18 extra sweepers for the removal of foul water.

60. The increase of Rs. 5,730 in expenditure under the head "Public Gardens" is due to (1) improving the grounds round the Jubilee Clock Tower opposite the railway station and beneath the magazine wall, by levelling, fencing and planting them; (2) the purchase of fodder for garden bullocks and (3) the payment of Rs. 419 to Todu Mali as decreed by the court in a civil suit.

61. The increase of Rs. 742 under the head "Buildings" is due to the fact that the Garden Lodge was repaired, while a sum of Rs. 651 on account of the cost of 186 chairs purchased for the Trevor Town Hall was included in this expenditure.

62. The expenditure under the head "Public Works, Roads" amounted to Rs. 15,342 as against Rs. 13,143. The increase of Rs. 2,199 is due to (1) improving the Makarwali Road, (2) payment of compenstion for land taken up for widening the Srinagar Road, and (3) to extra metalling of roads. The increase of Rs. 516 under the head "Printing charges" is due to the printing of some extra forms and the payment of arrears.

63. The increase of Rs. 3,978 under the head "Miscellaneous" is due to the presentation of an address and silver casket to Their Royal Highnesses the Prince and Princess of Wales, and the renewal of and repairs to plague quarantine huts.

64. The decrease of Rs. 1,640 in refunds occurred chiefly under sugar, ghi and cloth. The variations under other heads of expenditure are small and do not call for special remarks.

65. A sum of Rs. 9,722 was paid during the year towards the repayment of Government loans and Rs. 9,904, on account of interest. The reduction in the amount paid on account of loans and interest is due to the Government loan of Rs. 1,25,000 having been paid up during the year under report. The balance of the loan still due by the Municipality to Government amounted to Rs. 1,94,886 at the end of the year.

66. The incidence of octroi taxation on the population, as recorded at the census of 1901, was Rs. 1-12-9 in 1905-1906, as against Rs. 1-12-8 in 1904-1905.

67. During the year under report, the pipes from the Foy Sagar have been extended to the Railway Mall. The question of purifying the Foy Sagar water by filtration, or otherwise, is still being investigated. The water level of the Foy Sagar was 15·08 above sluice level on the 1st April 1905, and it rose to 16·60 feet on the 3rd July 1905, after which date there was no heavy fall of rain.

68. The numbers of births and deaths registered during the year were 1,729 and 3,329 as against 1,801 and 3,125, respectively, during the year 1904-1905. The birth and death-rate per mille was 23·74 and 45·08 as against 24·39 and 42·32, respectively, in the previous year. Thus the birth rate per mille fell by 0·65, while the death rate per mille rose by 2·76. The increase in the death rate is attributed to plague.

69. The death rate of Ajmer city proper was 37·77 per mille, while that of the suburbs was as high as 62·57. No explanation has been given for this difference. One hundred and eighty cases of plague, with 173 deaths, were reported during the year. Of these, 126 were local and 54 were imported.

70. The total number of children vaccinated during the year 1905-1906 was 3,629 as against 3,651 in 1904-1905. The percentage of successful primary vaccinations was 99·31.

71. The revised octroi schedule has been sanctioned and brought into force from the 1st April 1906.

72. In consequence of the scarcity of fodder and water the visit of Their Royal Highnesses the Prince and Princess of Wales was abandoned; but a deputation of the Municipal Commissioners proceeded to Jaipur, on the 21st November 1905, and there presented to Their Royal Highnesses an address enclosed in a silver casket on behalf of the citizens of Ajmer.

73. The Municipal Committee have drafted a set of rules, under section 116 (*e*) of the Ajmer Municipalites Regulation, to bring the municipal encamping grounds under better supervision and control. The rules for regulating the Dhanmandi (grain-market) have been received from the Committee and will shortly be submitted to the Local Administration for approval.

74. The Trevor Town Hall Library is to be equipped with furniture and books, for which a sum of Rs. 5,000 has been sanctioned.

75. With regard to the improvement of the sanitation of the Ajmer city, the Municipal Committee have applied for the services of an expert Sanitary Engineer to draw up plans for the improvement of the city. The Municipal Committee have not yet completed the register of Nazul properties under their charge.

76. Mr. C. W. Waddington, M.A., C.I.E., held the office of Chairman of the Municipal Committee throughout the year.

77. The usual triennial election was held during the month of December 1905, and the new members took their seats on the Committee with effect from the 2nd January 1906. Beawar Municipality.

78. The total income of the year was Rs. 61,016 and the expenditure was Rs. 62,479, the closing balance being Rs. 26,721 and an investment of Rs. 10,000 in Government paper. The gross octroi receipts fell from Rs. 72,489 to Rs. 58,310 or Rs. 36,673, when the refunds, amounting to Rs. 21,637, are deducted. The decrease of Rs. 14,179 is principally due to famine prevailing in the district.

79. The incidence of octroi taxation on the population as recorded at the census of 1901 was Rs. 1-12-1 per head as against Rs. 1-14-10 in the preceding year, 1904-1905.

80. The octroi was collected departmentally as heretofore. The aggregate value of the articles admitted to the bonded warehouse was Rs. 50,940 as against Rs. 45,776.

81. The births and deaths of the year numbered 977 and 927 as against 1,049 and 713, respectively, in the preceding year. The increase in the number of deaths was due to the prevalence of plague and fever at the beginning of the year.

82. The conservancy and lighting arrangements in the town were, on the whole, fair. The conservancy stock was replaced during the year. Vaccination and the dispensary are dealt with separately.

83. The octroi schedule has been revised and will shortly come into force.

84. During the famine the water-supply of the town has been found to be very deficient. The Committee have deepened their wells, and are considering a scheme for bringing water into the town from Jalia, in which connection a trial well has been dug. The Committee are also considering the advisability of constructing a municipal office and hall.

85. The constitution of the Municipal Board remained unchanged. Kekri Municipality.

86. The total income of the year 1905-1906 was Rs. 11,643 and the expenditure Rs. 12,468, the closing balance being Rs. 4,398 and an investment

of Rs. 2,000 in Government paper. The gross octroi receipts fell from Rs. 13,462 to Rs. 9,901. Excluding the amount of refunds (Rs. 2,812) the net receipts from octroi were Rs. 7,089. The decrease of Rs. 3,561 in the gross octroi receipts was due to famine, in consequence of which the trade of Kekri diminished greatly.

87. The incidence of the octroi taxation on the population as recorded at the census of 1901 was Rs. 1-6-11 per head as against Rs. 1-0-8 per head in 1904-1905.

88. The number of births and deaths from all causes registered was 203 and 254, respectively, as against 288 and 719 in 1904-1905. The decrease in the number of deaths is due to the fact that the town was free from epidemic disease.

89. The revised octroi schedule has been submitted and will shortly come into force.

SECTION IV.

PRODUCTION AND DISTRIBUTION.

Agricultural Summary.

90. *Ajmer.*—The Rabi harvest for 1904-1905, the collections on account of which were made in 1905-1906, was damaged by frost and was consequently worse than in the previous year. The Kharif harvest of 1905-1906 failed owing to the failure of the monsoon, the outturn being estimated at less than three annas in the rupee. The water in wells was not sufficient and there was also a scarcity of fodder.

91. The area under cultivation for the Rabi of 1904-1905 was 19,970 acres, of which 1,643 acres failed. The outturn was estimated at 128,615 maunds. The area under cultivation for the Kharif of 1905-1906 was 78,304 acres, of which 61,314 acres failed. The outturn was estimated at 65,963 maunds.

92. The revenue collected on account of these two harvests amounted to Rs. 1,64,619. The collections of revenue suspended in previous years amounted to Rs. 23,009 and the total collections came to Rs. 1,87,628. The amount of revenue outstanding at the close of the year was Rs. 1,22,817.

93. A sum of Rs. 20,598 was advanced under the Land Improvement Loans Act and Rs. 9,672 under the Agriculturists Loans Act during the year under report. The realisations under both Acts amounted to Rs. 6,303, including Rs. 723 on account of interest. The outstanding amount under both Acts on the 31st March 1906 was Rs. 1,00,334.

94. *Merwara.*—The Rabi harvest of 1904-1905 was damaged by frost, and was consequently worse than in the previous year. The Kharif harvest of 1905-1906 failed owing to the failure of the monsoon, the outturn being estimated at about one anna in the rupee.

95. The area under cultivation for the Rabi of 1904-1905 was 13,763 acres, of which 5,114 acres failed. The outturn was estimated at 86,887 maunds. For the Kharif of 1905-1906 50,841 acres were brought under cultivation, of which 46,638 acres failed. The outturn was estimated at 21,504 maunds.

96. The revenue collected on account of these two harvests was Rs. 1,703, while a sum of Rs. 2,685 was recovered on account of previous suspensions. The total collections came to Rs. 4,388. The amount of revenue outstanding at the close of the year was Rs. 1,23,219, of which a sum of Rs. 1,19,673 was suspended.

97. A sum of Rs. 40,545 was advanced under the Land Improvement Loans Act and Rs. 32,856 under the Agriculturists Loans Act during the year. The realisations under both Acts amounted to Rs. 136, including Rs. 16 on account of interest. The outstanding amount under both Acts on the 31st March 1906 was Rs. 1,86,363.

Mines.

98. An exploring license was granted to Khan Bahadur Haji Sajan Lalji and Mr. Dosabhoy J. Kanga of Secunderabad to explore for minerals and mineral oils in certain areas belonging to the villages of Naya Khera and Kalatan Khera in the Beawar Tahsil of the Merwara District. Two prospecting licenses were granted in the Ajmer District during the year under report—one to Rai Bahadur Seth Sobhag Mal Dhada, Banker of Ajmer, to prospect for minerals in a plot of land situated within the limits of the village of Lohagal, and the other to Hafizullah of Nasirabad to prospect for mica in a plot of land within the limits of the village of Tilana. In the Istimrari area 11 * mining contracts were sanctioned, the Government share being fixed at one anna in the rupee on the net profits of the Istimrardars.

* Lamba, Deolia (2 contracts) Meoda-Khurd, Karaunj, Nandsi, Kharwa, Sawar, Jetpura-Jedana, Kerote, Bhinae.

Trade.

99. The returns of the Rajputana-Malawa Railway for the calendar year 1905 show an increase in the number of passengers booked from stations in Ajmer-Merwara from 766,137 to 849,336.

100. The grain trade of the two most important local trade centres for the year under report and the previous year is given below :—

Ajmer.—Imports in 1904, 13,616 tons; exports 287 tons; balance of imports 13,329 tons. Imports in 1905, 16,495 tons; exports 382 tons; balance of imports 16,113 tons.

Beawar.—Imports in 1904, 3,095 tons; exports 1,785 tons; balance of imports 1,310 tons. Imports in 1905, 15,491 tons; exports 2,122 tons; balance of imports 13,369 tons.

Imports of cotton at Beawar rose from 1,392 tons to 2,962 tons during the year under report.

Public Works.

101. The total expenditure on Public Works (other than irrigation and railways) during the year ending the 31st March 1906 amounted to Rs. 1,31,935, as against Rs. 1,19,407 in 1904-1905. The chief items of expenditure were on buildings for "Law and Justice," Rs. 11,932; buildings for the Revenue Department, Rs. 1,150; buildings for the Educational Department, Rs. 7,191; buildings for the Public Works Department, Rs. 1,919; other public buildings, Rs. 17,369; roads, Rs. 45,258; and establishment, tools and plant, Rs. 45,639. The restoration and conversion of the old Tahsil in the Fort at Ajmer into a Museum is in progress, but has not yet been completed.

District Post Offices.

102. During the year 1905-1906, there was no change in the district main lines, the mileage of which remained 197. The number of articles despatched and the number of articles received for delivery were 57,046 and 68,040, respectively, as against 55,316 and 65,880 in 1904-1905. The percentage of articles that remain undelivered was 8·03, as against 8·40 in the year 1904-1905.

103. The total expenditure on the District Post establishment during the year under report amounted to Rs. 3,692, as against Rs. 4,059 in the preceding year. The decrease in the expenditure is due to the fact that the cost of the District Dâk establishment for the month of March 1906 was not included in the expenditure, as the District Post has since been transferred to the Imperial establishment.

Arboriculture: Roadside tree plantation.

104. At the end of the year the length of the roads on which trees were newly planted and maintained was as follows:—Imperial roads, 20 miles 7 furlongs: District Fund roads, 10 miles 6 furlongs. The number of trees newly planted during the year, 1905-1906 was 265, replacing others which had died. The number of nurseries maintained during the year was three. The total cost of these operations was Rs. 3,072 distributed as follows:—Imperial, Rs. 1,645: District Fund, Rs. 1,427.

Inspection of rain-gauges.

105. There were altogether 56 rain-gauges in Ajmer-Merwara during the year 1905-1906. They were all inspected from time to time by the District Officers and found to be efficient with the exception of those at Dewair and Baghana, which have since been replaced by new ones.

SECTION V.

REVENUE AND FINANCE. (*Year ending the 31st March 1906.*)

A.—*Imperial.*

(I) Land and Water Revenue.

106. The average rainfall of the district during 1905-1906 was 7·34 as against a normal of 21 inches. A statement showing the total rainfall of the district is appended. Thus the rainfall was much below normal. The rabi harvest was dependent on the rainfall of 1904; but having been seriously damaged by frost the outturn was much less than in the previous year, while there was a failure of the kharif crops owing to the failure of the monsoon. Character of the season. (Vide *appended statements 35 and 36).*

107. The recovery of a considerable portion of the land revenue demand for the rabi and kharif was suspended. A sum of Rs. 1,459 for rabi 1308 Fasli was remitted in the Ajmer Tehsil, and a sum of Rs. 15,528 for rabi 1308 and kharif 1310 Fasli was remitted in the Beawar Tehsil. In addition to these sums, Rs. 3 were permanently remitted on account of the land revenue of certain land taken up for a crossing station at Hatondi. Recovery of revenue.

The collections of the year were as follows:—

	Rs.
Arrears	25,694
Revenue of the year	1,66,322
	1,92,016

108. The retail prices of the principal food grains in April 1905 were below normal, but as the season went on there was a gradual rise. The prices of the staple food grains that ruled in the months of September, October and November 1905 were between 12 and 14 seers per rupee in the Ajmer District, and from 13 to 14 seers in the Merwara District. Prices.

109. The takavi loan account was as follows:— Takavi Loans. Vide *appended statements Nos. I to III, statements Nos. 37 to 39.*

	Outstanding at the beginning of the year.	During year.			Outstanding at the close of the year.
		Advanced.	Collected.	Remitted.	
	Rs.	Rs.	Rs.	Rs.	Rs.
Under the Land Improvement Loans Act, XIX of 1883.	93,993	61,143	4,382	...	1,50,754
Under the Agriculturists Loans Act, XII of 1884.	94,734	42,528	1,318	...	1,35,944
Total	1,88,727	1,03,671	5,700	...	2,86,698

Takavi statement No. II, showing the account of Government with agricultural borrowers during the year 1905-1906, is appended. The provincial loan account system is not in force in Ajmer-Merwara, and therefore statements in revised forms I and III, prescribed in letter No. 1312—335-2, dated the 21st August 1906, from the Government of India in the Department of Revenue and Agriculture, to the Hon'ble the Agent to the Governor-General, Baluchistan, are attached.

110. The number of cattle during the year is shown in the following table:— Cattle.

	1903-1904.	1904-1905.	1905-1906.
Cows and bullocks	114,713	128,149	112,336
Buffaloes	14,124	15,037	13,177
Sheep and goats	284,618	318,889	276,514

This decrease is due to the emigration of cattle to Malwa and elsewhere owing to famine prevailing in Ajmer-Merwara.

Boundary marks and disputes.

111. The inspection returns show that the boundary marks were in a satisfactory condition. The boundary disputes between Ajmer and Shahpura, between Lussani (Mewar), and Thikarwas (Merwara), and between Saroth (Merwara) and Sitlaka-chaura (Mewar) remained unsettled.

The boundary dispute between Mewar and Barli was decided by the Assistant Commissioner of Merwara, but the Thakur of Barli preferred an appeal to the Honourable the Chief Commissioner and Agent to the Governor-General and a fresh enquiry has been ordered to be made in the case.

Records and Staff.

112. The Beawar Tehsil was inspected by the Commissioner and that of Ajmer by the Assistant Commissioner, Ajmer, during the year, and the results of the inspections were on the whole satisfactory. Owing to famine the Patwari Instructor was employed on famine duty during the latter part of the year. An examination of Patwaris was held on the 18th September 1905, and the following days. Out of nine candidates only one passed, and two candidates who passed in all subjects but failed to qualify in the aggregate were exempted from further appearance.

Processes.

113. For the recovery of land and water revenue and takavi 48 writs, 13 warrants of arrest and 46 warrants of attachment of moveable property were issued in the Ajmer District. Moveable property worth Rs. 60 was sold; and five persons were imprisoned in default of payment.

Revenue cases.

114. The revenue business statement shows a decrease from 23,971 to 3,962 in the Ajmer District and from 20,610 to 9,631 in the Merwara District in cases disposed of. The large increase in the preceding year was due to the disposal of mutation cases which had not been discovered in previous years.

Land Acquisition.

115. A piece of land measuring 4·81 poles was taken up by the District Board of Ajmer-Merwara for the construction of a dispensary at Todgarh, while another piece of land, measuring 1 rood 37·13 poles, was taken up by the Rajputana-Malwa Railway for the construction of a road leading to the staff quarters at Ajmer on the bank of the Bisla tank.

Government suits.

116. No suits were instituted by or against Government during the year.

(2) Excise.

(Vide *appended Statements 40—44.*)

Country liquor.

117. The receipt under "Country Spirit" on account of still head duty amounted to Rs. 1,04,688, being Rs. 30,688 in excess of the minimum guarantee of Rs. 74,000. The figures are less by Rs. 21,626 than the amount collected last year under this head. This decrease is due to a reduction in the sales of country spirits owing to famine in these districts during the year under report. The consumption of country liquor decreased by 10,928 gallons as compared with the previous year's figure. The average selling price of country liquor was 0-1-2$\frac{5}{6}$ per dram, or Rs. 3-11-6 per gallon.

Action taken in pursuance of the instructions and suggestions in letter No. 2455 S.R., dated the 21st April 1904, from the Government of India in the Department of Finance and Commerce.

118. The conditions in Ajmer-Merwara differ considerably from those in Bengal, as there the individual shops are put to sale separately, while here the whole of the liquor monopoly is in the hands of one farmer, with the result that the number of shops here has practically been stationary for years, and consequently it was not considered necessary to take any steps to adopt the Bengal rules in regard to the location of liquor shops in Ajmer-Merwara. It was not considered desirable to relinquish the practice by which a few temporary liquor shops are allowed during the annual Pushkar Fair, as the local detective establishment is not strong and illicit traffic across the Marwar border, which is only two miles distant, would be the inevitable consequence. The number of temporary shops allowed during the year under report remained the same as in the preceding year, namely, two.

119. Facilities do not at present exist for private drinking in licensed liquor shops in Ajmer-Merwara, and no prohibitary rules in that respect appear therefore to be required at present.

120. During the year 429 chests of opium were exported to the Punjab; 1½ chest to the North-West Frontier Province, and 4 chests to Bombay. The duty levied was Rs. 1,23,040, being Rs. 24,035 more than the figures of the previous year. The opium farm and vend fees fetched Rs. 16,256, as against Rs. 13,564 in the previous year. The retail vend licenses granted in the rural areas numbered 45. The number of cultivation licenses issued was 27 only, of which 24 were for Merwara. The marked decrease in the number of cultivation licenses during the year under report is due to the failure of the monsoon. The area cultivated in Merwara is reported to have been 38 bighas, while the yield is estimated at 1 maund and 20 seers. Sixty-seven maunds 7 seers of opium, being the produce of 1904-1905, were brought to the scales during the year under report, on which the excise duty levied amounted to Rs. 10,749. This was the first time excise duty has been recovered in Ajmer-Merwara. Opium.

121. The import duty on drugs and the bonded warehouse fees rose from Rs. 4,463 to Rs. 4,649. There was also an increase in the license fees, *viz.*, from Rs. 8,625 to Rs. 10,860. The increase is chiefly attributable to the keenness in the competition for the contract, which was due to the presence of outside bidders. Drugs.

122. Prosecutions under the Excise Act and Opium Act number 26 each. The number of persons convicted under each Act was 20. Four persons were prosecuted for possessing illicit chandu, two of whom were convicted. The number of dens at the close of the year was 13, as against 10 at the close of 1904-1905. Prosecutions.

123. The expenditure on the Excise establishment amounted to R11,495. The whole of the Excise Preventive Establishment are reported to have performed their duties satisfactorily during the year under report. Staff.

(3) Stamps.

124. Stamp receipts decreased under the heads "Court fee stamps" and "Paper for Judicial petitions." The decrease is due to a reduction in the number of civil suits instituted owing to famine during the year under report. The increase of Rs. 2,162 in the sale of receipt stamps is due to the fact that, in consequence of the discontinuance of their issue with effect from the 1st October 1905, and of the introduction of one-anna and half-anna unified stamps for postal and revenue purposes, some leading firms in Ajmer purchased them in large quantities for future use, as the rate of discount allowed on the latter is less than was previously allowed on the former. The decrease of Rs. 2,997 in the sale of hundi stamps is probably due to the high rate of discount on hundis which prevailed during the year, and a consequent increase in the demand for currency notes for purposes of remittance. The increase of Rs. 3,328 in the receipts from impressed stamps is due to the discontinuance by money-lenders of the practice of affixing receipt stamps on *khata* accounts, which, instead of being mere acknowledgments, have been held to be agreements liable to payment of penalty and enhanced stamp duty. (Vide *appended statement No. 45.*)

125. No cases of wilful breach of the stamps rules were detected.

126. The uncollected balance of stamp duty in pauper suits at the close of the previous year was R4-8, which was not recovered and remained outstanding at the close of the year under report. No amount fell due during the year 1905-1906. The charges during the year amounted to Rs. 17,828, as against Rs. 17,753 in the previous year.

(4) Income-Tax.

127. The number of persons assessed fell from 672 to 660, while the amount of the demand rose from Rs. 54,253 to Rs. 54,923. The increase of Rs. 670 is partly attributable to the entertainment of temporary additional establishment owing to famine, and is partly due to the increased pay allowed to members of the Indian Medical Service serving in Rajputana. It is also due, to a certain extent, to an increase in the number of speculative transactions entered into at Beawar during the year under report.

128. Out of the total demand a sum of Rs. 48 was outstanding at the close of the year of which Rs. 28 have since been recovered and Rs. 20 have been remitted as irrecoverable.

129. In the course of collection three processes were issued, as against six in the previous year.

130. The number of revision petitions preferred by assessees to the Commissioner, under section 27 of the Income-Tax Act was 12, as against 15 in 1904-1905.

B.—Revenue and Finance other than Imperial.

District Fund (excluding Dispensary Fund). *Tables Nos. 1 to 3, Serial Nos. 47, 48 and 49.*

131. The District Fund receipts for 1905-1906 amounted to Rs. 20,632, and the expenditure to Rs. 33,308. The closing balance of the fund on the 31st March 1906 was Rs. 7,782.

132. The receipts, when compared with those of the previous year, showed a decrease of Rs. 26,875, which is attributable to the following reasons :—

(*a*) Owing to the prevalence of famine the District Fund cess was only recovered in part, the balance being suspended.

(*b*) Out of the annual Government grant of Rs. 23,000 in aid of the resources of local funds in Ajmer-Merwara a sum of Rs. 11,000 was generally credited to the District Fund, but the income of the Patwari Fund was so much reduced in 1905-1906 owing to the famine that a sum of Rs. 21,900 out of the grant had to be credited to that fund, leaving a balance of Rs. 1,100 only for credit to the District Fund.

(*c*) The receipts of 1904-1905 include two extraordinary items, *viz.*, Rs. 5,613 on account of the sale-proceeds of the old dispensary building at Kekri and Rs. 3,000 contributed by the Municipal Committee at Kekri towards the construction of a new dispensary, while no such items were credited during the year under report.

133. The expenditure during the year under report fell from Rs. 40,615 in 1904-1905 to Rs. 33,308, showing a decrease of Rs. 7,307. The decrease occurs chiefly under the public works charges, and is due to the fact that owing to the depletion of the District Fund only a limited amount could be placed at the disposal of the Public Works Department for repairs to roads and the construction of new buildings.

Note.—The income and expenditure of the Board for 1904-1905, as printed in the report for that year were Rs. 47,522 and Rs. 40,631, respectively, but these figures were reduced to Rs. 47,508 and Rs. 40,615 in consequence of the subsequent adjustment of certain items by the Comptroller of India Treasuries.

134. The Itinerant Veterinary Assistant has continued to do good work.

135. Owing to famine prevailing in Ajmer-Merwara and the depletion of the District Fund, no action could be taken for the purchase of bulls.

Dispensary Fund.

136. This fund opened with a cash balance of Rs. 3,968. The receipts rose from Rs. 5,866 to Rs. 6,209, while the expenditure amounted to Rs. 6,758 as against Rs. 15,729 in 1904-1905.

137. The increase in the receipts is due to the interest on Promissory Notes for Rs. 15,000 invested from the Victoria Memorial Fund for the improvement and enlargement of the General Hospital. The decrease in the expenditure is due to the fact that during the previous year a sum of Rs. 9,136 was paid in connection with the construction of the Kekri dâk bungalow, while no such expenditure was incurred during the year. The closing balance was Rs. 27,468 of which Rs. 23,500 are invested in Government securities.

Victoria Memorial Fund.

138. The income of the fund, including the opening balance, amounted to Rs. 22,318, of which Rs. 20,704 were spent on the improvement and the enlargement of the General Hospital at Ajmer. There was a closing balance of Rs. 1,614.

Local Funds incorporated and exclude.

139. *Pound Fund.*—The receipts during the year under report amounted to Rs. 1,991, as against Rs. 1,799 in 1904-1905, showing an increase of Rs. 192. The increase is attributed to the fact that a larger number of unclaimed animals were sold than in the preceding year.

140. The expenditure fell from Rs. 1,724 to Rs. 1,365. The decrease of Rs. 359 is due partly to the fact that nothing was transferred to the Beawar Municipality during the year under report, whereas Rs. 300 were transferred in the preceding year, and partly to smaller expenditure on construction and repairs. The closing balance of the fund was Rs. 1,798.

141. *Patwari Fund.*—The receipts fell from Rs. 39,142 in 1904-1905 to Rs. 28,425 in the year under report. The decrease of Rs. 10,717 is due to the non-recovery of the cess on account of famine prevailing in Ajmer-Merwara. The expenditure amounted to Rs. 32,812, or Rs. 930 less than the preceding year, the decrease being due to savings having been effected under the heads "pay of Patwaris" and "contingencies."

142. The closing balance stood at Rs. 14,522.

143. Under orders from the Government of India the Patwari Fund ceased to exist from the 1st April 1906, and the balance of Rs. 14,522 at the credit of the fund will be credited to Government.

144. *Chawkidari Fund.*—The receipts of the fund were Rs. 5,172, as against Rs. 13,825 in 1904-1905. The large decrease of Rs. 8,653 is due to famine. The expenditure rose from Rs. 10,880 to Rs. 12,671, this being due to winter uniforms having been supplied to the Chawkidars during the year under report, while no such expenditure was incurred in the preceding year. The closing balance of the fund stood at Rs. 5,388 in cash and Rs. 5,000 in Government securities.

145. *Police Clothing Fund.*—The receipts amounted to Rs. 7,348 as compared with Rs. 7,080 in 1904-1905. The expenditure rose from Rs. 4,016 in 1904-1905 to Rs. 12,292, the increase of Rs. 8,276 being principally due to the supply of winter uniforms in the year under report. The closing balance stood at Rs. 2,913 in cash and Rs. 5,000 in Government securities.

146. *Police Chanda Fund.*—The income rose from Rs. 985 in 1904-1905 to Rs. 1,123. The increase is due to receipts under the head "Admission fees for remounts" in the year under report, while nothing was recovered in the preceding year. The expenditure fell from Rs. 1,614 in 1904-1905 to Rs. 1,276, showing a decrease of Rs. 338, which is due to smaller expenditure having been incurred in the purchase of remounts and no head-stalls having been bought as in the previous year.

147. *Nasirabad Cantonment Fund.*—The total receipts of the fund amounted to Rs. 51,316, as against Rs. 45,803 in 1904-1905, showing an increase of Rs. 5,513 which is chiefly due to the revised Octroi Schedule which was brought into force with effect from the 1st June 1905, and to unusually large imports of grain in consequence of famine.

148. The expenditure decreased from Rs. 48,860 to Rs. 48,334. The decrease of Rs. 526 is mainly due to smaller expense having been incurred on repairs to the Cantonment Fund buildings and Cantonment wells than in the preceding year. The closing balance of the fund stood at Rs. 9,510 as against Rs. 6,528 in 1904-1905.

Section VI.

PUBLIC INSTRUCTION.

Year ending 31st March 1906.

149. The number of public educational institutions remained unaltered, *viz.*, 66.

(Vide *appended Tables 1 to 7, Serial Nos. 50 to 56.*)

150. The average number on the rolls and the average daily attendance of institutions maintained by the Department were 3,545 and 2,495, respectively, as against 3,853 and 2,747 in 1904-1905. The decrease is due to the famine which prevailed during the year under report.

The Government College and Schools.

151. The following changes took place in the staff during the year under report:—Mr. F. L. Reid, the Principal, returned from special deputation and took over charge of his duties on the 15th April 1905. He then proceeded on leave, combining the vacation of 1905, with furlough till the close of the year. Mr. Harris continued to officiate as Principal and Babu Binodi Lal as Vice-Principal of the College. M. Bhura Lal Hiran, Second Master, proceeded on furlough on the 13th September 1905, and M. Ganeshi Lal, Third Master, was appointed to officiate for him.

152. The number of students in the College classes at the end of the year was 80, and in the school 223, as against 77 and 225, respectively, in 1904-1905. In the intermediate examination held in April 1906, the result was fairly satisfactory; 31 candidates appeared, of whom 20 passed. The result of the Entrance and School final examinations, however, was indifferent, only 13 out of 31 candidates having passed. The result of the B. A. examination, which was held in July 1906, is not yet known. The Middle Class Anglo-Vernacular examination was held at Ajmer on the 26th April 1906 and following days. One hundred and fifty-eight candidates from Rajputana schools appeared of whom 71 passed.

153. In the three boarding-houses there are altogether 88 inmates against 74 during 1904-1905. Out of this number 49 as against 35 during the preceding year support themselves, while the rest receive stipends from various sources.

Lower College.

154. There were 521 boys on the rolls of the Lower College at the close of the year. Increased accommodation was provided, and has been in use since the close of the year. The average daily attendance was 419.

Aided Schools.

155. Number of aided schools remained the same as in the preceding year, namely, five. These schools had on their rolls 1,463 pupils, and were well reported on.

Village Schools.

156. The number of village schools was the same as last year, *viz.*, 8 secondary and 41 primary. From the secondary schools 15 candidates appeared for the vernacular final examination, and 9 were successful. The teachers of the village schools are reported to have done their work satisfactorily. Of the 41 primary schools 14 are classed as good, 18 fair and 9 as bad. Of the 8 secondary schools, the 4 are classed as good, 2 fair and 2 bad. The average daily attendance in the village schools fell from 2,582 in 1904-1905 to 2,185 in the year under report. The total cost of village schools during the year was Rs. 29,447, of which Rs. 12,887 was Government (Imperial) expenditure.

SECTION VII.

GENERAL MISCELLANEOUS.

Fairs.

157. The usual religious fair at Pushkar was held in the second week of November 1905, precaution being taken against the introduction of plague by the stoppage of the issue of tickets from infected areas, while the same rules as were observed the previous year were adopted in regard to the sanitation of the village and the medical inspection and supervision of the pilgrims.

Owing to the scarcity of fodder in the district, the usual horse show and cattle fair were abandoned. The attendance of pilgrims was estimated at 40,000. No serious crime was reported during the fair and the police arrangements were good. The sanitary arrangements were excellent, and no epidemic disease broke out. Owing to scanty rainfall, the water in the Pushkar lake was very low.

158. The Urs Fair, in connection with the Shrine of the Khawaja Sahib, was held from the 2nd to the 7th September 1905. Precautions similar to those adopted for the Pushkar Fair were taken. The number of pilgrims who attended the fair during the year 1905 was estimated at 200,000. No serious crime was reported.

159. The Tejaji Fairs at Beawar and Kekri were abandoned this year owing to failure of rain.

Presses.

160. The number of presses in Ajmer-Merwara was 13, from which eight newspapers and periodicals were issued. One periodical named *Hitarth Patrika*, issued from the Mission Press, ceased to be printed during the year. (Vide *Table No. 1, Serial No.* 57.)

Veterinary.

161. Nothing has yet been done towards replacing the Arab stallion "Quit—" sent to Babugarh in 1903—by a Marwari, Kathiawari or Australian stallion. (*Year ending the 31st March 1906.*)

162. The Pushkar Horse and Cattle Fair was not held during 1905, owing to famine in Ajmer-Merwara. (Vide *Tables 4—5, 13, and 14, Serial Nos. 58-61.*)

163. During the year under report there were seven deaths from foot and mouth disease, six from anthrax and seven from rabies.

Bhumias.

164. The Bhumias of the Ajmer district were, as usual, received by the Assistant Commissioner of Ajmer on the 26th June 1905, on the occasion of the birthday of His Majesty the King-Emperor. Of the total demand of Rs. 3,961 on account of nazarana a sum of Rs. 3,408 has been recovered, while Rs. 4 is in train of liquidation and the balance (Rs. 549) has been suspended until the 1st January 1907.

P. J. MELVILL, *Lieut.-Colonel,*
Commissioner, Ajmer-Merwara.

AJMER;
The 18th October 1906.

		TOTAL	9	230	114	12	...	32	102	...	...	26	14	1	3	75·00	10	42	1	5

(*a*) Each column will show the number actually received, dismissed, investigated, declared false, etc., during the year.
(*b*) Cases under trial at the beginning of the year should be included.
(*c*) When more complaints than one are received about a single set of alleged facts, one complaint only should be shown. Counter complaints may be shown separately if the Court so directs. Care should also be taken to expunge any case which the Magistrate learns to have been also reported to the Police and included in their Register, unless he directs that it be expunged from the Police Register. Ordinarily the case should remain only on the Register of that authority which first took action in it. Corrections if made should also be made in the statement regarding persons (Part II).
(*d*) Cases of death, escape or lunacy during trial, and charges abandoned, compounded or withdrawn (Sections 247, 248, 259, 333, 345, and 494, Criminal Procedure Code), should not be included in columns 13 to 17, but should be shown in the Remarks column.
(*e*) The order to be entered in filling in columns 13 to 16 is that in force at the end of the year. But a note may, if thought advisable, be made in the column of Remarks, showing how many acquittals took place in the Appellate or Revisional Court.
(*f*) A case should be entered as ending in conviction when any one of the accused is finally convicted by competent Court.
Abetments punishable under Chapter V, Indian Penal Code, other than those specified in sections 115 to 120 of the Code, should be shown with the substantive offence abetted. Attempt should be shown immediately after the offence attempted.

NOTE.—This Statement should be prepared by the Magistrate.

P. J. MELVILL, *Lieut.-Col.*,
Commissioner, Ajmer-Merwara.

STATEMENT A.

No. 6.—(Return of Cognizable Crime for the year 1905.)

Part III.—Return of cases reported at a Police Station, or in cases taken up by the Police, Ajmer-Merwara.

Serial No.	Law under which punishable.	Description of Crime.	Case originally reported at a Police Station or taken up on suspicion by the Police, pending under Police investigation from 190 (a).	Reported during the year. Investigated by the Police. Upon the report.	Under Magistrate's order after investigation had been refused by the Police.	Not investigated.	Total.	Percentage of cases investigated at once on report (columns 5) to total.	Cases taken up by Station Officer otherwise than upon report.	Total of cases investigated by the Police (i.e., of columns 4, 5, 6, and 10).	Not sent to Magistrate, (b) accused, if any, released under section 169, Criminal Procedure Code. In which the Magistrate ordered case to be struck off as false, mistaken, or non-cognizable.	In which no such order was passed, but the case was not tried by Magistrate. (c)	In which Magistrate sent for the accused and tried the case. Convicted.	Not convicted.	Pending at close of year.	Cases, other than those in columns 12 to 16, in which the offender was not detected or apprehended.	Cases still under investigation by the Police at the end of year.	Cases sent before the Magistrate.	Cases pending in Court at beginning of year.	Total of cases before the Courts. (d)	Number ending in discharge or acquittal.	Number ending in conviction. (e)	Percentage of cases ending in conviction to total of columns 22 and 23.	Number declared by Court after trial never to have occurred, or to be mistake of law or fact.	Number in which the Court held after trial that a non-cognizable offence only was committed.	Number still under trial at close of the year.	Remarks.

(*a*) In this column should be included cases shown in a previous year as "undetected," in which accused persons are arrested or sent up for trial during the year of report.
(*b*) *i.e.*, no accused persons sent to Magistrate for trial.
(*c*) Only those cases should be entered in column 13 in which it is not known whether the offence was or was not committed. Cases in which there is no doubt of the offence, but the offender has not been detected or apprehended, must be entered in column 17.
(*d*) Cases already shown in columns 14 and 15 should be excluded from columns 21, 22 and 23. Cases of death, escape, or of lunacy during trial, and charges abandoned, compounded or withdrawn (sections 247, 248, 259, 333, 345 and 494, Criminal Procedure Code) should not be included in column 22, but should be shown in the Remarks column.
(*e*) The order to be entered in filling in columns 22 and 23 is that in force at the end of the year. But a note may, if thought advisable, be made in the column of Remarks showing how many acquittals took place in the Appellate or Revisional Court.
See also Notes (*a*), (*c*) and (*f*) to Part I of Statement A. The same rule as to entering abetments and attempts should be followed in all the statements.

NOTE.—This statement should be prepared by the Police.

Part III.—Return of cases reported at a Police Station, or in cases taken up by the Police, Ajmer-Merwara—concld.

Serial No.	Law under which punishable.	Description of crime.	Case originally reported at a Police Station or taken up on suspicion by the Police, pending under Police investigation from 190 . (a)	Reported during the year.					Cases taken up by Station Officer otherwise than upon report.	Total of cases investigated by the Police (i.e., of columns 4, 5, 6, and 10).	Not sent to Magistrate, (b) accused, if any, released under section 169, Criminal Procedure Code.					Cases, other than those in columns 12 to 16, in which the offender was not detected or apprehended.	Cases still under investigation by the Police at the end of year.	Cases sent before the Magistrate.	Cases pending in Court at beginning of year.	Total of cases before the Courts. (d)	Number ending in discharge or acquittal.	Number ending in conviction. (e)	Percentage of cases ending in conviction to total of columns 22 and 23.	Number declared by Court after trial never to have occurred, or to be mistake of law or fact.	Number in which the Court held after trial that a non-cognizable offence only was committed.	Number still under trial at close of the year.	Remarks.
				Investigated by the Police.		Not investigated.	Total.	Percentage of cases investigated at once on report (column 5) to total.			In which the Magistrate ordered cases to be struck off as false, mistaken, or non-cognizable.	In which no such order was passed, but the case was not tried by Magistrate. (c)	In which Magistrate sent for the accused and tried the case.													
				Upon the report.	Under Magistrate's order after investigation had been refused by the Police.								Convicted.	Not convicted.	Pending at close of year.

(*a*) In this column should be included cases, shown in a previous year as "undetected," in which accused persons are arrested or sent up for trial during the year of report.

(*b*) *i. e.*, no accused persons sent to Magistrate for trial.

(*c*) Only those cases should be entered in column 13 in which it is not known whether the offence was or was not committed. Cases in which there is no doubt of the offence, but the offender has not been detected or apprehended, must be entered in column 17.

(*d*) Cases already shown in columns 14 and 15 should be excluded from columns 21, 22 and 23. Cases of death, escape, or of lunacy during trial, and charges abandoned, compounded or withdrawn (sections 247, 248, 259, 333, 345 and 494, Criminal Procedure Code) should not be included in column 22, but should be shown in the Remarks column.

(*e*) The order to be entered in filling in columns 22 and 23 is that in force at the end of the year. But a note may, if thought advisable, be made in the column of Remarks showing how many acquittals took place in the Appellate or Revisional Court.

See also Notes (*a*), (*c*) and (*f*) to Part I of Statement A. The same rule as to entering abetments and attempts should be followed in all the statements.

NOTE.—This statement should be prepared by the Police.

R. C. BRAMLEY,

District Superintendent of Police, Ajmer-Merwara.

STATEMENT A.

No. 7.—(Return of Cognizable Crime for the year 1905.)

Part IV.—Return of persons concerned in cases reported at a Police Station, or in cases taken up by the Police, Ajmer-Merwara.

Serial No	Law under which punishable.	Description of crime.	Persons in Police custody, or on bail under section 170, Criminal Procedure Code, at beginning of year, as concerned in cases reported to or in cases taken up by the Police.	Persons arrested by the Police.		Persons not arrested because absconded (in cases occurring during the year).	Persons released by the Station Officer under section 169 and not required to appear by Magistrate.	Percentage of column 8 to column 5.	Persons released by Magistrate's order before trial. (a)	Persons on bail or still in Police custody at close of year.	Persons appearing under order of the Magistrate.	Persons whose cases were under trial before the Courts at beginning of year.	Total number of persons tried.	Number discharged or acquitted. (b)	Number convicted (including those ordered to give security for good behaviour). (c)	Percentage of number convicted on total of columns 15 and 16.	Number of persons convicted who had been arrested by the Police on report or information (column 5).	Number under trial at close of the year.	Remarks.
				Upon the report or other information.	Under Magistrate's orders after investigation had been refused by the Police or the Police had reported the charge to be false.

Total .	6,486	5,944	6,016	9,017	3,048	5,698	15	256	

Notes—*Column 1.*—(1) "Attempts" should be entered immediately after the offences to which they relate.
(2) "Abetments" should be included with the substantive offences abetted.
(3) When giving the list of special and local laws against which offences have been committed, care should be taken to specify the title of each Act quoted, as well as its number and year. An Act of a local legislature should be distinguished by initial letters placed after the number of the Act.

Column 2.—All offences (cases) of which information was given, complaint made, or cognizance taken under Chapters IV, V, XIV, XVI, C. P. C., for the first time during the year, are to be shown, although some of the charges may not have been prosecuted, or may have turned out to be false.

Column 3.—This column should be the total of column 2, less the number of cases dismissed under section 203, C. P. C., and less all other cases in which a *Magistrate* declared that the charge was false, and that the offence never occurred, or which were dismissed as frivolous and vexatious, and in which the complainant was fined under section 250, C. P. C.

Column 5.—This column should be the total of columns 6 to 9, *plus* column 9 of previous year's statement.

Column 8.—Persons transferred from one court to another *in the same Province* are not to be entered in this column.

Column 9.—A note should be added in the column of remarks showing respectively the number of persons who died, escaped or were transferred.

General.—Cases committed or referred should not be included in this statement by the committing or referring Magistrates. The results of the trials in these cases should be shown by the Courts to which the cases are committed or referred. If the total of column 7 of Statement 4 be deducted from the total of column 2 of that Statement, the difference should correspond with the total of column 5 of this statement.

P. J. MELVILL, *Lieut.-Col.*,
Commissioner, Ajmer-Merwara.

[*Vide* Section III.—Criminal.]

Judicial Statement No. 3—(Criminal).

No. 17.—Statement of Miscellaneous Proceedings under the Criminal Procedure Code in Ajmer-Merwara during 1905.

Nature of Proceedings.	Total number of cases before the Courts during the year.	Number of persons concerned.	Number of persons discharged.	Number of persons convicted.	Persons under trial.	Pending cases.	Remarks.
1	2	3	4	5	6	7	8
1. Proceedings against witnesses under Chapter VI C and section 485	...	...	...	...	...	...	
2. Proceedings under Chapter VIII to prevent breach of the peace	16	70	24	46	...	...	
3. Proceedings under Chapter VIII, Security for good behaviour	11	16	9	7	...	...	
4. Proceedings against local nuisances, Chapter X	3	21	3	...	18	1	
5. Possession, Chapter XII	1	...	...	...	...	...	
6. Frivolous or vexatious accusations, summarily dealt with under Chapter XX, section 250	...	...	...	...	...	...	
7. Non-attendance of jurors or assessors, Chapter XXIII, section 332	...	...	...	...	...	...	
8. Maintenance, Chapter XXXVI	10	10	9	1	...	...	
9. Forfeiture of bail or recognizance under Chapter XLII	1	1	...	1	...	...	
10. Proceedings under Chapter XLVI, section 563, against convicted offenders released under section 562	...	...	...	...	...	...	
Total	42	118	45	55	18	1	

Notes.—*Column 1, Sub-head 6.*—Complainants fined under section 250 are not to be entered as convicted in Statements 2, 4 or 5, but the fact of the fines having been imposed may be noted in the column of Remarks of Statement 2 against the complaints preferred by them.

Column 1, Sub-heads 2 and 3.—Cases under sections 107, 108, 109, 110, 118, 120, 123, C. P. C., will also appear under the appropriate head of the Schedule in Statement 2. Persons convicted under these heads and required to give security or recognizance under sections 120, 123, C. P. C., will also appear in Statement 5.

Column 1, Sub-heads 4, 5 and 8.—Cases under these Sub-heads will not appear in Statements 2, 4, or 5. Jury cases under Chapter X will, however, appear in Statement 13.

P. J. MELVILL, *Lieut.-Col.*,
Commissioner, Ajmer-Merwara.

[*Vide* Section III—Criminal.]

Judicial Statement No. 4—(Criminal).

No. 18.—Statement showing the General Result of Criminal Trials in the Tribunals of various Classes in Ajmer-Merwara in the year 1905.

CLASS OF COURTS.	Total number of persons under trial.	PERSONS WHOSE CASES WERE DISPOSED OF.											Persons remaining under trial at the end of the year.	Number of cases disposed of during the year.	Average number of days during which each case lasted.	Number of witnesses examined.	REMARKS.
		Died, escaped, or transferred to another province.	Discharged or acquitted.	CONVICTED.													
				On regular trial.				*On summary trial.*									
				Sentence passed.	Released on probation, section 562, Criminal Procedure Code.	Youthful offenders dealt with under section 31, Act VIII of 1897.		Sentence passed.	Released on probation, section 562, Criminal Procedure Code.	Youthful offenders dealt with under section 31, Act VIII of 1897.		Committed or referred.

TOTAL	9,036	15	3,048	4,785	...	...	...	913	...	...	..	19	256	5,942	6·54	4,649	

NOTES.—*Column 1, Sub-head "Court of Sessions."*—Includes cases decided by Sessions Judges on reference under section 123, C. P. C.

Column 1, Sub-head "Superior Courts."—Includes cases decided by the High Courts on reference under sections 307 and 374, C. P. C.

Column 2.—That is, the total of the entries in columns 3 to 8. The cases of persons transferred from one Court to another in the same province will appear only against the Court by which decided, or in which pending at the end of the year if not decided.

Column 3.—A note against the figure for each Court should be made in the column of remarks showing separately how many accused persons were transferred to other provinces.

Columns 5 and 6.—Persons whose cases were referred to a Superior Court for higher punishment, for orders under section 562, Criminal Procedure Code, or for confirmation of sentence will be entered in column 7, and not in columns 5 and 6, against the Court making the reference. Against the Court receiving the reference they will be shown as convicted or acquitted, according to the orders passed by it or, as pending, if orders have not been passed.

Column 7.—These cases will also be shown against the Magistrates who made the reference, entry being made as directed above.

Column 8.—An insane accused who has been sent to a lunatic asylum should be kept on the file and entered in this column until he has been tried and either convicted or acquitted.

Column 9.—Omit cases in which the accused died, escaped, or was transferred.

Column 10.—In calculating the duration before the Magistrates' Courts, the starting point to be taken is not the date of complaint or information, but that of apprehension, or attendance on summons or otherwise of the accused. As regards Courts of Sessions, the actual number of days occupied should be given, commencing from the date of commitment. Cases in which the accused has absconded before arrest or has escaped from custody should be taken off the file till the persons implicated appear again.

General.—The figures in this statement should agree with those of Statement No 2, and should include nothing else.

P. J. MELVILL, *Lieut.-Col.*,
Commissioner, Ajmer-Merwara.

Judicial Statement No. 5—(Criminal).

Notes.—*Column 1, Sub-head "Court of Sessions"*—Includes cases decided by Sessions Judges on reference under sections 31, 34 and 123, C. P. C.
Column 1, Sub-head "Superior Courts."—Includes cases decided by the High Court on reference under sections 307 and 374, C. P. C.
Column 19.—Includes fines realized during the year, though imposed in previous years. This column is intended to show the realized portion of fines imposed by officers in the exercise of original jurisdiction only.
Column 20.—Represents compensation awarded to complainants under section 545, Act X of 1882. These awards should also be shown under the head *fines* "imposed" and "realized" in columns 18 and 19, for they form part of such fines.
General.—(1) The total of columns 5, 6 and 11 should correspond with the total of columns 21 to 25 (both inclusive), and the total of column 8 should correspond with the totals of columns 12 to 17 inclusive.
(2) This statement is meant to exhibit every sentence passed, and, where two penalties are inflicted on the same offender, to exhibit them both. Further to reconcile the number of persons entered in this statement as punished, with the number entered as convicted in statement 4. It is necessary to note cases such as those in which fulfilment of contract is ordered under Act XIII of 1859 in a footnote. As regards persons whose cases were referred for higher punishment or for confirmation of sentence, the punishment, if any, sanctioned by the higher Courts should be entered against such higher Court, and not against the Court making the reference.

P. J. MELVILL, *Lieut-Col.*,
Commissioner and Sessions Judge, Ajmer-Merwara.

GRAND TOTAL	335	...	205	57	...	16	37	...	7	...	13	1·003	

Notes.—*Column 2.*—Total of columns 3 to 12. Cases transferred from one Court to another *in the same Province* will appear only against the Court by which decided, or in which pending at the end of the year, if not decided. The words "Applicants for revision" in the heading of this column should be held to include only *accused persons* on whose behalf an application for revision is made or in whose interest the Magistrate or Judge may take steps to obtain revision on his own motion. Where such application is made, or such steps are taken, on behalf of a *complainant*, the fact should be noted, with the number of complainants concerned, in the column of Remarks. In the latter case, the accused persons against whom the application is made, though not appearing in this column, will fall into their proper places in columns 3 to 13, according to the result of such application. This note is held to apply also to cases dealt with by the High Court on review of returns.

Column 5.—Appeals dismissed under section 423, C. P. C., should be entered in this column.

Column 9.—Orders of discharge set aside by a Superior Court under section 436 of C. P. C. should be entered in this column.

Column 10.—When a sentence is reversed or proceedings are quashed on appeal, and a new trial or further enquiry is at the same time ordered, the Appellate Court should not fill in column 8 as well as column 10, or column 9 as well as column 10, in each case respectively, but should make the entry in column 10 only.

Column 13.—Duration of appeals, applications for revision, or reference should be calculated thus—

(1) Appeals from date of receipt in office of the petition of appeal;
(2) Applications for revision—from the date of application;
(3) Cases dealt with by the Court otherwise than on application—from date of the order calling for the records; and
(4) Cases sent to the High Court by lower Courts for revision—from the date of the letter from the Court making the reference.

General.—Persons whose appeals were rejected under section 421, Criminal Procedure Code, should be entered in column 4, in which should also be included applicants for revision whose cases the Courts have refused to submit to the High Court. In columns 5 to 10, should be shown, opposite the sub-heads for Magistrates of District and Courts of Sessions, persons whose cases were disposed of by those Courts without reference to the High Court, and in column 11 all persons whose cases these Courts referred to the High Court.

P. J. MELVILL, *Lieut.-Col.*,
Commissioner and Sessions Judge, Ajmer-Merwara.

Notes.—*Column 33.*—Application under section 265 of the Indian Contract Act of 1872 should be entered in this column.
Column 34.—Only suits brought under Chapter XXXIII of the Civil Procedure Code should be entered as "Interpleader suits" in this column. Cases under section 273, Civil Procedure Code, should be entered in Judicial Statement 9, Part II, as Miscellaneous.
Column 36.—Uncontested probate cases are not to be entered as suits in this column but as miscellaneous cases.
Column 37.—Applications under sections 523 and 525 of the Civil Procedure Code and claims under section 331 should be entered as suits in this column.
General.—In Statements VII, VIII, and IX only those plaints that have been registered should be shown. If the plaint is returned or rejected before registration, it should not find entry in this statement. If an appeal against an order rejecting a registered plaint is granted, the plaint should be shown over again in the statements.

Total	6,981	5	1,418	813	1,782	890	170	92	36	648	191	936	400	126·00	43·22	

Notes.—*Column 2.*—Total of the entries in columns 3 to 13. Cases transferred from one Court to another *in the same Province* will appear only against the Court by which decided, or in which pending at the close of the year, if not decided. The number of cases pending from the preceding year should be noted in the column of remarks, and when deducted from the total of column 2 should leave a balance corresponding with the total of column 38 of Statement VII. If after deducting the arrears shown at the end of the previous year, the balance does not agree with the figures in column 38 of Statement VII, the difference should be explained.

Column 6.—When under section 102, C. P. C., a decree is wholly or partially made in favour of an absent plaintiff on the admission of the defendant, the case should be entered in this column.

Column 9.—A case in which defendant appears, but a plaintiff does not, and defendant does not confess judgment and the case is thereupon dismissed, the case should be entered in this column.

Columns 15 and 16.—As regards the average duration of suits the date of their presentation of the plaint shall be considered as the date of institution, unless some defect or omission requires to be amended before the plaint can be admitted, in which case the date of admission after amendment shall be regarded at the date of institution. With regard to applications to execute decrees the date of their presentation should alone be considered. In calculating average duration, the time that the suit has been actually pending in the particular Court should alone be calculated. The interval should be omitted during which an application for review which has been granted, or an appeal in which an order of remand has been passed, been pending in the superior Court. Revived suits are to be treated as if newly instituted on revival.

P. J. MELVILL, *Lieut.-Col.*,
Commissioner and District Judge, Ajmer-Merwara.

I.—Fractions of a rupee are to be omitted.

II.—If the income of any school maintained by the Department (or by a Local or Municipal Board) exceeds the expenditure, the return of Government (or Local or Municipal) expenditure should be reduced accordingly, the income and expenditure of the school being thus equalised. If in such school the income from fees or other private sources alone exceeds the expenditure, the excess income and the sources from which it is derived should be shown in the column of Remarks.

III.—If the income of any aided school exceeds the expenditure, the excess should be proportionately deducted from the sub-heads of endowments, subscriptions, and other sources; or, if the receipt from those sources are insufficient, from the sub-head of Fees also. The actual receipts from Imperial Revenues and from Local and Municipal Funds should be shown in full.

IV.—In calculating the expenditure from Imperial Revenues or any other Funds, all payments or contributions from Fees or other sources credited to that Fund should be deducted. Such payments should be shown as expenditure under the sub-heads to which they belong.

V.—The expenditure under "University," "Direction" and "Inspection" should be shown only in column 6 and its sub-divisions, and not in the preceding columns.

VI.—The expenditure on stipends held in Training Schools should be shown as part of the expenditure in those schools, not under the head of scholarships.

N.B.—The headings prescribed by the Government and not required for this district have been omitted.

* Rs. 716 were realized as Rajputana Middle School Examination-fees credited to Government out of which Rs. 712 were expended.

† Rs. 800 for furniture to College Hostel and Rs. 4,750 special grant for furniture and apparatus to the Assapura Industrial School.

E. F. HARRIS,

Offg. Inspector of Schools, Ajmer-Merwara.

CALCUTTA

SUPERINTENDENT, GOVERNMENT PRINTING, INDIA

1908

CALCUTTA :
GOVERNMENT OF INDIA CENTRAL PRINTING OFFICE,
8, HASTINGS STREET.

No. 1278 of 1907.

FROM

THE HON'BLE MR. E. G. COLVIN, C.S.I., C.S.,
Chief Commissioner of Ajmer-Merwara.

To

SIR LOUIS W. DANE, K.C.I.E., C.S.I., C.S.,
Secretary to the Government of India
in the Foreign Department, Simla.

Dated Mount Abu, the 10th October 1907.

SIR,

I have the honour to submit the Annual Administration Report of Ajmer-Merwara for the year 1906-1907, compiled by the Commissioner, Major C. H. Pritchard, I. A.

2. As regards paragraphs 127 and 128 of the Report, while agreeing with the Commissioner that the minor improvements which he alludes to should not be indefinitely postponed, I am of opinion that the Municipal authorities will be well-advised to husband their limited resources until their requirements in the matter of loans for the larger schemes of water-supply and sanitation are more clearly defined. Out of the balance to credit of the Municipality (paragraph 100), nearly one lakh is likely to be spent during the current year on preliminary investigation with regard to the water-supply scheme. As this penditure is certain to continue during 1908-1909, the balance will then be reduced very low, and it is desirable if possible that the Municipality should complete their preliminary investigations and formulate their requirements in the way of loans before they begin to borrow.

I have the honour to be,

SIR,

Your most obedient, servant,

E. G. COLVIN,
Chief Commissioner, Ajmer-Merwara.

[NOTE.—The maximum limit fixed for the narrative portion of the Report is 35 pages.]

REPORT

ON THE

ADMINISTRATION OF AJMER-MERWARA

FOR

1906-1907.

SECTION I.

GENERAL ADMINISTRATION.

Personnel.

1. Lieutenant-Colonel P. J. Melvill held charge of the office of the Commissioner, Ajmer-Merwara, up to the 18th November 1906. He proceeded on nine months' furlough combined with three months' privilege leave. Major H. B. Peacock was in charge of the office of the Commissioner from the 19th November to 12th December 1906. Major C. H. Pritchard took over charge from Major Peacock on the 13th December and held the post to the close of the year.

2. The following officers held charge of the offices of Assistant Commissioners of Ajmer and Merwara for the periods noted against their names :—

AJMER.

Captain A. B. Minchin, I.A., from 1st April to 12th October 1906.
Major H. B. Peacock, I.A., from 13th October to 31st March 1907.

MERWARA.

Mir Saiyad Husein (in charge) from 1st to 30th April 1906.
Major C. T. Ducat, I.A., from 1st May to 21st August 1906.
Mir Saiyad Husein (in charge) from 22nd August to 3rd October 1906.
Captain W. G. Hutchinson, I.A., from 4th October 1906 to 31st March 1907.

3. Lieutenant-Colonel H. R. Woolbert held charge of the office of Civil Surgeon of Ajmer, and Mr. R. C. Bramley held the office of District Superintendent of Police, Ajmer-Merwara, throughout the year.

Revenue and Expenditure. (*Vide* Statement No. 42.)

4. The total revenues of Ajmer-Merwara, Imperial and Local, amounted to Rs. 13,03,340 as compared with Rs. 11,17,475, and the expenditure to Rs. 12,63,066 as against Rs. 12,92,722 in the year 1905-1906. Imperia revenues increased from Rs. 6,86,173 in 1905-1906 to Rs. 8,39,889 in 1906-1907, while the expenditure amounted to Rs. 8,48,241 as compared with Rs. 8,31,738 in 1905-1906.

5. There was a deficit of Rs. 8,352 in Imperial revenues this year as compared with a deficiency of Rs. 1,45,565 in 1905-1906. The deficiency was due to the expenditure of Rs. 59,693 on famine relief.

6. The increase in Imperial revenues occurred under the following heads:—

	Rs.
Land Revenue proper	1,28,439
Stamps	2,078
Assessed Taxes	2,546
Registration	415
Interest	35,726
Law and Justice—Jails	15
Education	42
Provincial rates	953
Receipt in aid of superannuation	1,164
Miscellaneous	14,758
TOTAL	1,86,136

On the other hand there was a decrease of Rs. 32,419 under the remaining heads. There was therefore a net increase of Rs. 1,53,717 in Imperial revenues. The principal increase was under the heads "Land Revenue proper," "Interest," and "Miscellaneous." This was owing to fairly good rainfall and harvest.

SECTION II.

ADMINISTRATION OF THE LAND.

I.—Court of Wards.

Year ending 31st July 1907.

7. The estates are managed by the General Manager of the Courts of Wards, Ajmer, under the control of the Commissioner, who represents the Court of Wards.

8. The year (Sambat 1963) was a normal one. The total rainfall was about the average and, being timely and opportune, both harvests were fairly good. All relief works connected with the scarcity of the previous year were stopped in the month of September 1906. Agricultural aspect.

9. At the beginning of the year there were 12 estates under management. The estate of Chawandia was released from management during the year. The estate of Goela was placed under the management of the Court of Wards owing to the succession of minor Thakur Ranjit Singh to the estate of his deceased father Magan Singh, who died on the 9th February 1906. The number of estates under management at the close of the year was thus 12, *viz.*, Bhinai, Masuda, Junia, Deolia Khurd, Kalahera Bogla, Kerote, Gangwana, Sarana, Karel, Basundni, Richmalian and Goela. Estate under management.

10. The balance at the credit of the Court of Wards at the opening of the year was Rs. 29,725 in cash and Rs. 92,100 in Government securities.

11. The income of the estates under management during the year amounted to Rs. 3,65,156. The total receipts, including the cash balance, were Rs. 3,94,881, of which Rs. 3,46,552 were derived in the three important estates of Bhinai, Masuda and Junia as shown below :— Financial.

	Rs.
Bhinai	1,25,679
Masuda	1,70,733
Junia	50,140 and
Other estates	48,329

12. The expenditure amounted to Rs. 2,84,793 (Bhinai 1,17,053, Masuda Rs. 1,04,448, Junia Rs. 34,256, other estates Rs. 29,036). The closing cash balance at the credit of the several estates on the 31st July 1907 was Rs. 1,10,087, *viz.*, Rs. 8,625 in Bhinai, Rs. 66,285 in Masuda, Rs. 15,884 in Junia and Rs. 19,293 in other estates, besides Government securities of the face value of Rs. 1,16,100 held on behalf of the following estates :—

	Rs.
Masuda	1,08,100
Kerote	6,000
Sarana	1,000
Karel	1,000
Total	1,16,100

13. During the year Government Promissory Notes of the face value of Rs. 30,000 and Rs. 1,000 were purchased on behalf of the Masuda and Karel estates, respectively. Government Promissory Notes of the value of Rs. 7,000, together with a cash balance of Rs. 2,292, were made over to Mahant Badripuri Jagirdar of Chawandia as assets of his estate when the estate was made over to him.

Cost of management.

14. Management charges amounted to Rs. 28,980 or 7·34 per cent. of the gross income of the estates.

Demand and collections.

15. The demand for the current year from all sources amounted to Rs. 3,39,734, which, when added to the arrears, amounting to Rs. 83,251, of the previous years, brought the total demand of the year to Rs. 4,22,985, *viz.*:—

	Rs.
Bhinai	1,42,282
Masuda	1,60,469
Junia	62,575
Other estates	57,659

16. The collections were Rs. 3,65,156 (Bhinai 1,22,799, Masuda Rs. 1,50,125, Junia 49,963, other estates Rs. 42,269), remissions were Rs. 2,385, and the outstandings at the close of the year amounted to Rs. 55,444 or less than that of the past year by Rs. 27,807.

17. The figures of demand, collections, remissions and outstandings of income under the head Land Revenue and Cesses are as below :—

	Demand.	Collections.	Remissions.	Outstandings.
	Rs.	Rs.	Rs.	Rs.
Bhinai	1,07,643	92,323	11	15,309
Masuda	1,17,900	1,13,124	56	4,720
Junia	56,840	46,531	7	10,302
Other estates	45,815	32,785	2,121	10,909
TOTAL	3,28,198	2,84,763	2,195	41,240

The figures of remissions under "Other estates" include Rs. 1,924 remitted in the Gangwana estate.

Government dues.

18. The instalments of Government Jama due for the Kharif and Rabi harvest of Sambat 1963 (A.D. 1906-1907) were paid by all estates in full together with the arrears of the Jama due for Kharif harvest of Sambat 1962 (A. D. 1905-1906) which was postponed for payment during the year under report. The arrears of Jama now due to Government by the Wards estates is Rs. 12,578, *viz.*, Bhinai Rs. 4,300, Junia Rs. 3,489, Deolia Khurd, Rs. 537, Kalahera Bogla Rs. 537, Kerote Rs. 1,013, Richmalian Rs. 49, Goela Rs. 2,225 and Karel Re 1.

19. Besides Bhinai estate, in which Rs. 12,000 on account of Taccavi were borrowed from Government during the year for improvement of tanks which had breached in July 1906, the estates of Richmalian and Goela which lately came under management also owed Taccavi to Government.

20. During the year only one instalment of Rs. 37 was paid by Richmalian. The first instalment of the Taccavi loan due by the Bhinai estate falls due in the year 1907-1908, while the Taccavi due by the Goela estate is a sum long overdue. It could not be paid during the year. The total Taccavi debt due by the estates at the close of the year under report was as below :—

	Rs.
By Bhinai	16,552
By Goela	837
By Richmalian	392

Liabilities.

21. At the commencement of the year the estates owed debt to the amount of Rs. 1,17,919, including the arrears of "Government Jama," "Taccavi" and other debts.

22. During the year Rs. 12,000 for improvement of tanks in Bhinai and Rs. 500 to meet current expenses were borrowed in the Bhinai and Junia estates, respectively.

23. Exclusive of the payment made on account of arrears of Jama and Taccavi, the estates also paid the following sums in reduction of the debts due by them :—

	Rs.
Bhinai estate	41,900
Junia	4,179
Masuda	1,512
Gangwana	187
Sarana	328
Karel	80
TOTAL	48,186

24. The total liabilities of the estates, inclusive of arrears of "Jama." Taccavi and other loans, amounted to Rs. 81,362 against 10 estates, *viz.*, Bhinai Rs. 36,705, Masuda Rs. 90, Junia Rs. 30,353, Deolia Khurd Rs. 1,987, Kalahera Bogla Rs. 964, Kerote Rs. 1,013, Gangwana Rs. 6,747, Richmalian Rs. 441, Goela Rs. 3,062, and Karel Re. 1.

25. It was also found possible to recover from late Raja Chander Singh of Rajgarh a sum of Rs. 600 in reduction of the debt due by him to the estates of Deolia Kalan, Piplaj and Nawab Shamshuddin Ali Khan of Ajmer, as also Rs. 100 from the Thakur of Salari, for payment to the Simla Alliance Bank.

Rupees 155-2-6 were also paid to the Simla Alliance Bank in reduction of the debt due by Jetpura Jedana estate.

26. Similar debts still recoverable by the Court of Wards on behalf of the other creditors amount to Rs. 9,487, *viz.*:—

Creditor.	Amount.	
	Rs.	
Deolia Kalan	414	Due by Rajgharh estate.
Piplaj	826	Due by Rajgharh estate.
Nawab Shamshuddin Ali Khan	713	Due by Rajgharh estate.
Simla Alliance Bank	651	„ „ Salari Thakur.
Ditto	6,665	„ „ Jetpura Thakur.
Nawab Shamshuddin Ali Khan on account of interest.	218	„ „ Masuda estate.
TOTAL	9,487	

27. Mr. Dhanjishah Dinshah Mehta held charge of the office of General Manager, Court of Wards, up to 15th February 1907. He was succeeded by Munshi Mithan Lal, who, on the transfer as Kamdar of the Banswara State, was, on the 23rd July 1907, relieved of the duties of General Manager by Mr. Purshotam Mehta, Manager of the Bhinai estate, up to the close of the year under report. General remarks.

28. Thakur Ranjit Singh of Goela was admitted into the Mayo College, Ajmer, on 1st July 1907, and Thakur Kesri Singh of Junia completed his course and quitted the College from 1st May 1907. The Wards reading at the Mayo College now are Raja Sardul Singh of Bhinai, Thakur Bijai Singh of Masuda, Thakur Udai Singh of Kerote, Thakur Jagmal Singh of Sarana, Thakur Nathu Singh of Kalahera Bogla, Thakur Ranjit Singh of Goela and Nahar Singh, younger brother of Thakur Kesri Singh of Junia.

The Thakurs of Deolia Khurd and Basundni, and two younger brothers of the Thakur of Sarana, continued their studies at the Ajmer Government College.

29. The health of all the Wards was good and the reports in respect to their progress at College were satisfactory.

30. The garnet contractor, Seth Gopichand Dhor of Jaipur, continued to work the garnet mines in the estates of Jetpura — Jedana and Bhinai. The net profits on the working of the mines in the two estates amounted to Rs. 396, on which Rs. 25 on account of royalty, calculated at the rate of one anna in

the rupee, were paid to Government. Rupees 155, being the share of the Thakur of Jetpura, were paid on his behalf to the Alliance Bank of Simla towards the liquidation of the Jetpura estate debt.

II.—Estates managed under the Ajmer Taluqdar's Relief (Dami) Regulation, IV of 1872.

31. Of the two Dami defaulters' estates of Dodiana and Morajhari, the estate of Dodiana was restored to the Jagirdar, Mir Yakub Ali, on the liquidation of the balance of the Dami debt, amounting to Rs. 280.

32. Inclusive of the opening balance, the income of the Morajhari estate amounted to Rs. 651 and the expenditure to Rs. 466, leaving a cash balance of Rs. 185.

33. The Dami instalments, amounting to Rs. 300, which fell due during the year were paid in full; the balance of Dami still due by the estate amounts to Rs. 722.

III.—Estate of the Diwan of the Durgah Khwaja Sahib.

34. The income of the estate for the year under review amounted to Rs. 9,172 as against Rs. 4,045 during the year 1905-1906. The increase was due to the good outturn of both the harvests and also to the recovery of the arrears of land revenue. It is satisfactory to note that the income of the Diwan's estate during 1906-1907 was higher than that of any previous years since the management of the estate was made over to him (1903).

35. The expenditure during the year 1906-1907 was Rs. 11,552 as against Rs. 7,286 in 1905-1906, or Rs. 4,266 in excess of the previous year. The Diwan explains that the increase in expenditure was due to abnormal charges connected with the funeral ceremonies of his mother and also to the payment of a maintenance allowance, which was in arrears for the last three years. The increase in expenditure is unsatisfactory, as it would appear to be chiefly due to an increase to the Diwan's own personal expenditure and an increase in allowances to his relatives over and above that which was paid when the estate was under Government management.

36. An inquiry is being made as to the debts which the Diwan now owes and as to the real financial position of the estate.

SECTION III.

PROTECTION.

(1) POLICE (YEAR ENDING THE 31ST DECEMBER 1906).

37. Mr. R. C. Bramley held charge of the office of District Superintendent of Police, Ajmer-Merwara, throughout the year.

Police statements. A. P. I. and II, B. P. I. and II, C. D. and E., Serial Nos. 4 to 10.

CRIME.

38. The total volume of reported crime, including the number of true cases reported to Magistrates during the year, was 3,234 against 4,067 in 1905. The principal decrease was under Class VI under the head of Public nuisances.

39. Of the total of 3,234 cases, 3,036 were reported to the Police and 198 to the Magistracy. The figures for the triennial period are as follows:—

	Police.	Magisterial.
1904	3,072	312
1905	3,819	248
1906	3,036	198

40. The decrease of 783 Police cases as compared with the figures of the previous year was mainly due to less prosecution of cases under the local Acts.

41. There was an increase of 227 cases of non-cognizable crime, the figures being 2,856 against 2,629 in 1905.

42. In the following table the details of cognizable and non-cognizable crime are compared with those of the preceding year:—

	1905.					1906.				
	Cognizable.			Non-cognizable.	Total Crime.	Cognizable.			Non-cognizable.	Total Crime.
	Police.	Magistrates.	Total.			Police.	Magistrates.	Total.		
Abetment . .	...	...	...	...	...	...	...	...	...	...
Class I . .	15	2	17	28	45	16	...	16	30	46
Class II . .	117	7	124	928	1,052	100	8	108	861	909
Class III . .	514	2	516	...	516	538	1	539	...	539
Class IV . .	4	2	6	...	6	5	6	11	...	11
Class V . .	996	227	1,223	283	1,506	1,128	151	1,279	170	1,449
TOTAL .	1,646	240	1,886	1,239	3,125	1,787	166	1,953	961	2,914
Class VI . .	2,173	8	2,181	1,390	3,571	1,249	32	1,281	1,895	3,176
GRAND TOTAL .	3,819	248	4,067	2,629	6,696	3,036	198	3,234	2,856	6,090

POLICE COGNIZABLE CASES, ALL CLASSES, INCLUDING UNDETECTED AND EXCLUDED CASES.

43. The total number of cognizable cases reported to the Police under all classes was 3,036 as compared with 3,819 in 1905. Including 61 cases pending from the preceding years, and excluding 170 cases in which investigation was

refused, the total number of offences dealt with by the Police during the year was 2,927. Of this, 1,801 ended in conviction, giving a percentage of 61·52.

Class I.—Offences against the State, public tranquility, safety and justice.

44. There were 16 cases under this class as compared with 15 in 1905. The decrease of one case occurred under head "Offences relating to coin."

45. The total number of offences relating to coin and stamps during the year was 11. Of these, eight were convicted, two acquitted and one was not detected. Twelve persons were arrested during the year, of which nine were convicted and three were acquitted or discharged.

Class II.—Serious offences against the person.

46. Under this class there were 100 cases reported during the year as compared with 117 in 1905. The decrease was mostly under the heads "Murder," "Criminal force" and "Hurt."

47. Out of ten cases of murder, attempts to murder and culpable homicide, three cases were expunged, four convicted, two undetected and one was acquitted. During the year eight persons were arrested by the Police, of which four were convicted and four acquitted.

Class III.—Serious offences against the person and property or against property only.

48. Under this class 538 cases were reported to the Police against 514 in 1905. The increase was chiefly under the heads of "Dakaiti," "Robbery" and "Lurking house trespass or house-breaking." There were seven cases of dakaiti, of which one was expunged, two were convicted and four remained undetected.

49. Of 29 cases of robbery, five cases were expunged, five convicted, two acquitted or discharged and seventeen cases remained undetected. In the undetected cases criminals from across the border were concerned.

Class IV.—Minor offences against the person.

50. Under this class there were five cases as compared with four in 1905. The increase of one case was under the head of "Wrongful confinement."

Class V.—Minor offences against property.

51. There were 1,128 cases reported to the Police under this class as compared with 996 in 1905. The increase was chiefly under the heads of "Theft" and "Receiving stolen property."

52. The number of cattle-thefts amounted to 153. Of these cases, eight were not investigated, 22 expunged and two were declared by the court to be non-cognizable. Of the remaining 121 cases, 36 were convicted, nine acquitted or discharged and 76 cases remained undetected.

Class VI.—Other offences not specified above.

53. There were 1,249 cases reported to the Police under this class as compared with 2,173 in 1905. The decrease was principally under the head of "Police nuisances." This class includes cases under the Sanitary Laws. The number of sanitary cases taken up by the Police was 1,230 as compared with 2,127 in 1905. With regard to this decrease Mr. Bramley observes —.

"As there was no falling off in activity on the part of the Municipal Police in the enforcement of Sanitary Laws, it would appear that cases under this head are being more effectively checked, and it is to be hoped that the decrease will continue."

Incidence.

54. The incidence of crime (sanitary and false cases excluded) per 10,000 of population was as follows :—

Ajmer—36·41 as against 35·92 in 1905.

Merwara—29·96 against 30·14 in 1905.

55. The number of cases investigated amounted to 1,497 as compared with 1,444 in 1905. Of these, 643 were prosecuted to conviction. The percentage of conviction to cases enquired into was 41·44 in Ajmer and 49·31 in Merwara as against 37·01 and 35·83, respectively, in 1905. This improvement in the percentage of convictions is satisfactory.

56. The number of persons arrested during the year was 2,583 as compared with 3,442 in 1905. Of those arrested, 17 persons were released under section 169 of the Criminal Procedure Code, and of the remaining tried by the Courts, 2,229 were convicted and 280 acquitted or discharged.

DIRECT COGNIZABLE CRIME CASES.

57. During the year under report the total number of Magistrates' true cases amounted to 198 as compared with 248 in 1905. Of these, 54 resulted in conviction, giving a percentage of 27·27.

Persons.

58. The number of persons concerned in the above direct cases was 498 as against 234 in 1905. Out of the persons implicated, 130 persons were convicted, showing a percentage of 26·14.

NON-COGNIZABLE CRIME.

(*a*) *Cases.*

59. During the year 1906 the total number of non-cognizable cases for disposal was 2,893, including 37 pending from the previous year. Of this number, 1,630 ended in conviction, giving a percentage of 56·44.

(*b*) *Persons.*

60. In connection with the above non-cognizable cases, 3,913 persons appeared before the Courts, including 96 persons from the last year. Of these, 1,857 persons were convicted.

Property stolen and recovered.

61. The total value of property alleged to have been stolen in Police cognizable cases amounted to Rs. 95,463 as against Rs. 86,030 in 1905. The value of property recovered in these cases amounted to Rs. 36,709, giving a percentage of 38·46. The number of cases in which property was stolen was 1,314 as compared with 1,293 in 1905 and the number in which property was recovered was 685 as against 617 in 1905.

Strength.

62. The permanent strength of the Police force remained unchanged, *viz.*, 704. The total expenditure amounted to Rs. 1,13,442, of which Rs. 92,152 were debited to Imperial Revenues and the balance of Rs. 21,290 to Municipal and other bodies. The extra Police engaged during the scarcity of 1905-1906 were discharged from 1st August 1906.

Punishment.

63. Fifty officers and men were punished during the year as compared with 46 in 1905.

64. The general conduct of the force was reported to be satisfactory.

65. The casualties that occurred during the year 1906 are as follows:—

Resignations	28
Pensioned	5
Discharged	14
Deaths	11
TOTAL	58

Health.

66. The health of the force was good. The total number of admissions into the hospital was 280 as compared with 167 in 1905.

Rewards.

67. Sixty-five officers and men were rewarded during the year. The amount earned in reward was Rs. 1,020 as compared with Rs. 480 in 1905.

Old offenders.

68. Previous convictions were proved against 187 persons as compared with 92 in 1905.

Finger impressions.

69. Finger impressions of 229 persons were taken as against 177 in 1905.

70. The number of proclaimed offenders on the registers at the end of the year was 98 as against 87 in 1905. Every effort is made to arrest them.

71. The correct number of the names of time-expired convicts under surveillance at the end of the year was 694 as against 737 in 1905. The new system of surveillance formally accepted by the Government of India, on the report of the Police Commission, has now been introduced in Ajmer-Merwara.

72. The Police School continues to do good work, and the clerk constables who have passed the examination from this school are doing well at the police stations to which they are posted.

73. The general result of the Police Force was reported to be satisfactory. The men did their work cheerfully and satisfactorily.

74. A perusal of Mr. Bramley's report shows that the percentage of cases which remained undetected is large. This is no doubt due to a large extent to the two districts being surrounded on all sides by Native States. But attention should undoubtedly be paid to the improvement of the investigating and detective branch of the Ajmer-Merwara Police.

Co-operation with the Police of Native States.

75. Our relations with the surrounding Native States are good. Arrangement has been effected with the Marwar Darbar with the object that the Heads of the Police Department on both sides should meet occasionally to discuss matters in connection with the suppression of border crime, and measures are being taken to extend this procedure in respect to all the Native States which border on Ajmer-Merwara. If thorough understanding and co-operation between the border Police can be established, the percentage of undetected cases in Ajmer-Merwara should undoubtedly decrease.

(2) CRIMINAL JUSTICE (YEAR ENDING THE 31ST DECEMBER 1906).

(*Vide* Judicial Statements Nos. 1 to 6 and 13, Serial Nos. 11 to 16 and 25.)

76. During the year 1906 the office of District Magistrate, Ajmer, was held by Captain A. B. Minchin, C.I.E., I.A., and Major H. B. Peacock, I.A., and that of District Magistrate, Merwara, by Major H. B. Peacock, I.A., Mir Saiyed Husein (from 20th March 1906 to 30th April 1906 and 22nd August to 3rd October 1906), Major C. T. Ducat, I.A., and Captain W. G. Hutchinson, I.A.

77. The total number of offences reported was 5,591, of which 5,020 were returned as true. Of these, 1,098 were reported under the Police Act against 1,769 in 1905.

78. The number of cases under the Opium Act was 27 as against 18 in 1905 and 28 in 1904.

79. The number of persons under trial in the year was 7,462 : of these, 4,609 were convicted. The corresponding figures for 1905 were 9,017 and 5,698. The number of persons placed on trial before Honorary Magistrates was 3,827 as against 5,336 in 1905.

80. The average duration of each case was 7·4 as against 6·54 in 1905.

81. The decrease in the number of the cases under the Ajmer Municipalities Regulation, 1886, accounts for this.

82. The number of witnesses examined was 4,808, the corresponding figure for 1905 being 4,649.

83. There was an increase this year in the number of cases under Chapter VIII of the Code of Criminal Procedure, and the percentage of convictions (51·49) was also higher than in 1905 (35·57). The number of persons placed on trial before the District Magistrates was 77. The Court of Sessions dealt with the cases of 5 persons as against 17 in 1905.

84. In the railway jurisdiction 329 persons were placed on trial, of whom 310 were convicted : 218 persons on trial were charged with theft, of whom 206 were convicted.

85. The number of appeals and revisions dealt with by the District Magistrates and the Sessions Court was 188. In 67 cases the sentence or order in appeal was confirmed.

86. The Courts of the Cantonment Magistrate and Magistrate, 1st class, Nasirabad, Judicial Assistant Commissioner and Magistrate, 1st class, Ajmer,

Extra Assistant Commissioner I and Magistrate, 1st class, Ajmer, Extra Assistant Commissioner II and Magistrate, 1st class, Ajmer, Tahsildar and Magistrate, 2nd class, Ajmer, Honorary Magistrate, Ajmer, and of the Naib-Tahsildars I and II and Magistrates, 3rd class, Ajmer, were inspected by the District Magistrate, Ajmer, while the District Magistrate, Merwara, inspected the Courts of the Magistrate in charge of the Beawar Sub-division and Magistrate, 1st class, Beawar, Tahsildars and Magistrates, 2nd class, of Beawar and Todgarh, and of the Naib-Tahsildars and Magistrates, 3rd class, of Beawar and Todgarh. The following Courts were inspected by the Commissioner during the year under report :—

Cantonment Magistrate, Deoli.

Extra Assistant Commissioner III, Kekri.

Honorary Magistrate, Bhinai.

Honorary Magistrate, Sawar.

(3) CIVIL JUSTICE (YEAR ENDING THE 31ST DECEMBER 1906.)

87. The number of Courts during the year under report was 24 against 26 in the preceding year. (*Vide* Judicial Statements Nos. 7 to 13, Serial Nos. 11 and 17 to 25.)

88. The total number of suits instituted (including miscellaneous cases) was 5,551 : of these, 3,207 were instituted in the Court of Small Causes.

89. The total value of the suits instituted was Rs. 5,09,108 against Rs. 4,23,367 in 1905. Suits of all kinds the value of which was less than Rs. 50 numbered 3,603.

90. The total number of suits of all kinds (including miscellaneous cases) for disposal was 7,052. This includes the pending list at the close of the year 1905 (1,021) and 480 under review, revival and remand. Disposals by transfer numbered 4, and those without trial 1,195. The number of suits disposed of without contest was 3,728, of suits disposed of by arbitration 102, and of suits disposed of with contest 859. The pending file at the close of the year was 1,164 as compared with 1,021 in the preceding year, and, of these, 343 suits had been pending for more than three months. The average duration of contested Civil Suits was 157·7 days, and that of uncontested Civil Suits 51·5.

91. On the Appellate Side there were 309 appeals from decrees and orders for disposal. The pending file at the close of the year was 229 appeals. The average duration of appeals was 227·8 days against 113·55 days in the preceding year.

92. The number of applications for execution of decrees was 13,624 against 13,130 in 1905. The number pending at the end of the year was 3,630. In four cases only were the Judgment Debtors imprisoned.

93. The Commissioner, in his cold weather tour, inspected the Courts of the Cantonment Magistrate and Sub-Judge, 2nd class, Deoli, and of the Extra Assistant Commissioner III and Sub-Judge, 1st class, Kekri, and of the Honorary Munsiffs of Bhinai and Sawar.

(4) REGISTRATION (YEAR WHICH ENDED ON THE 31ST DECEMBER 1906.)

94. The total number of all classes of documents presented for registration during the year under report was 2,873 as against 2,472 in the previous year. The increase is mainly in the registration of documents under Book I, whose registration is optional. Out of the total documents presented for registration, 1,946 documents or 67·73 per cent. as against 70·06 per cent. in the preceding year were registered by the Sub-Registrar, Ajmer. The slight fall in the percentage is due to increase in the documents registered by the Sub-Registrars of Beawar and Kekri. (*Vide* Statement Form No. 1, Serial No. 26.)

95. When compared with the preceding year's figures, the area of the agricultural land transferred by sale shows a decrease of 1,970 bighas (from 4,833 bighas to 2,863 bighas), while there is a decrease of 2,446 bighas (from 9,872 to 7,426 bighas) in the area of agricultural land transferred by mortgage. The value of land transferred by sale and mortgage amounted to Rs. 1,97,802 or

Rs. 2,40,991 less than in the preceding year. The decrease is chiefly due to the fact that the year under report being more favourable than the previous year, there was less necessity for cultivators to part with their property.

96. The total receipts and expenditure of the year amounted to Rs. 6,060 and Rs. 1,968 as against Rs. 5,555 and Rs. 1,538, respectively, in 1905, showing a surplus of Rs. 4,092 as against Rs. 4,018 in the preceding year.

(5) MUNICIPALITIES (YEAR ENDING THE 31ST MARCH 1907).

Ajmer Municipality (*vide* Tables 1-4, Serial Nos. 27 to 30).

97. The following changes took place in the constitution of the Committee. Khan Bahadur Sheikh Mohamed Elahi Bakhsh, who was the oldest member of the Committee, and who served on it for over 30 years, died in January 1907. His place was filled by the election of Sheikh Abdulla.

Mr. F. Tebbs having left the station on transfer, and Mr. K. L. Paonasker having resigned his seat, Mr. C. K. D. Sidgwick, D.S.O., and Rao Sahib Munshi Harnam Das were appointed in their places.

98. The Committee held 24 meetings, of which 5 were special and 19 ordinary. The average attendance at each meeting was 3·53 and 15·28, respectively.

99. The total receipts of the year amounted to Rs. 2,56,148 as against Rs. 2,31,362 in 1905-1906, and the expenditure to Rs. 2,43,976 as against Rs. 2,13,723; but, excluding refunds, amounting to Rs. 30,130 and Rs. 41,580, the figures for the two years compare as below :—

	1905-1906.	1906-1907.	Difference.
	Rs.	Rs.	Rs.
Income	2,01,232	2,14,568	+13,336
Expenditure . . .	1,83,593	2,02,396	+18,803

100. The year closed with a balance of Rs. 1,53,778.

101. The increased income was chiefly due to the enhanced revenue derived from Octroi and sale-proceeds of lands and to the refund of unexpended balance by the Executive Engineer, Ajmer Provincial Division, when the work of repairs to Municipal roads was taken over from that officer on the appointment of a qualified Overseer by the Committee.

102. The gross and net receipts from Octroi during the year 1906-1907 are compared below with those of 1905-1906 :—

	Gross.	Net.
1905-1906	1,63,184	1,33,054
1906-1907	1,85,088	1,43,508
	+21,904	+10,454

The above table shows a net increase of Rs. 10,454. It is due partly to the revision of Octroi Schedule and partly to the year under report being a favourable one for marriages.

103. The income under the head "Sale-proceeds of lands" rose from Rs. 1,520 to Rs. 9,495, showing an increase of Rs. 7,975. This increase was due to the realisation of the balance of the purchase money of the eight plots of land opposite the old Rajputana-Malwa Railway Co-operative Stores in Kaisar Ganj during the year. The increase of Rs. 1,536 in the Conservancy fees was due to the realisation of arrears. The revenue derived from markets and slaughter-houses shows a decrease of Rs. 2,106. It is attributed to the absence of keen competition for leasing markets and to the outbreak of rinderpest among the animals in the district, the number of cattle brought for slaughter being consequently less.

104. The income under the head "Sales—Miscellaneous" fell from Rs. 36,751 to Rs. 29,359; the decrease of Rs. 7,392 was mainly due to the fact that owing to the insufficiency of water in the Foy Sagar Lake the Railway drew their supply from the Budha Pushkar Lake for about three months. The increase of Rs 2,776 under the head "Advances" was due to large unexpended balances in connection with the repairs to Municipal suburban roads, which were under the supervision of the Executive Engineer, Ajmer Provincial

Division, having been returned by that officer when the work was taken over by the Municipality.

105. Expenditure rose from Rs. 2,13,723 to Rs. 2,43,977. The chief increases were under "Head office," "Octroi establishment," "Police," "Water-supply," "Public Works establishment," "Roads," "Public instruction" and "Advances."

106. The increase of Rs. 440 under the head "Head office" was due to the payment of arrears of the personal allowance of Rs. 30 per mensem granted to Mr. McKenzie, the Municipal Secretary, from 1st July 1905. The expenditure under the head "Octroi establishment" rose from Rs. 3,406 to Rs. 4,296. The increase of Rs. 890 was chiefly due to the establishment of six new Octroi out-posts at the outskirts of the Municipality from the 1st October 1906, to the grant of a horse allowance of Rs. 20 per mensem to the Octroi Superintendent from the date the new outposts were opened, and also to the raising of the salaries of peons from Rs. 5 to Rs. 6 per mensem from the 1st July 1906.

107. The increase of Rs. 509 under the head "Police" was due to the supply of chicks, repairs to outposts, and to arrears of pay having been drawn during the year.

108. The expenditure under the head "Water-supply" rose from Rs. 18,254 to Rs. 35,656, showing an increase of Rs. 17,402. This increase was due to the strengthening of the Foy Sagar Dam at a cost of Rs. 14,735 and to the payment of Rs. 3,000 for preliminary surveys in connection with the scheme for the improvement of the water-supply.

109. The decrease of Rs. 5,081 under the head "Public gardens" was chiefly due to the fact that in 1905-1906 the grounds round the Jubilee Clock Tower and beneath the Magazine wall, from its east gate to the General Hospital, were improved and planted. No such expenditure was incurred during the year under report.

110. The expenditure under the head "Public Works establishment" shows an increase of Rs. 657. It is due to the appointment of a qualified Overseer on a salary of Rs. 80 per mensem with a horse allowance of Rs. 20 per mensem and to the entertainment of a clerk on Rs. 20 per mensem from the 15th September 1906.

111. The expenditure under the head "Public Works—Roads" amounted to Rs. 18,204 as against Rs. 15,342. The increase of Rs. 2,862 was due to paving of streets in the city at a cost of Rs. 2,588 and also to the payment of compensation for land taken up for widening streets in the city.

112. The increase of Rs. 2,841 under the head "Public Instruction" is chiefly due to laying out a play-ground in the compound of the Government College at a cost of Rs. 2,508 and to the extra grant-in-aid, amounting to Rs. 169, given to the Lower College and to repairs and whitewashing executed to the Lower College at a cost of Rs. 104. The percentage of expenditure on education was 3·11 on the net income of the Municipality as against 2·21 in 1905-1906.

113. A sum of Rs. 5,101 was paid during the year towards the repayment of Government loans and Rs. 9,545 on account of interest. The balance of the loan due by the Municipality to Government amounted to Rs. 1,89,788 at the end of the year.

114. Pumping from Foy Sagar had to be resorted to throughout the year at a cost of Rs. 9,518.

115. The water level of the Foy Sagar was 2·48 feet above the sill of the sluice on the 10th June 1906, and it rose to 10·10 feet on the 14th July 1906. It rose to its highest level, *viz.*, 15·72 feet, on the 15th September 1906, after which the rains ceased and the level in the reservoir continued to fall.

116. The incidence of taxation rose from Rs. 1-12-9 to Rs. 1-15-1.

117. The number of recorded births rose from 1,729 to 1,878 and of deaths from 3,329 to 3,746. The birth and death rate per mille was 25·43 and 53·73 as against 23·41 and 45·08.

118. The increase in the death-rate was mainly due to the prevalence of fever and increased figures for bowel complaints. Forty-six cases of plague (all

imported) with 28 deaths were reported during the year as against 180 and 173 during 1905-1906.

119. The Civil Surgeon reports that the number of deaths exceeded the births during the year under report by 1,868. This record, which obtained in the rural area in the Ajmer district also, is somewhat remarkable, and is not re-assuring, were it not considerably discounted by the fact that the registration of births is still imperfect, whereas all deaths are known.

120. The total number of children vaccinated during the year was 2,693 as against 3,629 in 1905-1906. The percentage of success among primary and re-vaccinations was 99·35 and 88·14, respectively.

121. The objections and suggestions received to the revised Octroi Rules were considered by the Committee, and rules will shortly be submitted for the orders of the Hon'ble the Chief Commissioner. Sanction was received during the year to the rules relating to Municipal encamping grounds. The rules regarding the control of the Dhan Mandi market were also confirmed.

122. Certain amendments in the rules relating to Jharokas have been approved by the Committee and submitted to the Hon'ble the Chief Commissioner with the object of increasing the available air space in the city streets.

123. The Committee having engaged the services of a qualified Overseer, the suburban roads, which were for years under the supervision of the Executive Engineer, Ajmer Provincial Division, were taken over by the Municipality in September 1906.

124. In paragraph 69 of his Report the Chairman of the Ajmer Municipal Committee writes: " * * * *

The question of abolishing the trenching grounds and adopting some other system and the connected question of improving the water-supply have for some time occupied the attention of the Committee. The complexity of the problem and the variety of opinions offered have prevented any definite and final scheme from being formulated, but it is hoped that this will soon be possible with the aid and advice of the Sanitary and Geological experts who, under orders of Government, recently visited Ajmer. Such large projects will presumably entail heavy expenditure, to be met by borrowing, and it is hoped by the assistance of the Imperial Government. In the meantime since the financial condition of the Municipality is fairly assured, and a considerable balance has been accumulated in the last few years, I think that various minor projects for improvents need not be delayed while the larger schemes are under consideration, and I should be glad to see several of these carried out at an early date, notably the amelioration of the Beawar, Srinagar, and Cutchery roads, and a better system of lighting both in the city and suburbs. An extension of the water mains on the Srinagar and Nasirabad roads and an increase in the number of public hydrants in the city are also needed. The demolition of the ruinous city wall and the insanitary hovels abutting on it between the Madar Gate and Ahata Mohalla, where a new road would be constructed, is a movement in the direction of a most necessary, if difficult, reform in the ventilation of the greatly overcrowded city. All these might well be carried out in the immediate future. Larger projects are the deepening of the Ana Sagar Lake, the restoration of the Bisla Tank, and the acquisition of the surrounding land for a public park and play-grounds for the city schools. These will not, I hope, be lost sight of in the future."

125. The Chairman's remarks and aspirations as noted above undoubtedly deserve full consideration and sympathy and support.

126. In the carrying through of the really large schemes for improving sanitation and water-supply the Committee can, I think, fairly look to the Imperial Government for some financial assistance, and in respect to the water-supply, the Rajputana-Malwa Railway Workshops being deeply interested, the Railway should contribute its quota.

127. The lighting of the main thoroughfares leading to the railway station and of the streets in the suburbs and in the town itself is at present anything but creditable to a town which holds the position which Ajmer holds in the Rajputana Province. It should be a model in this respect to other towns in Rajputana. At present it is a model as to how the lighting of a town and suburbs should not be. The electric lighting of the main roads leading to the Railway Station can be effected at a small cost, and it has long been demanded. Kitson's lamps should be provided in suitable localities in the town, and the lighting of the suburban roads should be effectively improved.

128. The other matters mentioned by the Chairman in respect to the improvement of roads, and removal of hovels, and building of suitable houses and

shops on the main roads leading to the station should not be indefinitely postponed pending the carrying out of the large sanitary and water-supply schemes. The financial position of the Ajmer Municipality is secure, and the Municipality is in truth comparatively wealthy, and it can well afford to take up considerable loans, and at the same time to push forward the improvements which the Chairman has mentioned.

129. The Municipal Committee have not yet completed the register of Nazul properties under their charge.

130. Mr. C. W. Waddington, M.A., C.I.E., continued to hold the office of Chairman of the Municipal Committee throughout the year.

131. With a view to place all the Mills and Cotton presses on an equal footing the application of the Committee for the extension of the Municipal limits, so as to include the Edward Mill Company's premises and adjoining land in the event of possible further extensions being made by them, was sanctioned and objections were invited by the Hon'ble the Chief Commissioner. Beawar Municipality.

132. The constitution of the Committee remained unchanged, with the exception that owing to his transfer from Beawar the Reverend A. R. Low resigned his seat in February 1907.

133. The revised Octroi Schedule was sanctioned and brought into force from the 1st September 1906.

134. The total income and expenditure of the year were Rs. 69,266 and Rs. 63,539 as against Rs. 61,016 and Rs. 62,479, respectively, in the previous year.

135. The closing balance of the year was Rs. 32,447, exclusive of Rs. 10,000 invested in Government securities.

136. The increase of Rs. 8,250 in the income was due principally to Octroi, the gross receipts under which head amounted to Rs. 66,781 as against Rs. 58,310 in the previous year. This increase is attributed to the import of sugar, ghi, other articles of food, drugs, spices and gums, tobacco, etc., in large quantities owing to marriages and other feasts. There was also a very appreciable increase in the import of uncleaned cotton, the result of a good monsoon and a favourable market.

137. The net receipts from Octroi, after deducting refunds, amounting to Rs. 21,971, were Rs. 44,810 against Rs. 36,673 in the previous year.

138. The incidence of taxation rose from Rs. 1-12-1 to Rs. 1-13-5 per head.

139. The disbursements show an increase of Rs. 1,060 when compared with the previous year. The increase occurred chiefly under the following heads :—

(i) Head office establishment on account of annual increments of the Secretary and staff.

(ii) Conservancy on account of the purchase of iron for latrines and urinals and the sanctioned increments of the staff.

(iii) Gardens on account of purchase of fodder, the construction of a tennis court and the purchase of benches and plants.

(iv) Fair charges on account of the Teja fair having not been held in 1905 on account of famine.

140. It has been decided to replace all public masonry latrines and urinals by movable iron ones, which are reported to be appreciated by the towns people. As regards private, privies, it is satisfactory to note that the Chairman reports that no opportunity is lost in getting them re-built and remodelled on sanitary plans.

141. Under the head water-supply Rs. 960 were expended on deepening and cleaning Municipal wells, and a sum of Rs. 103 was advanced to the Executive Engineer, Ajmer Provincial Division, in connection with the proposed Beawar Water-works scheme of wells below the Jalia and Makrera tanks which the Committee have taken into consideration with a view to provide a constant supply of good and wholesome water. It is hoped that the scheme may prove successful, and that a good deal may be done towards its achievements during the current year.

112. The number of births recorded fell from 977 to 886, while the number of deaths rose from 927 to 980. In Beawar town, as in the case of Ajmer, the deaths (980) during the year under report exceeded the births (886) by 94. The explanation is the same as that recorded for Ajmer.

143. Plans and estimates for a Municipal Town Office are in course of preparation. It is hoped that the construction of the building may be taken in hand during the current year.

Kekri Municipality.

144. There was no change in the constitution of the Committee, except that Hospital Assistant Jagan Nath Pershad succeeded Hospital Assistant Debi Pershad, who was transferred from Kekri.

145. The net income, excluding opening balance, amounted to Rs. 9,277 against Rs. 8,831 in the previous year.

146. The increase in income is principally due to increase of Octroi receipts, which shows an increase of Rs. 564. The causes of increase were the celebration of a large number of marriage and funeral feasts and the consequent larger import of sugar and gur and the revision of the Octroi Schedule, which came into force with effect from the 1st August 1906.

147. The expenditure amounted to Rs. 9,838 against Rs. 9,656 in the previous year. The main increase was under the heads of Conservancy and General Miscellaneous.

148. The incidence of Octroi taxation calculated on the census figures of 1901 was Rs. 1-1-8 per head as against Rs. 1-0-5 in 1905-1906.

149. The numbers of births and deaths registered during the year were 202 and 281 as against 203 and 254, respectively, during the year 1905-1906.

SECTION IV.

PRODUCTION AND DISTRIBUTION.

Agricultural summary.

150. *Ajmer.*—In consequence of insufficient supply of water in tanks and wells owing to deficient rainfall of 1905, the Rabi harvest for 1905-1906, the collections on account of which were made in 1906-1907, was very poor. The Kharif harvest of 1905-1906 was good, except in 14 villages of the Gangwana Circle, where the outturn was poor. In the Kekri Circle the outturn was estimated at 10 annas in the rupee, while in the Khalsa villages of the Ajmer Tehsil it was 13·5 annas in the rupee.

151. The area sown for the Rabi of 1905-1906 was 16,553 acres, of which 1,181 acres failed. The outturn was estimated at 195,979 maunds. The area under cultivation for the Kharif of 1906-1907 was 1,28,727 acres, of which 13,022 acres failed. The outturn was estimated at 5 ,69,305 maunds.

152. The actual collections on account of these two harvests amounted to Rs. 2,08,459. The realizations of revenue suspended in previous years amounted to Rs. 33,614. The total collections during the year came to Rs. 2,42,073. A sum of Rs. 199 was remitted. The amount of revenue outstanding at the close of the year was Rs. 86,982.

153. A sum of Rs. 13,508 was advanced under the Land Improvement Loans Act and Rs. 75,619 under the Agriculturists Loans Act during the year under report. The recovery under both Acts amounted to Rs. 26,062, which includes Rs. 2,173 on account of interest. The amount outstanding under both Acts on the 31st March 1907 was Rs. 1,65,573.

154. *Merwara.*—The Rabi harvest of 1905-1906 was very poor owing to deficiency of rainfall in 1905. The Kharif crop of 1906-1907 yielded a good outturn estimated at 14·5 annas in the rupee.

155. The area sown for the Rabi of 1905-1906 was 13,225 acres, of which 2,909 acres failed. The outturn was estimated at 74,936 maunds. In the Kharif harvest of 1906-1907, 63,329 acres of land were brought under cultivation, of which 12,816 acres failed. The outturn was estimated at 2,21,722 maunds.

156. The collection of revenue on account of these two harvests amounted to Rs. 82,956. A sum of Rs. 5,688 was realized on account of arrears of previous years. The total collections amounted to Rs. 88,644. The amount of reveuue outstanding at the close of the year was Rs. 58,173, of which a sum of Rs. 49,706 was suspended.

157. A sum of Rs. 1,280 was advanced under the Land Improvement Loans Act and Rs. 57,763 under the Agriculturists Loans Act during the year under report. The realizations under both Acts amounted to Rs. 20,783, including Rs. 2,952 on account of interest. The amount outstanding under both Acts on the 31st March 1907 was Rs. 2,27,576.

Mines.

158. During the year under report three prospecting licenses were granted in the Merwara district—one to Khan Bahadur Haji Sajan Lalji of Secunderabad, to prospect for mica in the village of Kalatan Khera in the Beawar Tehsil, and the other two to Rai Bahadur Seth Champalal Ram Sarup of Beawar, both to prospect for mica in the Beawar tehsil.

159. In the Ajmer District two licenses to prospect for mica in the village of Tilana were granted, both to Abdul Tawab Khan at Nasirabad.

160. In the Istimrari area nine* mining contracts were sanctioned, the Government share being fixed at one anna in the rupee on the net profits of the Istimrardars.

Trade.

161. The returns of the Rajputana-Malwa Railway for the calendar year 1906 show an increase in the number of passengers booked from stations in Ajmer-Merwara from 849,336 to 901,825.

162. The grain trade of the two most important local trade centres for the year under report and the previous year is given below :—

Ajmer.—Imports in 1905, 16,495 tons, exports 382 tons; balance of imports 16,113 tons. Imports in 1906, 17,602 tons, exports 581 tons, balance of imports 17,021 tons.

Beawar.—Imports in 1905, 15,491 tons, exports 2,122 tons; balance of imports 13,369 tons. Imports in 1906, 22,572 tons, exports 4,839; balance of imports 17,733. Imports of cotton at Beawar fell from 2,962 tons to 2,515 tons during the year under report.

Public Works.

163. During the year Rs. 3,37,035 were spent through the Public Works Department on the construction and repair of buildings and communications. The total expenditure on works and repairs in Ajmer-Merwara amounted to Rs. 2,51,557 against Rs. 1,31,935 in 1905-1906. The most important buildings, the construction of which was completed during the year, were the additional barracks for the Central Jail at Ajmer, the conversion of the tehsil buildings into a museum, and the additions to the Branch School at Ajmer. The only important buildings under construction are the restoration of the Badshahi buildings at Ajmer and the expansion of the Mayo College main building. The expenditure on the latter during the year amounted to Rs. 40,575. In a number of Police Sub-divisions, Police family quarters were built, and numerous other works and additions to existing buildings were completed during the year.

164. The expenditure on "Communications" amounted to Rs. 63,799, of which Rs. 62,732 were spent on the construction of the Martindale over-bridge to the railway crossing at Ajmer. No new road was constructed during the year.

Water-supply of Ajmer.

165. In view of the water-supply of Ajmer town being barely sufficient for the town and the Railway workshops and possibly quite insufficient in a year of anything like short rainfall, with the possibility that the Railway workshops might be removed, the question of finding an auxiliary water-supply in the neighbourhood of Ajmer was taken in hand in December 1906. Mr. Vredenburgh of the Geological Department visited Ajmer in April 1907, and reported on the geological conditions of the country in the neighbourhood of Ajmer. He decided that the geological features are such as to permit no hope of artesian wells, and he agreed in the suggestion that water should be found in the Sarsuti and Sagarmati river-beds, which lie a few miles distant to the north and south-west of the town. Since then Mr. Silk visited Ajmer in May 1907. He added certain suggestions in respect to the procedure to be adopted for the water survey of the Sarsuti and Sagarmati river-beds. Water has been found at Masina in the Sagarmati and at Galti in the Sarsuti valley in promising quantities. It is hoped that it may be possible to complete a scheme for bringing water from Galti some $2\frac{1}{2}$ miles to the pumps at Budha Pushkar. The Ajmer Municipality has advanced a sum of about Rs. 57,000 for the immediate financing of this scheme. Ultimately the cost should be shared by Government, the scheme being undoubtedly one of Imperial interest.

Arboriculture. Roadside tree plantation.

166. At the beginning of the year the total length of the roads with avenues (Imperial and District Funds) was 31 miles 5 furlongs. During the year under report one mile of the District Fund roads was planted with young trees, thereby making a total length of 32 miles and 5 furlongs of avenue roads, both Imperial and District Funds. The number of trees planted to fill up the blanks amounted to 758. The number of nurseries maintained during the year was the same as in past year, *viz.*, three. The total cost of planting and maintaining the trees on both Imperial and District Fund roads amounted to Rs. 2,242 as against Rs. 3,072 in the previous year. The expenditure on Imperial roads was Rs. 1,230, and on District Fund roads Rs. 1,012. The income derived by the sale of dry wood, Babul pods, etc., amounted to Rs. 271. The progress in the extension of roadside trees was only one mile in Merwara, and nothing in Ajmer, during the year under report. This is not satisfactory, and it was due, it would seem, to the stock of plants maintained, ready in the nurseries, being insufficient. This matter has been looked to.

167. The number of rain-gauges was the same, *viz.*, 56, as in the year 1905-1906. No new rain-gauge was opened during the year 1906-1907. All the rain-gauges were inspected from time to time by the District Officers and found to be efficient, with the exception of the rain-gauge at Masuda, which is being put in proper order. Inspection of rain-gauges.

SECTION V.

REVENUE AND FINANCE.

A.—IMPERIAL.

(1) LAND AND WATER REVENUE.

Character of the season. Vide *appended Statements Nos. 31 and 32.*

168. The average rainfall of the district during 1906-1907 was 22 inches as against the normal fall of 21 inches. A statement showing the total rainfall of the district is appended. The Rabi harvest, which was dependent on the rainfall of 1905, was very poor owing to insufficiency of water in tanks and wells for irrigation purposes. Owing to the favourable character of the rainfall during the year 1906 the Kharif crops yielded a good outturn.

Recovery of revenue.

169. The recovery of a sum of Rs. 73,232 on account of land revenue for the year 1906-1907 was suspended in the Ajmer district and of Rs. 58,128 in the Merwara district during the year. A sum of Rs. 199 for the Rabi, the demand of which was payable on 15th June 1906, and a sum of Rs. 41,316 on account of arrears of previous years were remitted in the Ajmer district during the year under report. The collections of the year were as follows:—

	Rs.
Arrears	39,302
Revenue of the year	2,91,415
TOTAL	3,30,717

Prices.

170. The retail prices of the principal food-grains in April 1906 were dearer than the normal, but after the rainfall in July 1906 prices cheapened. The prices of the staple food-grains that were prevalent in the months of September October and November 1906 were between 16 and 18 seers per rupee in the Ajmer district and from 15 to 19 seers in the Merwara district.

Taccavi Loans. Vide *appended Statements Nos. I to III, Serial Nos. 33 to 35.*

171. The table below shows the Taccavi account during the year 1906-1907:—

	Outstanding at the beginning of the year.	During year.			Outstanding at the close of the year.
		Advanced.	Collected.	Remitted.	
	Rs.	Rs.	Rs.	Rs.	Rs.
Under the Land Improvement Loans Act, XIX of 1883.	1,50,754	14,788	6,282	...	1,59,260
Under the Agriculturists Loans Act, XII of 1884.	1,35,944	1,33,382	35,438	...	2,33,888
TOTAL	2,86,698	1,48,170	41,720	...	3,93,148

Cattle.

Taccavi statements Nos. I, II and III are appended.

172. The number of cattle in Ajmer-Merwara during the three years is shown in the following table:—

	1904-1905.	1905-1906.	1906-1907.
Cows and bullocks	128,149	112,336	126,369
Buffaloes	15,037	13,177	13,157
Sheep and goats	318,889	276,514	258,326

173. The increase in the number of cows and bullocks is due to the return of cattle from Malwa and other places whither they had gone during the previous year on account of the scarcity of fodder.

174. The boundary marks were inspected by Revenue officials, and steps were taken to put them in repair when they were found in a delapidated condition. A recommendation has been submitted to the Hon'ble the Chief Commissioner for the appointment of the Assistant Commissioner, Merwara, for the settlement of the longstanding boundary dispute between Gudhakalan (Ajmer) and Dhanope (Shahpura). The boundary dispute between Lussani (Mewar) and Thikarwas (Merwara) is pending with the Assistant Commissioner, Merwara, while the cases noted below have been made over to the Settlement Officer. Boundary marks and disputes.

(i) Saroth (Merwara) *vs.* Sitla-ka-Chaura (Mewar).

(ii) Jatli (Ajmer) *vs.* Brij Bai (Kishengarh).

175. The boundary dispute between Mewar and Barli was decided by the Assistant Commissioner, Merwara, but the Mewar Darbar presented an appeal to the Hon'ble the Agent to the Governor-General, Rajputana, who has called for further information on certain points in the case.

176. The Beawar and Todgarh tehsils were inspected by the Assistant Commissioner, Merwara, and the Todgarh tehsil was inspected by the Commissioner during the year. The results of the inspection were on the whole satisfactory. Records and Staff.

177. The Patwari Instructor continued to do famine duty during the earlier part of the year, and then his services were placed at the disposal of the Settlement Officer. There was consequently no Patwari class. All the unpassed Patwaris and Naib-Patwaris were employed in connection with the survey and settlement operations.

178. For the recovery of land and water revenue and Taccavi 205 writs, 45 warrants of arrest and 34 warrants of attachment of movable property were issued in the Ajmer district. Twenty-five persons were imprisoned in default of payment. Processes.

179. The revenue business statement shows that during the year 3,155 cases were disposed of as against 3,692 in the preceding year in the Ajmer district and 10,120 cases as against 9,631 in the previous year in the Merwara district. Revenue cases.

180. Certain pieces of land measuring in all 107 bighas and 4½ biswas were taken up in the Ajmer district for roads, railway purposes and miscellaneous works. In the Merwara district a piece of land measuring 5 biswas was taken up in connection with the construction of a road. No compensation has yet been paid for any of these lands. Land Acquisition.

181. No suits were instituted by or against Government during the year. Government suits.

(2) Opium, excise and drugs.

182. The gross receipts from Excise amounted to Rs. 1,70,750 against Rs. 1,54,354 in the previous year. The receipts under the head "Country spirits" amounted to Rs. 1,24,286, showing an increase of Rs. 50,286 over the annual minimum guarantee of Rs. 74,000. When compared with the previous year's income, the receipt from country spirits shows an increase of Rs. 19,598, which is attributed to the improvement in the condition of the labouring classes consequent on a good season and to more efficient supervision over the liquor shops. Excise. *Vide* Statements Nos. 36 to 40.

183. The total sales of country liquor were greater by 10,544 gallons as compared with the consumption of the previous year. The average selling price of country liquor was Rs. 0-1-2$\frac{13}{16}$ per dram, or Rs. 3-11-3 per gallon.

184. Rules regulating the grant of licenses to the fifteen Tazimi Istimrardars in the Ajmer district permitting private distillation were issued during the year.

185. In Ajmer-Merwara the district monopoly system has hitherto prevailed. Under the orders of the Government it is to be replaced by the contract system in vogue in the Madras Presidency. Steps are being taken to introduce the new system with effect from the 1st April 1908.

185A. Rules were passed during the year under report to regulate the sale of medicated wines, but their consumption in these districts is very limited.

Action taken in pursuance of the instructions and suggestions in letter No. 2455-S.R., dated the 21st April 1904, from the Government of India in the Department of Finance and Commerce.

186. The conditions in Ajmer-Merwara differ considerably from those in Bengal, as there the individual shops are put to sale separately, while here the whole of the country spirit monopoly is in the hands of one farmer, with the result that the number of shops in Ajmer-Merwara has practically remained stationary for years, and consequently it was not considered necessary to take any steps to adopt the Bengal rules in regard to the location of liquor shops in Ajmer-Merwara. It was not thought desirable to relinquish the practice by which a few temporary liquor shops are allowed during the annual Pushkar fair, as the local detective establishment is not strong, and illicit traffic across the Marwar border, which is only two miles distant, would be the inevitable consequence. The number of temporary shops allowed during the year under report remained the same as in the preceding year, namely, two.

187. Facilities do not at present exist for private drinking in licensed liquor shops in Ajmer-Merwara, and no prohibitory rules in that respect appear therefore to be required at present.

Opium.

188. During the year 637½ chests of opium were brought to the scales at Ajmer. Of these, 632 chests were exported to the Punjab and 5½ chests to the North-West Frontier Province. No opium was brought to the Ajmer scales during the year for export to Bombay. The total amount of duty levied was Rs. 1,78,500 against Rs. 1,23,040 in the previous year. The revenue from "License fees" for the right of retail vend of opium amounted to Rs. 18,748 as against Rs. 16,256 in the preceding year. The increase was wholly in the Municipal area. The retail vend licenses granted in the rural areas numbered 40. The number of licenses issued for the cultivation of poppy was 2 in Ajmer and 1,213 in Merwara as against 3 and 24, respectively, during 1905-1906. The large increase in Merwara was due to good rains during the year. The area under poppy cultivation was 1,902 bighas, and the yield is estimated at 150 maunds and 3 seers. One maund 17 seers of opium being the produce of 1905-1906, was brought to the scales during the year under report, on which the excise duty levied amounted to Rs. 228. The representations made by cultivators in the Merwara district in respect to the heaviness of the excise duty are under consideration.

189. Rules to regulate the sale of Morphia were passed during the year, but its consumption in these districts is very limited.

Drugs.

190. The import duty on hemp drugs and the warehouse fees rose from Rs. 4,649 in 1905-1906 to Rs. 5,374 in 1906-1907. The increase is attributed to the enhancement of the rate of duty on import of Charas from Rs. 6 to Rs. 8 per seer from the beginning of the year under report. The contractors availed themselves of the opportunity by importing large quantities before that date. The receipts from license fees rose from Rs. 10,860 to Rs. 11,160. The increase is attributed to competition among the bidders.

191. The Excise Act, XII of 1896, which was amended during the year, has enabled the Local Government to declare Cocaine as "intoxicating drug." Rules have been framed restricting the import and sale of Cocaine to medical profession only. After the rules were put into force, three persons were prosecuted for possession of the drug, of whom two were convicted and one discharged.

Prosecutions.

192. During the year under report there were 29 prosecutions and 25 convictions under the Excise Act, and 32 prosecutions and 30 convictions under the Opium Act. One person was prosecuted and convicted for illicit possession of Chandu. The number of dens at the close of the year was 12 as against 13 at the close of 1905-1906.

Staff.

193. The expenditure on the Excise establishment amounted to Rs. 11,317. The whole of the Excise preventive establishment performed their duties satisfactorily.

(3) Stamps.

(*Vide* Statement, Serial No. 41.)

194. The gross receipts from stamps amounted to Rs. 1,36,484 against Rs. 1,34,406 in the year 1905-1906. The receipts from Judicial stamps were Rs. 93,610 as against Rs. 76,585 in the previous year, an increase of Rs. 17,025. This is due to an increase in litigation, both civil and revenue,

caused by the favourable season during the year under report. The income from the sale of non-judicial stamps amounted to Rs. 42,874 as against Rs. 57,821. The sale of Bill (Hundi) stamps amounted to Rs. 5,876 as compared with Rs. 3,493 during the previous year. The increase is apparently due to heavy remittances which had to be made by traders by means of Hundis to commercial centres. The revenue from the sales of impressed stamps shows a decrease of Rs. 3,712 as compared with the receipts of the previous year.

195. No case of wilful breach of the stamp rules was detected during the year.

196. The uncollected balance of the stamp duty in pauper suits at the close of the previous year was Rs. 4-8-0, which was not recovered during the year 1906-1907. A sum of Rs. 215 fell due during the year under report, at the close of which the amount outstanding was Rs. 219-8-0.

197. The number of stamp vendors was 22 as against 24 in the previous year. The discount paid amounted to Rs. 2,666 as against Rs. 3,258 in 1905-1906.

198. The total charges in connection with the working of the Stamp Department amounted during the year under report to Rs. 17,442 as against Rs. 17,828 in the previous year.

(4) Income Tax.

199. The number of persons assessed rose from 630 to 668, while the amount of demand increased from Rs. 54,923 to Rs. 58,313. The increase of Rs. 3,390 is attributable partly to the entertainment of additional temporary establishment owing to famine and partly to the fact that many Political Officers in Rajputana drew large arrears of pay on the reorganisation of the Political Department. It was also due to the large sales of cloth by the Krishna Mills Company, Limited, Beawar, and to the increased number of bales pressed at the cotton presses at Beawar during the year under report.

200. Out of the total demand a sum of Rs. 20 was outstanding at the close of the year, but it has since been recovered.

201. The number of persons on whom penalty was inflicted for non-payment of tax in due time was only one. There were no prosecutions during the year, and care was taken to avoid the use of coercive measures.

202. The number of objections was the same as in the previous year, *viz.*, 83.

203. The number of revision petitions preferred by assessees to the Commissioner under section 27 of the Income Tax Act was 9 as against 12 in 1905-1906.

204. The gross collections amounted to Rs. 58,413 against Rs. 55,849 in the previous year.

B.—REVENUE AND FINANCE OTHER THAN IMPERIAL.

District Fund (excluding Dispensary Fund.) (*Vide* Tables I to III, Serial Nos. 43 to 45.)

205. The year opened with a balance in hand of Rs. 7,726. Receipts amounted to Rs. 47,079, and the expenditure to Rs. 29,190, leaving a balance of Rs. 17,889. This sum with the opening balance amounted to Rs. 25,615 at the close of the year.

206. Compared with the figures of the previous year the receipts show an increase of Rs. 26,447. This increase is attributed to the following causes:—

(*a*) The recovery of the arrears of cesses in addition to the usual demand of the year 1906-1907.

(*b*) The grant of a sum of Rs. 10,000 by the Government of India in aid of the resources of the District Fund (*vide* Government of India letter No. 4006-I.A., dated the 25th September 1906, in the Foreign Department).

207. The expenditure fell from Rs. 33,364 in 1905-1906 to Rs. 29,170, showing a decrease of Rs. 4,174.

208. The decrease occurred chiefly under "Public Works charges," and is due to the fact that a very small amount was required for completion of the Dâk

Bungalows at Kekri and Taragarh, and that the repairs of the District Fund roads in the Ajmer district was limited during the year under report owing to the sanction of the Government contribution having been received late.

NOTE.—The expenditure of the Board for 1905-1906 as printed in the printed report for that year was Rs. 33,308, but these figures were raised to Rs. 33,364 in consequence of subsequent adjustment by that Comptroller, India Treasuries, Calcutta.

209. Munshi Abbas Ali Khan, Itenerant Veterinary Assistant, continued to do good and useful work.

Dispensary Fund.

210. The gross receipts amounted to Rs. 8,399 as against Rs. 6,209 in 1905-1906, showing an increase of Rs. 2,190. The increase is chiefly due to the recovery of arrears of subscriptions during the year and also to an increase of Rs. 250 in the annual grant from the District Fund.

211. The expenditure rose from Rs. 6,758 in 1905-1906 to Rs. 6,923. The excess is due to increase in dieting charges and also to the grant of increment in the pay of establishment on the revised scale. The year closed with a cash balance of Rs. 4,895.

212. The Victoria Hospital at Ajmer has lately been much improved in respect to its resources and equipment. Its financial position is not yet able to satisfy all requirements.

213. The financial condition of all the dispensaries is good, with the exception of that at Todgarh, for the improvement of which steps have been taken.

Victoria Memorial Fund.

214. The receipts amounted to Rs. 624 and the expenditure to Rs. 1,012. This amount was spent in flooring, painting, etc., of the operation room of the Ajmer Victoria Hospital.

215. Excluding the sum of Rs. 15,500 invested in Government securities, the cash balance at the close of the year was Rs. 726.

Pound Fund.

216. The income of the year was Rs. 1,956 as against Rs. 1,991 in 1905-1906. The expenditure rose from Rs. 1,365 in 1905-1906 to Rs. 1,656 in the year under report, showing an increase of Rs. 291. This increase is due to the fact that a sum of Rs. 600 was transferred to the District Board from the surplus receipts of the pounds in the Ajmer district as against Rs. 300 in the preceding year.

The balance at the close of the year was Rs. 2,097 against Rs. 1,798 at end of 1905-1906. The general working of the pounds was satisfactory.

Chaukidari Fund.

217. The receipts amounted to Rs. 15,612 against Rs. 5,172 in 1905-1906, showing an increase of Rs. 10,440 over the past year's income. This increase is due to the recovery of arrears of cess, the collection of which was suspended during the year 1905-1906 owing to scarcity. The expenditure was Rs. 10,908 as compared with Rs. 12,671 in the preceding year. The decrease of Rs. 1,763 is due to the fact that winter uniforms to Chaukidars were not supplied in the year under report. These uniforms are issued every alternate year. The balance at the close of the year was Rs. 10,092, exclusive of Rs. 5,000 in Government securities.

Police Clothing Fund.

218. The receipts amounted to Rs. 8,274 as against Rs. 7,348 in 1905-1906, showing an increase of Rs. 926. This increase was due to recoveries of the cost of grass supplied to Police Sawars during the famine of 1905-1906.

The expenditure fell from Rs. 12,292 in 1905-1906 to Rs. 5,891 during the year under report. The large decrease was due to the fact that winter uniforms were not supplied in the year 1906-1907 as they are issued every alternate year. They were supplied in the year 1905-1906.

Police Chanda Fund.

219. The receipts rose from Rs. 1,123 in 1905-1906 to Rs. 1,435; the increase was due to non-payment of horse allowances to a few Sawars who were without remounts for a period during the year 1906-1907. The expenditure amounted to Rs. 1,304 against Rs. 1,276 in 1905-1906.

Nasirabad Cantonment Fund.

220. The receipts amounted to Rs. 50,382 as compared with Rs. 51,316 in 1905-1906, showing a decrease of Rs. 934, which is mainly the outcome of

fluctuations in receipts under the heads shown in the margin. The receipts of the year 1905-1906 were supplemented by Rs. 3,557 on account of refund of Police advances, which is a non-recurring item. Imports in food-grains in the year 1906-1907 were not so large as they were in 1905-1906 owing to scarcity —this accounts for a decrease in the receipts under the head "Octroi." The year 1906-1907 being more favourable in respect of rainfall than the one preceding it, the receipts on account of "Land revenue" and "Sale of grass" were larger than those in 1905-1906.

Increase in receipts.		Decrease in receipts.	
	Rs.		Rs.
(*a*) Land revenue	1,763	(*c*) Octroi	1,165
(*b*) Sale of grass	3,548	(*d*) Other receipts	1,426
	+5,311	(*e*) Refund of Police advances	=3,557
			—6,148

221. The total expenditure amounted to Rs. 48,064 against Rs. 48,334 in 1905-1906. The closing balance of the fund was Rs. 11,879 against Rs. 9,510 in 1905-1906.

SECTION VI.

PUBLIC INSTRUCTION.

Year ending 31st March 1907.

222. The number of public educational institutions increased from 66 to 72.

(*Vide* appended Tables 1 to 7, Serial Nos. 46 to 52.)

There were at the close of the year 163 educational institutions of all classes, of which 72 were public and 91 private institutions. The total number of scholars was 9,230 against 9,425 in the previous year. The decrease was chiefly in private institutions. The scholars at public institutions numbered 5,601 and at private institutions 3,629. The percentage of the population of school-going age receiving instruction was 12·90.

223. The average number on the rolls and the average daily attendance of institutions maintained by the department were 2,490 and 1,655, respectively, as against 3,545 and 2,495 in 1905-1906. The decrease was due to the effects of severe scarcity of the preceding year.

The total expenditure on public instruction amounted to Rs. 1,09,438. Imperial revenues provided Rs. 50,815, local cesses Rs. 6,510, Municipal funds Rs. 16,693, fees Rs. 17,795 and other sources Rs. 17,625.

Collegiate education cost Rs. 31,228, and school education Rs. 55,053. Rupees 1,452 were spent on schools for special instruction, and Rs. 12,637 on buildings.

The Government College and Schools.

224. The following changes took place in the staff during the year under report :—

Mr. F. L. Reid, Principal of the College, retired with effect from the 22nd April 1906.

Mr. E. F. Harris, Vice-Principal, was confirmed as Principal, and Babu Binodi Lal Mukerjee, M.A., continued to officiate as Vice-Principal of the College till the close of the year.

Mr. Kanhaya Lal Verma, M.A., who officiated as Professor of Mathematics till the 16th January 1907, was transferred to the Daly College.

Mr. Bhura Lal Hiran, M.A., 2nd Master, remained on leave up to the 12th September 1906, and then his services were transferred to the United Provinces.

225. The number of students in the College classes at the end of the year was 66 and in the school 275 as against 80 and 223, respectively, in 1905-1906. The result of the Intermediate Examination was not so satisfactory as that of the previous year. Out of 36 candidates, only 14 passed. The result of the Entrance and School Final Examinations, however, was good, 28 candidates out of 35 having passed. Out of six candidates only one passed the B. A. Examination. In the middle class Anglo Vernacular Examination held at Ajmer in April 1907, 88 passed out of 176 candidates.

226. There are three boarding-houses attached to the College, in which 88 students as in the preceding year were accommodated. The Principal of the College represents that there is a need for additional boarding-houses.

Lower College.

227. There were 551 boys on the rolls of the Lower College at the close of the year. The average daily attendance was 426. The reorganisation of the Lower College staff was sanctioned during the year.

Aided Schools.

228. The number of aided schools rose from 5 to 7. These schools had on their rolls 1,468 pupils, and were well reported on.

229. The number of village schools rose from 49 to 50 as shown below :— Village Schools.

	1905-1906.	1906-1907.
Secondary	8	8
Primary	41	42
TOTAL . .	49	50

230. From the secondary schools 18 candidates appeared for the Vernacular Final Examination, of whom 11 passed. The teachers of the village schools are reported to have done their work satisfactorily. Of the 42 primary schools, 14 are classed as good, 20 fair and 8 as bad. Of the 8 secondary schools, 5 are classed as good and 3 fair. The average daily attendance in the village schools fell from 2,185 in 1905-1906 to 2,053 in the year under report. The total expenditure on the village schools amounted to Rs. 28,921, of which Rs. 12,725 was provided from Imperial funds, Rs. 12,530 from Municipal and District funds, Rs. 1,598 from fees, Rs. 1,905 from Mission fund and Rs. 163 from other sources.

231. The usual annual Rajputana School Tournament was held in March 1907, at which 29 schools from Rajputana and Ajmer-Merwara were represented. The number of competitors in the various sports was 408. Physical training.

232. A new play-ground has been added to the boarding-houses at the Government College, Ajmer, and the Principal reports that the masters join more freely than before with students in school games.

SECTION VII.

GENERAL MISCELLANEOUS.

Fairs.

233. The annual fair at Pushkar was held between the 28th October and the 2nd November 1906. Precautionary measures were taken to guard against the introduction of plague by placing restriction on the issue of railway tickets to persons from infected areas. The same rules as were observed in previous years were adopted in regard to the sanitation of the Pushkar village and the medical inspection and supervision of the pilgrims.

234. A horse show and cattle fair formed a prominent part of the programme of the fair as usual. There were about 24,000 pilgrims. This small attendance was due to the restrictions imposed on the sale of railway tickets from plague-infected areas.

235. The Police arrangement was good, and no serious crime was reported during the fair. The sanitary arrangements were satisfactory, and there was no epidemic disease of any kind.

236. Rinderpest was prevalent amongst cattle at the time. Care was taken that no animal suffering from the disease should be allowed at the fair. It is satisfactory to note that, notwithstanding the small attendance, the number of horses and other animals brought to the fair was large. A good number of them was sold, and fair prices obtained for them.

237. The annual Urs Fair in connection with the Shrine of the Durgah Khwaja Sahib was held between the 21st and 27th August 1906. To guard against the outbreak of any epidemic disease precautionary measures similar to those adopted at the Pushkar Fair were taken: some 200,000 pilgrims are said to have attended the fair. No serious crime was reported, and the Police and other arrangements appear to have been in every way satisfactory.

238. The Tejaji Fair at Beawar was held from the 28th to 30th August 1906. About 8,000 people attended the fair, which is a purely local gathering. This number is small as compared to an ordinary year. The decrease was due to the failure of the harvests.

239. The Tejaji Fair at Kekri was held between the 27th to 29th August 1906. The gathering was larger than the average. The fair was not held during the two previous years owing to plague and scarcity.

Presses.
(*Vide* Table No. I, Serial No. 53.)

240. The number of Presses in Ajmer-Merwara remained the same as in the previous year, *viz.*, 13. Seven newspapers and periodicals, all of them in the vernacular, were issued from these Presses.

241. One newspaper named "*Al-Moinia*" and one periodical named "*Sama-lochak*" were discontinued during the year 1906. One new magazine named "*Indian Standard*" was started from the Mission Press.

242. One book in English, two in Latin, and eleven in Indian languages were published during the year.

Bhumias.

243. The Bhumias of the Ajmer District were, as usual, received by the Assistant Commissioner, Ajmer, on the 26th June 1906, the birthday of His Majesty the King Emperor. The total demand of Nazarana was Rs. 3,961, out of which a sum of Rs. 3,726 has been recovered, while the balance, Rs. 235, is in train of liquidation.

TREASURE TROVE.

Treasure Trove coins for the year ending on the 31st March 1907.

244. In the Ajmer district no treasure was found during the year 1906-1907.

245. In the Merwara district five silver and three copper coins were found by some workers on the Bhim-Todgarh famine relief work, and were sent to the

Honorary Numismatist Asiatic Society of Bengal for examination and report. On examination the silver coins were found to be Gadhia Paisa of the common type, while the copper ones were Indo-Sassanian. As these coins were not required for distribution to other cabinets, they have been retained for the Ajmer Museum.

246. As the value of the coins was below Rs. 10, and there was no claimant for them, no proceedings for their acquisition under the Treasure Trove Act (VI of 1878) were adopted.

C. PRITCHARD, *Major*,
Commissioner, Ajmer-Merwara.

Statement of offences reported and of persons tried, convicted and acquitted of each class of offence in the District of Ajmer-Merwara in the year 1906—concld.

Description of offence.	Number of offences reported.	Number of cases returned as true.	Number of cases brought to trial during the year.	Number of Persons					Remarks.
				Under trial during the year including pending from previous year.	Acquitted or discharged.	Convicted.	Died, escaped or transferred to another province.	Remaining under trial.	
1	2	3		5	6	7	8	9	10
Forests Regulation, No. VI of 1874	22	23	23	38	6	31	1	...	
Gambling Act, No. III of 1867	11	11	12	79	12	67	...	...	
Municipalities Regulation, No. V of 1886	1,172	1,172	1,173	1,248	113	1,135	...	...	
Opium Act, No. I of 1878	27	27	27	30	4	26	...	...	
Police Act, No. V of 1861	1,098	1,096	1,096	1,106	33	1,072	...	1	
Post Office Act, No. XIV of 1866	...	...	...	...	...	...	...	...	
Railways Act, No. IX of 1890	...	...	...	...	...	...	...	...	
Registration of Documents Act, III of 1877	...	...	...	...	...	...	...	...	
Stamp Act, II of 1899	...	...	...	...	...	...	...	...	
Protection of Wild Birds and Games Act, XI of 1890	64	64	64	64	2	62		...	
Total	5,591	5,021	5,092	7,452	2,037	4,609	15	191	

Notes—*Column 1.*—(1) "Attempts" should be entered immediately after the offences to which they relate.
(2) "Abetments" should be included with the substantive offences abetted.
(3) When giving the list of special and local laws against which offences have been committed, care should be taken to specify the title of each Act quoted, as well as its number and year. An Act of a local legislature should be distinguished by initial letters placed after the number of the Act.

Column 2.—All offences (cases) of which information was given, complaint made, or cognizance taken under Chapters IV, V, XIV, XVI, C. P. C., for the first time during the year, are to be shown, although some of the charges may not have been prosecuted, or may have turned out to be false.

Column 3.—This column should be the total of column 2, less the number of cases dismissed under section 203, C. P. C., and less all other cases in which a *Magistrate* declared that the charge was false, and that the offence never occurred, or which were dismissed as frivolous and vexatious, and in which the complainant was fined under section 250, C. P. C.

Column 5.—This column should be the total of columns 6 to 9, *plus* column 9 of previous year's statement.

Column 8.—Persons transferred from one court *to* another *in the same Province* are not to be entered in this column.

Column 9.—A note should be added in the column of remarks showing respectively the number of persons who died, escaped or were transferred.

General.—Cases committed or referred should not be included in this statement by the committing or referring Magistrates. The results of the trials in these cases should be shown by the Courts to which the cases are committed or referred. If the total of column 13 of Statement 4 be deducted from the total of column 2 of that Statement, the difference should correspond with the total of column 5 of this statement.

[*Vide* **Section III.—Criminal.**]

Judicial Statement No. 3—(Criminal).

No. 13.—Statement of Miscellaneous Proceedings under the Criminal Procedure Code in Ajmer-Merwara during 1906.

Nature of Proceedings.	Total number of cases before the Courts during the year.	Number of persons concerned.	Number of persons discharged.	Number of persons convicted.	Remarks.
1	2	3	4	5	6
1. Proceedings against witnesses under Chapter VI C and section 485	...	...	...	...	
2. Proceedings under Chapter VIII to prevent breach of the peace	16	91	36	41	
3. Proceedings under Chapter VIII, Security for good behaviour	32	43	13	28	
4. Proceedings against local nuisances, Chapter X	...	...	...	...	
5. Possession, Chapter XII	...	...	...	...	
6. Frivolous or vexatious accusations, summarily dealt with under Chapter XX, section 250	...	...	...	...	
7. Non-attendance of jurors or assessors, Chapter XXIII, section 332	...	...	...	...	
8. Maintenance, Chapter XXXVI	...	...	...	...	
9. Forfeiture of bail or recognizance under Chapter XLII	11	11	9	2	
10. Proceedings under Chapter XLVI, section 563, against convicted offenders released under section 562	...	...	...	...	
Total	59	145	58	71	

Notes.—*Column 1, Sub-head 6.*—Complainants fined under section 250 are not to be entered as convicted in Statements 2, 4 or 5, but the fact of the fines having been imposed may be noted in the column of Remarks of Statement 2 against the complaints preferred by them.

Column 1, Sub-heads 2 and 3.—Cases under sections 107, 108, 109, 110, 118, 120, 123, C. P. C., will also appear under the appropriate head of the Schedule in Statement 2. Persons convicted under these heads and required to give security or recognizance under sections 120, 123, C. P. C., will also appear in Statement 5.

Column 1, Sub-heads 4, 5 and 8.—Cases under these Sub-heads will not appear in Statements 2, 4 or 5. Jury cases under Chapter X will, however, appear in Statement 13.

C. H. PRITCHARD, *Major*,
Commissioner, Ajmer-Merwara.

Judicial Statement No. 4—(Criminal).

No. 14.—Statement showing the General Result of Criminal Trials in the Tribunals of various Classes in Ajmer-Merwara in the year 1906.

NOTES.—*Column 1, Sub-head "Court of Sessions."*—Includes cases decided by Sessions Judges on reference under section 123, C. P. C.

Column 1, Sub-head "Superior Courts."—Includes cases decided by the High Courts on reference under sections 307 and 374, C. P. C.

Column 2.—That is, the total of the entries in columns 3 to 14. The cases of persons transferred from one Court to another in the same province will appear only against the Court by which decided, or in which pending at the end of the year if not decided.

Column 3.—A note against the figure for each Court should be made in the column of remarks showing separately how many accused persons were transferred to other provinces.

Columns 5 and 6.—Persons whose cases were referred to a Superior Court for higher punishment, for orders under section 562, Criminal Procedure Code, or for confirmation of sentence will be entered in column 7, and not in columns 5 and 6, against the Court making the reference. Against the Court receiving the reference they will be shown as convicted or acquitted, according to the orders passed by it, or as pending, if orders have not been passed.

Column 7.—These cases will also be shown against the Magistrates who made the reference, entry being made as directed above.

Column 8.—An insane accused who has been sent to a lunatic asylum should be kept on the file and entered in this column until he has been tried and either convicted or acquitted.

Column 9.—Omit cases in which the accused died, escaped or was transferred.

Column 10.—In calculating the duration before the Magistrates' Courts, the starting point to be taken is not the date of complaint or information, but that of apprehension, or attendance on summons or otherwise of the accused. As regards Courts of Sessions, the actual number of days occupied should be given, commencing from the date of commitment. Cases in which the accused has absconded before arrest or has escaped from custody should be taken off the file till the persons implicated appear again.

General.—The figures in this statement should agree with those of Statement No. 2, and should include nothing else.

C. H. PRITCHARD, *Major*,
Commissioner and Sessions Judge, Ajmer-Merwara.

Judicial Statement No. 5—(Criminal).

No. 15.—Statement showing the punishments inflicted by the various Criminal Tribunals in the District of Ajmer-Merwara in the year 1906.

Class of Tribunal.	Persons sentenced to: Death.	Transportation.	Penal Servitude.	Imprisonment: Rigorous.	Imprisonment: Simple.	Forfeiture of Property.	Fine.	Whipping.	Persons ordered to find or give security, or recognizance, to keep the peace, or sureties for good behaviour.	Persons imprisoned in default of security for good behaviour.	Detail of Punishment. Fine: Rs. 10 and under.	Rs. 50 and under.	Rs. 100 and under.	Rs. 500 and under.	Rs. 1,000 and under.	Above Rs. 1,000.	Total amount of fines imposed the year.	Total amount of fines realized during the year.	Amount paid by way of compensation.	Imprisonment: 15 days and under.	6 months and under.	2 years and under.	7 years and under.	Above 7 years.	Whipped: 10 stripes and under.	20 stripes and under.	30 stripes and under.	Number of boys whose sentences were commuted to detention in a Reformatory School.

Notes.—*Column 1, Sub-head "Courts of Sessions."*—Includes cases decided by Sessions Judges on reference under sections 31, 34 and 123, C. P. C.

Column 1, Sub-head "Superior Courts."—Includes cases decided by the High Court on reference under sections 307 and 374, C. P. C.

Column 19.—Includes fines realized during the year, though imposed in previous years. This column is intended to show the realized portion of fines imposed by officers in the exercise of original jurisdiction only.

Column 20.—Represents compensation awarded to complainants under section 545, Act X of 1882. These awards should also be shown under the head *fines* "imposed" and "realized" in columns 18 and 19, for they form part of such fines.

General.—(1) The total of columns 5, 6 and 11 should correspond with the total of columns 21 to 25 (both inclusive), and the total of column 8 should correspond with the totals of columns 12 to 17 inclusive.

(2) This statement is meant to exhibit every sentence passed, and, where two penalties are inflicted on the same offender, to exhibit them both. Further to reconcile the number of persons entered in this statement as punished, with the number entered as convicted in statement 4. It is necessary to note cases such as those in which fulfilment of contract is ordered under Act XIII of 1859 in a footnote. As regards persons whose cases were referred for higher punishment or for confirmation of sentence, the punishment, if any, sanctioned by the higher Courts should be entered against such higher Court, and not against the Court making the reference.

C. H. PRITCHARD, *Major,*
Commissioner and Sessions Judge, Ajmer-Merwara.

[*Vide* Section III—Criminal.] **Judicial Statement No. 6—(Criminal).**

No. 16.—Statement showing the result of appeal and revision in criminal cases in the District of Ajmer-Merwara in the year 1906.

Tribunals.	Number of Persons.											Average number of days during which each appeal lasted.	Remarks.
	Total number of appellants and applicants for revision before the Courts.	Died, escaped or transferred to another Province.	Appeals or applications rejected.	Sentence or order confirmed.	Sentence enhanced.	Sentence reduced or otherwise altered.	Sentence reversed.	Proceedings quashed.	New trial or further enquiry ordered.	Referred for revision to the High Court.	Pending trial.

GRAND TOTAL	...	...	...	...	...	...	...	...	...	...	...	...	

Notes.—*Column 2.*—Total of columns 3 to 12. Cases transferred from one Court to another *in the same Provinces* will appear only against the Court by which decided, or in which pending at the end of the year, if not decided The words "Applicants for revision" in the heading of this column should be held to include only *accused persons* on whose behalf an application for revision is made or in whose interest the Magistrate or Judge may take steps to obtain revision on his own motion. Where such application is made, or such steps are taken, on behalf of a *complainant*, the fact should be noted, with the number of complainants concerned, in the column of Remarks. In the latter case, the accused persons against whom the application is made, though not appearing in this column, will fall into their proper places in columns 3 to 13, according to the result of such application. This note is held to apply also to cases dealt with by the High Court on review of returns.

Column 5.—Appeals dismissed under section 423, C. P. C., should be entered in this column.

Column 9.—Orders of discharge set aside by a Superior Court under section 436 of C. P. C. should be entered in this column.

Column 10.—When a sentence is reversed or proceedings are quashed on appeal, and a new trial or further enquiry is at the same time ordered, the Appellate Court should not fill in column 8 as well as column 10, or column 9 as well as column 10, in each case respectively, but should make the entry in column 10 only.

Column 13.—Duration of appeals, applications for revision, or reference should be calculated thus—

(1) Appeals from date of receipt in office of the petition of appeal;
(2) Applications for revision—from the date of application;
(3) Cases dealt with by the Court otherwise than on application—from date of the order calling for the records; and
(4) Cases sent to the High Court by lower Courts for revision—from the date of the letter from the Court making the reference.

General.—Persons whose appeals were rejected under section 421, Criminal Procedure Code, should be entered in column 4, in which should also be included applicants for revision whose cases the Courts have refused to submit to the High Court. In columns 5 to 10, should be shown, opposite the sub-heads for Magistrates of District and Courts of Sessions, persons whose cases were disposed of by those Courts without reference to the High Court, and in column 11 all persons whose cases these Courts referred to the High Court.

C. H. PRITCHARD, *Major*,
Commissioner and Sessions Judge, Ajmer-Merwara.

Chief Courts of Districts	1	...	1	...	...	...	...	...	...	...	...	..	...	...	...	
TOTAL	6,809	4	1,157	812	1,945	757	166	57	45	548	193	1,125	328	157·7	51·5	

NOTES.—*Column 2.*—Total of the entries in columns 3 to 13 Cases transferred from one Court to another *in the same Province* will appear only against the Court by which decided, or in which pending at the close of the year, if not decided. The number of cases pending from the preceding year should be noted in the column of Remarks, and when deducted from the total of column 2 should leave a balance corresponding with the total of column 38 of Statement VII. If after deducting the arrears shown at the end of the previous year, the balance does not agree with the figures in column 38 of Statement VII, the difference should be explained.

Column 6.—When under section 102, C. P. C., a decree is wholly or partially made in favour of an absent plaintiff on the admission of the defendant, the case should be entered in this column.

Column 5.—A case in which defendant appears, but a plaintiff does not, and defendant does not confess judgment and the case is thereupon dismissed, the case should be entered in this column.

Columns 15 and 16.—As regards the average duration of suits the date of their presentation of the plaint shall be considered as the date of institution, unless some defect or omission requires to be amended before the plaint can be admitted, in which case the date of admission after amendment shall be regarded as the date of institution. With regard to applications to execute decrees the date of their presentation should alone be considered. In calculating average duration, the time that the suit has been actually pending in the particular Court should alone be calculated. The interval should be omitted during which an application for review which has been granted, or an appeal in which an order of remand has been passed, been pending in the superior Court. Revived suits are to be treated as if newly instituted on revival.

C. H. PRITCHARD, *Major*,
Commissioner and District Judge, Ajmer-Merwara.

* The percentages required for 2 (*a*), 2 (*b*), 2 (*c*) are to be calculated from the figures given in columns 7*a*, 7*b*, 7*c*, respectively, of General Table IV.

† The annual cost is calculated on the *direct* expenditure only. The average cost of educating each pupil is obtained by dividing the direct expenditure by the average number on the rolls monthly during the year.

‡ The average cost of each pupil in Local Fund and Municipal Schools is to be obtained from the figures given in General Table VII.

§ Fractions of a rupee should be omitted, except in the columns showing the average annual cost of educating each pupil.

N. B.—The headings prescribed by the Government and not required for this district have been omitted.

E. F. HARRIS,
Inspector of Schools, Ajmer-Merwara.

Vide Section VI.]

I.—Fractions of a rupee are to be omitted.

II.—If the income of any school maintained by the Department (or by a Local or Municipal Board) exceeds the expenditure, the return of Government (or Local or Municipal) expenditure should be reduced accordingly, the income and expenditure of the school being thus equalised. If in such school the income from fees or other private sources alone exceeds the expenditure, the excess income and the sources from which it is derived should be shown in the column of Remarks.

III.—If the income of any aided school exceeds the expenditure, the excess should be proportionately deducted from the sub-heads of endowments, subscriptions, and other sources; or, if the receipts from those sources are insufficient, from the sub-head of Fees also. The actual receipts from Imperial Revenues and from Local and Municipal Funds should be shown in full.

IV.—In calculating the expenditure from Imperial Revenues or any other Funds, all payments or contributions from Fees or other sources credited to that Fund should be deducted. Such payments should be shown as expenditure under the sub-heads to which they belong.

V.—The expenditure under "University," "Direction" and "Inspection" should be shown only in column 6 and its sub-divisions, and not in the preceding columns.

VI.—The expenditure on stipends held in Training Schools should be shown as part of the expenditure in those schools, not under the head of scholarships.

N.B.—The headings prescribed by the Government and not required for this district have been omitted.

E. F. HARRIS,
Inspector of Schools, Ajmer-Merwara.

REPORT

ON THE

ADMINISTRATION OF AJMER-MERWARA

FOR

1907-1908.

SECTION I.

GENERAL ADMINISTRATION.

Personnel.

1. Lieutenant-Colonel C. H. Pritchard, I. A., continued to hold charge of the office of Commissioner, Ajmer-Merwara, during the year under review.

2. The following officers held charge of the offices of Assistant Commissioners of Ajmer and Merwara for the period noted against their names :—

AJMER.

(1) Major H. B. Peacock from 1st April to 30th April 1907.
(2) Mr. E. H. Kealy, C.S., from 1st May 1907 to 21st March 1908.
(3) Mr. E. B. Howell, C.S., from 22nd March to 31st March 1908.

MERWARA.

Captain W. G. Hutchinson, I.A., continued to hold charge of the office of Assistant Commissioner, Merwara, during the year.

3. Captain L. J. M. Deas, I.M.S., held the office of Civil Surgeon, Ajmer, up to the 3rd May 1907. Major P. J. Lumsden, I.M.S., held charge of the office from the 4th May 1907 to the end of the year.

4. Mr. R. E. Coupland held the office of Superintendent of Police Ajmer-Merwara, throughout the year.

Revenue and Expenditure

5. The total revenues of Ajmer-Merwara, Imperial and Local, amounted to Rs. 14,03,172 as compared with Rs. 13,03,340 and the expenditure to Rs. 11,87,327 as against Rs. 12,63,066 in the year 1906-1907. Imperial revenues increased from Rs. 8,39,889 in 1906-1907 to Rs. 9,28,093 in the year under report while the expenditure amounted to Rs. 6,89,023 as compared with Rs. 8,48,241 in 1906-1907. (*Vide* Statement No.)

6. There was a surplus of Rs. 2,39,070 in Imperial revenues during the year under report as compared with a deficiency of Rs. 8,352 in the preceding year.

The increase in Imperial revenues occurred under the following heads:—

	Rs.
Stamps	4,594
Excise	58,041
Customs	1,124
Assessed taxes	6,162
Registration	495
Interest	43,015
Law and Justice—Courts of Law	3,086
Law and Justice—Jails	632
Education	2,619
Scientific	2
Superannuation receipts	1,416
	1,21,186

There was a decrease of Rs. 32,982 under the remaining heads. There was therefore a net increase of Rs. 88,204 in the Imperial Revenues. The principal increase was under the heads "Excise" and "Interest."

SECTION II.

ADMINISTRATION OF THE LAND.

I.—COURT OF WARDS.

Year ending 31st July 1908.

7. The estates are managed by the General Manager of the Court of Wards, Ajmer, under the orders of the Commissioner who represents the Court of Wards.

8. The year under report (Sambat 1964) was one of deficient rainfall. Owing to early cessation of the rains the Kharif area failed or gave a poor yield. The situation to some extent was improved by the winter rains and brought the cultivators a good return. On the whole, owing to the high price at which the grain was sold, the receipts in cash from the crops were nearly equal to that of a normal year. The Gangwana estate is situated within the area where the rainfall was very scanty and distressed people from this estate went to special Public Works which were opened by the District Board on the improvement of the Ararka road. Agricultural aspects.

9. At the beginning of the year there were 12 estates under management. The estate of the late Raja Chander Singh, Jagirdar of Rajgarh (who died on the 23rd January 1907) was placed under the management of the Court of Wards when the succession was decided in favour of Raj Singh, younger son of Thakur Gulab Singh of Rajgarh. Thus at the close of the year there were 13 estates under management, *viz.*, Bhinai, Masuda, Junia, Deolia Khurd, Kalahera Bogla, Kerot, Sarana, Goela, Basundni, Karel, Gangwana, Richmalian and Rajgarh. Estates under management.

10. The balance at the credit of the Court of Wards at the beginning of the year was Rs. 1,07,795 in cash and Rs. 1,16,100 in Government securities.

11. The income of the estates under management during the year amounted to Rs. 3,30,237. Financial.

The total receipts including the cash balance amounted to Rs. 4,38,032, of which Rs. 3,69,464 came from the three important estates of Bhinai, Masuda and Junia as below :—

	Rs.
Bhinai	90,767
Masuda	2,07,100
Junia	71,597
	3,69,464
and Other estates	68,568
TOTAL	4,38,032

12. The expenditure (including sums invested in Government securities) amounted to Rs. 3,01,178 (Bhinai Rs. 67,342, Masuda Rs. 1,25,004, Junia Rs. 56,775, other estates Rs. 52,057. The closing cash balance at the credit of the several estates on the 31st July 1908, was Rs. 1,36,854, *viz.*, Bhinai Rs. 23,426, Masuda Rs. 82,096, Junia Rs. 14,822, other estates Rs. 16,510, besides Government securities of the face value of Rs. 1,66,600 held on behalf of the following estates :—

	Rs.
Masuda	1,58,100
Kerot	6,000
Karel	1,500
Sarana	1,000
TOTAL	1,66,600

13. During the year Government Promissory Notes of the face value of Rs. 50,000 and Rs. 500 were purchased on behalf of the estates of Masuda and Karel respectively..

Cost of management.

14. The cost of management amounted to Rs. 26,360, which is 6·01 per cent. of the gross income of the estates.

Demand and collection.

15. At the beginning of the year there was an outstanding arrears of Rs. 55,223. The demand from all sources amounted to Rs. 3,38,186. The two amounts added together brought the total demand to Rs. 3,93,409 as under :—

	Rs.
Bhinai	1,06,145
Masuda	1,55,501
Junia	68,191
Other estates	63,572
TOTAL	3,93,409

16. The collections amounted to Rs. 3,30,237. (Bhinai Rs. 82,142, Masuda Rs. 1,40,815, Junia Rs. 55,713, other estates Rs. 51,567). Remissions amounted to Rs. 372 and the outstandings at the close of the year were Rs. 62,800.

17. The following table shows the demand, collections, remissions and outstandings of income under the head "Rents and cesses":—

Estates.	Demand.	Collections.	Remissions.	Outstandings.
	Rs.	Rs.	Rs.	Rs.
Bhinai	96,798	77,132	...	19,666
Masuda	1,19,487	1,08,897	...	10,590
Junia	63,953	53,682	...	10,271
Other estates	53,696	43,383	213	10,100
TOTAL	3,33,394	2,83,094	213	50,627

Government dues.

18. The instalments of Government jama due for the Kharif and Rabi harvests of Sambat 1964 (A. D. 1907-08), were paid by all the estates in full, together with the arrears of jama due for Rabi harvest of Sambat 1962 (1905-06) which was postponed for payment during the year under report.

19. The estates of Bhinai, Goela and Richmalian already owe takavi to Government, and in the year under report Rajgarh was added to this list, the estate having to repay a takavi loan amounting to Rs. 741.

20. The instalments of the takavi debt, which fell due during the year as well as the arrears due by Goela and Richmalian, were paid in full. The Government takavi now due by the wards estates is Rs. 13,482, *viz.*, Bhinai Rs. 12,578, Richmalian Rs. 163, and Rajgarh Rs. 741.

21. In the scarcity of 1906 the Bara Talao at Sarana was improved as a famine relief work. The Local Government decided that Rs. 4,633 including interest should be recovered from Sarana estate in 15 yearly instalments. Towards this debt Rs. 309 have been paid during the year and Rs. 4,324 remain to be paid.

22. Besides the liabilities on account of Government jama and takavi due to Government five of wards estates owed private debts amounting to Rs. 51,003 at the beginning of the year. Other liabilities.

23. No loan was borrowed during the year. The Court of Wards admitted debts amounting to Rs. 2,600 on account of the Goela estate and Rs. 1,554 on account of the Rajgarh estate.

24. The total private debt thus amounted to Rs. 55,157, out of which Rs. 33,922 were paid in reduction of the debt during the year, leaving a liability of Rs. 21,235 against six estates.

25. The total liabilities at the close of the year under report due to Government and other creditors amounted to Rs. 40,154 against ten estates as under Bhinai Rs. 23,431, Masuda Rs. 90, Junia Rs. 1,365, Deolia Khurd Rs. 950, Gangwana Rs. 6,550, Sarana Rs. 4,324, Karel Re. 1, Richmalian Rs. 163, Goela Rs. 1,112, and Rajgarh Rs. 2,168.

26. Rai Sahib Munshi Gopi Nath, who took charge of the post of General Manager on the 17th August 1907, held charge of the post to the close of the year under report. General remarks.

27. The minor Raja Rajsingh of Rajgarh was admitted into the Mayo College on the 6th July 1908.

The following wards are reading at the Mayo College :—Raja Sardul Singh of Bhinai, Thakur Bijai Singh of Masuda, Thakur Udai Singh of Kerot, Thakur Jagmal Singh of Sarana, Thakur Nathu Singh of Kalahera Bogla, Thakur Ranjit Singh of Goela, Raja Raj Singh of Rajgarh and Nahar Singh, younger brother of Thakur Kesri Singh of Junia.

28. The Thakurs of Deolia Khurd and Basundni and two younger brothers of the Thakur of Sarana continued their studies at the Ajmer Government College.

29. It will be understood from this record that Court of Wards is not neglecting the education of the minors in its charge.

30. The health of all the wards was good and the reports in respect to their progress at the College were satisfactory. The case of the Basundni Mica Mines was decided by the Hon'ble the Chief Commissioner against the Sawar estate and in favour of Basundni. These mines, which were worked by Rai Bahadur Seth Sobhag Mal Dadha, were closed in December 1907, and it has been reported that the business resulted in loss. The accounts for 35 months the mines were worked are being examined by arbitrators.

II.—Estates managed under the Ajmer Taluqdars Relief (Dami) Regulation IV of 1872.

31. Under this Act the Morajhari estate continued to be managed by the Court of Wards during the year under report. Inclusive of the opening balance the income amounted to Rs. 657 and the expenditure to Rs. 402, leaving a cash balance of Rs. 255.

32. The Dami instalments, amounting to Rs. 300, which fell due during the year, were paid in full. The balance of Dami debt due by this estate amounts to Rs. 422.

III.—Estate of the Diwan of the Durgah Khwaja Sahib.

33. The income of the estate for the year under review amounted to Rs. 6,160 as against Rs. 9,172 during the year 1906-1907. The Diwan explains that the decrease was due to the poor outturn of the Kharif crop and also to decline in miscellaneous receipts.

34. The charges during the year 1907-1908 amounted to Rs. 11,829 as against Rs. 11,552 in 1906-1907 or Rs. 277 in excess of the previous year. The expenditure exceeded the income by Rs. 5,669. The increase in expenditure is attributed to (*i*) the Diwan's journey from Ajmer to Hyderabad, (*ii*) the visit of the Prime Minister of Hyderabad, Deccan to Ajmer, and the expenditure under heads "Diwan's personal expenses," "Diwan's relatives

and servants," and under the head "Miscellaneous," is considerably greater than it had been for the last ten years, as shown below :—

Heads of expenditure.	For the year 1907-1908.	Average of the last ten years.	Remarks.
	Rs. a. p.	*Rs.*	
(1) Diwan's personal expenses	2,534 0 0	688	
(2) Relatives and servants	4,289 0 0	2,711	
(3) Marriages and deaths	617 3 6	962	
(4) Religious expenses	440 0 0	257	
(5) Miscellaneous	1,831 10 0	...	
(6) Debts	2,117 0 0	...	
Total . .	11,828 13 6	4,618	

35. In view of the decreased income the Diwan should not have made these large increases under the above heads. It shows that financial ability in the management of his estate is wanting.

36. It appears that the Diwan makes no Budget Estimates for his estate or if he makes any, that they are entirely disregarded.

He has now been directed to submit a Budget Estimate for the year commencing 1st August 1908 for the Commissioner's approval.

37. The present debts which the Diwan acknowledges amount to Rs. 6,163.

Statement showing the debt of the Diwan of Durgah Khwaja Saheb.

Particulars.	Amount.	Remarks.
	Rs.	
Due to Seth Amarchand	5,669	
Due to Wali Mohomed to whom a fixed instalment of Rs. 100 is paid.	600	
Due to Chatar Bhuj Gandi	1,859	
Total	8,128	
Deduct the amount—		
Paid to Seth Amarchand towards his debt after the close of the year under report.	—1,960	
Total debt now owed by the Diwan	6,168	

38. The debts amount to about three-fourths of the average gross income of the estate.

39. It is clear that the Diwan is again involving his estate in debt, and it is a question whether it would not be wiser that the estate should again be taken under the Court of Wards.

SECTION III.

PROTECTION.

(1) POLICE (YEAR ENDING THE 31ST DECEMBER 1907.)

CHARGE.

40. Mr. R. C. Bramley was in charge of the office of Superintendent of Police, Ajmer-Merwara, till his transfer in March 1907, when Mr. R. E. Coupland took charge and continued in office to the end of the year.

Police State-ments. A. Parts I and II. B. Parts I and II. C. D. and E. Nos. 4-10.

CRIME.

41. The total number of cognizable offences including the number of true cases reported to Magistrates during the year was 2,560 against 3,234 in 1906, which shows a decrease of 674 cases as compared with the figures of the previous year. The decrease occurs principally in classes III and IV "Offences against property" and is probably due to some extent to the improved agricultural condition of the year.

42. Of the total of 2,560 cases, 2,365 were reported to the police and 195 to the Magistracy. The figures for the triennial period are as follows:—

Year.	Police.	Magisterial.
1905	3,819	248
1906	3,036	198
1907	2,365	195

43. The steady decrease in Police cases as compared with the figures of the previous years was mainly due to decrease in cases under class V "Minor offences against property."

44. There was an increase of 39 cases of non-cognizable crime, the figures being 2,895 against 2,856 in 1906.

45. In the following table the details of cognizable and non-cognizable crime are compared with those of the preceding year:—

Particulars.	1906.					1907.				
	Cognizable.			Non-cognizable.	Total crime.	Cognizable.			Non-cognizable.	Total crime.
	Police.	Magistrate.	Total.			Police.	Magistrate.	Total.		
Abatement—										
Class I	16	...	16		...	8	1	9		...
„ II	100	8	108		...	98	19	117		...
„ III	538	1	539	2,856	...	363	5	368	2,895	...
„ IV	5	6	11		...	7	3	10		...
„ V	1,128	151	1,279		...	752	109	861		...
Total . .	1,787	166	1,953	...	...	1,228	137	1,365	...	...
Class VI	1,249	32	1,281	...	...	1,137	58	1,195	...	...
GRAND TOTAL . .	3,036	198	3,234	2,856	6,090	2,365	195	2,560	2,895	4,455

POLICE COGNIZABLE CASES. ALL CLASSES INCLUDING UNDETECTED AND EXCLUDED CASES.

46. The total number of cognizable cases reported to the Police under all classes was 2,365 as compared with 3,036 in 1906. Including 23 cases pending from the preceding year and excluding 123 cases in which investigation was refused, the total number of offences dealt with by the police during the year was 2,265. Of this, 1,473 ended in conviction giving a percentage of 65·03.

47. The percentage of investigations in these cases was 95. The percentage of convictions is, therefore, remarkably good—and reflects credit on the manner in which the police sent up the cases to the Courts.

Class I.— Offences against the State public tranquillity, safety and justice.

48. There were eight cases under this class as compared with 16 in 1906. The total number of cases under head "Offences relating to coins and stamp" dropped from 11 to 2; out of these two cases one was struck off as false and the other acquitted. A considerable number of false coins are handed on at the railway stations in Ajmer-Merwara. The Superintendent of Police reports that he has at present no reason to suppose that their source of origin is local.

Class II.—Serious offences against the person.

49. Under this class there were 98 cases reported during the year as compared with 100 in 1906. The decrease is noticeable chiefly under the heads of "Grievous hurt" and "Hurt."

50. Out of 11 cases of murder, attempts to murder and culpable homicide one case was expunged, three convicted, three undetected, and three were acquitted and one remained pending at the close of the year. In these cases fifteen persons were arrested by the police, of which four were convicted (one convicted under non-cognizable offence), three discharged, one released, and seven remained pending trial at the close of the year. None of the murder cases exhibited any extraordinary features.

51. There were no cases of "Rioting" during the year. This is a remarkable testimony to the law-abiding habits of the people of Ajmer-Merwara.

Class III.—Serious offences against person, property or against property only.

52. Under this class 363 cases were reported to the Police against 538 in 1906. The decrease is chiefly under the head "Lurking house trespass or house-breaking with intent to commit an offence or having made preparation for hurt and house trespass with a view to commit an offence or having made preparation for hurt." There were four cases of dakaiti, of which one was convicted and three remained undetected. This record of non-detection is not satisfactory. It is to a large extent accounted for by the proximity of Native States on all sides of Ajmer-Merwara. As it appeared that an organised gang was operating from surrounding Native States an officer from the Criminal Branch was deputed to investigate and work out these cases. As a result of the enquiries made it has been found, that two distinct gangs including some 50 or 60 men residents of various States have been at work for years, and more than 100 dakaities and robberies have been definitely traced to them. A considerable number of arrests have been made.

53. The operations of a gang of Bauriahs have also been brought to light during the year under report. These Bauriahs have, it appears for the last three years, successfully worked in Ajmer and as far afield as Ahmedabad, East Khandesh, Amraoti, Indore, etc. A number of the gang are now undergoing trial in the Jodhpur State under Section 401, Indian Penal Code, and a case under Section 401 is being prepared against the remainder.

54. Out of 14 cases of robbery one was proved false, two convicted, and 11 remained undetected. This record of non-detection is similarly unsatisfactory and is accounted for as noted in respect to dakaities. There were no

special features in connection with any of the cases with the exception of a certain number of attacks by men mounted on camels and this was the work of the gangs connected with the dakaities noted above.

Class IV.—Minor offences against the person.

55. Under this class there were seven cases as compared with five in 1906. The increase of two cases was under the head of "Wrongful restraint and confinement."

Class V.—Minor offences against property.

56. There were 752 cases reported to the Police under this class as compared with 1,128 in 1906. The decrease of 376 cases is remarkable and is chiefly under the heads "Ordinary theft" and "Receiving stolen property."

57. There were 102 cattle thefts as against 153 in 1906. In six of these cases investigation was refused, 11 declared to be false, 14 convicted, 6 acquitted, and 65 remained as not detected. This record needs large improvement. Considerable attention has been paid by the Commissioner and the Superintendent of Police during last cold weather tours to secure the more effective registration of cattle sales in villages and the regular check of the same by the Police—and it is hoped that improvement in the detection of cases may be achieved during the ensuing 12 months.

Class VI.—Other offences not specified above.

58. There were 1,137 cases reported to the Police under this class as compared with 1,249 in 1906. The decrease was principally under the head of "Public nuisance." This class includes cases under the Sanitary Laws. The number of sanitary cases taken up by the Police was 1,128 as compared with 1,230 in 1906.

59. The incidence of crime (sanitary and false cases excluded) per 10,000 of population was 21·22 against 33·19 in 1906. Incidence.

60. The number of cases investigated amounted to 1,035 as compared with 1,497 in 1906; of these 414 were prosecuted to conviction. The percentage of conviction to cases investigated was 40·00 against 42·95 in 1906.

61. The number of persons arrested during the year was 1,997 as compared with 2,583 in 1906. Of these arrested 11 persons were released under Section 169 of the Code of Criminal Procedure and of the remaining tried by the Courts, 1,749 were convicted and 173 acquitted or discharged.

DIRECT COGNIZABLE CRIME CASES.

62. During the year under report the total number of Magistrates' true cases amounted to 195 as compared with 198 in 1906. Of these 72 resulted in conviction, representing a percentage of 36·92.

PERSONS.

63. The number of persons concerned in the above direct cases was 566 as against 498 in 1906. Out of the persons implicated 112 persons were convicted showing a percentage of 19·78.

NON-COGNIZABLE CRIMES.

(a) *Cases.*

64. During the year 1907 the total number of non-cognizable cases for disposal was 2,938 including 43 pending from the previous year. Of this number 1,430 ended in conviction giving a percentage of 48·67.

(b) *Persons.*

65. In connection with the above non-cognizable cases 4,457 persons appeared before the Courts including 149 persons from the last year. Of these 1,704 persons were convicted.

Property stolen and recovered.

66. The property reported stolen in Police cognizable and non-cognizable cases was appreciably less in value than that stolen in the previous year, being Rs. 51,382 as against Rs. 95,463 in 1906. The value of property recovered in these cases amounted to Rs. 7,745 representing a percentage of 15·07. The amount recovered is noticeably small.

67. The number of cases in which property was stolen was 861 as compared with 1,314 in 1906, and the number in which property was recovered was 383 as against 685 in 1906.

Strength.

68. The permanent strength of the Police force was 824. The total expenditure amounted to Rs. 1,38,170, of which Rs. 1,13,904 were debited to Imperial revenues and the balance of Rs. 24,266 to municipal and other bodies. The increase in cost and number was due to reorganisation * of establishment under the new scheme.

Increase.
* 1 Inspector.
15 Head Constables.
102 Constables.

Punishment.

69. The total number of punishments inflicted decreased from 50 in 1906 to 23 in 1907. The general conduct of the force was reported to be satisfactory. The casualties which occurred during the year 1907 were as follows:—

(1) Pension or gratuity	9
(2) Resigned without pension or gratuity	42
(3) Dismissal	6
(4) Discharged otherwise	21
(5) Desertion	10
(6) Deaths	15
TOTAL	103

Health.

70. The health of the force was good. The total number of admissions into the Hospitals was 43·87 and the daily average number of men absent from duty on account of sickness was ·12.

Rewards.

71. Sixty-two officers and men were rewarded during the year. The amount earned by them in reward was Rs. 200 as compared with 1,020 in 1906.

Old offenders.

72. Ninety-two previously convicted offenders were convicted during the year as compared with 187 in 1906.

Finger impression.

73. Steps have been taken to train the Police Moharrirs attached to Courts not situated in Ajmer in the taking of finger impressions and now the slips of all persons whose identity is unknown are sent to the Bureau. A considerable number of wandering criminals have been identified by means of Finger Impression slips.

Proclaimed offenders.

74. At the beginning of the year there were 98 names on the register. The form of register was revised and the names were divided into two classes—"A" including names of absconders whose identity was definitely established, and "B" including names of those whose identity remained unknown. Forty-eight names in class "A" and 50 in class "B." Five in class "A" and 8 in class "B" were added during the year, 13 in class "A" and 2 in class "B" were arrested during the year, while 10 names in class "A" and 32 in class "B" were expunged owing to ascertained death, lack of evidence, etc. The number remaining on the register was 30 in class "A" and 24 in class "B."

75. It is difficult to give any figures to show the work done in surveillance because the old registers have been abandoned in favour of the new registers introduced under the orders of the Government of India. Village registers in the new style have been started and history sheets prepared: sufficient use is not yet made of bad character rolls, and one great difficulty experienced is the delay in receipt or non-receipt of a reply when these rolls are sent to the police of Native States.

76. Village chaukidars and headmen have not as yet realised their responsibility for prompt reports of movements of suspects, and except in towns surveillance is defective.

77. In particular throughout the whole of the Istimrari area and in Jagir villages there were no headmen appointed for the purpose of Section 45 of the Criminal Procedure Code.

78. Steps for the appointment of headmen in all Istimrari and Jagir estates are now being taken with the sanction of the Hon'ble the Chief Commissioner.

Co-operation with the Police of Native States.

79. Our relations with the surrounding Native States have been satisfactory. In some conspicuous instances, notably in the enquiries now proceeding into gang cases, cordial co-operation has ensued. The Superintendent of Police arranged and provided over a series of Conferences between the border police of Ajmer-Merwara and those of surrounding Native States, with a view to promote cordial relations, and to secure more effective co-operation. The proposals which have resulted have been submitted to the Hon'ble the Chief Commissioner.

Reforms.

80. The revised scale of pay has been introduced partially for all ranks except that of Sub-Inspectors. Provision has been made for the entertainment of five candidates for Sub-Inspectorship, who are now undergoing training at Muradabad.

81. The registers and methods of surveillance, patrol, etc., recommended by the Police Commission have been started and satisfactory progress is being made.

82. The want of a Police Manual both for the head-quarters office and for Police stations is greatly felt.

83. The provision of suitable and up to date Police Lines is much needed for the head-quarters at Ajmer. The matter is under consideration, and it is hoped that some progress in this matter may be recorded during the ensuing 12 months.

84. On the whole, the work has been satisfactory. Crime decreased considerably and no subsequent appreciable increase has occurred in spite of the scarcity and high prices.

85. Detection in serious crime is not very good, but in view of the qualifications of the present investigating staff and the difficulties entailed by the position of Ajmer-Merwara it is remarkable that it is not worse.

86. The reorganization scheme has been introduced, but several years must elapse before the full effect of the reforms is felt.

(2) CRIMINAL JUSTICE (YEAR ENDING THE 31ST DECEMBER 1907).

(*Vide* Judicial statements Nos. 1 to 6 and 13, Serial Nos. 11 to 16 and 25.)

87. During the year 1907, the office of District Magistrate, Ajmer, was held by Major H. B. Peacock, I.A., and Mr. E. H. Kealy, I.C.S.; Captain W. G. Hutchinson, I.A., continued to hold charge of the office of District Magistrate, Merwara.

88. The total number of offences reported was 5,629, of which 4,790 were returned as true. Of these 871 were reported under the Police Act against 1,098 in 1907.

89. The number of cases under the Opium Act was 24 as against 27 in 1906 and 18 in 1905.

90. The number of persons under trial in the year was 7,672: of these 4,082 were convicted. The corresponding figures for 1906 were 7,462 and 4,609. The number of persons placed on trial before Honorary Magistrates was 3,506 as against 3,827 in 1906.

91. The average duration of each case was 9·5 as against 7·4 in 1906. The decrease in the number of cases under the Ajmer Municipalities Regulation, 1886, accounts for this.

92. The number of witnesses examined was 4,243 against 4,808 in 1906.

93. There was an increase this year in the number of cases under Chapter VIII of the Code of Criminal Procedure, and the percentage of convictions (19·24) was lower than in 1906 (51·49).

94. The number of persons placed on trial before the District Magistrates was 142. The Court of Sessions dealt with the cases of 14 persons as against five in 1906.

95. In the railway jurisdiction 240 persons were placed on trial, of whom 215 were convicted. One hundred and fifteen persons on trial were charged with theft, of whom 103 were convicted.

96. The number of Appeals and Revisions dealt with by the District Magistrates and the Sessions Court was 231.

97. The Courts of the—

(1) Cantonment Magistrate, Nasirabad,
(2) Judicial Assistant Commissioner, Ajmer,
(3) Extra Assistant Commissioner, 2nd grade, Ajmer,
(4) Ditto ditto, 3rd grade, Kekri,
(5) Cantonment Magistrate, Deoli,
(6) Honorary ditto, Bandanwara,
(7) Ditto ditto, Deolia,
(8) Ditto ditto, Masuda,
(9) Ditto ditto, Sawar,
(10) Ditto ditto, Bhinai,
(11) Tahsildar, Ajmer,
(12) Naib Tahsildar I, Ajmer,
(13) Honorary Magistrate, Ajmer,

were inspected by the District Magistrate, Ajmer. The District Magistrate, Merwara, inspected the Courts of the Magistrate in charge of the Beawar Sub-Division, the Honorary Magistrate and Magistrate, 2nd Class, Beawar, the Tahsildars and Magistrates, 2nd class, of Beawar and Todgarh, the Naib Tahsildars and Magistrates, 3rd class, of Beawar and Todgarh.

98. The following Courts were inspected by the Commissioner during the year under report :—

(1) Assistant Commissioner, Merwara.
(2) Judicial Assistant Commissioner, Ajmer.
(3) Cantonment Magistrate, Deoli.
(4) District Magistrate, Abu.
(5) Deputy Magistrate, Beawar.
(6) Honorary Magistrates of Sawar, Bhinai and Kharwa.

(3) CIVIL JUSTICE (YEAR ENDING THE 31ST DECEMBER 1907).

(*Vide* Judicial statements Nos. 1 and 7 to 13, and Serial Nos. 11 and 17 to 25.)

99. The number of Courts during the year under report was 25 against 24 in the preceding year.

100. About the end of the year a temporary Court of Additional Commissioner was established with effect from the 9th December 1907, to clear off the arrears of Civil Appeals in the Commissioner's Court.

101. The total number of suits instituted (including miscellaneous cases) was 7,399, of these 4,509 were instituted in the Court of Small Causes.

102. The total value of suits instituted was Rs. 6,42,077 against Rs. 5,09,108 in 1906. Suits of all kinds the value of which was less than Rs. 50 numbered 4,783.

103. The total number of suits of all kinds (including miscellaneous cases) for disposal was 8,973. This includes the pending list at the close of the year 1906 (1,164) and 410 under review, revival and remand. Disposals by transfer numbered 5, and those without trial 1,612. The number of suits disposed of without contest was 4,716, of suits disposed of by arbitration 90, and of suits disposed of with contest 1,103. The pending file at the close of the year was 1,447 as compared with 1,164 in the preceding year, and, of these 554 suits had

been pending for more than three months. The average duration of contested Civil Suits was 165·07 days and that of uncontested suits, 38·80.

104. On the appellate side there were 373 appeals from decrees and orders for disposal. Nine appeals were disposed of by the Additional Commissioner whose Court was established only from the 9th December 1907. The pending file at the close of the year was 221 appeals. The average duration of appeals was 366·5 against 227·8 days in the preceding year.

105. The number of applications for execution of decrees was 17,233, against 13,624 in 1906. The number pending at the end of the year was 2,774. In 11 cases only were the Judgment Debtors imprisoned.

106. During the year under report the Commissioner inspected the Courts of the—

(1) Assistant Commissioner, Merwara.
(2) Judicial Assistant Commissioner.
(3) Cantonment Magistrate, Deoli.
(4) District Magistrate, Mount Abu.
(5) Deputy Magistrate, Beawar.
(6) Honorary Munsiffs of Sawar, Bhinai and Kharwa.
(7) Extra Assistant Commissioner, 2nd grade.
(8) Cantonment Magistrate, Nasirabad.

107. There are no rules in existence regarding the inspection of subordinate Courts by the District Judge, and in previous years the inspections have been few and far between and in the case of some of the Courts inspected during the year there is no record of any previous inspection by the District Judge.

108. This statement speaks for itself. There can be no question that the regular inspection of all subordinate Courts by the District Judge is imperatively required.

109. Printed inspection forms have now been drawn up which much expedite and facilitate inspection, and it is hoped that this important duty may not be lost sight of in future.

110. It is undoubtedly necessary that there should be some definite rules and orders on the subject and this is being represented to the Local Government.

(4) REGISTRATION (YEAR WHICH ENDED ON THE 31ST DECEMBER 1907).

111. The total number of all classes of documents presented for registration during the year under report was, 3,318 as against 2,873 in the previous year. The variations under different heads in the registration of documents are explained below:— *Vide* statement Form No. 1, Serial No. 26.

Heads.	Increase.	Decrease.
Book No. I	* +350	...
Book No. III	+14	...
Book No. IV	+68	...
Book No. V	...	—2
Book VI	+15	...

* +192 Obligatory.
+158 Optional.

112. The increase which occurs chiefly under the head of book I (obligatory class) may be accounted for by the fact that since the passing of the

Transfer of Property (Amendments) Act VI of 1904 the Registration of instruments of Mortgages below Rs. 100 which was formerly optional under section 18 of the Registration Act (III of 1877) has now become compulsory. Out of the total documents presented for registration 2,996 documents or 63·17 per cent. against 67·73 per cent. in the previous year were registered by the Sub-Registrar, Ajmer. The slight fall in the percentage does not appear to call for special explanation.

113. When compared with the preceding year's figures, the area of the agricultural land transferred by sale shows an increase of 495 bighas (from 2,863 bighas to 3,358 bighas) while there is a decrease of 1,154 bighas (from 7,426 to 6,272 bighas) in the area of agricultural land transferred by mortgage. The value of land transferred by sale and mortgage amounted to Rs. 2,51,264 or Rs. 53,462 more than that in the preceding year. The increase is due to the fact that the registration of instruments and mortgages below Rs. 100 has now become compulsory.

114. The total receipts and expenditure of the year amounted to Rs. 6,320 and Rs. 1,920 as against Rs. 6,060 and Rs. 1,968 respectively in 1906, showing a surplus of Rs. 4,400 as against Rs. 4,092 in the preceding year.

115. The system of recording thumb impressions worked well throughout the year.

(5) MUNICIPALITIES (YEAR ENDING THE 31ST MARCH 1908.)

Ajmer Municipality. (*Vide* tables 1-4, Serial Nos. 27-30).

116. The constitution of the committee remained unchanged with the exception that Mr. C. W. Waddington, M.A., C.I.E., resigned his seat as Chairman on the 15th November 1907, in consequence of taking long leave out of India and his place was taken by Mr. W. T. vanSomeren, C.I.E. He also resigned on the 15th February 1908 owing to his transfer from Ajmer.

117. During the year under report the committee held 35 meetings, of which 9 were special and 26 ordinary. The average attendance at each meeting was 7·47 and 21·84 respectively.

118. The total income of the year was Rs. 2,72,670 as against Rs. 2,56,148 in 1906-07, and the expenditure Rs. 3,19,825 as against Rs. 2,43,976, but excluding refunds amounting to Rs. 41,580 and Rs. 48,721, the figures for the two years compare as follows :—

	1906-1907.	1907-1908.	Difference.
	Rs.	Rs.	Rs.
Income	2,14,568	2,23,949	+9,381
Expenditure . . .	2,02,396	2,71,104	+68,708

The closing balance amounted to Rs. 1,06,623.

119. The increase in the income was chiefly due to the increased revenue derived from octroi, sale of Foy Sagor water, markets and slaughter houses, gardens and unexpended balance received from the Executive Engineer, Ajmer Provincial Division.

120. The gross and net receipts from octroi in the two years are shown below :—

	Gross.	Net.
	Rs.	Rs.
1906-1907	1,85,088	1,43,508
1907-1908	1,94,937	1,46,216
	+9,848	+2,708

121. The net increase of Rs. 2,708 is attributed chiefly to the year being an auspicious one for marriages.

122. The income under the head "Sale proceeds of land" fell from Rs. 9,495 to Rs. 67.

123. The increase of Rs. 2,151 under the head "Markets and Slaughter houses" is due to better competition on auction sales.

124. The income under the head "Gardens" shows an increase of Rs. 1,063 which was due to the sale of vegetables which were largely cultivated owing to there being plenty of water in the Anasagar Lake.

125. The income under the head "Sales, miscellaneous" rose from Rs. 29,359 to Rs. 39,721, the increase of Rs. 10,362 being due to the sale of Foy Sagar water in larger quantities than in the preceding year and to the fact that several outstandings were recovered during the year.

126. The increase of Rs. 2,371 under the head "Advances" is chiefly due to unexpended balances on account of water works having been returned by the Executive Engineer, Ajmer Provincial Division, on the transfer of the maintenance of Ajmer water works to the Municipal Engineer.

127. The total disbursement during the year under report amounted to Rs. 3,19,825 against Rs. 2,43,976 in the previous year. The increase of Rs. 75,849 occurred chiefly under the following heads :—

"Head Office", "Octroi establishment", "Refunds", "Lighting" "Police", "Water supply", "Conservancy", "Public Works establishment", "Roads", "Printing charges" and "Advances".

128. The increase of Rs. 2,595 under the head "Head Office" is due to the revised scale of establishment having been brought into force and to the payment of arrears of salary from 1st July 1905.

129. The increase under the head "Octroi Establishment" is due to the establishment of the six new octroi outposts being charged for the whole year as against six months last year and to the appointment of a clerk at the Railway Station on Rs. 20 per mensem from the 1st September 1907.

130. The increase under the head "Octroi Refunds" occurred chiefly under cloth and metals which were exported largely to surrounding villages.

131. The expenditure under the head "Lighting" rose from Rs. 5,304 to Rs. 6,900, the increase was due to the purchase of lamp posts and a Kitson lamp.

132. The "Police Charges" show an increase of Rs. 2,205 which was due to the revised scale of establishment having been brought into force from April 1907.

133. The expenditure under the head "Water Works" rose from Rs. 35,656 to Rs. 83,510, the increase was due to the appointment of an Engineer and to the entertainment of establishment in connection with the investigations of Sarsuti and Sagarmati valleys with a view to securing a new source of water-supply for the city.

134. The expenditure under the head "Conservancy" amounted to Rs. 58,012 as against Rs. 56,178, in 1906-1907. The increase was due to—

(*a*) the construction of a pacca ramp at the Tramway Station,
(*b*) the construction of stables for conservancy cattle,
(*c*) the provision of two iron cisterns for the collection of foul water,
(*d*) the enlargement of the conservancy store godown,
(*e*) the provision of 5 extra rubbish cart drivers with animals,
(*f*) the employment of extra sweepers for foul water carts from 1st October 1907,
(*g*) the payment of grain compensation to the conservancy staff,
(*h*) the renewal of a portion of the Conservancy Rolling Stock,
(*i*) the purchase of 10 rubbish carts, and
(*j*) an advance payment made to the railway for making trolly wheels and axles.

135. The increase of Rs. 1,430 under the head "Public Works Establishment" is due to the salaries of the Overseer and his clerk having been charged for the whole year as against the salaries of nearly six months in the previous year and to the purchase of scientific instruments and drawing materials.

136. The expenditure under the head "Public Works, Roads" rose from Rs. 18,204 to Rs. 21,378 owing to the purchase of slab stones for paving streets in the City.

137. The decrease under the head "Public Instructions" is accounted for by the fact that in 1906-1907 a special grant of Rs. 2,508 was made for laying out a play-ground in the compound of the Ajmer Government College. The percentage of expenditure on education therefore fell from 3·11 to 2·25 on the net income of the Municipality.

138. A sum of Rs. 3,442 was spent during the year in the purchase of books and furniture for the Ajmer Public Library.

139. The plague charges during the year amounted to Rs. 1,109.

140. A sum of Rs. 5,350 was paid during the year towards the repayment of Government loans and Rs. 9,296 on account of interest. The balance of the loan still due by the Municipality amounted to Rs. 1,84,435 at the end of the year.

141. The incidence of taxation rose from Rs. 1-15-1 to Rs. 1-15-4.

142. The rainfall of the 18th August 1907, which measured 5·45 inches, was exceptionally good and the water level in the Foy Sagar rose 4·24 feet, overflowing the low level weir for 5½ hours at a depth of 1·5 feet, after which it gradually subsided, the overflow finally stopping on the 26th August 1907. The rain ceased on the 25th August 1907, the lake being then full.

143. The total depth of the Foy Sagar tank between the sill of the sluice and the low level weir is 24 feet and to the high level weir 25 feet. The lowest level of water above sill of sluice before rain on the 20th July 1907 was 2·00 feet and the highest level after the rainfall of 18th August 1907 was 25·5 feet.

144. The management of the water works was in the hands of the Executive Engineer, Ajmer Provincial Division, with Mr. A. J. Fluke, Assistant Engineer, in direct charge up to the 17th February 1908, when it was transferred to the Municipal Engineer.

145. The number of recorded births rose from 1,878 to 1,957, the number of deaths fell from 3,746 to 3,632, which may be regarded as satisfactory. The birth and death rate per mille was 26·50 and 49·19 as against 25·43 and 50 73. There was a slight increase in the number of births, but the excess of deaths over births is very marked and is attributed to imperfect registration of births. The total number of deaths from small pox was 271 against 13 in the previous year—an increase of 258. The highest mortality was recorded in January 1908 (114 deaths), next to which stood December 1907 and March 1908.

146. Seventeen cases of plague with nine deaths were reported during the year under review against 46 cases with 28 deaths in 1906-1907. All these were imported cases, detained and treated in the Plague Camp by the Plague Inspecting Medical Officer.

147. The Civil Surgeon reports that Plague inspection at the Railway Station is of great utility in preventing developed cases of Plague from entering the city.

148. The total number of vaccinations performed in the Ajmer town and suburbs during 1907-1908 was 3,939 as against 2,693 last year, showing an increase of 1,246. Out of these, 3,392 were primary vaccinations, and 547 re-vaccinations, against 2,634 and 59 respectively in the previous year. The marked increase in the number of revaccinations was specially due to the spread of small-pox. The percentage of success among primary and revaccinations was 99·12 and 72·76, respectively.

149. The triennial election of Municipal Commissioners was held on the 14th December 1907, and in accordance with Rule XXIX of the Election Rules promulgated under Notification No. 3453-S., dated the 24th September 1901, issued by the Hon'ble the Chief Commissioner, Ajmer-Merwara, the newly elected Commissioners came into office on the 1st April 1908.

150. To carry out the suggestions made by Mr. Vredenburgh of the Geological Department, and Mr. Silk, Sanitary Engineer, Bengal, for improving

the water supply and sanitation of the town, the Committee have entertained the services of an Engineer (Mr. S. O. Heinemann) and from the experiments made by him there appears to be an abundant supply of potable water available in the Sagarmati valley, some ten miles from the city.

151. The water will be obtained from wells to be sunk in the sandy bed of the river and from the wells it will be pumped through pipes to the town.

152. This satisfactory find of an abundant supply of potable water is a matter for congratulation. The Railway have now decided not to remove the Railway workshops. The safety of the town from water famine and its future increase and prosperity should now be assured.

153. It now remains to provide the funds for the somewhat large outlay, about ten lakhs, which will be involved in carrying the scheme to completion.

154. As noted in last year's report, paragraph 126, the Imperial Government and the Railway should contribute a share of the cost.

155. Despite what was noted in paragraph 127 of last year's report, the lighting of the town remains as bad as ever. One Kitson light has been placed on trial on the cross roads in front of the Town Hall. It is undoubtedly imperative that funds should be made available in order to secure immediate improvement in the lighting of the town.

156. The trenching ground for the disposal of nightsoil of the Ajmer City has for many years past been an absolute disgrace to the town. The smell which assails the passenger arriving by train or by road from the direction of Beawar is appalling. During the year under report the matter has been under investigation and consideration and the municipal committee have, at the instance of the Commissioner, submitted a scheme for the working of the trenching ground on a smell-less system. The cost is estimated at half a lakh, and the Committee have asked Government to grant a loan to this amount and it is hoped that the loan may be obtained and the improvements introduced as soon as possible.

157. The recommendations of the Ajmer Municipal Committee in respect to objections and suggestions made by the public to the draft Octroi rules have been considered by the District Magistrate and by the Commissioner and the rules are now under submission to the Local Government for final sanction.

158. During the year under report the duties of Chairman were carried on by Mr. C.W. Waddington, M.A., C.I.E., from the 1st April to the 14th November 1907 and Mr. W. T. VanSomeren, C.I.E, from the 15th November 1907 to the 15th February 1908, after which the Vice-Chairman Mr. Fateh Chand Mehta, B.A., LL.B. (Cantab) acted as Chairman till the close of the official year.

159. The extension of the Municipal limits so as to include within Municipal area the Edward Mill Company's premises noticed in the last year's report was brought into effect during the year under report. Beawar Municipality.

160. The following changes took place in the constitution of the Committee :—

(*a*) Mr. Lazarus Philip resigned his seat on the Committee owing to his transfer from Beawar, and, with the approval of the Hon'ble the Chief Commissioner, the vacancy was not filled up.

(*b*) The vacancy caused by the transfer and consequent resignation of Mr. Low was filled up by the election of Mr. Allanur Khan, B.A., Head Master of the Mission High School at Beawar.

161. The total income of the year amounted to Rs. 77,598 as against Rs. 69,266 in 1906-1907, and the expenditure to Rs. 75,231 as against Rs. 63,539.

162. The closing balance amounted to Rs. 34,814 exclusive of Rs. 10,000 invested in Government paper.

163. The increase of Rs. 8,332 in the income occurred chiefly under the head Octroi which realized a gross amount of Rs. 74,272 as against Rs. 66,781 in the previous year. This increase was due to the import of the following

articles in larger quantities:—Gur, Other articles of food including rice which was imported in a very large quantity owing to dearness of grain; Building materials and metal which were consumed chiefly in the erection of the Edward Mills; Spices particularly zira, tobacco and cloth which were imported in larger quantities for the agricultural classes and others who, owing to the year under report being agriculturally favourable, were able to purchase them more freely than in the previous year.

164. The net receipts from octori, after deducting refunds of Rs. 28,964 amounted to Rs. 45,308 against Rs. 44,810 in the preceding year.

165. The incidence of octroi taxation on a population of 21,928 was Rs. 2-0-11 per head during the year under report as against Rs. 1-13-5 in the year 1906-1907.

166. Compared with the previous year the expenditure shows an increase of Rs. 11,692 which occurred chiefly under the following heads:—

(*i*) Refunds which were paid on a gross income of Rs. 74,272 as against Rs. 66,781 in the year 1906-1907.

(*ii*) Lighting on account of the purchase of two Kitson Lamps with accessories and the increase in the number of nights of lighting of the town.

(*iii*) Police on account of the enhanced pay and allowances of the Municipal Police under the reorganisation scheme sanctioned by Government.

(*iv*) Water supply on account of testing wells and boring operations in connection with the proposed water works for the Beawar town.

(*v*) Conservancy on account of—

(*a*) construction of iron latrines for the Raigar and Bicharli Mohallas and the completion of the Diggi latrine;

(*b*) making of ten night-soil and water carts for the Conservancy Department;

(*c*) purchase of land for burying night-soil; and

(*d*) maintenance of the Plague Camp.

167. Out of the eight public latrines in the town, five are reported to have been made of galvanized iron, and three of masonry which will be gradually replaced by the galvanized iron ones which are more cleanly. A few of the public urinals have also been made of galvanized iron this year.

168. The house drainage is gradually improving. No masonry cess-pools are allowed.

169. The water supply of the town is obtained from Municipal and private wells. Most of these wells on the eastern side of the city receive their supply by percolation from the Bicharli tank and the surrounding country. The tank does not possess a constant and sufficient supply of water partly perhaps owing to the imperfect feeder nallahs within the catchment area, and partly on account of the permeable and porous subsoil of the tank. On the western side of the city there are only a few wells.

170. As for the private wells there is no certainty of their being always accessible as many of them are within compounds, and it is difficult to supervise their cleanliness.

171. All these circumstances have led the Committee to take into consideration the subject of providing a constant supply of good and wholesome water, and it is hoped that before long water works will be started for Beawar.

172. During the year under report the Committee have carried out investigations at Jalia and along its channel under the advice of Mr. Silk, Sanitary Engineer to the Government of Bengal, who personally visited Beawar in January 1908, and instructed Mr. Heinemann, Municipal Engineer, Ajmer, in the details of the tests to be carried out. These tests consisted of a series of borings down the Jalia channel to a distance of about two miles and across it, with a few borings in the bed of the tank, and the sinking of a pucca well just below the dam of the Jalia tank and testing it with a steam pump. The

result of these investigations has not proved satisfactory and the reason of this would seem to be that the masonry core wall of the Jalia tank effectually retains all water and prevents any subsoil water from finding its way beyond the embankment.

173. As has been found in the Sagarmati scheme for Ajmer there is every reason to hope, that a splendid supply of water will be available from wells on the inflow side of the Jalia Tank just above the high water level of the tank. Borings are now being made in the channel and tests will be carried out during the hot season of 1909.

174. It is disappointing that a good supply of water was not found below the embankment of the Jalia Tank. But the experience gained has been of great value, and the money expended on the borings and tests has been well spent.

175. The numbers of births and deaths registered during the year were 1,014 and 912 as against 886 and 980 respectively during the year 1906-1907.

176. The scheme for the construction of a Municipal Town Hall and office at Beawar has progressed. Sir Swinton Jacob of Jaipur has prepared an estimate and approved drawings of a suitable and elegant and at the same time not very expensive edifice. The Municipal Committee has sufficient funds available and it is hoped that this scheme will be very shortly carried out.

177. The constitution of the Committee remained unchanged with the exception that Babu Abdul Ghafoor succeeded Lamberdar Jodhraj, deceased, and Munib Ganpat Rai was appointed in place of Munib Jawahir Mall whose term of office expired on the 31st March 1907. Kekri Municipality.

178. The total income and expenditure during the year amounted to Rs. 9,199 and Rs. 10,057 as against Rs. 9,277 and Rs. 9,838 respectively in the year 1906-1907. The closing balance on the 31st March 1908 amounted to Rs. 4,980 inclusive of Rs. 2,000 invested in Government securities.

179. The small decrease of Rs. 78 in the receipts compared with the figures for the previous year does not call for any explanation.

180. The principal increase in expenditure occurred under the heads "Plague charges," "Garden and Arboriculture" and "Public Works, Buildings".

181. The incidence of Octroi taxation calculated on the population was Rs. 1-1-8½ per head during the year under report as against Rs. 1-1-8¾ in 1906-1907.

182. The number of births and deaths recorded during the year was 169 and 241 as against 202 and 281 respectively during the year 1906-1907.

183. The Municipal boundaries were during the year under report extended with the sanction of the Hon'ble the Chief Commissioner a short distance along the Ajmer road so as to include one or two cotton presses.

SECTION IV.

PRODUCTION AND DISTRIBUTION.

Agricultural Summary.

184. *Ajmer.*—The character of the monsoon of 1907 was far from satisfactory. The rainfall was in defect of the average in Ajmer-Merwara. The regular monsoon set in the third week of July and ceased after the middle of August. Owing to the early cessation of rain the Kharif crop of 1907-1908 failed on the Barani area. The Rabi harvest was generally good.

185. The area sown for the Rabi of 1906-1907, was 35,375 acres of which 509 acres failed. The outturn was estimated at 4,06,995 maunds. The area under cultivation for the Kharif of 1907-1908 was 1,39,235 acres of which 77,434 acres failed. The outturn was estimated at 2,18,513 maunds. The actual collections on account of these two harvests amounted to Rs. 2,01,252 against Rs. 2,08,159 in the previous year. The realizations of revenue suspended in previous years were Rs. 49,093. The total collections during the year came to Rs. 2,50,345 as against Rs. 2,42,073 in 1906-1907. The recovery of a sum of Rs. 30,155 out of the year's demand was suspended and a sum of Rs. 36,008 being the suspended arrears of revenue in Khalsa villages outstanding for over three years, was remitted. The amount of revenue outstanding at the close of the year was Rs. 72,658.

NOTE.

This larger recovery of revenue is in view of the bad Kharif of 1907 remarkable? The same phenomenon is noticeable in respect to the recovery of revenue in Estates under the Court of Wards and it is explained to some extent by the high price of food grains and the high prices obtained for the grain when sold.

186. During the year, a sum of Rs. 10,480 was advanced under the Land Improvement Loans Act and Rs. 1,246 under the Agriculturists Loans Act. The realizations under both the Acts amounted to Rs. 29,007 including Rs. 4,073 on account of interest. The amount remaining outstanding at the close of the year was Rs. 1,52,365 as against Rs. 1,65,573 on the 31st March 1907.

187. *Merwara.*—The Rabi harvest of 1906-1907 was generally satisfactory except in a few villages in the Beawar and Todgarh Tahsils where the produce was scanty. The Kharif outturn was poor owing to the early cessation of the rains which were not evenly distributed.

188. The area sown for the Rabi of 1906-1907 was 25,688 acres of which 1,143 acres failed. The outturn was estimated at 2,74,645 maunds. In the Kharif of 1907-1908, 63,882 acres of land were brought under cultivation of which 43,430 acres failed. The outturn was estimated at 1,13,765 maunds.

189. The collection of revenue on account of these two harvests amounted to Rs. 75,174 as compared with Rs. 82,956 in 1906-1907. A sum of Rs. 3,946 was realized on account of arrears of previous years. The total collections amounted to Rs. 79,120. The amount of revenue outstanding at the close of the year was Rs. 58,858 of which a sum of Rs. 52,432 was suspended. Suspended arrears outstanding in the Beawar Tahsil for over three years amounting to Rs. 22,310, were remitted.

190. A sum of Rs. 30 only was advanced under the Land Improvements Loans Act. The realizations under both the Acts amounted to Rs. 14,286 including Rs. 1,618 on account of interest, the amount of advances remaining outstanding at the close of the year was Rs. 2,14,937 against Rs. 2,27,576 on 31st March 1907.

Exploring Licenses.

Mines.

191. During the year under report five licenses were granted, *i.e.*, two in the Ajmer district and three in the Merwara district. The former were granted in favour of Rai Bahadur Seth Champa Lal-Ram Swarup and Mr. Dadabhoy Shapurji and the latter in favour of Messrs. Morely and Guy, Mr. Dadabhoy Shapurji and Rai Bahadur Seth Champa Lal.

Prospecting Licenses.

192. Two licenses were granted in the Ajmer district both in favour of Rai Bahadur Seth Champa Lal-Ram Swarup to prospect for mica and garnets in the Chorsiawas and Kekri villages.

193. In Merwara ten licenses to prospect for mica were granted as below :—

In favour of	For villages.
Rai Bahadur Seth Champa Lal-Ram Swarup .	Bihar Ratanpura.
Ditto ditto . . .	Jalia II.
Ditto ditto . . .	Kâlantankhera, Rawatmal and Baria Bhau.
Ditto ditto . . .	Jalia II and Bihar Ratanpura.
Ditto ditto . . .	Dadola and Rawatmal.
Ditto ditto . . .	Lasani.
Ditto ditto . . .	Khera Danti.
Khan Bahadur Haji Sajan Lalji . . .	Jalia Bas Pitha.
Ditto ditto . . .	Surajpura.
Mr. Dadabhoy Shapurji	Garhi.

194. Two licenses to prospect for mica in the villages of Kalatan Khera and Jawaja were renewed in favour of Khan Bahadur Haji Sajan Lalji and Rai Bahadur Seth Champa Lal-Ram Swarup.

Trade.

195. The returns of the Rajputana-Malwa Railway for the calendar year 1907 show an increase in the number of passengers booked from stations in Ajmer-Merwara from 9,01,825 to 10,44,663.

196. The grain trade of the two most important local trade centres for the year under report and the previous year is given below :—

Ajmer.—Imports in 1906, 17,602 tons, exports 581 tons, balance of imports 17,021 tons.

Imports in 1907, 11,849 tons, exports 272 tons, balance of imports 11,577 tons.

Beawar.—Imports in 1906, 22,572 tons, exports 4,839 tons, balance of imports 17,733 tons.

Imports in 1907, 4,090 tons, exports 2,489 tons, balance of imports 1,601 tons.

Imports of cotton at Beawar rose from 2,515 tons to 4,140 tons during the year under report.

Public Works.

197. During the year under review the total expenditure incurred on Public Works in the Ajmer and Merwara Districts (exclusive of Irrigation Works, Canals and Railways) amounted to Rs. 3,91,587 of which the amount spent on works within the jurisdiction of the Commissioner was Rs. 1,85,928 as against Rs. 2,51,557 in 1906-1907.

198. The chief works carried out during the year were :—

Improving the residence of the Assistant Commissioner, Merwara.

Constructing a suitors' shed at the Commissioner's Court.

Providing increased accommodation at the Ajmer Central Jail.

Providing Family Quarters for certain Police stations.

Constructing an infectious ward at the Government College, Ajmer.

Additions to the Mayo College Main Building.

199. During the year a building in the Ajmer Fort was converted into a building suitable for housing the Rajputana Museum. A considerable amount of progress was made in the restoration of the Badshahi buildings in the town of Ajmer. These works cost Rs. 4,649 and Rs. 8,901 respectively.

200. The expenditure on "Communications" amounted to Rs. 63,682 of which Rs. 6,506 was spent on original works and Rs. 57,176 on Repairs. No new road was constructed during the year.

201. Considerable attention has been paid to the repair of the roads in Ajmer-Merwara during the year under report. Owing to a considerable length of roads being maintained at the expense of the District which should really be maintained by Imperial Funds and owing to the District Fund being in a very impoverished condition, the funds available for the maintenance of many roads under the District Fund have been quite inadequate. It is a crying need, that the District Fund should be relieved of the cost of roads which should more properly be maintained by Imperial funds or that a sufficient additional annual subsidy should be granted from Imperial funds to the District Fund.

Arboriculture Roadside tree plantation.

202. At the beginning of the year the total length of the roads with avenues (Imperial and District Funds) was 32 miles and five furlongs. During the year under report two miles four furlongs of the Imperial and two miles of the District Fund Roads were planted with young trees, thereby making a total length of 37 miles one furlong of avenue roads both Imperial and District Funds. The total number of trees planted to fill up the blanks was 1,052. The number of nurseries kept up during the year was the same as in last year, *viz.*, three. The total cost of planting and maintaining the trees on both Imperial and District Fund Roads amounted to Rs. 3,265 as against 2,242 in the previous year. The excess in expenditure was due to the extension of avenues and fixing iron tree guards. The expenditure on Imperial Roads was 1,743 and on District Fund roads 1,522. The income derived from the sale of dry-wood, Babul, Pods, etc., amounted to Rs. 158 as against 271 in the previous year. The net result of the year's operation is the addition of four miles and four furlongs of road-side avenue. The result is better than that of the previous year. The supply of water from wells and tanks was sufficient but as there were practically no showers during the winter and summer seasons the conditions were not favourable for young trees.

Inspection of rain-gauges.

203. The number of rain-gauges maintained in Ajmer-Merwara was 57 as compared with 56 during the year 1906-1907. One rain-gauge in charge of the Public Works Department was transferred to the charge of the Civil Department. No new rain-gauge station was opened during the year 1907-1908. All the rain-gauges were inspected from time to time by the District officers and found in efficient condition. All except one are Symon's gauges.

SECTION V.

REVENUE AND FINANCE.

A.—IMPERIAL.

(1) Land and Water Revenue.

Character of the season. *Appended statements Nos. 31 and 32.*

204. The average rainfall of the district during 1907-1908 was 21 inches as against 22 inches in 1906-1907. The detailed analysis of the rainfall of the season 1907-1908 will be found in the appended table No. 31.

205. The Rabi crop which depended on the rains of 1906-1907 was generally satisfactory. The unfavourable character of the monsoon season resulted in the partial failure of the Kharif crops on Barani land and the outturn was about 10 annas in the rupee. The high prices of food grains owing to famine in other parts of India to some extent saved the situation of the Ajmer-Merwara cultivator owing to the high price he obtained for his produce.

Recovery of Revenue.

206. The recovery of a sum of Rs. 30,155 on account of revenue for the year 1907-1908 was suspended in the Ajmer district and of Rs. 52,423 in the Merwara district. A sum of Rs. 36,003 being the suspended arrears of land and water revenue in Khalsa villages in the Ajmer Tahsil for over three years was remitted. The amount remitted in the Beawar Tahsil for the same reason was Rs. 22,310. In addition to this, the revenue demand on all areas on which the Kharif outturn was below four annas in the rupee was remitted but as the orders of the Government of India sanctioning them were received late, these remissions could not be included in the accounts of the year under report.

207. The collections of the year were as follows :—

	Rs.
Arrears	53,089
Revenue of the year	2,76,426
Total	3,29,465

The collection of the year 1906-1907 was Rs. 3,30,717. This satisfactory collection of revenue was due to the high prices which the cultivators obtained for their produce.

Prices.

208. The retail prices of the principal food grains during April and May 1907 varied between 17 and 22 seers. During June, July and August they ranged between 15-17 seers in the Ajmer district and 16-19 seers in Merwara. The price of the staple food grain rose to 11-13 seers per rupee from September 1907 to March 1908.

Takavi Loans.

209. The following statement shows the accounts of Takavi during the year 1907-1908 :—

		Outstanding at the beginning of the year.	During the year.			Outstanding at the close of the year.
			Advanced.	Collected.	Remited.	
Under the Land Improvement Loans Act (XIX of 1883).	Ajmer	60,783	10,480	4,870	...	66,393
	Merwara	98,476	30	3,175	...	95,331
		1,59,259	10,510	8,045	...	1,61,724
Under the Agriculturists Loans Act (XII of 1884).	Ajmer	1,04,789	1,246	20,063	...	85,972
	Merwara	1,29,100	...	9,493	...	1,19,607
		2,33,889	1,246	29,556	...	2,05,579
	Total	3,93,148	11,756	37,601	...	3,67,303

Takavi statement I, II and III will be found in the appended statements Nos. 33, 34 and 35.

Agricultural stock.

210. The following table compares the result of the enumeration of the agricultural stock in Ajmer-Merwara during the three years.

	1905-1906.	1906-1907.	1907-1908.
Cows and bullocks . . .	1,12,336	1,26,369	1,38,906
Buffaloes	13,177	13,157	14,413
Sheep and goats	2,76,514	2,58,326	2,90,896

211. It is gratifying to be able to note the increase in the number of cattle. It is due to importation of cattle from the surrounding Native States and to the return of cattle which had been taken out of the districts during the famine of 1905-1906. Rinderpest foot and mouth disease prevailed among the cattle for a certain period of the year. There was no scarcity of fodder.

Boundary marks and disputes.

212. Boundary marks were inspected by Revenue officials and steps were taken to put them in repair wherever they were found in a dilapidated condition. The Hon'ble the Chief Commissioner gave his decision in appeal in the boundary dispute between Barli and Hurra on the 13th April 1908. The Mewar Darbar have submitted an application for review of this decision and the Thakur of Barli has been asked to submit a written argument in answer to this. The boundary dispute between Gudha Kalan and Dhanope was decided by the Assistant Commissioner, Merwara, on the 16th January 1908. The boundary dispute between Jatli (Ajmer) and Braj Bai (Kishengarh) which was referred to the Settlement Officer has been disposed of while the case between Saroth (Merwara) and Sitla-ka-Chowra (Mewar) is still pending with that officer.

Records and staff.

213. The Beawar and Todgarh Tahsils were inspected by the Assistant Commissioner, Merwara, and the Ajmer Tahsil was inspected by the Assistant Commissioner, Ajmer. It is I think the case that under the present system the Tahsildars and Naib-Tahsildars do not do their work in connection with the collection of revenue as efficiently as could be desired, Girdawars and Patwaris are used for recovery of revenue to the serious detriment of their other duties.

214. The duties and responsibilities of lambardars and patels in respect to the recovery of revenue are not adequately enforced.

215. The position of the lambardars and patels and their influence in the villages should be strengthened and security should be taken from them.

216. The lack of a Revenue Extra Assistant Commissioner II for revenue work in the Merwara district is a very serious defect. It is a physical impossibility for one Revenue Extra Assistant Commissioner to do effectively the revenue work he should do in both districts.

217. It is essential that the Collectors and the Commissioner shall have some relief from their desk duties, to enable them to identify themselves more fully in inspection and check of revenue work. Their duties, in this respect should be very definitely defined by rule.

218. It is hoped that in the new settlement now on the anvil, these defects may be remedied.

219. The Patwari Instructor continued to work in the Settlement Department. There was consequently no Patwari class. The services of Patwaris and Naib-Patwaris were placed at the disposal of the Settlement Officer for employment in connection with the survey and settlement operations.

Processes.

220. For the recovery of land and water revenue and Takavi 171 writs, 67 warrants of arrest and 71 warrants of attachment of moveable property were issued. Eighteen persons were imprisoned in default of payment.

Revenue Cases.

221. The Revenue Business statement shows that during the year 7,371 cases were disposed of as against 3,156 in the preceding year in the Ajmer District and 1,569 cases as against 10,120 cases in the previous year in the Merwara District, which included 7,762 cases on account of Takavi. There were no such cases during the year under report.

Land acquisition.

222. Land measuring 115 Bighas 19 Biswas was taken up in the Ajmer District for tanks and miscellaneous works. The amount of compensation paid for the land was Rs. 613. No land was acquired in Merwara.

(2) Opium, Excise and Drugs.

223. The gross receipts from Excise, Opium and drugs amounted to Rs. 2,28,791 against Rs. 1,70,750 in the year 1906-1907 showing an increase of Rs. 58,041. The receipts under the Head "Country Spirits" amounted to Rs. 1,57,742 as compared with Rs. 1,24,286 in the preceding year. The increase of Rs. 33,456 is the result of large consumption of liquor than in the previous year, which is due to the expansion of the Ajmer city population, the improved excise administration and the improvement in the condition of agricultural classes. Excise. (*Vide* Statements Nos. 36-40.)

224. The total sales of country liquor were 73,959 gallons as against 63,107 gallons in 1906-1907. The average selling price of the country liquor was Rs. 0-1-2·77 per dram as compared with Rs. 0-1-2·81 in the preceding year.

225. Under the orders of the Government of India, the contract supply system of Madras has been introduced in Ajmer-Merwara with effect from the 1st April 1908. A license for the exclusive privilege of supply of country spirits of strength of 25° under-proof and 50° under-proof for sale to wholesale and retail shopkeepers for a period of three years from the 1st April 1908 has been granted to the present Abkari Contractor. The privilege of the sale of country spirits in retail shops was also put up to public auction.

226. Rules were framed and published for the establishment and working of a distiller and ware houses in Ajmer-Merwara and for regulating the issue and transport of spirits from the distillery and its inspection and supervision.

227. The rules regulating the grant of licenses to the Tazimi Istimrardars permitting private distillation worked well during the year.

228. The number of country liquor shops in the district remained the same as in the preceding year, *viz.*, 136. In accordance with the orders of the Government of India an enquiry was made with a view to see whether any reduction in the number and location of country liquor shops was possible and whether any change appeared desirable in the location of the existing urban and rural shops. The matter is still under consideration as the new system has introduced a factor, of which the effects could not be foreseen.

229. The question of restricting the issue of temporary licenses for the sale of liquors at fairs and festivals was kept in view but no interference with the present practice was allowed. Such licenses were issued at the Pushkar fair.

230. No Tari was sold during the year under report though a monopoly for tapping and vending Tari was auctioned for a period of three years with effect from the 1st April 1908.

231. Fourteen * licenses were issued during the year for the sale of foreign liquor. The license fees collected for the wholesale and retail vend of foreign spirit and foreign fermented liquor amounted to Rs. 1,131 against Rs. 1,342 recovered in the preceding year. Rules were framed for regulating the issue of licenses for the sale of portable foreign spirit and foreign fermented liquors from the 1st April 1908 within the limits of Ajmer-Merwara. * Wholesale 3 Retail $\frac{11}{14}$

232. The receipts during the year amounted to Rs. 53,100 as against Rs. 23,125 in 1906-1907. The increase of Rs. 29,975 is due to the fact that an excise duty of Rs. 26,101 was levied on 163 maunds, 5 seers, 7 chataks, $3\frac{3}{4}$ tolas of opium produce of the year 1905-1907 which was brought to the scales during the year under report. Opium.

233. Six hundred and thirty-two chests of opium were brought to the scales at Ajmer against $637\frac{1}{2}$ chests in 1906-1907. The whole of this was exported to the Punjab and the duty recovered thereon amounted to Rs. 1,86,965 against Rs. 1,78,500 in the preceding year. No opium was brought to Ajmer scales during the year for export to Bombay or to North-West Frontier Province. The revenue from license fees for the right of retail vend of opium amounted to Rs. 22,142 against Rs. 18,748 in 1906-1907. The increase occurred both in the municipal as well as rural area.

234. The total number of licenses issued during the year under report for the wholesale vend of opium was 26 as against 22 in 1906-1907. The

number of shops for the retail vend of opium in the municipal area remained the same as in the preceding year, *viz.*, 10. In the rural area, two shops were closed during the year, leaving the number of shops open at 38.

235. No licenses were issued in the Ajmer District for the cultivation of poppy during the year under report against 2 in 1906-1907 while only two licenses were issued in Merwara as compared with 1,213 in the preceding year. The area under poppy cultivation was restricted to 1 Bigha and 11 Biswas of land yielding about 5½ seers of opium. The corresponding figures for the previous year are area 1,902 Bighas and produce 150 maunds. The large decrease is due to the early cessation of the monsoon in 1907 and heavy taxation on opium cultivation. The question of this heavy taxation of opium has been fully inquired into and reported to Government, with a strong recommendation that the taxation should be removed with a view to allowing cultivation of opium in the Todgarh Tahsil as heretofore, in view of the difficulty which must arise in the cultivated area being insufficient to support the population without the cultivation of a paying crop like opium.

236. The decision of the Government of India on this representation made against the taxation is anxiously awaited by the cultivators.

237. The contraband opium received and sent to the Opium Examiner, Ghazipur, amounted to 14 seers, 1 chatak and 4 tolas.

Drugs.

238. The receipts from hemp drugs amounted to Rs. 11,354 against Rs. 16,535 in 1906-1907 showing a decrease of Rs. 5,181, which is due to the increase in the rate of import duty on charas from Rs. 6 to Rs. 8 per seer with effect from the 1st April 1907, prior to which date the contractors took away large stores of the drug. The import duty fell from Rs. 5,349 in 1906-1907 to Rs. 2,298 and the contract money (receipts from license fees) from Rs.11,160 to Rs. 9,025. The reason of the decrease has been explained above.

239. The number of shops for the retail vend of intoxicating drugs was 16 compared with 17 in the preceding year.

Prosecutions.

240. Twenty-two persons were prosecuted during the year under the Excise Act, all of whom were convicted. Under the Opium Act, 15 persons were prosecuted and 12 convicted. Four cases of Chandu smokers were prosecuted, of these three were proprietors of Chandu dens and one was a visitor. Two were convicted and two discharged. Six persons were prosecuted for dealing in cocaine, all of whom were convicted. The number of Chandu dens in the Ajmer City rose from 12 to 13.

241. The Excise Act (XII of 1896) as amended during the year 1906-1907 has enabled the Local Government to declare "Novocaine" as an intoxicating drug and rules restricting the import and sale of the drug have been framed and published.

Staff.

242. The expenditure on the Excise establishment amounted during the year to Rs. 14,196 against Rs. 11,317 in the preceding year. The increase is due to the pay and allowances of Mr. E. A. James, Inspector of Customs, Salt and Abkari, Madras, who was deputed by the Madras Government to advise this Administration in the introduction of the contract supply system. Mr. James's advice and experience were of much practical utility.

(3) Stamps.

(*Vide* statement serial No. 41.)

243. The gross receipts from stamps amounted to Rs. 1,41,233 against Rs. 1,36,484 in the year 1906-1907, as detailed below:—

	1906-1907.	1907-1908.
Judicial stamps	93,610	96,658
Non-Judicial stamps	42,874	44,575
Total	1,36,484	1,41,233

244. The increase in receipts from the sale of Court fee stamps is due to a rise in the number of Civil suits instituted during the year. The sale of Hundi stamps amounted to Rs. 6,012 as against Rs. 5,876 in the preceding year. The revenue from the sales of impressed stamps amounted to Rs. 35,504 against

Rs. 33,411 in 1906-1907. The increase is due to a corresponding increase in the number of monetary transactions.

245. No prosecution took place for any breach of the stamp law.

246. The outstanding balance in pauper suits at the close of the year 1906-1907, was Rs. 219-8-0 which was not recovered during the year under report. Out of Rs. 165-8-0 which fell due during the year, a sum of Rs. 155 was recovered. The total sum outstanding at the close of the year 1907-1908, thus amounted to Rs. 229-8-0.

247. The number of stamp vendors decreased from 22 to 21 during the year under report. The discount paid amounted to Rs. 2,440 as against Rs. 2,666 in 1906-1907.

248. The total charges in connection with the working of the Stamp Department amounted to Rs. 14,677 as against Rs. 17,442 in the previous year.

(4) Income tax.

249. Seven hundred and eighteen persons were assessed to Income Tax during the year under report against 668 in the previous year. The amount of demand rose from Rs. 58,313 in 1906-1907 to Rs. 66,496. The increase of Rs. 8,183 in the demand was in the amount assessed under Part IV, and is attributed partly to the exercise of more care in making the assessments and partly to increase in speculative transactions at Beawar.

250. The amount of tax collected was Rs. 65,792 as against Rs. 58,394 in 1906-1907. Of the amount collected Rs. 17 were recovered in excess which will be returned.

251. The amount outstanding at the close of the year was Rs. 721.

252. No penalties were imposed during the year under report, nor were any prosecutions made. Care was taken to avoid the use of coercive measures.

253. The number of objections made was 83 against 84 in the previous year of which only 9 were allowed. No petition for revision was preferred to the Commissioner by assessees under section 27 of the Income Tax Act.

254. The gross collections including arrears and penalties amounted to Rs. 65,812 against Rs. 58,413 in the previous year.

255. The incidence of Income Tax per head of population in the city of Ajmer was 4 annas 10 pies.

B. REVENUE AND FINANCE OTHER THAN IMPERIAL.

256. The year opened with a cash balance of Rs. 25,668. Receipts amounted to Rs. 45,659 and the expenditure to Rs. 43,720 leaving a balance of Rs. 1,939 which together with the opening balance amounted to Rs. 27,607 at the close of the year.

District Fund, excluding Dispensary Fund. (*Vide* Table 1 to 3, Forms Nos. II and III, serial Nos. 43-45.)

257. The receipts show a decrease of Rs. 1,505 as compared with the figures of the previous year. Excluding the income from cattle pounds of Rs. 4,115 which fund was merged into the District Fund Accounts with effect from the 1st August 1907, under the orders of the Chief Commissioner, the real decrease amounted to Rs. 5,620 which is attributed to the following facts:—

(*a*) the collection on account of cesses and Local Rates during the year under report fell short of the demand by Rs. 5,406;*

*Note.—Inquiry is being made with a view to ensuring the early recovery of this arrear.

(*b*) the recoveries under this head during the previous year included a considerable sum of arrears; and

(*c*) the expenditure rose from Rs. 29,222 in 1906-1907 to Rs. 43,720 showing an increase of Rs. 14,498.†

† Civil charges. +1,450
Public Works charges. +13,048

258. The increase occurred chiefly under the head "Public Works Charges" and is due to the fact that while the repairs of the District Fund roads in the Ajmer District were limited during the year 1906-1907 owing to the sanction

to the Government contribution having been received late, the repairs were carried out on a larger scale during the year under report.

259. Every endeavour has been made to secure improvement in the condition of the district roads and the Commissioner has himself personally paid much attention to this matter. But without adequate funds the required improvement cannot be effected.

260. The resources of the District Fund are very limited. The question of relieving the fund of the charge of maintaining many of the district roads is under consideration.

261. The main road from Beawar to Dawair in the Ajmer District is undoubtedly a necessity for administrative purposes. The road from Ajmer to Pushkar in view of the traffic of pilgrims to Pushkar from all parts of India is undoubtedly an Imperial concern.

262. Both these roads are repaired and maintained by the District Fund and they should be transferred to the Imperial list.

263. The Chairman of the District Board brings to notice, that the constitution of the members of the Board is too largely urban owing to the defective working of the elective system and he deprecates the small attendance of members, both official and non-official, at the Board's meetings; and the apathetic attitude of most of the Members of the Board. The questions he has raised are being inquired into, with a view to the defects noticed being remedied.

NOTE.—In consequence of subsequent adjustment by the Comptroller of India Treasuries, Calcutta, the receipts and expenditure of the Board for 1906-1907, as printed in the printed report for that year were altered as follows:—

	Receipt.	Expenditure.
Figures as shown in the printed report . .	47,079	29,190
Figures as revised and adjusted subsequently .	47,164	29,222
Difference .	+85	+32

Dispensary Fund.

264. The cash balance at the credit of the Dispensary Fund at the beginning of the year was Rs 4,477. The gross receipts amounted to Rs. 6,595 as against 8,399 in the previous year showing a decrease of Rs. 1,804. The decrease was due to the non-recovery of annual subscriptions from certain Istimrardars and to the grant from the District Fund not having been received during the year.

265. The expenditure rose from Rs. 6,923 in 1906-1907 to Rs. 7,014. The excess was due (1) to grant of small increments to certain hospital servants, (2) the employment of one more ward cooly in Ajmer and the grant of compensation allowance for dearness of grain. The year closed with a cash balance of Rs. 4,477—besides Rs. 23,500 invested in Government securities.

266. The financial condition of all the dispensaries except that of Todgarh is good. An endeavour is being made to collect subscriptions to relieve the Todgarh Dispensary of its debt. The debit balance against this dispensary has been reduced from Rs. 1,130 to Rs. 232.

Victoria Memorial Fund.

267. The income of the fund during the year amounted to Rs. 500, which sum was subscribed from the Durgah Khwaja Saheb. There was no expenditure under this head. The cash balance at the credit of this fund amounted to Rs. 1,226.

Chaukidari Fund.

268. The receipts amounted to Rs. 9,465 as against Rs. 15,612 in the preceding year showing a decrease of Rs. 6,147 which is due to the fact that the receipts for 1906-1907 included arrears of cess for the year 1905-1906 the collection of which had remained suspended owing to scarcity.

269. The expenditure rose from Rs. 10,908 to Rs. 12,672. The increase is due to the cost of winter uniforms supplied to Chaukidars during the year under report as they were not issued to them in the preceding year. The balance at the close of the year was Rs. 6,885 exclusive of Rs. 5,000 invested in Government securities.

Police Clothing Fund.

270. The receipts amounted to Rs. 10,072 as against Rs. 8,274 in 1906-1907. The increased receipts represent the clothing allowance of the additional force recruited during the year as the result of the re-organisation of the Police.

271. The expenditure rose from Rs. 5,891 in 1906-1907 to Rs. 14,896 during the year under report. The large difference of Rs. 9,005 is due partly to the refund to the Force of the clothing deductions made from their pay from April to August 1907 (all deductions were stopped from the 1st September 1907) and partly to the cost of preparation of extra uniforms for the additional men. The balance at the close of the year was Rs. 471.

272. The receipts amounted to Rs. 2,001 as against Rs. 1,435 in 1906-1907. The increase is due to a larger amount of horse-allowance having been credited in the fund than in the preceding year. Police chanda Fund.

273. The expenditure was Rs. 2,055 as against Rs. 1,304 in the preceding year. The increased expenditure is due to a larger purchase of remounts made during the year. The balance in the Fund at the close of the year was Rs. 170.

274. The total receipts amounted to Rs. 51,993 as compared with Rs. 50,382 in 1906-1907, showing an increase of Rs. 1,611 which is chiefly due to a grant-in-aid to Hospitals and dispensaries and partly to fluctuations in receipts under the heads shown in the margin. The decrease in Octroi is due to comparatively less imports of grain and of leather. The dairy rent was increased and recovered at the rate of 12 annas per head of cattle in 1907-1908 instead of at 8 annas in 1906-1907. Nasirabad Cantonment Fund.

Increase in receipts.	Rs.
(*a*) Land Revenue	242
(*b*) Police fees, etc.	337
(*c*) Police Miscellaneous	43
(*d*) Sale of Manure	85
(*e*) Sale of old materials	72
(*f*) Rent of houses	526
(*g*) Sale of grass, fruit, etc.	216
(*h*) Sale of other miscellaneous receipts	337
(*i*) Grants-in-aid to Hospitals, etc.	1,009
(*j*) Other deposits	30
	+2,888

Decrease in receipts.	Rs.
(*k*) Assessed taxes Chowkidari	37
(*l*) Assessed taxes Octroi	1,174
(*m*) Miscellaneous including horses and carriages	22
(*n*) Public gardens	17
(*o*) Conservancy	26
	−1,276

275. The total expenditure amounted to Rs. 47,589 against Rs. 48,064 in 1906-1907. At the close of the year the balance at the credit of the fund was Rs. 16,283 against Rs. 11,879 in 1906-1907.

SECTION VI.

PUBLIC INSTRUCTION.

Year ending 31st March 1908.

276. The number of public educational institutions was 71 against 72 in the previous year.

(*Vide* appended tables 1 to 7, Serial Nos. 46 to 52.)

277. There were at the close of the year 169 educational institutions of all classes, of which 71 were public and 98 private institutions. The total number of scholars was 9,092 against 9,230 in the previous year. The scholars at public institutions numbered 5,190 and at private institutions 3,902. The percentage of the population of school-going age receiving instruction was 12·71.

278. The average number on the rolls and the average daily attendance of institutions maintained by the department were 2,390 and 1,734 respectively, as against 2,490 and 1,655 in 1906-1907. The variation is due to the fact that the names of the absentees are now cancelled instead of their being allowed to appear for months.

279. The total expenditure on public instruction amounted to Rs. 1,22,911 Imperial revenues, provided Rs. 54,060, local cesses Rs. 7,303, Municipal Funds Rs. 14,069; fees Rs. 19,709; and other sources Rs. 27,770.

280. Collegiate education cost Rs. 34,612, and school education Rs. 71,275. Rupees 1,456 were spent on schools for special instruction, and Rs. 6,266 on buildings.

The Government College and Schools.

281. The following changes took place in the staff during the year under report:—

Mr. Alexander Miller, M.A., assumed charge of the office of Vice-Principal on 15th July 1907.

Mr. Mangi Lal Dosi, B. A., was transferred to the Commissioner's office with effect from the 20th January 1908.

Mr. Debi Prashad Mathur, B.A., transferred to Foreign service on probation.

282. The number of students in the College classes at the end of the year was 76 and in the school 276 as against 66 and 275 respectively in 1906-1907. The results of the different examinations are given below :—

	Passed.
B.A. Examination	2 out of 10.
F. A. Examination	19 out of 36.
Matriculation Examination	26 out of 33.
Middle Examination	26 out of 47.

Boarding Houses.

283. The Boarding houses remained in all respects the same as in previous year.

Lower College.

284. There were 519 boys on the rolls of the Lower College at the close of the year. The average daily attendance was 440.

Aided Schools.

285. The number of aided schools rose from 7 to 9. These schools had on their rolls 1,550 pupils.

Village Schools.

286. The number of village schools remained unchanged, *viz.*, 8 secondary and 42 primary schools.

287. The Inspector of schools reports that noticeable progress has been effected during the year under report in village schools. This year 22 boys have been sent up for the Vernacular Final Examination, of whom 11 passed as against 11 out of 18 in the previous year. Of the 42 primary schools,

13 are classed as good, 16 fair, and 13 as bad. Of the 8 secondary schools 2 are classed as good, 5 as fair, and 1 as poor. The average daily attendance in the village schools fell from 2,053 in 1906-1907 to 1,602·20 in the year under report. the total expenditure of the village schools amounted to Rs. 31,935, of which Rs. 12,996 was provided from Imperial Funds, Rs. 14,514 from Municipal and District Funds, Rs. 1,897 from fees, Rs. 2,291 from Mission Fund and Rs. 237 from other sources.

Physical Training.

288. The usual Annual Rajputana School sports were held in February 1908, at which 30 schools from Rajputana and Ajmer-Merwara were represented. The number of competitors in the various sports was 238. The meeting was a decided success. For the first time a General Meeting of the representatives of all the schools competing was held, and certain matters of general interest to all the schools competing were satisfactorily discussed and settled.

Inspection of the College by the Board of Inspectors.

289. On the 27th July 1907 the Board of College Inspectors appointed by the University, visited Ajmer. Their recommendations are receiving the attention of the Local Government, Mr. de la Fosse, Director of Public Instructions of the United Provinces, also visited Ajmer and he has submitted most useful recommendations for the improvement in public instruction in Ajmer-Merwara.

290. An Educational Committee, under the Presidentship of the Commissioner, was appointed by the Local Administration. The Committee held five sittings. The chief difficulty has been the question of funds to meet the cost of the improvements which the Board of College Inspectors and Mr. de la Fosse have indicated. Though no much results are as yet apparent from the labours of the Committee, they have, I think, laid the foundations for recommendations which should prove acceptable and which should secure the improvement which is needed in the educational institutions of Ajmer-Merwara.

LIBRARY OF THE BOMBAY BRANCH OF THE ROYAL ASIATIC SOCIETY

SECTION VII.

GENERAL MISCELLANEOUS.

Fairs.

291. The annual religious fair at Pushkar was held between the 15th and the 20th November 1907. A Committee was formed as usual for the purpose of conducting the general arrangements. Precautions were taken to guard against the introduction of plague by placing restrictions on the issue of Railway tickets to persons from infected areas. The same rules as were observed in previous years were adopted in regard to the sanitation of the Pushkar village and the medical inspection and supervision of the pilgrims.

292. The horse show and cattle fair formed a prominent part of the programme of the fair as usual. The gathering at the fair was small at first, but the attendance of pilgrims and others on the last two days was estimated at from 45,000 to 60,000.

293. The police arrangements were good. It is satisfactory to note that no serious crime occurred. Two women were carried away by a crocodile while bathing in the Pushkar Lake. They were rescued. The crocodiles are a source of danger to the people bathing in the sacred lake. A Committee has been formed and arrangements are being made for the removal of the crocodiles and for improving the sanitary condition of Puskar village and its surroundings.

294. There was no cattle disease prevalent amongst cattle at the time of the fair.

295. It is very desirable that everything should be done to maintain the popularity and prestige of this fair.

296. It is hoped that at the next fair an agricultural exhibition of agricultural products from Ajmer-Merwara may be initiated, and that it may be possible to improve the proceedings and attendance on the day on which prizes are awarded for cattle, etc.

Urs Fair.

297. The annual Urs Fair in connection with the Shrine of the Durgah Khwaja Sahib was held between the 11th and 17th August 1907. To guard against the outbreak of epidemic disease precautionary measures similar to those adopted at the Pushkar Fair were taken. It was reported that about one lakh of people attended the fair. No serious crime was reported during the fair. The police and other arrangements were satisfactory. The Superintendent of Police, Dehli, Agra, Khandwa and Ahmedabad, were requested to send a constable each for duty at the fair to watch bad characters from their respective districts. These men proved most useful.

Beawar Tejaji Fair.

298. The Tejaji Fair at Beawar was held between the 15th to 17th September 1907, about 10,000 people attended the fair. It is purely a local gathering. The attendance was larger than that of 1906.

Kekri Tejaji Fair.

299. The Tejaji Fair at Kekri was held the same time as at Beawar. Owing to good rains the gathering at the fair was normal. No case of sickness of any kind occurred during the fair.

Printing Presses
(*Vide* table No. 1, Serial No. 53.)

300. There were 13 presses. Out of these three were closed. Ten pressed remained at the close of the year. Six periodicals and one newspaper are issued from these presses.

301. One new periodical named *Jat Khatrya* was issued from the Vedic Press. But it ceased after one issue.

302. The periodical named *Bhargava Patrika* ceased to be printed. One new magazine named *Paropkari* was started by the Vedic Press during the year under report. One new periodical named *Indian Standard* was started by the Mission Press. The *Karigar* ceased from the beginning of the year 1907.

303. Three books in English, two in Latin, and forty in Indian languages, were published during the year.

304. The Bhumias of the Ajmer District were, as usual, received by the Assistant Commissioner, Ajmer, on the 26th June 1908, the birthday of His Majesty the King-Emperor. Out of the total demand on account of *nazarana* of Rs. 3,961, a sum of Rs. 3,546-8 was recovered at the Darbar. The balance of Rs. 414-8-0 is being recovered. Bhumias.

305. In the Ajmer District information of the finding of a treasure consisting of— Treasure Trove.

178 Government Rupees.		1 Sarupshashi Rupee.	
143 Chitori	„	1 Gyar Sanna	„
4 Udaipuri	„	1 Chandori	„

1 Salamshahi Rupee.

valued in all at Rs. 294-14-9 British was received through the Police from the Thakur of Deoli.

306. A Notification under section 5 of the Treasure Trove Act was accordingly issued.

307. Thakur Lachman Singh of Deolia and Mussammat Gigli of Deolia claimed the treasure.

308. The coins were of no value from the numismatic point of view and there was no need to take action under section 16 of the Act. The treasure trove was apportioned in the prescribed ratio between Mussammat Gigli (the finder) and the Thakur, the owner of the land where the treasure was found.

309. In the Merwara District seven old silver coins were found by some shepherd boys near Badni village of jawaja Police Circle in the Beawar Tahsil.

310. The coins were sent to the Numismatic Secretary, Asiatic Society of Bengal, who reported that the coins were of the time of the following Kings of Delhi and that their intrinsic value was one anna each :—

Mohomed Shah I	1
Mubarak Shah	1
Khusru Shah	1
Tughlaq Shah I	2
Firuz Shah III	2

311. Out of the seven coins mentioned above, the one of the time of Khusru Shah was retained by the Numismatic Secretary. He has been asked to forward the coin for deposit in the Rajputana Museum at Ajmer. As the value of these coins was below Rs. 10 proceedings regarding them were not taken under the Treasure Trove Act.

C. PRITCHARD,
Commissioner of Ajmer-Merwara.

[vide Section III—Criminal.]

Statement of offences reported and of persons tried, convicted and acquitted of each class of offence in the District of Ajmer-Merwara in the year 1907—concld.

Description of offence.	Number of offences reported.	Number of cases returned as true.	Number of cases brought to trial during the year.	Number of Persons					Remarks.
				Under trial during the year including pending from previous year.	Acquitted or discharged.	Convicted.	Died, escaped or transferred another province.	Remaining under trial.	
1	2	3	4	5	6	7	8	9	10
Forests Regulation, No. VI of 1874	22	22	22	52	14	37	...	1	
Gambling Act, No. III of 1867	21	21	21	106	9	97	...	...	
Municipalities Regulation, No. V of 1886	1,020	1,018	1,018	1,128	109	1,017	...	2	
Opium Act, No. I of 1878	24	24	24	27	4	22	...	1	
Police District Act, No. V of 1861	871	868	869	892	16	876	...	...	
Post Office Act, No. XIV of 1866	...	...	...	...	...	...	...	...	
Railways Act, No. IX of 1890	...	...	...	...	...	...	...	...	
Registration of Documents Act, III of 1877	...	...	...	...	...	...	...	...	
Stamp Act, II of 1899	...	...	...	...	...	...	...	...	
Protection of Wild Birds and Games Act, XI of 1890	4	4	4	4	...	4	...	...	
Total	5,629	4,790	4,854	7,659	3,260	4,082	27	290	

Notes.—*Column 1.*—(1) "Attempts" should be entered immediately after the offences to which they relate.
(2) "Abetments" should be included with the substantive offences abetted.
(3) When giving the list of special and local laws against which offences have been committed, care should be taken to specify the title of each Act quoted, as well as its number and year. An Act of a local legislature should be distinguished by initial letters placed after the number of the Act.

Column 2.—All offences (cases) of which information was given, complaint made, or cognizance taken under Chapters IV, V, XIV, XVI, C. P. C., for the first time during the year, are to be shown, although some of the charges may not have been prosecuted, or may have turned out to be false.

Column 3.—This column should be the total of column 2, less the number of cases dismissed under section 203, C. P. C., and less all other cases in which a *Magistrate* declared that the charge was false, and that the offence never occurred, or which were dismissed as frivolous and vexatious, and in which the complainant was fined under section 250, C. P. C.

Column 5.—This column should be the total of columns 6 to 9, *plus* column 9 of previous year's statement.

Column 8.—Persons transferred from one court *to* another *in the same Province* are not to be entered in this column.

Column 9.—A note should be added in the column of remarks showing respectively the number of persons who died, escaped or were transferred.

General.—Cases committed or referred should not be included in this statement by the committing or referring Magistrates. The results of the trials in these cases should be shown by the Courts to which the cases are committed or referred. If the total of column 13 of Statement 4 be deducted from the total of column 2 of that Statement, the difference should correspond with the total of column 5 of this statement.

[*Vide* Section III.—Criminal.]

Judicial Statement No. 3—(Criminal).

No. 13.—Statement of Miscellaneous Proceedings under the Criminal Procedure Code in Ajmer-Merwara during 1907.

Nature of Proceedings.	Total number of cases before the Courts during the year.	Number of persons concerned.	Number of persons discharged.	Number of persons convicted.	Remarks.
1	2	3	4	5	6
1. Proceedings against witnesses under Chapter VI C and section 485	...	...	...	...	
2. Proceedings under Chapter VIII to prevent breach of the peace	49	201	163	35	
3. Proceedings under Chapter VIII, Security for good behaviour	11	12	6	6	
4. Proceedings against local nuisances, Chapter X	...	...	...	...	
5. Possession, Chapter XII	...	...	...	...	
6. Frivolous or vexatious accusations, summarily dealt with under Chapter XX, section 250	...	...	...	...	
7. Non-attendance of jurors or assessors, Chapter XXIII, section 332	...	...	...	...	
8. Maintenance, Chapter XXXVI	14	17	13	2	
9. Forfeiture of bail or recognizance under Chapter XLII	...	...	...	...	
10. Proceedings under Chapter XLVI, section 563, against convicted offenders released under section 562	...	...	...	...	
Total	74	230	182	43	

Notes.—*Column 1, Sub-head 6.*—Complainants fined under section 250 are not to be entered as convicted in Statements 2, 4 or 5, but the fact of the fines having been imposed may be noted in the column of Remarks of Statement 2 against the complaints preferred by them.

Column 1, Sub-heads 2 and 3.—Cases under sections 107, 108, 109, 110, 118, 120, 123, C. P. C., will also appear under the appropriate head of the Schedule in Statement 2. Persons convicted under these heads and required to give security or recognizance under sections 120, 123, C. P. C., will also appear in Statement 5.

Column 1, Sub-heads 4, 5 and 8.—Cases under these Sub-heads will not appear in Statements 2, 4 or 5. Jury cases under Chapter X will, however, appear in Statement 13.

C. H. PRITCHARD, *Lieut.-Col.*,
Commissioner, Ajmer-Merwara.

[*Vide* Section III—Criminal.]

Judicial Statement No. 4—(Criminal).

No. 14.—Statement showing the General Result of Criminal Trials in the Tribunals of various Classes in Ajmer-Merwara in the year 1907.

Class of Courts.	Total number of persons under trial.	PERSONS WHOSE CASES WERE DISPOSED OF.											Persons remaining under trial at the end of the year.	Number of cases disposed of during the year.	Average number of days during which each case lasted.	Number of witnesses examined.	Remarks.
		Died, escaped or transferred to another province.	Discharged or acquitted.	Convicted.													
				On regular trial.				On summary trial.									
				Sentence passed.	Released on probation, section 562, Criminal Procedure Code.	Youthful offenders dealt with under section 31, Act VIII of 1897.		Sentence passed.	Released on probation, section 562, Criminal Procedure Code.	Youthful offenders dealt with under section 31, Act VIII of 1897.		Committed or referred.					
						Discharged after admonition.	Delivered to parent or guardian, etc.			Discharged after admonition.	Delivered to parent or guardian, etc.

Superior Courts	...	...	...	...	...	...	...	...	...	...	...	...	...	...	...	...	
Total	7,672	27	3,260	2,993	...	...	...	1,089	...	...	..	13	290	4,742	9·5	4,243	

NOTES.—*Column 1, Sub-head "Court of Sessions."*—Includes cases decided by Sessions Judges on reference under section 123, C. P. C.

Column 1, Sub-head "Superior Courts."—Includes cases decided by the High Courts on reference under sections 307 and 374, C. P. C.

Column 2.—That is, the total of the entries in columns 3 to 14. The cases of persons transferred from one Court to another in the same province will appear only against the Court by which decided, or in which pending at the end of the year if not decided.

Column 3.—A note against the figure for each Court should be made in the column of remarks showing separately how many accused persons were transferred to other provinces.

Columns 5 and 6.—Persons whose cases were referred to a Superior Court for higher punishment, for orders under section 562, Criminal Procedure Code, or for confirmation of sentence will be entered in column 7, and not in columns 5 and 6, against the Court making the reference. Against the Court receiving the reference they will be shown as convicted or acquitted, according to the orders passed by it, or as pending, if orders have not been passed.

Column 7.—These cases will also be shown against the Magistrates who made the reference, entry being made as directed above.

Column 8.—An insane accused who has been sent to a lunatic asylum should be kept on the file and entered in this column until he has been tried and either convicted or acquitted.

Column 9.—Omit cases in which the accused died, escaped or was transferred.

Column 10.—In calculating the duration before the Magistrates' Courts, the starting point to be taken is not the date of complaint or information, but that of apprehension, or attendance on summons or otherwise of the accused. As regards Courts of Sessions, the actual number of days occupied should be given, commencing from the date of commitment. Cases in which the accused has absconded before arrest or has escaped from custody should be taken off the file till the persons implicated appear again.

General.—The figures in this statement should agree with those of Statement No. 2, and should include nothing else.

C. H. PRITCHARD, *Lieut.-Col.*,
Commissioner, Ajmer-Merwara.

Judicial Statement No. 5—(Criminal).

No. 15.—Statement showing the punishments inflicted by the various Criminal Tribunals in the District of Ajmer-Merwara in the year 1907.

Class of Tribunal.	Persons sentenced to: Death.	Transportation.	Penal Servitude.	Imprisonment: Rigorous.	Imprisonment: Simple.	Forfeiture of Property.	Fine.	Whipping.	Persons ordered to find or give security, or recognizance, to keep the peace, or sureties for good behaviour.	Persons imprisoned in default of security for good behaviour.	Detail of Punishment — Fine: Rs. 10 and under.	Rs. 50 and under.	Rs. 100 and under.	Rs. 500 and under.	Rs. 1,000 and under.	Above Rs. 1,000.	Total amount of fines imposed the year.	Total amount of fines realized during the year.	Amount paid by way of compensation.	Imprisonment: 15 days and under.	6 months and under.	2 years and under.	7 years and under.	Above 7 years.	Whipped: 10 stripes and under.	20 stripes and under.	30 stripes and under.	Number of boys whose sentences were commuted to detention in a Reformatory School.

Notes.—*Column 1, Sub-head "Courts of Sessions."*—Includes cases decided by Sessions Judges on reference under sections 31, 34 and 123, C. P. C.
Column 1, Sub-head "Superior Courts."—Includes cases decided by the High Court on reference under sections 307 and 374, C. P. C.
Column 19.—Includes fines realized during the year, though imposed in previous years. This column is intended to show the realized portion of fines imposed by officers in the exercise of original jurisdiction only.
Column 20.—Represents compensation awarded to complainants under section 545, Act X of 1882. These awards should also be shown under the head *fines* "imposed" and "realized" in columns 18 and 19, for they form part of such fines.
General.—(1) The total of columns 5, 6 and 11 should correspond with the total of columns 21 to 25 (both inclusive), and the total of column 8 should correspond with the totals of columns 12 to 17 inclusive.
(2) This statement is meant to exhibit every sentence passed, and, where two penalties are inflicted on the same offender, to exhibit them both. Further to reconcile the number of persons entered in this statement as punished, with the number entered as convicted in statement 4. It is necessary to note cases such as those in which fulfilment of contract is ordered under Act XIII of 1859 in a footnote. As regards persons whose cases were referred for higher punishment or for confirmation of sentence, the punishment, if any, sanctioned by the higher Courts should be entered against such higher Court, and not against the Court making the reference.

C. H. PRITCHARD, *Lieut.-Col.*,
Commissioner and Sessions Judge, Ajmer-Merwara.

No. 16.—Statement showing the result of appeal and revision in criminal cases in the District of Ajmer-Merwara in the year 1907.

Tribunals.	Number of Persons.											Average number of days during which each appeal lasted.	Remarks.
	Total number of appellants and applicants for revision before the Courts.	Died, escaped or transferred to another Province.	Appeals or applications rejected.	Sentence or order confirmed.	Sentence enhanced.	Sentence reduced or otherwise altered.	Sentence reversed.	Proceedings quashed.	New trial or further enquiry ordered.	Referred for revision to the High Court.	Pending trial.

Total	...	...	...	...	...	...	...	...	...	...	...	...	
GRAND TOTAL	...	...	...	...	...	...	...	...	...	...	...	...	

Notes.—*Column 2.*—Total of columns 3 to 12. Cases transferred from one Court to another *in the same Province* will appear only against the Court by which decided, or in which pending at the end of the year, if not decided. The words "Applicants for revision" in the heading of this column should be held to include only *accused persons* on whose behalf an application for revision is made or in whose interest the Magistrate or Judge may take steps to obtain revision on his own motion. Where such application is made, or such steps are taken, on behalf of a *complainant*, the fact should be noted, with the number of complainants concerned, in the column of Remarks. In the latter case, the accused persons against whom the application is made, though not appearing in this column, will fall into their proper places in columns 3 to 13, according to the result of such application. This note is held to apply also to cases dealt with by the High Court on review of returns.

Column 5.—Appeals dismissed under section 423, C. P. C., should be entered in this column.

Column 9.—Orders of discharge set aside by a Superior Court under section 436 of C. P. C. should be entered in this column.

Column 10.—When a sentence is reversed or proceedings are quashed on appeal, and a new trial or further enquiry is at the same time ordered, the Appellate Court should not fill in column 8 as well as column 10, or column 9 as well as column 10, in each case respectively, but should make the entry in column 10 only.

Column 13.—Duration of appeals, applications for revision, or reference should be calculated thus—

(1) Appeals from date of receipt in office of the petition of appeal;
(2) Applications for revision—from the date of application;
(3) Cases dealt with by the Court otherwise than on application—from date of the order calling for the records; and
(4) Cases sent to the High Court by lower Courts for revision—from the date of the letter from the Court making the reference.

General.—Persons whose appeals were rejected under section 421, Criminal Procedure Code, should be entered in column 4, in which should also be included applicants for revision whose cases the Courts have refused to submit to the High Court. In columns 5 to 10, should be shown, opposite the sub-heads for Magistrates of District and Courts of Sessions, persons whose cases were disposed of by those Courts without reference to the High Court, and in column 11 all persons whose cases these Courts referred to the High Court.

C. H. PRITCHARD, *Lieut.-Col.*,
Commissioner and Sessions Judge, Ajmer-Merwara.

Judicial Statement No. 6-A.—(Criminal).

TOTAL	8,616	5	1,564	1,161	2,193	1,114	181	70	20	774	192	1,342	495	165 07	38·80	

NOTES.—*Column 2.*—Total of the entries in columns 3 to 13. Cases transferred from one Court to another *in the same Province* will appear only against the Court by which decided, or in which pending at the close of the year, if not decided. The number of cases pending from the preceding year should be noted in the column of Remarks, and when deducted from the total of column 2 should leave a balance corresponding with the total of column 38 of Statement VII. If after deducting the arrears shown at the end of the previous year, the balance does not agree with the figures in column 38 of Statement VII, the difference should be explained.

Column 6.—When under section 102, C. P. C., a decree is wholly or partially made in favour of an absent plaintiff on the admission of the defendant, the case should be entered in this column.

Column 8.—A case in which defendant appears, but a plaintiff does not, and defendant does not confess judgment and the case is thereupon dismissed, the case should be entered in this column.

Columns 15 and 16.—As regards the average duration of suits the date of their presentation of the plaint shall be considered as the date of institution, unless some defect or omission requires to be amended before the plaint can be admitted, in which case the date of admission after amendment shall be regarded as the date of institution. With regard to applications to execute decrees the date of their presentation should alone be considered. In calculating average duration, the time that the suit has been actually pending in the particular Court should alone be calculated. The interval should be omitted during which an application for review which has been granted, or an appeal in which an order of remand has been passed, been pending in the superior Court. Revived suits are to be treated as if newly instituted on revival.

C. H. PRITCHARD, *Lieut.-Col.*,
Commissioner and District Judge, Ajmer-Merwara.

[*Vide* Section III.—Civil].

Judicial Statement No. 9—(Civil).

No. 20.—Statement showing the general result of the trial of the Civil and Revenue cases in the Courts of Original Jurisdiction in the District of Ajmer-Merwara in the year 1907.

* The percentages required for 2 (*a*), 2 (*b*), 2 (*c*) are to be calculated from the figures given in columns 6*a*, 6*b*, 6*c* respectively, of General Table IV.

† The annual cost is calculated on the *direct* expenditure only. The average cost of educating each pupil is obtained by dividing the direct expenditure by the average number on the rolls monthly during the year.

‡ The average cost of each pupil in Local Fund and Municipal Schools is to be obtained from the figures given in General Table VII.

§ Fractions of a rupee should be omitted, except in the columns showing the average annual cost of educating each pupil.

N. B.—The headings prescribed by the Government and not required for this district have been omitted.

E. F. HARRIS,
Inspector of Schools, Ajmer-Merwara.

I.—Fractions of a rupee are to be omitted.

II.—If the income of any school maintained by the Department (or by a Local or Municipal Board) exceeds the expenditure, the return of Government (or Local or Municipal) expenditure should be reduced accordingly, the income and expenditure of the school being thus equalised. If in such school the income from fees or other private sources alone exceeds the expenditure, the excess income and the sources from which it is derived should be shown in the column of Remarks.

III.—If the income of any aided school exceeds the expenditure, the excess should be proportionately deducted from the sub-heads of endowments, subscriptions, and other sources; or, if the receipts from those sources are insufficient, from the sub-head of Fees also. The actual receipts from Imperial Revenues and from Local and Municipal Funds should be shown in full.

IV.—In calculating the expenditure from Imperial Revenues or any other Funds, all payments or contributions from Fees or other sources credited to that Fund should be deducted. Such payments should be shown as expenditure under the sub-heads to which they belong.

V.—The expenditure under "University," "Direction" and "Inspection" should be shown only in column 6 and its sub-divisions, and not in the preceding columns.

VI.—The expenditure on stipends held in Training Schools should be shown as part of the expenditure in those schools, not under the head of scholarships.

N.B.—The headings prescribed by the Government and not required for this district have been omitted.

E. F. HARRIS,

Inspector of Schools, Ajmer-Merwara.

Education, General—Table V.

No. 50.—Return of the stages of Instruction of Pupils in Public Schools for General Education in Ajmer-Merwara at the end of the official year 1907-1908.

REPORT

ON THE

ADMINISTRATION OF AJMER-MERWARA.

FOR THE

1908-1909.

SECTION I.

GENERAL ADMINISTRATION.

Personnel.

Lieutenant-Colonel C. H. Pritchard, I.A., held charge of the office of Commissioner, Ajmer-Merwara, till the 19th March 1909 when he proceeded to England on leave. Major R. E. A. Hamilton, Assistant Commissioner, Ajmer, held charge of the current duties of the office of Commissioner in addition to his own duties till the end of the year.

2. The following officers held charge of the offices of Assistant Commissioners of Ajmer and Merwara for the periods shown against their names :—

AJMER.

Mr. E. B. Howell, C.S., up to the 13th September 1908.

Mr. W. J. E. Lupton, C.S., from 14th September 1908 to 8th October 1908.

Major R. E. A. Hamilton from 9th October 1908 to the end of the year.

MERWARA.

Captain W. G. Hutchinson, I.A., held charge up to the 3rd September 1908 and was relieved by Captain H. R. N. Pritchard who held the charge for the remaining period of the year.

3. Major P. J. Lumsden, I.M.S., held the office of Civil Surgeon up to the 22nd December 1908, and was succeeded by Lieutenant-Colonel H. R. Woolbert, I.M.S., who held it up to to the end of the year.

4. Mr. R. E. Coupland continued to hold the office of Superintendent of Police throughout the year.

Revenue and expenditure. (*vide* statement No. 42.)

5. The total revenue of Ajmer-Merwara (Imperial and Local) amounted to Rs. 15,54,363 as compared with Rs. 14,03,172, and the total expenditure to Rs. 14,50,310 as against Rs. 11,87,327 in 1907-1908.

Imperial Revenues increased from Rs. 9,28,093 in 1907-1908 to Rs. 10,80,731 in 1908-1909, while the expenditure amounted to Rs. 9,59,993 as against Rs. 6,89,023 in 1907-1908.

6. The increase in revenue occurred mainly under the head "Land Revenue" in which the receipts rose by Rs. 1,49,162. The increase in expenditure occurred mainly under the following heads :—

	Rs.
Superannuation, etc	+1,20,530
Land Revenue	+19,318
Interest	+73,754
Police	+23,526
Miscellaneous	+21,480
TOTAL	+2,58,608

7. There was a surplus of Rs. 1,20,738 in the Imperial Revenues during the year under report, as compared with Rs. 2,39,070 in the preceding year:

SECTION II.

ADMINISTRATION OF THE LAND.

I.—Court of Wards.

Year ending 31st July 1909.

8. Rai Sahib Munshi Gopi Nath held charge of the post of General Manager, Court of Wards, Ajmer, throughout the year.

Agricultural aspects.

9. The year under report (Sambat 1965), from an agricultural point of view, was a prosperous one, as the rainfall was above the normal and the outturn of the rabi harvest was exceptionally good, while the only deficiency was in the kharif crop, cotton having sustained some damage, but this was made up for by the high price of cotton that prevailed.

Estates under management.

10. There were 13 estates under management at the beginning of the year; the Junia estate was made over to Thakur Kesri Singh in November 1908, free of all debts and incumbrances, and there were thus 12 estates under management on the 31st July 1909, *viz.*, Bhinai, Masuda, Deolia Khurd, Kalahera-Bogla, Kerote, Sarana, Goella, Basundni, Karel, Richmalian, Gangwana, and Rajgarh.

11. The balance at the credit of the Court of Wards at the beginning of the year was Rs. 1,36,854 in cash, and Rs. 1,66,100 in Government Promissory notes.

12. The income of the estates under management during 1908-1909 amounted to Rs. 3,13,652, including a small sum of Rs. 307, on account of part income of the Junia estate collected before it was restored to the Thakur.

13. The total receipts including the cash balance amounted to Rs. 4,50,506 as detailed below:—

	Rs.
Bhinai	1,26,353
Masuda	2,38,607
Junia	15,129
Other estates	70,417
Total	4,50,506

14. The expenditure as shown in the margin (including over a lakh invested in Government paper), amounted to Rs. 3,34,641 (Bhinai Rs. 86,954, Masuda Rs. 1,87,087, Junia Rs. 14,535 and other estates Rs. 46,065). The closing cash balance at the credit of the 12 estates (exclusive of Rs. 593-12-10 made over to the Thakur of the Junia estate) stood at Rs. 1,15,271 on the 31st July 1909, *viz.*, Bhinai Rs. 39,399, Masuda Rs. 51,520, and other estates Rs. 24,352, besides Government securities of the face value of Rs. 2,76,600, held in deposit by the Comptroller of India Treasuries on behalf of the following estates:—

	Rs.
Government dues	28,168
Household	50,575
Management charges	30,166
Investments	1,05,792
Liabilities paid	57,166
Other charges	62,774
Total	3,34,641

	Rs.
Masuda	2,68,100
Kerote	6,000
Karel	1,500
Sarana	1,000
Total	2,76,600

15. During the year, Government Promissory notes of the face value of Rs. 1,10,000 were purchased on behalf of the Masuda estate.

16. The cost of management amounted to Rs. 30,167, which is 6·69 per cent. of the gross income of the estates. Cost of management.

17. At the beginining of the year, the outstanding arrears of all kinds amounted to Rs. 62,800. The current demand from all sources amounted to Rs. 3,06,956, which brought the year's total demand to Rs. 3,69,756 as under:— Demand and collection.

	Rs.
Bhinai	1,27,828
Masuda	1,65,411
Junia	12,699
Other estates	63,818
TOTAL	3,69,756

18. The collections, including collections on account of arrears, amounted to Rs. 3,13,652 as already stated, *viz.*, (Bhinai, Rs. 1,02,927, Masuda, Rs. 1,56,511, Junia Rs. 307, and other estates Rs. 53,907). Remissions amounted to Rs. 165, and the outstanding balance at the close of the year was Rs. 43,547 excluding the sum of Rs. 12,392 on account of the Junia estate.

19. The following table shows the demand, collections, remissions, and outstanding of income under the head "Rents and Cesses":—

Estates.	Demand.	Collections.	Remissions.	Outstandings.
	Rs.	Rs	Rs.	Rs.
Bhinai	1,17,300	96,721	...	20,579
Masuda	1,31,955	1,28,067	31	3,857
Junia	10,320	125	...	10,195
Other estates	55,603	47,054	81	8,468
TOTAL	3,15,178	2,71,967	112	43,099

20. The instalments of the Government *jama* due for the kharif and rabi harvests of Sambat 1965 (A. D. 1908-1909) were paid by all the estates in full, and, in addition, all arrears of Government demand were paid up during the year, *viz.*, Goella Rs. 1,112-4-6; Karel Re. 0-15; Rajgarh Rs. 10-11-5.

21. The following table shows the outstanding on account of *tavcavi* loans on the 31st July 1909, and it will be seen that they have been reduced from Rs. 18,139 to Rs. 14,077 during the year:—

No.	Name of the estate.	Takavi outstanding on 1st August 1908.	Takavi paid in 1908-1909.	Balance remaining unpaid on 1st August 1909.
1	2	3	4	5
		Rs. a. p.	*Rs. a. p.*	*Rs. a. p.*
1	Bhinai	12,578 2 0	2,515 10 0	10,062 8 0
2	Sarana	4,324 0 7	308 13 9	4,015 2 10
3	Richmalian	163 3 9	163 3 9	...
4	Rajgarh	1,073 9 9	1,073 9 9	...
	TOTAL	18,139 0 1	4,061 5 3	14,077 10 10

22. The following table shows the liabilities on account of private debts of the estates under the Court of Wards on 31st July 1909. It will be seen that they have been reduced during the year from nearly Rs. 69,000 to Rs. 13,658 :—

No.	Name of the estate.	Liabilities.			Payments.		Balance outsanding on 31st July 1909.
		Outstanding on 1st August 1908.	Debts admitted during the year.	Total.	Paid.	Written off.	
		Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
1	Bhinai	34,491 7 7	1,651 4 8	36,142 12 3	36,142 12 3	...	...
2	Masuda	80 0 0	...	80 0 0	80 0 0	...	...
3	Junia	12,899 7 0	91 0 3	12,990 7 3	11,625 12 3	1,364 11 0	...

Education of Wards.

23. During the year under report, Ran-Bijey Singh and Sawai Jey Singh younger brothers of the Thakur of Sarana and Thakur Udey Singh of Basundni were admitted into the Mayo College from the Government College. Thakur Nahar Singh, younger brother of the Thakur of Junia, left the College.

24. At the close of the year there were ten wards, who continued their studies at the Mayo College. Raja Sardul Singh of Bhinai, Thakur Bijey Singh of Masuda, Thakur Udai Singh of Kerote, Thakur Jagmal Singh of Sarana and his two brothers, Thakur Nathu Singh of Kalahera-Bogla, Thakur Ranjit Singh of Goella, Raja Raj Singh of Rajgarh, and Thakur Udai Singh of Basundni.

The Thakur of Deolia Khurd was allowed to work with the Kamdar in his estate in January 1906, as he was superannuated from the Ajmer College class, in which he had been reading.

25. Kanwar Chander Sen of Kunari in Kotah territory, a senior student of the Mayo College, was appointed, during the year under report, as private tutor to the young Thakur of Masuda. Chandernarain continued to be private tutor to the young Raja of Bhinai.

26. The health of all the wards was good, and the reports in respect to their progress at the College were satisfactory.

27. The case of the Basundni Mica mines has been referred to the Collector of Ajmer, for decision.

II. Estates managed under the Taluqdars' Relief (Dami) Regulation IV of 1872.

28. The Morajhari estate remained under the management of the Court of Wards until 24th February 1909.

29. Inclusive of the opening cash balance of Rs. 254-14-1, the receipts for the year 1908-1909 amounted to Rs. 440-6-8, out of which Rs. 422-6-8 were paid into the Government Treasury, towards the last and final payment of the Government Dami and Rs. 18 on account of the management charges, leaving no balance to the credit of the estate which was restored to Jagirdars on the 25th February 1909.

(III) Estate of the Dewan of the Durga Khwaja Sahib.

30. Dewan Gyasuddin Ali Khan died at Aurangabad on the 4th June 1909, and M. Imam-ud-din, late Revenue Extra Assistant Commissioner, now on pension, succeeded to the estate. The death of the late Dewan has rendered it impracticable to secure the details of the financial position of the estate for the year 1908-1909. The present Dewan has expressed his inability to render the accounts, as he is not aware of the affairs and of the expenses incurred by the late Dewan.

SECTION III.

PROTECTION.

(1) POLICE (YEAR ENDING THE 31ST DECEMBER 1908).

CHARGE.

31. Mr. R. E. Coupland held charge of the office of Superintendent of Police, Ajmer-Merwara, throughout the year with the exception of a period of 30 days when he was on privilege leave. During this period Mr. Paterson, Reserve Inspector, remained in charge of the current duties of the office of Police Superintendent.

Police statements.
A—Parts I and II
B.—Parts I and II
C, D and E.—
Nos. 4—10.

CRIME.

32. The total number of cognizable offences including the number of true cases reported to Magistrates during the year was 2,602, against 2,560 cases in 1907, showing an increase of 42 cases. The increase is small and is attributed to improved reporting.

Of the total number of 2,602 cases 2,495 were reported to the Police and 107 to Magistrates direct.

33. The figures for the triennial period ending with the year 1908 stand as follows :—

Year.	Police.	Magisterial.
1906	3,036	198
1907	2,365	195
1908	2,495	107.

The increase in police cases during the year occurs entirely under classes III and VI " Serious offences against person or property " and other offences. The increase under class III is attributed to improved reporting and under class VI to greater activity in suppressing public nuisance.

34. The number of non-cognizable offences shows a decrease of 81 cases, the figures being 2,813 against 2,894 in 1907.

35. The following comparative table shows the details of cognizable and non-cognizable crime for the year under report and the preceding year :—

Particulars.	1907.					1908.				
	Cognizable.				Total crime.	Cognizable.				Total crime.
	Police	Magisterial.	Total.	Non-cognizable.		Police.	Magisterial.	Total	Non-cognizable.

POLICE COGNIZABLE CASES. ALL CLASSES INCLUDING UNDETECTED AND EXCLUDED CASES.

36. The total number of cognizable cases reported to the police under all classes was 2,495 against 2,365 in 1907. Including 32 cases pending from the

preceding year, and excluding 388 cases in which investigation was refused, the total number of offences dealt with by the police during the year was 2,139. Of these 1,456 ended in conviction, giving a percentage of 68·08.

37. The percentage of investigations in these cases was 84. The percentage of convictions is therefore good and reflects credit on the manner in which the police sent up the cases to the courts.

Class. I.—Offiences against the State, public tranquillity, safety, and justice.

38. There were six cases under this class as compared with eight in 1907. There were two cases under head " Offences relating to coins and stamp". Of these one was struck off as false and the other resulted in conviction. A considerable number of false coins are detected in railway earnings, which come from stations all over the line. There is no reason to suppose that Ajmer-Merwara is the source of origin.

Class II.—Serious offences against the person.

39. Under this class the number of cases decreased from 88 in 1907 to 75; the decrease is noticeable chiefly under the heads " Murder ", " Hurt " and " Criminal force to public servant or woman or in attempt to commit theft or wrongfully confine."

40. Out of seven cases of murder, attempts to murder and culpable homicide, two were convicted, one acquitted and four remained undetected. In these cases four persons were arrested by the police and of these two were convicted and two acquitted. None of the murder cases exhibited any extraordinary features.

41. There were two cases of " Rioting " during the year. Of these one resulted in conviction and the other is pending.

Class III.—Serious offences against person, property or against property only.

42. Under this class 457 cases were reported to the police against 363 in 1907. The increase is chiefly under the head of " Lurking house tresspass or house-breaking."

43. There were four cases of dakaiti, of which one was struck off as false, one was acquitted and two remained undetected. This record is by no means satisfctory. It is due to the fact that all these cases occurred within a couple of miles of the Ajmer-Merwara border and were most probably the work of people from the other side. It is, however, satisfactory to note that a number of ringleaders of the gang reported last year to be working from surrounding Native States have been convicted and the gang dispersed.

44. The number of cases of robbery was the same as last year, *viz.*, 14. Of these two proved false, one was declared non-cognizable, two resulted in conviction, one in acquittal and eight remained undetected. Detection was poor, though slightly better than in 1907. There were no special features in connection with any of these offences.

Class. IV.—Minor offences against the person.

45. Under this class the cases fell from seven in 1907 to two. The decrease was under the head of " Wrongful restraint and confinement."

Class V—Minor offences against property.

46. There were 732 cases reported to the police under this class as compared with 752 in 1907.

47. There were 70 cattle thefts as against 102 in 1907. In eight of these cases investigation was refused, three cases were declared false, nine convicted, one acquitted and forty-nine remained undetected. The record is capable of improvement. Continued attention was paid to the correct maintenance of cattle registers, and some improvement was effected in this respect.

Class VI.—Other Offences not specified ante.

48. There were 1,223 cases reported to the police under this class as compared with 1,137 in 1907. The increase was chiefly under the head of "Public Nuisance." This class includes cases under the Sanitary Laws. The number of sanitary cases taken up by the police was 1,215 as compared with 1,128 in 1907.

49. The incidence of crime (sanitary and false cases excluded) per 10,000 of population was 25·66 against 21·22 in 1907. Incidence.

50. The number of cases investigated amounted to 857 as compared with 1,035 in 1907. The percentage of conviction to cases investigated was 43·40 against 40·00 in 1907.

51. The number of persons arrested during the year was 1,924 as against 1,997 in 1907. Of those arrested 17 were released under section 169 of the Code of Criminal Procedure and of the remainder tried by the courts, 1,752 were convicted and 103 acquitted or discharged.

DIRECT COGNIZABLE CRIME.

Cases.

52. During the year under report the total number of Magistrates true cases was, 107 as compared with 195 in 1907. Of these 17 resulted in conviction, representing a percentage of 15·89.

Persons.

53. The number of persons concerned in the above direct cases was 201 against 566 in 1907. Out of these persons 23 were convicted, giving a percentage of 11·94.

NON-COGNIZABLE CRIME.

(a) *Cases.*

54. The total number of cases under this head amounted to 2,880, including 67 pending from the previous year. Of these, 1,364 ended in conviction, representing a percentage of 47·338.

(b) *Persons.*

55. In connection with the above non-cognizable cases 4,434 persons appeared before the courts, including 177 persons from last year. Of these, 1,690 persons were convicted.

56. The total value of the property alleged to have been stolen in Police cognizable cases was Rs. 48,756, or Rs. 3,000 less than in 1907. The value of property recovered in these cases amounted to Rs. 8,706 representing a percentage of 17·85. Property stolen and recovered.

57. The number of cases in which property was stolen was 1,036 as compared with 861 in 1907, and the number in which property was recovered was 402 as against 383 in 1907.

58. The permanent strength of the police force was 829, against 824 in 1907. The cost of maintenance rose from Rs. 1,38,170 to Rs. 1,58,301, of which Rs. 1,30,862 were debited to Imperial revenues and the balance of Rs. 27,439 to Municipal and other bodies. The increase in cost is accounted for by the introduction of various measures of re-organization. Strength.

59. The number of punishments inflicted rose from 23 in 1907 in 30 in 1908. The general work of the police force was good. The casualties which occurred during the year 1908 were as follows:— Punishment.

(1) Pension or gratuity	5
(2) Resigned without pension or gratuity	46
(3) Dismissal	...
(4) Discharged otherwise	21
(5) Desertion	3
(6) Death	18
	93

Health.

60. The health of the force was good. The total number of admissions into the hospitals was a little heavier than in 1907, the figures being 59·65 and 43·87 respectively. The daily average number of men absent from duty on account of sickness was ·12, the same as last year.

Rewards.

61. The number of officers and men rewarded rose from 62 in 1907 to 102 in 1908. The amount earned by them in rewards from all sources was Rs. 866, as compared with Rs. 200 in 1907.

Finger print Bureau.

62. During the year under report 390 finger impression slips were sent for trace, but in 29 cases only previous convictions were proved. The percentage of successful search was low and will always be so owing to the majority of the unidentified persons being residents of surrounding Native States where the system of taking finger impression is perhaps not fully developed.

Proclaimed offenders.

63. There were 54 names on the register at the beginning of the year; 10 men were arrested, 8 were struck off owing to death, lack of evidence, etc., and 14 names were added, thus making up a total of 50 at the close of the year. Of these 50, 32 were in class A and 18 class B.

64. The number of persons whose history sheets were recorded in the village crime note book at the end of 1907 was 355 and 183 sheets were prepared during the year: 158 sheets were discontinued and of 380, whose sheets continue to be written, 60 were re-convicted during the year, and the whereabouts of 20 are unknown. Considerable progress was made in the maintenance of history sheets and station officers were given regular instructions on the subject.

65. The difficulty in effective surveillance, when a suspect crosses the border, continues to be experienced owing to lack of direct local communication.

Surveillance has, however, improved owing to the enforcement of responsibility on headmen and chaukidars.

Co-operation with the Police of Native States.

66. In the cold weather of 1907-1908 a series of conferences with the Police officers of Native States were held on the border, and proposals were made with a view to more effective co-operation between the border police. The matter is still under consideration.

Reforms.

67. Sanction for the whole scheme of re-organization was received during the year, and the revision of grades and pay of Constables and Head Constables was effected.

It will be some years before the full number of Sub-Inspectors can be provided; necessary steps are, however, being taken.

General Remarks.

68. The question of providing suitable and up-to-date police lines at headquarters is still under consideration.

69. The work of the force throughout has been good. In spite of the high prices prevailing there was no appreciable increase of crime.

70 Serious crime decreased and detection and prosecution improved, though detection in heinous crime still leaves something to be desired.

(2) CRIMINAL JUSTICE (YEAR ENDING THE 31ST DECEMBER 1908.)

71. During the year 1908 the office of District Magistrate, Ajmer, was held by Mr. E. B. Howell, I.C.S., and Major R. E. A. Hamilton, I.A., and that of the District Magistrate, Merwara, by Captain W. G. Hutchinson, I.A., and Captain H. R. N. Pritchard, I.A.

72. The total number of offences reported was 5,771, of which 4,668 were returned as true. Of these, 1,059 were reported under the Police Act, against 871 in the year 1907.

73. The number of cases under the Opium Act was 27 as against 24 in 1907 and 27 in 1906.

74. The number of persons under trial in the year was 7,042: of these 3,954 were convicted. The corresponding figures for 1907 were 7,672 and 4,082. The number of persons placed on trial before Honorary Magistrate was 3,022 as against 3,506 in 1907.

75. The average duration of each case was 11·6 days as against 9·5 in 1907. The decrease in the number of petty cases under the Ajmer Municipalities Regulation, 1886, accounts for this.

76. The number of witnesses examined was 4,357 against 4,243 in 1907.

77. There was a material decrease in the number of cases under Chapter VIII of the Code of Criminal Procedure, but the percentage of convictions (19·45) was almost the same as in 1907 (19·24).

78. The number of persons placed on trial before the District Magistrates was 101.

79. The Court of Sessions dealt with the cases of 16 persons as against 14 in 1907.

80. In the Railway jurisdiction 326 persons were placed on trial, of whom 283 were convicted: 154 persons on trial were charged with theft, of whom 144 were convicted.

81. The number of appeals and revisions dealt with by the District Magistrates and the Sessions Court was 203. In 17 cases the sentence or order in appeal was confirmed.

82. The Courts of the—

(1) Cantonment Magistrate, Nasirabad,
(2) Extra Assistant Commissioner, III, Kekri,
(3) Cantonment Magistrate, Deoli,
(4) Honorary Magistrate, Ajmer,
(5) Honorary Magistrate, Bandanwara,
(6) Honorary Magistrate, Bhinai,
(7) Honorary Magistrate, Sawar,
(8) Honorary Magistrate, Kharwa,
(2) Honorary Magistrate, Deolia-Kalan,

were inspected by the District Magistrate, Ajmer.

83. During the year under report the District Magistrate, Merwara, did not inspect any court.

84. The following Courts were inspected by the Commissioner during the year under report:—

(1) Cantonment Magistrate, Nasirabad.
(2) Extra Assistant Commissioner, III, and Magistrate, First Class, Kekri.
(3) District Magistrate, of Merwara.
(4) Deputy Magistrate, of Beawar.
(5) District Magistrate, Abu.
(6) District Magistrate, Rajputana-Malwa Railway jurisdiction, Jaipur.
(7) District Magistrate, Rajputana-Malwa Railway jurisdiction, Bharatpur.

(3) CIVIL JUSTICE.

85. The number of Courts during the year under report was the same, *viz.*, 25, as in the preceding year.

86. The temporary Court of the Additional Commissioner, which was established with effect from the 9th December 1907, to clear off the arrears of civil appeals in the Commissioner's Court, continued up to the 19th March 1908.

87. The total number of suits instituted (including miscellaneous cases) was 8,320: of these, 4,918 were instituted in the Court of Small Causes.

88. The total value of the suits instituted was Rs. 6,28,107, against Rs. 6,42,077 in 1907. Suits of all kinds, the value of which was less than Rs. 50, numbered 5,016.

89. The total number of suits of all kinds (including miscellaneous cases) for disposal was 9,933. This includes the pending list at the close of the year 1907 (1,447) and 166 under review, revival and remand. Disposals by transfer numbered 5, and those without trial 1,862. The number of suits disposed of without contest was 5,295, of suits disposed of by arbitration 144, and of suits disposed of with contest 929.

90. The pending file at the close of the year was 1,698 as compared with 1,447 in the preceding year, and of these 581 suits had been pending for more than three months. The average duration of contested civil suits was 211·1 days and that of uncontested suits 46·8.

91. On the appellate side there were 332 appeals from decrees and orders for disposal. Ninty-six appeals were disposed of by the Additional Commissioner, whose Court sat for about three months only.

92. The pending file at the close of the year was 153 appeals.

93. The average duration of appeals was 182·7 against 366·5 days in the preceding year.

94. The number of applications for execution of decrees was 15,195 against 17,233 in 1907. The number pending at the end of the year was 2,723. In seven cases only were the judgment-debtors imprisoned.

95. During the year under report the Commissioner inspected the Courts of the—

(i) Cantonment Magistrate and Sub-Judge, First Class, Nasirabad.

(ii) Extra Assistant Commissioner, III, and Sub-Judge, First Class, Kekri.

(iii) Assistant Commissioner, Merwara.

(iv) Deputy Magistrate, Beawar.

(v) Honorary Munsif of Masuda.

(vi) Honorary Munsif of Kharwa.

(vii) District Judge, Mount Abu.

(4) REGISTRATION (YEAR WHICH ENDED ON THE 31ST DECEMBER 1908).

96. The total number of all classes of documents presented for registration during the year under report was 3,641 as against 3,318 is the previous year. The increase of 323 was mainly in the registration of documents in class "Obligatory" and "Optional" under Book 1.

97. Out of the total number of documents presented for registration 2,267 documents, 62·26 per cent. of the whole as against 63·17 per cent. in the preceding year, were registered by the Sub-Registrar of Ajmer.

98. The area of agricultural land transferred by sale during the year was 4,755 bighas as compared with 3,358 in the year 1907, showing an increase of 1,397 bighas, while the area of agricultural land transferred by mortgage shows a decrease of 431 bighas, *i.e.*, from 6,272 bighas in the preceding year to 5,841 bighas in the year under report.

99. The total value of land transferred by sale and mortgage amounted to Rs. 3,28,160 or Rs. 76,896 more than in the preceding year. The increase is largely due to the extension of Act. VI of 1904, making mortgage deeds affecting property valued at less than Rs. 100, compulsorily registrable.

100. The receipts from registration amounted to Rs. 7,014, as against Rs. 6,320 in the year 1907. The total expenditure incurred was Rs. 2,243, as against Rs. 1,920 in the preceding year. Taking into consideration the moiety fees allowed to the Registrar and various Sub-Registrars, the working of the Registration Department shows a net surplus of Rs. 3,415, which is satisfactory. The system of recording thumb impressions worked well throughout the year.

(5) MUNICIPALITIES (YEAR ENDING THE 31ST MARCH 1909).

Ajmer Municipality.

101. The constitution of the Ajmer Committee remained unchanged with the exception that Mr. F. Goodwin, Loco. Superintendent, Rajputana-Malwa

Railway, Ajmer, ws elected Chairman, but owing to his absence from the country on leave he could not take office. From 1st April 1908, the senior Vice-Chairman, Mr. Fateh Chand Mehta, acted as Chairman, till orders, appointing the District Magistrate, Ajmer, to be Chairman, were received from the Hon'ble the Chief Commissioner, Ajmer-Merwara.

102. During the year under report the Committee held 29 meetings, of which 7 were special and 22 ordinary. The average attendance at each meeting was 17·13 and 15·41 respectively.

103. The total income of the year was Rs. 2,59,282, as against Rs. 2,72,670 in 1907-1908. The expenditure amounted to Rs. 3,15,860, as against Rs. 3,19,825 in the previous year. If refunds are excluded, which amount to Rs. 48,721 in 1907-1908 and Rs. 40,874 in 1908-1909, the figures for the two years compare as follows :—

	1907-1908.	1908-1909.	Difference.
	Rs.	Rs.	Rs.
Income	2,23,949	2,18,408	—5,541
Expenditure . . .	2,71,104	2,74,986	+3,882

The closing balance amounted to Rs. 50,045.

104 The decrease in the income was chiefly due to a falling off in the octroi receipts, and decline in revenue from market and slaughter houses, and miscellaneous sales.

105. The gross and net receipts from octroi in the two years are shown below :—

	Gross.	Net.
	Rs.	Rs.
1907-1908	1,94,937	1,46,216
1908-1909	1,81,580	1,40,706
	—13,357	—5,510

106. The net decrease of Rs. 5,510 is attributed chiefly to the year not being an auspicious one for Hindu marriages.

107. The income under the head "Sale-proceeds of land," rose from Rs. 67 to Rs. 1,981. This was due to the fact that a sum of Rs. 1,268 outstanding on account of the sale of a site in Kaisarganj was recovered, and a sum of Rs. 713 on account of the value of certain plots of land sold near the Katchery road was also recovered.

108. The increase of Rs. 2,140 under the head "Conservancy fees" is chiefly due to the enhanced rate of fee paid by the Rajputana-Malwa Railway throughout the year.

109. The increase of Rs. 1,721 under the head "Other conservancy receipts" is ascribed to the fact that an unspent balance of Rs. 1,420 advanced for the purchase of green grass for conservancy cattle was credited back to this head.

110. A decrease of Rs. 1,612 occurs under the head "Revenue from market and slaughter houses." It is a fluctuating item and depends entirely on competition at auction sales.

111. The increase of Rs. 1,257 under the head "Recoveries" on account of services rendered to private individuals is due to the work of draining the ablution water from the Durgah of the Khawaja Sahib having been undertaken by the Municipality at the cost of one Mohamed Haji Ishak.

112. The decrease of Rs. 4,254 under the head "Miscellaneous sales" is specially due to a smaller consumption of Municipal water, as owing to good rainfall water was plentiful in the wells during the year under report.

113. The increase of Rs. 2,249 under the head "Advances other than permanent" is chiefly due to an advance of Rs. 1,405 received from the Commissioner, Ajmer-Merwara, for the purchase of Aladin Lamps, which were presented by certain inhabitants of Ajmer, as also to unexpended balances returned by the Executive Engineer, Ajmer Provincial Division. The decrease of Rs. 3,734

under the head "Advances" is due to unexpended balance on account of water works having been returned by the Executive Engineer, Ajmer Provincial Division, during 1907-1908.

114. The total disbursements during the year under report amounted to Rs. 3,15,860, against Rs. 3,19,825 in the previous year. The decrease of Rs. 3,965 occurred chiefly under the following heads :—

"Buildings, etc.," "Refunds," "Water-Supply, City Survey, etc.," "Public Works Establishment," "Printing Charges," "Advances," and Miscellaneous.

115. The increase of Rs. 1,611 under head "Office" is due to the payment of grain compensation and annual increments to the staff.

116. Refunds amounting to 22·51 per cent. of the gross octroi collections were granted during the year under report against 24·99 in the previous year. The decrease of Rs. 7,847 in rebates occurred chiefly under cloth and metals.

117. The expenditure under the head "Lighting" rose from Rs. 6,900 to Rs. 7,556, the increase of Rs. 656 was due to the maintenance of Aladin and Kitson lamps.

118. The increase of Rs. 1,775 under the head "Police" is chiefly due to the payment of grain compensation.

119. The expenditure under the head "Water-works" fell from Rs. 83,510 to Rs. 75,552, the decrease of Rs. 7,958 being due to the discontinuance of further experiments in connection with the new water-supply.

120. The expenditure under the head "Conservancy" amounted to Rs. 73,339, as against Rs. 58,012 in 1907-1908. The increase of Rs. 15,327 was due to—

(*a*) grain compensation paid to the staff,

(*b*) the appointment of a sub-inspector and 34 extra sweepers at the Municipal trenching ground,

(*c*) the purchase of 18 tram cars complete,

(*d*) the purchase of 10 conservancy carts with frames,

(*e*) the purchase of 12 pairs of trolly wheels,

(*f*) the maintenance of extra cattle and the high rates for gram and barley which prevailed,

(*g*) the purchase of privy pans.

121. The increase of Rs. 1,028 under the head "Public Gardens" is mainly due to general repairs to the public gardens and to grain compensation paid to the establishment.

122. The increase of Rs. 1,491 under the head "Actual cost of work done for private individuals" is due to draining ablution water from the Dargah for which a contribution was received by the Municipality.

123. The decrease of Rs. 1,630 under the head "Printing charges" is due to an extraordinary expenditure having been incurred in printing forms for the triennial election of Municipal members held during 1907-1908.

124. The decrease of Rs. 2,007 under the head "Miscellaneous" is apparently due to a large quantity of books and furniture having been purchased for the Ajmer Public Library in 1907-1908.

125. The decrease of Rs. 6,008 under the head "Advances" is due to the undisbursed balances on account of Water Works having been refunded by the Executive Engineer, Ajmer Provincial Division to the Municipal Engineer during the year 1907-1908.

126. A sum of Rs. 5,611 was paid during the year towards the repayment of Government loans and Rs. 9,035 on account of interest.

127. The balance of the loan still due by the Municipality, amounted to Rs. 1,78,824 at the end of year.

128. The incidence of taxation fell from Rs. 1-15-8 to Rs. 1-14-6.

129. The management of the Ajmer Water Works was in the hands of Mr. S. O. Heinemann, Municipal Engineer, Ajmer, throughout the year.

130. The first rise in water-level of the Foysagar ccurred after the rainfall of 9·49 inches on June 18th. The lake filled and overflowed the weirs on 30th July 1908 and continued to overflow the low level weir until August 16th and again overflowed on the 18th. The rain ceased on September 3rd, the lake being then full.

131. The total depth of the Foysagar lake between the sill of the sluice and the low level weir is 24 feet. The south weir that was previously 1 foot higher than the north weir has now been cut down to the same level. The level of water above sill of sluice before rain on 18th June was 14·25 feet. Highest level of water above sill of sluice on 6th August was 27·50 feet. Total rainfall between 18th June and 3rd September was 54·22 inches.

132. The water-level in the reservoir on 1st April 1908 was 18·26 feet and reached the lowest level on 18th June. The fall from 1st April 1908 to 18th June 1908 was 4·01 feet, as against 6·95 feet from 1st April 1907 to 28th June 1907.

133. The fall of 4·01 feet in 109 days represents a consumption of 33·59 million cubic feet in 109 days or 0·31 million feet per diem as compared with 0·19 million cubic feet per diem for 1907.

134. The number of recorded births fell from 1,957 to 1,934, the number of deaths rose from 3,632 to 4,138. The increase of 506 deaths is mainly due to the prevalence of malarial fevers and bowel complaints associated with the increased rainfall. The birth and death rate per mille was 26·19 and 56·04 as against 26·50 and 49·19 in 1907-1908. No cholera appeared during the year under report. Eleven cases of plague with ten deaths were reported during the year under review, against 17 cases with 9 deaths in 1907-1908. All these were imported cases, being detained and treated in the segregation camp by the Plague Inspecting Medical Officer.

135. The total number of vaccinations performed in the Ajmer town and suburbs during 1908-1909 was 2,761 as against 3,939 last year showing a decrease of 1,178.

136. The decrease is attributed to the prevalence of malaria after the excessive rainfall of the year.

137. Out of these 2,582 were primary vaccinations, and 179 re-vaccinations, against 3,392 and 547 respectively in the previous year. The decrease in the number of re-vaccinations is also due to the prevalence of malaria.

138. The percentage of success among primary and re-vaccinations was 9,938 and 9,274 respectively.

139. As noted in paragraph 156 of last year's report, an application for a loan of Rs. 50,000 for the improvement of the trenching ground for the disposal of night-soil of the Ajmer City was submitted. Sanction is still awaited.

140. There was no change in the Municipal boundaries during the year.

Beawar Municipality.

141. The following changes took place in the constitution of the Committee:—

Lala Durga Prasad and the Reverend F. Ashcroft, M.A., resigned their seats on the Committee. The vacancies thus caused were not filled up, as the triennial election was close at hand. During the year under report the Committee held 15 meetings, of which 7 were special and 8 ordinary, as compared with 6 special and 10 ordinary in 1907-1908.

142. The total income of the year amounted to Rs. 73,761, as against Rs. 77,598 in 1907-1908 and the expenditure to Rs. 87,126, as against Rs. 75,231. The closing balance amounted to Rs. 21,449 exclusive of Rs. 10,000 invested in Government paper.

143. The decrease of Rs. 3,837 in the income occurred chiefly under the head "Octroi," which realized a gross amount of Rs. 70,672, as against Rs. 74,272 in the previous year. This decrease is attributed mainly to smaller imports of Gur and certain other articles of food, fuel, building materials, drugs, spices, gums, cloth and metal; and also to a failure of the cotton crop in the district.

144. The net receipts from octroi, after deducting refunds of Rs. 26,987, amounted to Rs. 43,685, against Rs. 45,308 in the preceding year.

145. The incidence of octroi taxation on a population of 21,928 was Rs. 1-15-9 per head during the year under report, as against Rs. 2-0-11 in the year 1907-1908.

146. Compared with the previous year the expenditure shows an increase of Rs. 11,895, which occurred chiefly under the following heads :—

(i) Buildings original, under the major head "General Administration" on account of fees paid to Sir Swinton Jacob of Jaipur, for preparing a design of the Town Hall and Municipal Office.

(ii) Lighting, on account of the purchase of four Kitson lamps and accessories for them, and increase in the hours of lighting.

(iii) Water-supply, on account of test of wells and boring operations in connection with the proposed Beawar Water-works.

147. The excessive rainfall in 1908 prevented the Committee from carrying out further boring operations in the bed of the Jalia Tank, as advised by Mr. Silk, Sanitary Engineer to the Government of Bengal, and the water-supply scheme is at a standstill and will remain so till the level falls.

148. The suggestion of Mr. Heinemann, Municipal Engineer of Ajmer, as to the advisability of ordering plant and laying down pipe lines in the town, is receiving the attention of the Committee, but as the matters now stand it may be years before the chance will again occur for examining the land above the Jalia Dam.

149. The numbers of births and deaths registered during the year were 911, and 1,125 as against 1,014 and 912 respectively, during the year 1907-1908.

150. The project for the long wished for Town Hall and office has received the sanction of the Honourable the Chief Commissioner, and the Committee are acquiring the land for the building and arranging to start the work as early as possible.

Kekri Municipality.

151. There was no change in the constitution of the Committee during the year under report.

152. The Committee held two ordinary and four special meetings with satisfactory attendance.

153. The total income and expenditure during the year amounted to Rs. 7,310 and Rs. 9,564, as against Rs. 9,199 and Rs. 10,075 respectively in the year 1907-1908. The charges exceeded the receipts of the year by Rs. 2,254. Proposals for improving the financial position of this Municipality are under consideration. The closing balance on the 31st March 1909, amounted to Rs. 2,725 inclusive of Rs. 2,000 invested in Government securities.

154. The decrease of Rs. 1,889 in the income compared with the figures for the preceding year, is chiefly due to a falling off in the octroi receipts which are the chief sources of revenue. This decrease in the octroi receipts is attributed to the year not being an auspicious one for Hindu marriages.

155. The decrease of Rs. 493 in expenditure was effected chiefly under the heads Lighting, Conservancy, Garden and Arboriculture, Public Works, contributions and General Miscellaneous.

156. The incidence of octroi taxation was Rs. 0-12-11 per head of the population during the year under report as against Rs. 1-1-8½ in 1907-1908.

157. The number of births and deaths recorded during the year was 247 and 279, as against 169 and 241, respectively, during the year 1907-1908.

SECTION IV.

PRODUCTION AND DISTRIBUTION.

158. The year under report comprises Rabi 1315 Fasli, and Kharif 1316 Fasli. The Rabi crops, which depended on the rainfall of 1907, were generally good, the average outturn being 14 annas in the rupee in Ajmer, 16 annas in Beawar and 11 annas in Todgarh. Owing to the excessive rains of 1908, the Kharif crops in Ajmer Merwara were damaged to a certain extent and consequently the average outturn of the Ajmer Tahsil was only 13 annas in the rupee and the outturn in the Beawar and Todgarh Tahsils was as low as 9 and 7½ annas in the rupee, respectively. Agricultural summary.

159. *Ajmer.*—The area sown for the Rabi of 1907-1908 was 37,425 acres, of which 381 acres failed. The outturn was estimated at 4,70,042 maunds. The area under cultivation for the Kharif of 1908-1909 was 1,39,394 acres, of which 17,427 acres failed. The outturn was estimated at 4,08,797 maunds. The actual collections on account of these two harvests amounted to Rs. 2,71,466, against Rs. 2,01,252 in the preceding year. The realisations of revenue suspended in previous years were Rs. 59,560. The total collections during the year came to Rs. 3,31,046 as against Rs. 2,50,345 in 1907-1908. The recovery of a sum of Rs. 2,479 out of the year's demand was suspended and a sum of Rs. 21,588, being suspended arrears of revenue in Khalsa villages outstanding for over three years, was remitted. A sum of Rs. 17,541 was also remitted in Khalsa villages on account of natural calamity of class A occasioned in the Kharif and Rabi harvests of 1,315 Fasli. The amount of revenue outstanding at the close of the year was Rs. 15,342.

160. During the year a sum of Rs. 8,910 was adavnced under the Land Improvement Loans Act and Rs. 3,476 under the Agriculturists' Loans Act. The realisations of both principals and interest under the two Acts amounted to Rs. 15,854 against the demand of Rs. 1,08,095. The amount remaining outstanding at the close of the year was Rs. 92,241 as against Rs. 1,52,365 on the 31st March 1908.

161. *Merwara.*—The area sown for the Rabi of 1907-1908 was 30,096 acres, of which 1,465 acres failed. The outturn was estimated at 341,741 maunds. In the Kharif of 1908-1909, 64,416 acres of land were brought under cultivation, of which 25,266 acres failed. The outturn was estimated at 1,61,855 maunds.

162. The collection of revenue on account of these two harvests amounted to Rs. 1,25,939 as compared with Rs. 75,174 in 1907-1908. A sum of Rs. 6,726 was realized on account of arrears of previous years. The total collection amounted to Rs. 1,32,665. The amount of Revenue outstanding at the close of the year was Rs. 5,365, of which a sum of Rs. 3,384 was suspended. Suspended arrears outstanding in the Beawar and Todgarh Tehsils for over three years amounting to Rs. 60,713 were remitted. In addition to the above a sum of Rs. 72 was remitted on account of calamity of class A occasioned in Kharif 1316 Fasli, and a sum of Rs. 13,319 was also remitted on account of calamity of class A for Kharif 1315 Fasli.

163. During the year nothing was advanced in the Merwara District under either of the two Acts. The realizations under both the Acts amounted to Rs. 13,552 including Rs. 9,538 on account of interest, the amount of advances remaining outstanding at the close of the year in both the Tahsils was Rs. 2,02,479 against Rs. 2,14,937 on 31st March 1908.

Exploring licenses.

164. During the year under report a license to explore for minerals in the villages of Sedaria and Kheradanti in Merwara District was granted to Rai Bahadur Seth Sobhag Mal Dhadda of Ajmer. Mines.

Prospecting licenses.

165. Four licenses to prospect for mica and garnets in the Ajmer District were granted in favour of Rai Bahadur Seth Champa Lal, Ram Swarup of Beawar, but no prospecting was done and the licenses were cancelled.

166. In the Merwara District several licenses to prospect for mica and copper were granted.

167. One license to prospect for mica within the limits of Kalatankhera in the Beawar Tehsil was renewed in favour of K. B. Haji Sajjan Lalji of Secunderabad.

Trade.

168. The returns of the Rajputana-Malwa Railway show an increase in the number of passengers booked from stations in Ajmer-Merwara from 10,44,663 in 1907 to 10,50,521 in 1908 (calendar year).

169. The grain traffic of the two most important local trade centres for the year under report and the previous year is given below : –

		1907	1908	
Ajmer—				
	Imports . . .	11,849	11,703	tons
	Exports . . .	272	343	„
	Balance in favour of Imports	11,577	11,360	„
Beawar—				
	Imports . . .	4,090	3,040	„
	Exports . . .	2,489	1,773	„
	Balance Imports	1,601	1,267	„

170. There is, it will be seen, little difference in the Ajmer figures, but in Beawar both imports and exports fell off in 1908.

Imports of cotton at Beawar also fell from 4,140 tons to 660 tons during the year under report.

Public Works.

171. During the year under review the total expenditure incurred on Public Works in the Ajmer and Merwara Districts (exclusive of irrigation works canals and railways), amounted to Rs. 3,03,327, of which Rs. 2,26,232, were spent on works within the jurisdiction of the Commissioner as against Rs. 1,85,828 in 1907-1908.

172. The chief works carried out or under construction during the year were :—

New office for the Commissioner, Ajmer-Merwara.

Suitor's shed in the compound of the Court-house at Nasirabad.

Additions and alterations to District Court buildings, Ajmer.

Suitor's shed for the Court of Assistant Commissioner, Beawar.

Tent godown and Nazir's store at the Commissioner's new English Office.

Converting godown adjoining the under-trial prisoners' ward into a ward for civil prisoners in the Central Jail, Ajmer.

Hand mills, etc., for the Ajmer Central Jail.

Additions to Mayo College main buildings, Ajmer.

Construction of a verandah in front of Forest Officer's room, Ajmer.

Quarters for certain police stations.

Quarters for the Divisional Telegraph Superintendent at Ajmer.

173. The expenditure on " Communications " amounted to Rs. 1,00,255. Revenue credited to Imperial Civil works during 1908-09 on account of Ajmer-Merwara amounted to Rs. 5,192 including Rs. 703, Rs. 999 and Rs. 780 on account of rent of Cantonment Magistrate's bungalow, Nasirabad, Agency House, Deoli, and Agency Surgeon's quarter, Deoli, respectively.

Arboriculture. Roadside tree plantation.

174. At the beginning of the year the total length of the roads with avenues (Imperial and District Funds) was 37 miles and 1 furlong. During the year under report 4 miles and 6 furlongs of Imperial and 3 miles of the District Fund roads were planted with young trees, thereby making a total length of 44 miles and 7 furlongs of avenue roads. The number of trees planted to fill up blanks was 1,142. At the close of the year there were 1,502 young trees shown as fully established and not in need of further maintenance. The total cost of planting and maintaining the trees on both Imperial and District Fund roads amounted to Rs. 4,442, against Rs. 3,265 in the previous year. The increase in expenditure is due partly to the new plantings and partly to the introduction of iron tree-guards in place of wooden ones. The expenditure on Imperial roads was Rs. 2,627 and on District Fund roads Rs. 1,815. There was no change in the number of nurseries during the year. The income derived from the sale of dry wood, babool pods, etc., amounted to Rs. 167 against Rs. 158 in the previous year. The net result of the year's operation was the addition of 7 miles 6 furlongs of roadside avenue, against 4 miles 4 furlongs in 1907-1908. The year was very favourable, though damage was done to some plants owing to excessive moisture and severe frost. The supply of water from wells was sufficient and the level of subsoil water was greatly improved.

Inspection of rain-gauges.

175. The number of rain-gauges maintained in Ajmer-Merwara was 56 against 57 in 1907-1908. The rain-gauges at Foysagar were restored to the Public Works Department Stores and replaced by the Municipality. One new raingauge station was opened at the Oontra Tank. All the rain-gauges were inspected from time to time by the District Officers and found in efficient condition. All except one are Symon's Gauges.

SECTION V.

REVENUE AND FINANCE.

A.—IMPERIAL.

(1) Land and Water Revenue.

Character of the season.

Appended statements Nos. 31 and 32.

176. The year under report which includes the accounts for the Rabi harvest 1315 Fasli and the Kharif of 1316 Fasli, was propitious from an agricultural point of view, and results were better than last year. The rainfall was far above the normal, the average of the year being 32·38 inches as against 21 inches in 1906-1907 (see the detailed analysis in the appended table No. 31). The Rabi crop of 1315 Fasli, which depended on the rainfall of 1907-1908, was generally good except in a few villages of the Ajmer and Beawar Tahsils in which suspensions of revenue were granted. Owing to excessive rain, the Kharif crops were damaged to some extent, but the results were on the whole fair, the only suspensions necessary being Rs. 1,663 in the Ajmer district and Rs. 3,606 in the Merwara District. A sum of Rs. 21,588, being the suspended arrears of land and water revenue in Khalsa villages in the Ajmer Tahsil for over three years, was remitted altogether, while similar remissions amounting to Rs. 60,713 were granted in the Beawar and Todgarh Tahsils. In addition to this a sum of Rs. 334 (Rs. 262 in the Ajmer and Rs. 72 in the Beawar Tahsil) was remitted on account of natural calamities from the Rabi and Kharif demands of the year under report.

Recovery of Revenue.

177. Further, under the orders of Government remissions amounting to Rs. 30,599 were granted in respect of all areas in which the Kharif outturn of 1315 Fasli was below four annas in the rupee.

178. The collections of the year as compared with those of the previous year are given below :—

	1907-1908. Rs.	1908-1909. Rs.
Arrears	53,039	66,307
Revenue of the year	2,76,426	3,97,404
Total .	3,29,465	4,63,711

Prices.

179. The retail prices of the principal food-grains during April and May 1908 throughout the whole district, varied between 10 and 13 seers per rupee. During June, July and August they remained the same in Ajmer, but fell slightly to 10-15 seers in Merwara. From September 1908 to March 1909 prices dropped to 12 to 16 seers.

Takavi loans.

180. The following statement shows the accounts of Takavi during the year 1908-1909 :—

		Outstanding at the beginning of the year.	During the year.			Outstanding at the close of the year.
			Advanced.	Collected.	Remitted.	
Under the Land Improvement Loans Act (XIX of 1883).	Ajmer .	66,393	8,910	6,545	...	68,757
	Merwara .	[95,331	...	3,390	...	91,940
		1,61,724	8,910	9,935	...	1,60,697
Under the Agriculturists Loans Act (XII of 1884).	Ajmer .	85,972	3,476	5,702	...	83,744
	Merwara .	1,19,607	...	9,068	...	1,10,539
		2,05,579	3,476	14,770	...	1,94,283
Grand Total .		3,67,303	12,386	24,705	...	3,54,980

181. The following table compares the result of the enumeration of agricultural stock in Ajmer-Merwara during the year under report ;— **Agricultural stock.**

	1906-1907.	1907-1908.	1908-1909.
Cows and bullocks	1,26,369	1,38,906	1,45,849
Buffaloes	13,157	14,413	15,890
Sheep and goats	2,58,326	2,90,896	2,93,490

A steady increase is apparent, but it is attributed to importation of cattle from the surrounding Native States. There was no serious epidemic disease among cattle throughout the year under report, but there was some small-pox in the Beawar Tahsil towards the end of the year. There was no scarcity of fodder.

182. Boundary marks were inspected by Revenue officials, and steps were taken to put them in repair wherever they were found in a dilapidated condition. Orders were passed by the Chief Commissioner on the application by the Mewar Darbar for review of his decision, dated the 13th April 1908, in the boundary dispute between Barli and Hurra. The decision given in appeal was upheld. No new case of boundary dispute was instituted during the year under report. The old dispute between Saroth (Merwara) and Sitalka-Chowra (Mewar) is still pending. Besides this, there are 13 other pending cases of boundary disputes between Ajmer-Merwara and the surrounding Native States. An application for the appointment of a special Boundary Settlement Officer to decide these, and some internal cases of long standing, was made during the year. **Boundary marks and disputes.**

183. The Beawar and Todgarh Tahsils were inspected by the Assistant Commissioner, Merwara, and the Ajmer Tahsil was inspected by the Assistant Commissioner, Ajmer. The result of the inspections was only fair; but it may be noted that the subordinate Tahsil staff were employed in helping the Settlement Department besides doing their own work. **Records and staff.**

184. For the recovery of land and water revenue and Takavi, 69 writs, 183 warrants of arrest and 66 warrants of attachments of immoveable property were issued, and 44 persons were imprisoned in default of payment. **Processes.**

185. The revenue business statement shows that during the year 3,190 cases were disposed of as against 7,371 in the preceding year in the Ajmer District and 1,947 as against 1,569 in the Merwara District. **Revenue cases.**

186. Land measuring 6 bighas and 13 biswas was taken up in the Ajmer District for buildings and miscellaneous works, involving an annual reduction of Rs. 6-3-9 in the Government jama. No land was acquired in Merwara. **Land acquisition.**

(2) Opium, Excise and Drugs.

187. The principal event of the year was the reorganization of the Excise Department. The orders of the Government of India on the report of the Excise Committee were received, and various improvements and reforms, including the appointment of a full-time Superintendent of Excise, were introduced. **General remarks.**

188. The changes effected during the year were:—

(1) The introduction of the Contract Supply System; (2) the enhancement of still-head duty; (3) the issue of licenses for tapping Tari trees and vending; (4) levy of higher scale of license fees for the wholesale and retail vend of foreign spirit and foreign fermented liquor.

189. The gross receipts from excise, opium and drugs amounted to Rs. 2,48,483 against Rs. 2,28,791 in the previous year showing an increase of Rs. 16,692. The expenditure on the Excise establishment amounted to Rs. 15,983, as compared with Rs. 14,196 in the preceding year. The increase is mainly due to the entertainment of the additional staff as well as to the reorganization of the existing staff necessitated by the introduction of the Contract Supply System of Madras. The net profit on the year's working thus amounted to Rs. 2,32,500, against Rs. 2,14,595 in the year 1907-1908.

Country spirit.

190. The contract for the exclusive privilege of supplying country spirits of strength 25° U. P. and 50° U. P. for sale to wholesale shops and retail shopkeepers, has been given for three years ending on 31st March 1911. The following are the rates at which the country spirits are supplied by the contractor:—

	Mhowa.		*Sheera.*	
	25° U. P.	50° U. P.	25° U. P.	50° U. P.
Rate per gallon . .	0-13-6	0-8-0	0-15-0	0-9-6

191. The receipts under the head Country Spirits amounted to Rs. 2,05,93€, as compared with Rs. 1,57,742 in the year 1907-1908. The increase of Rs. 48,194 is mainly due to receipts under rentals of retail shops which were put up to auction independently under the newly introduced Contract Supply System.

192. The total sales of country liquor were 43,845·5 proof gallons as against 54,712 gallons in 1907-1908. The decrease in consumption was due to enhancement of the still-head duty which was raised simultaneously with the introduction of the new system of excise from Rs. 2-10 per gallon to Rs. 3-12 and Rs. 3-2 per gallon for urban and rural areas respectively. The selling prices of liquor per reputed quart bottle of 8 drams averaged thus:—

	Mhowa.		*Gur.*	
	25° U. P.	50° U. P.	25°U. P.	50°U. P.
Urban area .	14 as. to 1 Re.	11 as. to 12 ans.	14 ans. to Rs. 1-2	11 as. to 12. ans.
Rural area .	12 as. to 1 Re.	10 as. to 12 ans.	12 ans. to Re.1	10 ans. to 12 ans.

193. The number of country liquor shops in the district during the year under report was 128 (including the Deoli Agency Bazar liquor shop), against 136 in the preceding year. The decrease in number was due to 4 of the 136 shops having been licensed as wholesale shops, 2 having been closed on account of their close proximity to the urban area and two for want of bids.

194. In compliance with the wish expressed by the Government of India the fullest opportunity was given to the Municipal and Cantonment Committees to express their opinion in respect to the number and location of country liquor shops. The Beawar and Kekri Municipal and the Nasirabad and Deoli Cantonment Committees, recommended no change. In the Ajmer city after consulting with the representatives of the Municipal Committee, the number of shops was reduced from 9 to 8 and the sites of 3 shops were moved away to less public places.

195. The Deoli Agency Bazar liquor shop was sold for Rs. 200 and the sale-proceeds were handed over to the Political Agent, Haraoti and Tank.

196. The question of restricting the issue of the temporary licenses for the sale of liquor at fairs and festivals was kept in view; but no interference in the existing practice was considered desirable. Such licenses were issued as the Pushkar Fair only.

197. The rules regulating the grant of licenses to the Tazimi Istamrardars permitting private distillation worked well during the year. There was no change introduced in the rules.

198. The contract for tapping and vending Tari was given for the first time in Ajmer-Merwara during the year under report. This privilege was sold by public auction for three years from 1st April 1908 for an annual sum of Rs. 185. There were six shops for vending Tari, *viz.*; 4 at Ajmer and 2 at Nasirabad. Three hundred and ninety-five trees were tapped which yielded 2,720 gallons of Tari.

199. Twelve licenses were issued during the year for the sale of foreign liquor. The license fees for the wholesale and retail vend of foreign spirit and foreign fermented liquor realized Rs. 2,794, against Rs. 1,132 in the preceding year. The increase is due to the levy of the higher scale of license fees as recommended by the Excise Committee and the Government of India.

Opium.

200. The receipts under opium amounted to Rs. 26,286 against Rs. 53,100 in 1907-1908. The decrease is mainly due to the non-cultivation of opium during the year in Ajmer-Merwara and to the consequent non-realization of

opium duty, which fell from Rs. 26,102 in 1907-1908 to Rs. 21 in the year under report. The latter amount was charged on 5 seers and 4 chataks of opium produced in 1907-1908 and brought to the scales during the year under report.

201. A quantity weighing 59 maunds 2 seers and 13 chataks was imported for consumption in Ajmer-Merwara, and an import duty of Rs. 9,448 was realized from it. One hundred and seventy-three chests of opium were brought to the scales at Ajmer for export to the Punjab. But there was none for export to the North-West Frontier Province or to Bombay.

202. The total number of licenses during the year for the whole sale vend of opium was 21 as against 26 in 1907-1908. The number of shops for the retail vend was 8 in the Municipal and 34 in the rural area as compared with 10 and 38 respectively in the preceding year.

203. No licenses were issued in Ajmer-Merwara for the cultivation of poppy during the year under report, as there were no applications received for them. With regard to the question of the heavy taxation on opium cultivation the Government of India have decided that a duty of Rs. 4 per seer shall be levied on opium (not being poppy heads) produced or manufactured in Ajmer-Merwara for consumption within the district only and not for export outside the district. Poppy cultivation has been restricted to 650 bighas in Merwara (400 in Beawar Tehsil and 250 in Todgarh Tehsil) and entirely prohibited in the Ajmer District.

The contraband opium received and sent to the Opium Examiner, Gazipur amounted to 11 seers, 5 chataks, 2 tolas and 1 masha.

204. The receipts from hemp drugs amounted to Rs. 12,670 against Rs. 11,354 in the preceding year, showing an increase of Rs. 1,316. The import duty rose from Rs. 2,298 in 1907-1908 to Rs. 4,512, while the contract money (receipts from license fees) fell from Rs. 9,025 to Rs. 8,125. **Hemp Drugs.**

205. The number of shops for the retail vend of intoxicating drugs was the same as in the preceding year, *viz.*, 16.

206. During the year 14 persons were prosecuted under the Excise Act, all of whom were convicted. Under the Opium Act 11 persons were prosecuted and 10 convicted. There were four prosecutions of Chandu-smokers. Of these, three were proprietors of smoking dens at Ajmer and one was a private smoker. All of them were convicted. The number of Chandu dens was 12 against 13 in the preceding year. **Prosecutions.**

(3) Stamps.

207. The gross income from Stamps amounted to Rs. 1,55,768, against Rs. 1,41,233 in the year 1907-1908, as detailed below :—

	1907-1908. Rs.	1908-1909. Rs.
Judicial Stamps	96,658	1,06,950
Non-Judicial Stamps	44,575	48,818
Total .	1,41,233	1,55,768

208. The increase in receipts from the sale of Judicial Stamps including plain paper is due to a rise in the number of civil suits instituted during the year. Under Non-Judicial Stamps the increase is mainly on account of the large sale of impressed stamps due to an increase in the number of monetary transactions.

209. No prosecutions took place for any breach of the Stamp Law.

210. Nothing was recovered during the year under report on account of pauper suits and the sum out standing at the close of the year remained the same as in 1907-1908, *viz.*, Rs. 229-8.

211. The number of stamp vendors increased from 21 to 30 during the year under report. The discount paid amounted to Rs. 2,638 as against Rs. 2,440 in the year 1907-1908.

212. The total charges in connection with the working of the Stamp Department amounted Rs. 15,870 compared with Rs. 14,677 in the previous year.

(4) Income Tax.

213. The number of persons assessed to Income Tax during the year under report was 734 against 718 in the previous year. The final demand was fixed at Rs. 66,490 and the full amount was collected as against Rs. 65,792 in the year 1907-1908.

214. No penalties were imposed, nor were there any prosecutions during the year.

215. During the year under report the Extra Assistant Commissioner, I, Ajmer, was invested with the powers to make all assessments under Part IV up to Rs. 250 on an income of Rs. 9,600 and to hear and pass orders on objections filed under section 26 of the Income Tax Act against assessments made by him. The Collector of Ajmer was also invested with the powers of the Commissioner under section 27 of the Act, in regard to petitions against all orders made by the Extra Assistant Commissioner, I, under section 26.

216. The number of objections was 86, of which only 3 were under part II, the remaining 83 being under Part IV. Of these objections, 21 were allowed, 24 partly accepted, 1 remained pending and 38 were rejected. In two of the objections the amount of tax was enhanced.

217. There were 10 applications for revision presented to the Collector under section 27 of the Act, against the orders passed by the Extra Assistant Commissioner, I, and 1 was presented to the Commissioner from the orders of the Collector.

218. The gross collections including arrears amounted to Rs. 66,560, as against Rs. 65,812 in the previous year. The cost of collection was Rs. 1,237 exactly the same as last year. Deducting this, the net profit accruing to Government on the year's working was Rs. 65,323 compared with Rs. 64,575 in the year 1907-1908.

219. The percentage of collections under Parts I, II, III, and IV of the Income Tax Act came, respectively, to 29·88, 9·82, 4·94 and 55·36, and the incidence of Income Tax per head of population in the city of Ajmer with a population of over 70,000, was 4 annas, 11 pies.

B.—REVENUE AND FINANCE OTHER THAN IMPERIAL.

District Fund excluding Dispensary fund.

220. The year opened with a cash balance of Rs. 27,607. Receipts amounted to Rs. 49,405, and the expenditure to Rs. 53,909, leaving a balance of Rs. 23,103.

221. The receipts show an increase of Rs. 3,746 as compared with the income of the previous year. The increase is due to the recovery of a large portion of arrears of the local rate levied in the District.

222. The expenditure rose from Rs. 43,720 in 1907-1908 to Rs. 53,909, an increase of Rs. 10,189. The increase occured chiefly under the head "Public Works Charges" and was due to the unusually heavy rains in 1908-1909, which necessitated extensive repairs to damaged communications in Merwara and to the Pushkar Road where fallen rocks had to be removed.

223. The resources of the District Fund are very limited. A committee was formed to consider the whole question of the maintenance of roads in Ajmer-Merwara, and a meeting was held on 18th November 1908. It was recommended by the Committee that the following roads which are now maintained at the cost of the District Funds should be placed on the Imperial list :—

Ajmer District.—	
(1) Ajmer to Pushkar	8 miles.
(2) Deoli to Shahpura	
Merwara District—	
(3) Beawar to Dewair	66½ miles.
(4) Surajghata Road	

Orders on the Committee's proposal are awaited. A veterinary dispensary and shoeing forge were opened in the Ajmer Magazine during the year.

The working of the institution is reported to be satisfactory and to give good prospects for the future.

224. During the year under report, one special and three ordinary meetings of the Board were held.

LOCAL FUNDS, 1908-1909.

225. The cash balance at the credit of the Dispensary Fund at the beginning of the year was Rs. 4,902. The gross receipts amounted to Rs. 6,764 as against Rs. 6,595 in the previous year showing an increase of Rs. 169. The expenditure rose from Rs. 7,014 in 1907-1908 to Rs. 7,903. The increase of Rs. 889 occurs under the sub-heads, medicines, dieting and repairs of buildings. Dispensary Fund.

	Rs.
Dispensary Fund (proper) . .	1,770
Victoria Memorial Fund . .	1,240
	3,010

The year closed with a cash balance of Rs. 3,010 besides Rs. 23,500 invested in Government securities.

226. The financial condition of all dispensaries except the Victoria Hospital, Ajmer, and the Todgarh Dispensary is good. The Victoria Hospital has a debit balance amounting to Rs. 882, and the debit balance of the Todgarh Dispensary is Rs. 1,008. The latter is due to the charges incurred in the construction of a new mortuary, quarters for the Hospital Assistant, and repairs to the dispensary building.

227. The increase of the fund during the year amounted to Rs. 535 as against Rs. 500 in 1907-1908. The expenditure was Rs. 521 spent on flooring the upper operating room of the Victoria Hospital. The cash balance at the credit of the fund amounted to Rs. 1,239. Victoria Memorial Fund.

228. The receipts amounted to Rs. 15,721 as compared with Rs. 9,465 in 1907-1908. The increase of Rs. 6,256 is mainly due to the recovery of arrears of Chaukidari cess due for the year 1907-1908. The expenditure decreased from Rs. 12,672 to Rs. 10,939, which is due to the fact that winter uniforms were not supplied to Chaukidars during the year under report, as they were issued in the preceding year. The cash balance at the close of the year stood at Rs. 11,668. Chaukidari Fund.

229. The receipts amounted to Rs. 10,429 as against Rs. 10,072 in 1907-1908. The expenditure decreased from Rs. 14,896 to Rs. 10,803 as the marginally noted charges which occurred in 1907-1908 were not repeated in the year under report. Police Clothing Fund.

	Rs.
Loan for clothing to Sub-Inspectors .	1,185
Clothing to extra police . .	1,400
Advance for grass to Sowars . .	1,500
	4,085

The balance at the close of the year was Rs. 2,186.

230. The receipts amounted to Rs. 1,759 as against Rs. 200 in 1907-1908. The expenditure decreased from Rs. 2,055 to Rs. 1,401. The decrease of Rs. 654 is owing to the expenditure (1) medicine supplied for the Salutri's Hospital and for horses of sowars and (2) refunds made to Sowars being less than in the preceding year. The balance at the close of the year was Rs. 527. Police Chanda Fund.

231. The total receipts amounted to Rs. 55,715 as compared with Rs. 51,993 in 1907-1908. The main increase in receipts occurred under the head "Land Revenue" and is attributed to favourable rains of the year and newly imposed license fees. Nasirabad Cantonment Fund.

232. Expenditure was very slightly in excess of last year, being Rs. 47,774 compared with Rs. 47,589. At the close of the year the balance at the credit of the fund was Rs. 24,175 as against Rs. 16,283 in 1907-1908.

SECTION VI.

PUBLIC INSTRUCTION.

Year ending 31st March 1909.

(*Vide* appended tables 1 to 7. Serial Nos. 46—52.)

233. The total number of educational institutions at the close of the year was 166 against 169 in the previous year. Of these 73 were public and 93 private institutions. The total number of pupils was 8,942 against 9,092 in the previous year. The pupils at public institutions numbered 5,163 and at private institutions 3,779. The percentage of the population of the school-going age receiving instruction was 12·50.

234. The average number on the rolls and the average daily attendance of institutions maintained by the Department were 2,195 and 1,597 respectively, as against 2,390 and 1,734 in 1907-1908. The variation is due to the fact that the names of absentees are now cancelled instead of being allowed to appear for months.

235. The total expenditure on public instruction fell from Rs. 1,22,911 to Rs. 1,15,748, of which Imperial Revenues provided Rs 51,933, Local Cesses Rs. 7,115, Municipal Funds Rs. 14,352, Fees Rs. 19,306 and other sources Rs. 23,042.

236. The total cost of the Art College was Rs. 34,388. The expenditure on secondary schools amounted to Rs. 38,684, and on primary schools to Rs. 26,178. The total cost of training schools was Rs. 1,690. Rupees 4,115 was spent on buildings. Inspection cost Rs. 6,049, and Rs. 3,642 were devoted to scholarships.

237. There was only one change in the staff of the Government College during the year under report, *viz.*, Mr. Bishamber Pershad, M.Sc., was appointed on 1st August 1908 to succeed M. Mangi Lall, B.A., tranferred to the Commissioner's office in February 1908.

238. The number of students in the College classes at the end of the year was 70 and in the school classes 243, as against 76 and 276 respectively in 1907-1908. The results of the different examinations are given below :—

	Passed.
B. A. Examination	2 out of 5
F. A. „	18 out of 26
Matriculation „	16 out of 24
Middle „	44 out of 55

239. The Boarding Houses remained in all respects the same as last year. The health of the resident pupils was excellent.

240. There were 446 boys on the rolls of the Lower College at the end of the year. The average daily attendance was 367·84.

241. There was no change in the number of aided schools which stood at 9 at the close of the year. The total number of pupils attending them was 1,563.

242. The number of village schools remained unchanged, *viz.*, 8 secondary and 42 primary.

243. The Inspector of Schools reports that in spite of an epidemic of fever the village schools maintained the required degree of efficiency and their work of the year, except in a few cases, was thoroughly satisfactory.

344. Twenty-five boys were sent up from these schools for the Vernacular School Final Examination, of whom 10 passed against 11 out of 22 in the previous year. The average enrolment and daily attendance of pupils in these schools however, fell from 2280·96 and 1602·20 in 1907-1908 to 2130·61 and 1525·58 respectively, in the year under review. The total expenditure on village schools amounted to Rs. 33,106, of which Rs. 15,999 were provided from Imperial Funds, Rs. 12,079 from Municipal and District Funds, Rs. 2,158 from Fees, Rs. 1,812 from Mission Funds and Rs. 158 from other sources.

345. The annual Rajputana school sports were held in December 1908, *i.e.*, three months earlier than the usual time, as December was considered to be the most suitable time for these sports in a general meeting of the representatives of the competing schools held in February 1908. Twenty-five schools from Rajputana and Ajmer-Merwara entered for the sports, and the number of competitors in the various sports was 229. The sports were successfully conducted and the performances reached a high level.

346. The special Educational Committee formed in 1907-1908 under the presidentship of the Commissioner, Ajmer-Merwara, submitted their proposals on the improvements needed in the educational institutions in Ajmer-Merwara, and their report, together with the recommendations of the Local Government, are before the Government of India.

SECTION VII.

GENERAL MISCELLANEOUS.

Pushkar Fair.

247. The annual religious fair at Pushkar was held between the 4th and the 9th November 1908. A Committee was formed as usual for the purpose of conducting the general arrangements. Precautions were taken to guard against the introduction of any epidemic disease. The same rules as were observed in previous years were adopted in regard to the sanitation of the Pushkar village and the medical inspection and supervision of the pilgrim.

248. The horse show and cattle fair formed a prominent part of the programme of the fair as usual. The gathering at the fair was small at first, but the attendance of pilgrims and others on the last two days was estimated at from 42,000 to 50,000. The decrease in attendance was due partly to autumnal fever in the district and partly to the visit of His Excellency the Viceroy to Jodhpur, as many of the Marwaris, who used to resort to the fair, were unable to attend. The police and medical arrangements were good, and it is satisfactory to note that there was no serious crime and no sickness.

Urs Fair.

249. The annual Urs Fair in connection with the shrine of the Dargah Khwaja Sahib was held between the 30th July 1908 and the 5th August 1908. To guard against the outbreak of epidemic diseases, precautionary measures similar to those adopted at the Pushkar Fair were taken. About 50,000 people attended the fair. The decrease in attendance is apparently due to the heavy fall of rain at the time all over the country. The police and other arrangements were satisfactory. The Superintendents of police, Delhi, Agra, Khandwa and Ahmedabad were requested to send a constable each for duty at the fair to watch bad characters from their respective districts. These men proved most useful.

Beawar Tejaji Fair.

250. The Tejaji Fair at Beawar was held between the 4th to 6th September 1908. About 10,000 people attended the fair. It is purely a local gathering.

Kekri Tejaji Fair.

251. The Tejaji Fair at Kekri was not held this year owing to excessive rains.

Printing Presses.

Vide table No. 1, Serial No. 53.

252. At the beginning of 1908 there were ten presses. Two new presses, *i.e.*, the Printing Press at Ajmer and the Duke of Cannaught's Printing Press at Nasirabad were started during the year. The Bhargava Press was closed. Thus the number of Presses at the close of the year was eleven. Two newspapers and eight periodicals in all were issued from these Presses. One new periodical named Jangira Samachar was issued from the Vedic Press. Two new periodicals named :—(1) Indian Christian Endeavours, (2) Punjab Mission Record were started by the Mission Press. A new periodical named Guldastae Fanos was issued from the Taraqqie Nazam.

253. Six book in English, one in Latin, and fifty-one in Indian languages were published during the year.

Bhumias.

254. The Assistant Commissioner, Ajmer, held the usual ceremony of receiving the Bhumias and their Nazarana on the 26th June 1908, the day appointed for the official observance of the birthday of His Majesty the King-Emperor. Out of the total demand on account of Nazarana amounting to Rs. 3,961 a sum of Rs. 3,546-8 was recovered at the Darbar, the balance being recovered in full afterwards.

Treasure Trove.

255. No information of the finding of Treasure Trove was received during the year 1908-1909.

W. C. R. STRATTON, *Lieut.-Colonel,*

Commissioner of Ajmer-Merwara.

TOTAL	5,771	4,668	4,779	7,034	2,717	3,954	38	325	155	

NOTES—*Column 1.*—(1) "Attempts" should be entered immediately after the offences to which they relate.
(2) "Abetments" should be included with the substantive offences abetted.
(3) When giving the list of special and local laws against which offences have been committed, care should be taken to specify the title of each Act quoted, as well as its number and year. An Act of a local legislature should be distinguished by initial letters placed after the number of the Act.

Column 2.—All offences (cases) of which information was given, complaint made, or cognizance taken under Chapters IV, V, XIV, XVI, C. P. C., for the first time during the year, are to be shown, although some of the charges may not have been prosecuted, or may have turned out to be false.

Column 3.—This column should be the total of column 2, less the number of cases dismissed under section 203, C. P. C., and less all other cases in which a *Magistrate* declared that the charge was false, and that the offence never occurred, or which were dismissed as frivolous and vexatious, and in which the complainant was fined under section 250, C. P. C.

Column 5.—This column should be the total of columns 6 to 9, *plus* column 9 of previous year's statement.

Column 8.—Persons transferred from one court *to* another *in the same Province* are not to be entered in this column.

Column 9.—A note should be added in the column of remarks showing respectively the number of persons who died, escaped or were transferred.

General Cases committed or or referred should not be included in this statement by the committing or referring Magistrates. The results of the trials in these cases should be shown by the Courts to which the cases are committed or referred. If the total of column 7 of Statement 4 be deducted from the total of column 2 of that Statement, the difference should correspond with the total of column 5 of this statement.

W. STRATTON, *Lieut.-Col.*,
Commissioner, Ajmer-Merwara.

[*Vide* Section III- Criminal.]

Judicial Statement No. 3—(Criminal).

No. 13.—Statement of Miscellaneous Proceedings under the Criminal Procedure Code in Ajmer-Merwara during the year 1908.

Nature of Proceedings.	Total number of cases before the Courts during the Quarter.	Number of persons concerned.	Number of persons discharged.	Number of persons convicted.	Persons under trial at the end of the year.	Remarks.
1	2	3	4	5	6	7
1. Proceedings against witnesses under Chapter VI C and section 485	...	...	...	...	...	
2 Proceedings under Chapter VIII to prevent breach of the peace	36	174	130	32	12	
3. Proceedings under Chapter VIII, Security for good behaviour	11	11	2	4	5	
4. Proceedings against danger of disturbances, Chapter XI	1	8	8	...	...	
5. Possession, Chapter XII	1	2	2	...	...	
6. Frivolous or vexatious accusations, summarily dealt with under Chapter XX, section 250	...	...	...	...	...	
7. Non-attendance of jurors or assessors, Chapter XXIII, section 332	...	...	...	...	...	
8. Maintenance, Chapter XXVI	25	25	19	5	1	
9. Forfeiture of bail or recognizance under Chapter XLII	1	1	...	1	...	
10. Proceedings under Chapter XLVI, section 563, against convicted offenders released under section 562	...	...	...	...	...	
Chapter XXXV, contempt of the Court	1	1	1	...	...	
Total	76	222	162	42	18	

Notes.—*Column 1, Sub-head 6.*—Complainants fined under section 250 are not to be entered as convicted in Statements 2, 4 or 5, but the fact of the fines having been imposed may be noted in the column of Remarks of Statement 2 against the complaints preferred by them.

Column 1, Sub-heads 2 and 3.—Cases under sections 107, 108, 109, 110, 118, 120, 123, C. P. C., will also appear under the appropriate head of the Schedule in Statement 2. Persons convicted under these heads and required to give security or recognizance under sections 120, 123, C. P. C., will also appear in Statement 5.

Column 1, Sub-heads 4, 5 and 8.—Cases under these Sub-heads will not appear in Statements 2, 4 or 5. Jury cases under Chapter X will, however, appear in Statement 13.

W. STRATTON, *Lieut.-Col.*,
Commissioner and Sessions Judge, Ajmer-Merwara.

GRAND TOTAL	7,042	38	2,717	2,848	1,106	8	325	4,624	11·6	4,357	155	

NOTES.—*Column 1, Sub-head "Court of Sessions."*—Includes cases decided by Sessions Judges on reference under sections 31, 34, and 123, C. P. C.

Column 1, Sub-head "Superior Courts."—Includes cases decided by the High Courts on reference under sections 307 and 374, C. P. C.

Column 2.—That is, the total of the entries in columns 3 to 8. The cases of persons transferred from one Court to another in the same province will appear only against the Court by which decided, or in which pending at the end of the year if not decided.

Column 3.—A note against the figure for each Court should be made in the column of remarks showing separately how many accused persons were transferred to other provinces.

Columns 5 and 6.—Persons whose cases were referred to a Superior Court for higher punishment, or for confirmation of sentence will be entered in column 7, and not in columns 5 and 6, against the Court making the reference. Against the Court receiving the reference they will be shown as convicted or acquitted, according to the orders passed by it, or as pending, if orders have not been passed.

Column 7.—These cases will also be shown against the Magistrates who made the reference, entry being made as directed above.

Column 8.—An insane accused who has been sent to a lunatic asylum should be kept on the file and entered in this column until he has been tried and either convicted or acquitted.

Column 9.—Omit cases in which the accused died, escaped or was transferred.

Column 10.—In calculating the duration before the Magistrates' Courts, the starting point to be taken is not the date of complaint or information, but that of apprehension, or attendance on summons or otherwise of the accused. As regards Courts of Sessions, the actual number of days occupied should be given, commencing from the date of commitment. Cases in which the accused has absconded before arrest or has escaped from custody should be taken off the file till the persons implicated appear again.

General.—The figures in this statement should not include those of Statement No. 3, but should agree with those of Statement No. 2.

W. STRATTON, *Lieut.-Col.*,
Commissioner, Ajmer-Merwara.

Judicial Statement No. 5—(Criminal).

NOTES.—*Column 1, Sub-head "Courts of Sessions."*—Includes cases decided by Sessions Judges on reference under sections 31, 34 and 123, C. P. C.

Column 1, Sub-head "Superior Courts."—Includes cases decided by the High Court on reference under sections 307 and 374, C. P. C.

Column 19.—Includes fines realized during the year, though imposed in previous years. This column is intended to show the realized portion of fines imposed by officers in the exercise of original jurisdiction only.

Column 20.—Represents compensation awarded to complainants under section 545, Act X of 1882. These awards should also be shown under the head *fines* "imposed" and "realized" in columns 18 and 19, for they form part of such fines.

General.—(1) The total of columns 5, 6 and 11 should correspond with the total of columns 21 to 25 (both inclusive), and the total of column 8 should correspond with the totals of columns 12 to 17 inclusive.

(2) This statement is meant to exhibit every sentence passed, and, where two penalties are inflicted on the same offender, to exhibit them both. Further to reconcile the number of persons entered in this statement as punished, with the number entered as convicted in statement 4, it is necessary to note cases such as those in which fulfilment of contract is ordered under Act XIII of 1859 in a footnote. As regards persons whose cases were referred for higher punishment or for confirmation of sentence, the punishment, if any, sanctioned by the higher Courts should be entered against such higher Court, and not against the Court making the reference.

W. STRATTON, *Lieut.-Col.*,
Commissioner of Ajmer-Merwara.

[*Vide* Section III—Criminal.]

Statement No. 6—(Criminal).

No. 16.—Statement showing the result of appeal and revision in criminal cases in the District of Ajmer-Merwara in the year 1908.

Tribunals.	Number of Persons.											Average number of days during which each appeal lasted.	Remarks.
	Total number of appellants and applicants for revision before the Courts.	Died, escaped or transferred to another Province.	Appeals or applications rejected.	Sentence or order confirmed.	Sentence enhanced.	Sentence reduced or otherwise altered.	Sentence reversed.	Proceedings quashed.	New trial or further enquiry ordered.	Referred for revision to the High Court.	Pending trial.

NOTES.—*Column 2.*—Total of columns 3 to 12. Cases transferred from one Court to another *in the same Province* will appear only against the Court by which decided, or in which pending at the end of the year, if not decided. The words "Applicants for revision" in the heading of this column should be held to include only *accused persons* on whose behalf an application for revision is made or in whose interest the Magistrate or Judge may take steps to obtain revision on his own motion. Where such application is made, or such steps are taken, on behalf of a *complainant*, the fact should be noted, with the number of complainants concerned, in the column of Remarks. In the latter case, the accused persons against whom the application is made, though not appearing in this column, will fall into their proper places in columns 3 to 13, according to the result of such application. This note is held to apply also to cases dealt with by the High Court on review of returns.

Column 5.—Appeals dismissed under section 423, C. P. C., should be entered in this column.

Column 9.—Orders of discharge set aside by a Superior Court under section 436, C. P. C., should be entered in this column.

Column 10.—When a sentence is reversed or proceedings quashed on appeal, and a new trial or further enquiry is at the same time ordered, the Appellate Court should not fill in column 8 as well as column 10, or column 9 as well as column 10, in each case respectively, but should make the entry in column 10 only.

Column 13.—Duration of appeals, applications for revision, or reference should be calculated thus—

(1) Appeals from date of receipt in office of the petition of appeal;
(2) Applications for revision—from the date of application;
(3) Cases dealt with by the Court otherwise than on application—from date of the order calling for the records; and
(4) Cases sent to the High Court by lower Courts for revision—from the date of the letter from the Court making the reference.

General.—Persons whose appeals were rejected under section 421, Criminal Procedure Code, should be entered in column 4, in which should also be included applicants for revision whose cases the Courts have refused to submit to the High Court. In columns 5 to 10, should be shown, opposite the sub-heads for Magistrates of District and Courts of Sessions, persons whose cases were disposed of by those Courts without reference to the High Court, and in column 11 all persons whose cases these Courts referred to the High Court.

W. STRATTON, *Lieut.-Col.*,
Commissioner and Sessions Judge, Ajmer-Merwara.

Chief Courts of Districts	29	...	...	...	...	...	...	...	...	1	4	24	24	185·8	...	
TOTAL	9,443	2	1,778	1,215	2,708	1,059	220	111	33	572	152	1,593	515	211·1	46·8	

NOTES.—*Column 2.*—Total of the entries in columns 3 to 13. Cases transferred from one Court to another *in the same Province* will appear only against the Court by which decided, or in which pending at the close of the year, if not decided. The number of cases pending from the preceding year should be noted in the column of Remarks, and when deducted from the total of column 2 should leave a balance corresponding with the total of column 38 of Statement VII. If after deducting the arrears shown at the end of the previous year, the balance does not agree with the figures in column 38 of Statement VII, the difference should be explained.

Column 6.—When under section 102, C. P. C., a decree is wholly or partially made in favour of an absent plaintiff on the admission of the defendant, the case should be entered in this column.

Column 8.—A case in which defendant appears, but a plaintiff does not, and defendant does not confess judgment and the case is thereupon dismissed, the case should be entered in this column.

Columns 15 and 16.—As regards the average duration of suits, the date of their presentation of the plaint shall be considered as the date of institution, unless some defect or omission requires to be amended before the plaint can be admitted, in which case the date of admission after amendment shall be regarded as the date of institution. With regard to applications to execute decrees, the date of their presentation should alone be considered. In calculating average duration, the time that the suit has been actually pending in the particular Court should alone be calculated. The interval should be omitted during which an application for review which has been granted, or an appeal in which an order of remand has been passed, been pending in the superior Court. Revived suits are to be treated as if newly instituted on revival.

W. STRATTON, *Lieut.-Col.*,

Commissioner and District Judge, Ajmer-Merwara.

[*Vide* Section III.- Civil.]

Judicial Statement No. 9—(Civil).

No. 20.—Statement showing the general result of the trial of the Civil and Revenue cases in the Courts of Original Jurisdiction in the District of Ajmer-Merwara in the year 1908.

I.—Fractions of a rupee are to be omitted.

II.—If the income of any school maintained by the Department (or by a Local or Municipal Board) exceeds the expenditure, the return of Government (or Local or Municipal) expenditure should be reduced accordingly, the income and expenditure of the school being thus equalised. If in such school the income from fees or other private sources alone exceeds the expenditure, the excess income and the sources from which it is derived should be shown in the column of Remarks.

III.—If the income of any aided school exceeds the expenditure, the excess should be proportionately deducted from the sub-heads of endowments, subscriptions, and other sources; or, if the receipts from those sources are insufficient, from the sub-head of Fees also. The actual receipts from Imperial Revenues and from Local and Municipal Funds should be shown in full.

IV.—In calculating the expenditure from Imperial Revenues or any other Funds, all payments or contributions from Fees or other sources credited to that Fund should be deducted. Such payment should be shown as expenditure under the sub-heads to which they belong.

V.—The expenditure under "University," "Direction" and "Inspection" should be shown only in column 6 and its sub-divisions, and not in the preceding columns.

VI.—The expenditure on stipends held in Training Schools should be shown as part of the expenditure in those schools, not under the head of scholarships.

N.B.—The headings prescribed by the Government and not required for this district have been omitted.

E. F. HARRIS, B.A.,
Inspector of Schools, Ajmer-Merwara.

Education, General—Table V.

REPORT

ON THE

ADMINISTRATION OF AJMER-MERWARA.

FOR

1909-1910.

SECTION I.

GENERAL ADMINISTRATION.

Personnel.

Major R. E. A. Hamilton, Assistant Commissioner, remained in charge of the current duties of the office of Commissioner, Ajmer-Merwara, in addition to his own duties till the 4th April 1909.

Lieutenant-Colonel W. C. R. Stratton, I.A., took over charge of the office on the 5th April 1909 and held it till the close of the year.

2. The following officers held charge of the offices of Assistant Commissioners of Ajmer and Merwara for the period shown against their names :—

AJMER.

Major R. E. A. Hamilton from 1st April 1909 to 2nd September 1909. Captain H. R. N. Pritchard * from 3rd September 1909 to 17th September 1909. Captain W. G. Hutchinson from 18th September 1909 to 10th October 1909. Captain S. B. Patterson from 11th October 1909 to 31st March 1910.

*In addition to his duties as Assistant Commissioner, Merwara.

MERWARA.

Captain H. R. N. Pritchard remained in charge of the office till 4th March 1910 (except for six weeks from 2nd May to 13th June 1909 when Mir Saiyad Hussain held charge of the current duties of the office) when he went to England on leave. Munshi Durga Prashad, officiating Deputy Magistrate, Beawar, held charge of the current duties of the office in addition to his own duties for the remaining period of the year.

3. Lieutenant-Colonel H. R. Woolbert, I.M.S., held the office of Civil Surgeon, Ajmer, throughout the year.

4. Mr. F. W. Galloway remained in charge of the office of Superintendent Police till the 5th November 1909, when he was relieved by Mr. R. E. Coupland who held the office for the remaining period of the year.

Revenue and Expenditure. (*vide* Statement No. 42.)

5. The total revenue of Ajmer-Merwara for the year (Imperial and Local) amounted to Rs. 15,38,938 as compared with Rs. 15,54,363 last year and the total expenditure was Rs. 13,47,731 as against Rs. 14,50,310 in 1903-1909.

Imperial revenues fell from Rs. 10,80,731 in 1908-1909 to Rs. 10,71,271 in 1909-1910, while the expenditure amounted to Rs. 8,69,829 as against Rs. 9,59,993 in 1908-1909.

6. There was an increase of Rs. 15,999 and Rs. 28,173 in receipts under the heads "Land Revenue" and "Excise" respectively but the fall of Rs. 13,352 under "Stamps" and Rs. 48,265 under "Interest" with variations under other heads resulted in a net decrease of Rs. 9,460.

The decrease in expenditure occurs chiefly under the following heads :—

Interest	80,642
Miscellaneous	11,045

7. The surplus of Imperial Revenue during the year under report was Rs. 2,01,442 as compared with Rs. 1,20,738 in the preceding year.

SECTION II.

ADMINISTRATION OF THE LAND.

COURT OF WARDS.

Year ending 31st July 1910.

8. Rai Sahib Munshi Gopi Nath held charge of the post of General Manager, Court of Wards, Ajmer, throughout the year.

Agricultural Aspects.

9. The year under report (Sambat 1966) from an Agricultural point of view was a prosperous one, as, although kharif crops suffered to some extent from excessive rain, the outturn of the rabi harvest was exceptionally good.

Estates under Management.

10. There were 12 estates under management throughout the year, *viz.*, Bhinai, Masuda, Deolia-Khurd, Kalahera-Bogla, Kerote, Sarana, Goella, Basundni, Karel, Richmalian, Gangwana, and Rajgarh.

11. The balance at the credit of the Court of Wards at the beginning of the year was Rs. 1,15,271 in cash and Rs. 2,76,600 in Government Promissory notes.

12. The income of the estates under management during 1909-1910 amounted to Rs. 2,94,215.

13. The total receipts including the cash balance amounted to Rs. 4,09,486 as detailed below :—

	Rs.
Bhinai	1,35,309
Masuda	1,97,040
Other estates	77,137
	4,09,486

14. The expenditure as shown in the margin (including Rs. 58,352 invested in Government paper) amounted to Rs. 2,45,887 in—

	Rs
Government dues	26,676
Household	75,767
Management charges	26,687
Investments	58,352
Liabilities	8,306
Other charges	50,099
TOTAL	2,45,887

	Rs.
Bhinai	73,474
Masuda	1,21,962
Other estates	50,451

The house-hold expenditure includes the charges incurred during the year on account of the marriages of Raja Sardul Singh of Bhinai, the Baiji of Kerote, and Thakur Arjun Singh of Deolia-Khurd.

15. The closing cash balance at the credit of the 12 estates stood at Rs. 1,63,599* on the 31st July 1910, besides Government Promissory notes of the face value of Rs. 3,36,600 held in deposit by the Comptroller of India Treasuries, Calcutta, on behalf of the following estates :—

	Rs.
*Bhinai	61,834
Masuda	75,079
Other estates	26,686
	1,63,599

	Rs.
Masuda	3,23,100
Kerote	9,000
Karel	1,500
Sarana	1,000
Basundni	1,000
Kalahera	1,000

16. During the year Government Promissory notes of the face value of Rs. 60,000 were purchased on behalf of the following estates :—

	Rs.
Masuda	55,000
Kerote	3,000
Basundni	1,000
Kalahera-Bogla	1,000

Cost of Management.

17. The cost of management amounted to Rs. 26,687, which is 6·52 per cent. of the gross income of the estates.

Demand and Collections.

18. At the beginning of the year the outstanding arrears of all kinds amounted to Rs. 43,548 while the current demand from all sources amounted to Rs. 2,96,307, the total demand being as follows :—

	Rs.
Bhinai	1,25,646
Masuda	1,51,800
Other estates	62,409
	3,39,855

19. The collections, including arrears, amounted to Rs. 2,94,215 as already stated, *viz.* :—

	Rs.
Bhinai	95,910
Masuda	1,45,520
Other estates	52,785

20. Remissions amounted to Rs. 19,125, and the outstanding balance at the close of the year was Rs. 26,515.

21. The following table shows the Demand, Collections, Remissions, and Outstanding of Income under the head "Rents and Cesses."

Estates.	Demand.	Collections.	Remissions.	Outstandings.
	Rs.	Rs.	Rs.	Rs.
Bhinai	1,15,718	90,939	11,508	13,271
Masuda	1,19,810	1,16,509	643	2,658
Other estates	55,473	47,129	3,219	5,125
Total	2,91,001	2,54,577	15,370	21,054

22. The instalments of the Government jama due for the kharif and rabi harvests of Sambat 1966 were paid in full by all the estates.

23. The following table shows the payments of instalments which fell due during the year, and the balance outstanding, on account of taccavi loans on the 31st July 1910 :—

Name of the estate.	Balance of taccavi outstanding on 1st August 1909.	Taccavi paid.	Balance remaining unpaid on the 1st August 1910.
	Rs. A. P.	Rs. A. P.	Rs. A. P.
Bhinai	10,062 8 0	2,515 10 0	7,546 14 0
Sarana	4,015 2 10	308 13 9	3,706 5 1
Total	14,077 10 10	2,824 7 9	11,253 3 1

24. The following table shows the liabilities on account of private debts of the estates under management on 31st July 1910:—

No.	Name of the Estate.	Liabilities.			Payments.		Balance outstanding on the 31st July 1910.
		Outstanding on 1st August 1909.	Debts admitted during the year.	Total.	Paid.	Written off.	
		Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.

	Total	13,658 0 1	2,718 15 3	16,376 15 4	5,481 13 11	1,426 6 10	9,468 10 7

Education of Wards.

25. During the year no new Ward joined the Mayo College. The ten Wards who continued their studies at the College at the close of the year were Raja Sardul Singh of Bhinai, Thakur Bijey Singh of Masuda, Thakur Udai Singh of Kerote, Thakur Jagmal Singh of Sarana, and his two brothers, Thakur Nathu Singh of Kalahera-Bogla, Thakur Ranjit Singh of Goella, Raja Raj Singh of Rajgarh, and Thakur Udai Singh of Basundni.

26. The Thakur of Deolia-Khurd continued to work with the Kamdar in his estate during the year.

27. The health of all the wards was good and the reports in respect to their progress at the College were satisfactory.

SECTION III.

PROTECTION.

(1) POLICE (YEAR ENDING THE 31ST DECEMBER 1909).

28. Mr. R. E. Coupland held charge of the Office of Superintendent of Police, Ajmer-Merwara, from January 1st to April 14th and again from November 6th to the close of the year. From April 15th to November 5th, during his absence on leave, Mr. F. W. Galloway of the United Provinces Police officiated in that post, remaining on in Ajmer-Merwara as Assistant Superintendent of Police from the date of his relief by Mr. Coupland to the end of the year.

29. The total volume of cognizable crime reported in 1909 was 3,137 against 2,602 in 1908. These figures include reports to both the Police and Magistrates and actually, the increase falls entirely among magisterial cases which rose from 107, to 749. This increase was chiefly among offences classified as "Public Nuisances" (serial No. 41) and is accounted for by the increased vigilance in connection with sanitation which was rendered necessary by the outbreak of plague during the latter part of the year. The figures of cognizable crime for the triennial period closing December 31st, 1909, are as follows :—

Year.	Police.	Magisterial.
1907	2,365	195
1908	2,495	107
1909	2,388	749

Excluding public nuisances and false cases, the total number of cases returned for 1909 stands at 1,475 against 1,358 for 1908. That there should have been no decrease in crime as a whole, inspite of easier prices, is attributed to the fact that the evacuation of houses on account of plague offered opportunities to burglars of which they were not slow to avail themselves.

30. The incidence of crime as a whole per 10,000 of population was 65·8 against 54·6 for 1908. If sanitary offences are excluded, however, the figure falls to 31·8 for 1909 as compared with 29·6 for the previous year.

31. There was a decrease of 135 cases of non-cognizable crime during the year, the total number of such cases standing at 2,678 against 2,813 for 1908. The figures show no marked fluctuation under any single head and it seems probable that the decrease as a whole is due to the plague epidemic having left litigants little leisure or money for the prosecution of minor grievances.

32. The following comparative table shows the details of cognizable and non-cognizable crime for the year under report and the year which preceded it :—

Particulars.	1908.					1909.				
	Cognizable.			Non-cognizable.	Total Crime.	Cognizable.			Non-cognizable.	Total Crime.
	Police.	Magisterial.	Total.			Police.	Magisterial.	Total.

POLICE COGNIZABLE CASES.—ALL CLASSES.

33. The total number of cases of cognizable crime reported to the Police during the year under report was 2,388 against 2 495 in 1908. This represents an incidence of 50 cases per 10,000 of population for 1909 against 52·3 for the previous year. These are high figures and, though reporting is said to be somewhat defective in rural areas owing partly to the paucity of chaukidars and partly to the fact that, in the *Istimrari* area, headmen have only just been appointed, there is little reason to suspect that serious offences escape attention at the hands of the police.

34. No investigation was made in 458 of the cases reported in 1909. The number of cases which remained uninvestigated in the previous year was 388. The Superintendent of Police explains the proportionate decrease in investigations as due to an extension of the system of what is known as "optional investigation." Even now, however, the percentage of cases investigated to reported is far higher than in other Provinces and though local circumstances are probably partly responsible for this state of affairs care should be taken that cases of a petty nature are not investigated without special reasons unless the complainants expressly desire it.

35. The total number of police cases decided during the year was 1,537 as compared with 1,638 in the previous year. The percentage of cases investigated by the Police which ended in conviction was 74 as compared with 73 in 1908. The percentage of persons convicted in police cases to persons arrested by the police was 91·7 as compared with 93 in 1908. These are high percentages and reflect credit on the police.

Class I.—Offences against the State, Public Tranquillity, Safety and Justice.

36. There were eight cases of this class as compared with 6 in 1908. Three of these cases came under the head "Offences relating to coins and stamps" two of which ended in conviction, the 3rd remaining undetected. In the two cases which were successfully worked out a wandering *faqir* was concerned. In no case was the origin of the counterfeit ascertained.

Two cases of rioting were reported of which number, one ended in conviction and the other was pending trial at the close of the year. Neither of those cases was of any importance.

Class II.—Serious offences against the person.

37. The number of cases of this class was the same as for 1908, namely, 75. The Police were successful in obtaining convictions in 33 of those cases as against 27 in 1908.

38. Five cases of murder were reported, one of which was subsequently found to be false. Two of the remainder were cases in which women threw themselves into wells with their children in their arms, owing to domestic quarrels, and all were drowned. Of the other two cases one ended in conviction and the other was pending at the close of the year. Some good work was done by the Police in connection with those cases but none of them presented any extraordinary features.

39. Three cases of culpable homicide were reported all of which were brought before the Courts where two ended in conviction and the 3rd in acquittal.

Class III.—Serious offences against person or property or against property only.

40. Under this class 431 cases were reported to the Police against 457 in 1908. The decrease was chiefly under the head "Lurking, house trespass or house breaking."

41. There were six cases of dakaiti against three cases in 1908. One of these was an attack by an armed gang on a Mahajan who was living in a hut outside a village which had been evacuated on account of plague. The case was well worked out by the Police and resulted in the arrest of six persons four of whom were convicted and one acquitted. The 6th man was made a witness for the Crown and was released. The remaining cases were road dakaitis which all occurred in a police circle adjoining the Kishengarh State and were believed to be the work of a gang of Sansiahs. Though those cases are shown as undetected in the returns, a portion

of the property stolen was recovered from the possession of that gang and a successful prosecution was instituted under section 412, Indian Penal Code. Certain members of the gang were also handed over to the Kishengarh authorities for trial in connection with dakaitis which had occurrred about the same time in that State and the gang has been effectually broken up.

42. The number of cases of robbery decreased from 11 to 7 true cases. Only one of those cases was convicted. Though the remainder are shown in the returns as undetected the local police were not as unsuccessful as the statements would appear to imply. Good work was done in another case in which the culprits were pursued and arrested in Kishengarh territory and that case has, since the commencement of 1910, been made over to the International Court of Vakils for trial. In addition to this some Sansiahs, suspected to be the perpetrators of three other robberies, were arrested and though those offences could not be brought home to them they were ultimately dealt with under section 110, Criminal Procedure Code.

43. Excluding cases which proved to be false, 413 cases of lurking, house trespass or house breaking were dealt with in 1909 as against 431 in the previous year. The number of convictions fell from 81 to 60 which is not a satisfactory record. The Superintendent of Police attributes the falling off in detection to the fact that many cases occurred in houses which had been evacuated owing to plague and as a result much delay occurred before the initial report was laid which very seriously handicapped the Police.

Class IV.—Minor offences against the person.

44. Excluding two cases which were ultimately expunged as false only one case is returned under this class against two in 1908. That case was pending trial at the close of the year.

Class V.—Minor offences against property.

45. Under this class 702 cases were reported to the Police as compared with 732 in 1908. The decrease falls almost entirely under "Ordinary theft."

46. Excluding false cases, the number of thefts of cattle reported was 70 against 67 in 1908. Eleven of those cases remained uninvestigated and of the remainder, 12 were sent up for trial of which number 10 ended in conviction and two in acquittal. In 1907, of 59 cases investigated 9 ended in conviction and 1 was acquitted. These figures do not show very brilliant results but as pointed out by the Superintendent of Police the number of successful prosecutions under section 411, Indian Penal Code, in connection with cattle thefts increased from 8 to 16 and there has clearly been some improvement under this head. The village cattle registers are reported to be in an unsatisfactory condition and the fact that many headmen are illiterate and that there is no obligation on the part of a purchaser to have his cattle registered make the strict enforcement of the rules a matter of considerable difficulty.

Class VI.—Other offences not specified above.

47. There were 1,169 cases falling under this class reported to the Police as compared with 1,223 in 1908. The decrease falls entirely under the head of "Public Nuisance" and may be attributed to the fact that towards the close of the year, owing to the appointment of a special plague preventive staff, reports of such offences were laid direct to Magistrates and not to the Police.

48. The number of cases of vagrancy and bad livelihood reported during 1909 was 33 as compared with 8 in the previous year. All but 6 of those prosecutions fell under section 109, Criminal Procedure Code, and represent cases instituted against suspicious vagrants who were believed to be lurking in Ajmer-Merwara for the purposes of committing crime. Three of those cases were not sent up for trial but the prosecution proved successful in all but three of the cases which came before the Courts. This has had a most salutary effect.

DIRECT COGNIZABLE CRIME.

(*a*) *Cases.*

49. During the year under report the total number of Magistrates' true cases was 749 as compared with 107 in 1908. The greater portion of this increase was under

"Public Nuisances" the figures under that serial rising from 1 to 520. An explanation of this increase has already been furnished. Convictions numbered 539 or 72 per cent. The percentage of conviction in 1908 was approximately 16 and, if sanitary offences are excluded, was 17 in the year under report.

(*b*) *Persons.*

50. The number of persons concerned in direct cases was 1030 of which number 599 or 58 per cent. were convicted. Excluding persons arrested for offences falling under the head "Public Nuisance" this percentage stands at 19 against 12 in 1908.

NON-COGNIZABLE CRIME.

(*a*) *Cases.*

51. The total n umber of cases under this head amounted to 3,339, this figure including 61 cases pending from the previous year. Of these, 1,465 ended in conviction, representing a percentage of 43·9.

(*b*) *Persons.*

In connection with non-cognizable cases 3,942 persons appeared before the Courts, this number including 164 persons pending from the previous year. Of these, 1,649 persons were convicted.

Property.

52. The total value of the property alleged to have been stolen in Police cognizable cases was Rs. 56,070 or Rs. 7,500 more than in 1908. The value of property recovered in those cases amounted to Rs. 15,469, representing a percentage of 28·12. The value of property recovered in 1908 amounted to Rs. 8,706.

Property was stolen in 726 cases in 1909, as compared with 1,036 in the previous year and was recovered in 377 as against 402.

STRENGTH OF THE FORCE.

53. The sanctioned strength of the Police Force was raised in the year under report from 829 to 953. This increase consisted of 1 Assistant Superintendent, 16 Sub-Inspectors, 1 Sergeant and 125 Constables but against this must be set off a decrease of 19 Head Constables. These changes are accounted for by the introduction of the remainder of the reorganization scheme.

Inspite of the increase in strength the actual cost fell from Rs. 1,58,301 to Rs. 1,47,125 of which Rs. 1,21,779 were debited to Imperial revenues and Rs. 25,346 to Municipal and other bodies. The decrease in cost is due in part to the large number of vacancies which remained unfilled for the greater portion of the year and in part to the fact that the figures for 1908 included cost of the clerical and special staff and famine allowances which do not appear in the figures for the year under report.

HEALTH.

54. The health of the Force as a whole was not as good as in 1908. Deaths rose from 18 to 28 and the total number of admissions into the hospitals from 59·35 to 69·94. The daily average number of men absent from duty on account of sickness was ·23 as compared with ·12 in 1908.

REWARDS AND PUNISHMENTS.

55. The number of officers and men rewarded rose from 102 in 1908 to 136 in 1909. The amount earned by them as rewards, from all sources, was Rs. 1,189 as compared with Rs. 866 in the previous year. The total number of punishments, on the other hand, decreased from 30 in 1908 to 25 in 1909. This is a satisfactory record and the general work and conduct of the force during the year has been good.

CASUALTIES.

56. The following casualties occurred during the year :—

(1) Pension or gratuity	17
(2) Resignation without pension or gratuity	54
(3) Dismissal	11
(4) Discharge otherwise than above	46
(5) Desertion	4
(6) Death	28
	160

The number of resignations continues to be high and though owing to the increase in strength the number of enlistments rose from 113 to 226 the Superintendent of Police reports that owing to the increase in pay of the Native Army and competition of the Railway Workshops at Ajmer he finds considerable difficulty in inducing suitable candidates to take service in the Police inspite of the improved rates of pay. The number of men discharged within their probationary period as unsuitable increased from 21 to 46 but the proportion of such casualties to the total number of enlistments is little higher than in 1908. Such increase as there has been may be atrributed to the fact that in the endeavour to fill up the large number of posts newly created during the year a certain number of candidates of a somewhat lower standard than would have been accepted in an ordinary year were taken into the force.

IDENTIFICATION BY MEANS OF FINGER IMPRESSIONS.

57. The number of finger impression slips sent to the Rajputana Bureau for search was 244 as compared with 390 in 1908. The percentage which resulted in the identity of previously convicted offenders being established rose from 7 to 10. Owing to the geographical position of Ajmer-Merwara an unusually large number of slips are forwarded to the Bureau for search and the percentage of successful search must necessarily be low.

PROCLAIMED OFFENDERS.

58. There were 50 names on the register of absconded offenders at the commencement of the year. No less than 15 of these persons were arrested and two other names were struck off owing to lack of evidence. Fourteen fresh names were added bringing the balance on the register at the close of the year to 47. Of this number 28 are persons falling under Class A, *i.e.*, whose name, caste, residence and antecedents have been fully verified and the remining 19 fall under Class B and are persons regarding whom it has been impossible to verify those details. The number of arrests made during the year was large and is creditable to the Force.

SURVEILLANCE OF PERSONS WHOSE HISTORY SHEETS HAVE BEEN PREPARED.

59. The number of persons whose history sheets were recorded in the village crime note book at the end of 1908 was 380 and the number of persons whose history sheets were opened during the year was 227, making a total of 607. The history sheets of 177 persons were discontinued as they were found to have returned to honest livelihood and 430 history sheets were still being kept up at the close of 1909. The present whereabouts of no less than 16 per cent. of those persons is unknown which is not a satisfactory state of affairs but local conditions are such that once a man whose history sheet has been prepared leaves Ajmer-Merwara it becomes difficult to trace him or bring him back under serveillance. Direct communication in such cases has now been arranged for with all the States marching with Ajmer- Merwara except Mewar and Jaipur and it is hoped that this will result in more effective surveillance than has hitherto been possible.

CO-OPERATION WITH THE POLICE OF NATIVE STATES.

60. The conferences referred to in the review for the year 1908 have resulted in the Kishengarh, Marwar and Shahpura Durbars accepting with slight reservations the proposals put forward for more effective co-operation between the border police.

REFORMS.

61. The whole scheme of reorganization was given effect to during the year except as regards the increase in the number of Sub-Inspectors. As stated in the review for 1908 it will take some years for the full number of Sub-Inspectors to be provided.

GENERAL REMARKS.

62. The question of providing suitable Police lines at head-quarters is still under consideration. Family quarters for officers were added to several Police stations during the year and further progress will be made in this direction as funds become available.

63. The work of the force has been good and in several important cases excellent service was rendered by certain Police officers. The outbreak of plague threw a certain amount of extra work on the Force which was cheerfully undertaken and satisfactorily carried out.

L. M. KAYE,

Superintendent General of Police,

Ajmer-Merwara and Railways in Rajputana.

(2) CRIMINAL JUSTICE (YEAR ENDING THE 31ST DECEMBER 1909).

64. During the year 1909 the office of District Magistrate, Ajmer, was held by—

(1) Major R. E. A. Hamilton up to the 2nd September 1909.

(2) Captain H. R. N. Pritchard from 3rd September 1909 to 17th September 1909.

(3) Captain W. G. Hutchinson from 18th September 1909 to 10th October 1909.

(4) Captain S. B. Patterson from 11th October 1909 to 31st March 1910.

The office of the District Magistrate, Merwara, was held by Captain H. R. N. Pritchard up to the 4th March 1909 except for the period of his absence on privilege leave from 2nd May to 13th June 1909 when Major R. E. A. Hamilton, District Magistrate, Ajmer, performed the duties in addition to his own. Captain S. B. Patterson also held the office from 5th to 31st March 1910.

65. The total number of offences reported was 5,794, of which 4,743 were returned as true. Of these 1,124 were reported under the Police Act, against 1,059 in the year 1908.

66. The number of cases under the Opium Act was 14 as against 27 in 1908 and 24 in 1907.

67. The number of persons under trial in the year was 7,652. Of these 4,219 were convicted. The corresponding figures for 1908 were 7,042 and 3,954 respectively.

The number of persons placed on trial before Honorary Magistrates was 3,070 as against 3,022 in 1908.

68. The average duration of each case was 10·2 days as against 11·6 in 1908.

69. The number of witnesses examined was 4,205 against 4,357 in 1908.

700. The number of persons placed on trial before the District Magistrates was 98.

71. The Court of Sessions dealt with the cases of 15 persons as against 16 in 1908.

72. In the Railway Jurisdiction 419 persons were placed on trial of whom 327 were convicted.

73. The number of appeals and Revisions excluding Railway cases dealt with by the District Magistrates and the Sessions Court was 243. In 13 cases the sentence

or the order in appeal was confirmed, in 183 cases the appeals were summarily rejected, in 24 cases sentences were reduced and in 13 they were reversed : fresh trials were ordered in 5 cases, proceedings were quashed in 2 cases and 2 were referred to the High Court. One case remained pending.

74. The Courts of the—

(1) Honorary Magistrate, Pisangan,
(2) Naib Tehsildar, Ajmer,
(3) Cantonment Magistrate, Nasirabad,
(4) Honorary Magistrate, Masuda,
(5) Judicial Assistant Commissioner, Ajmer,
(6) Extra Assistant Commissioner II, Ajmer,
(7) Extra Assistant Commissioner I, Ajmer,
(8) Tehsildar and Magistrate, 2nd class, Ajmer,

were inspected by the District Magistrate, Ajmer.

75. The District Magistrate, Merwara, inspected the following Courts :—

(1) Court of Tehsildar, Magistrate, 2nd class, and Munsiff, Todgarh,
(2) Court of Naib Tehsildar and Magistrate, 3rd class, Todgarh.

76. The following Courts were inspected by the Commissioner during the year under report :—

(1) Honorary Magistrate, Kharwa.
(2) ,, ,, Bhinai.
(3) ,, ,, Bandanwara.
(4) District Magistrate, Abu.

(3) CIVIL JUSTICE (YEAR ENDING THE 31ST DECEMBER 1909).

77. The number of Courts during the year under report was 27.

78. The temporary Court of the Additional Commissioner which was established with effect from the 23rd October 1909 to clear off arrears in the Commissioner's Court continued up to the 9th April 1910.

79. The total number of suits instituted (including miscellaneous cases) was 7,330, of these 4,565 were instituted in the Court of Small Causes.

80. The total value of the suits instituted was Rs. 4,27,551 against Rs. 6,28,107 in 1908. Suits of all kinds the value of which was less than Rs. 50 numbered 4,689.

81. The total number of suits of all kinds (including miscellaneous cases) for disposal was 9,028. This includes the pending list at the close of the year 1908 (1,698).

The number of suits disposed of without contest was 4,998, by arbitration 87 and with contest 1,034.

82. The pending file at the close of the year was 1,175 as compared with 1,698 in the preceding year, and of these 593 suits had been pending for more than three months. The average duration of contested Civil suits was 78·85 and that of uncontested suits, 34·71.

83. On the appellate side there were 365 appeals from decrees and orders for disposal. One hundred and thirty-five appeals were disposed of by the Additiona Commissioner whose Court sat for about 4 months only.

84. The pending file at the close of the year was 173 appeals. The average duration of appeals was 105·4 against 182·7 days in the preceding year.

85. The number of applications for execution of decrees was 16,940 against 15,195 in 1908. The number pending at the end of the year was 2,802. In 9 cases only were the Judgment debtors imprisoned.

86. During the year under report the Commissioner inspected the Courts of the :—

(1) Honorary Munsiff, Kharwa.
(2) Deputy Magistrate and Sub-Judge, 1st Class, Beawar.
(3) Honorary Munsiff, Bandanwara.
(4) Honorary Munsiff, Bhinai.

(4) REGISTRATION (YEAR WHICH ENDED ON THE 31ST DECEMBER 1909).

87. The total number of all classes of documents presented for registration during the year under report was 3,605 as against 3,641 in the previous year. The slight decrease of 36 is due to the prevalence of plague in Ajmer-Merwara during the second half of the year under report.

88. Out of the total number of documents presented for registration, 2,294 documents or 63·71 per cent. of the whole as against 62·26 per cent. in the preceding year, were registered by the Sub-Registrar of Ajmer.

89. The area of agricultural land transferred by sale during the year was 4,653 bighas as compared with 4,755 in the year 1908 showing a decrease of 102 bighas: similarly the area of agricultural land transferred by mortgage shows a decrease of 51 bighas *i e.*, from 5,841 bighas in the preceding year to 5,790 bighas in the year under report.

90. The total value of land transferred by sale and mortgage amounted to Rs. 2,93,774 or Rs. 34,386 less than in the preceding year. The decrease was due to the prevalence of plague.

91. The receipts from registration amounted to Rs. 6,909 as against Rs. 7,014 in the year 1908. The total expenditure incurred was Rs. 2,077 as against Rs. 2,243 in the preceding year. Taking into consideration the moiety fees allowed to the Registrar and various Sub-Registrars, the working of the Registration Department shows a net surplus of Rs. 3,483 which is satisfactory. The system of recording thumb impressions worked well throughout the year.

(5) MUNICIPALITIES (YEAR ENDING THE 31ST MARCH 1910).

Ajmer Municipality.

92. The constitution of the Ajmer Municipal Committee remained unchanged with the exception that Mr. C. W. Waddington was appointed to be Chairman, *vice* the District Magistrate in March and in the suburban ward, Mr. Fateh Chand Mehta, Barrister-at-law, resigned his Membership from about the middle of December 1909.

93. During the year under report, the Committee held 30 meetings, of which 7 were special and 23 ordinary. The avreage attendance at each meeting was 8·78 and 26·01 respectively.

94. The total income of the year was Rs. 2,55,312 as against Rs. 2,59,282 in 1908-1909. The expenditure amounted to Rs. 2,83,864 as against Rs. 3,15,860 in the previous year and the closing balance was Rs. 21,493. If refunds are excluded, which amounted to Rs. 40,874 in 1908-1909 and Rs. 37,046 in 1909-1910, the figures for the two years compare as follows :—

	1908-1909.	1909-1910.	Difference.
Income . .	2,18,408	2,18,266	—142
Expenditure . .	2,74,986	2,46,818	—28,168

95. The decrease in expenditure chiefly occurs under the Head "Water-Works" and is due to the fact that no experiments were made in connection with the New Water Supply Scheme during the year under report.

96. The gross and net receipts from octroi in the two years are shown below :—

	Gross.	Net.
1908-1909	1,81,560	1,40,706
1909-1910	1,58,899	1,21,853
Difference .	—22,681	—18,853

97. The net decrease of Rs. 18,853 is attributed chiefly to the outbreak of plague at Ajmer by which the city was practically deserted for several months in the year and trade was dislocated.

98. There was an increase of Rs. 9,181 in receipts under the head "Sales Miscellaneous" due to extra receipts on account of water supplied to the Railway and to private consumers.

99. The increase of Rs. 5,557 under the Head "Miscellaneous receipts" is on account of credits for materials supplied to and work done by the Municipal Engineer in connection with supply of water to private individuals.

100. The total disbursements during the year under report amounted to Rs. 2,83,864 as against Rs. 3,15,860 in the prveious year. The variations chiefly occurred under the following heads :—

	Rs.
Refunds	—3,828
Police	—1,111
Water-supply and city survey	—50,088
Conservancy	—20,190
Public gardens	—1,138
Roads	+4,015
Works done for private individuals (other than those done by the Municipal Engineer)	—2,545
Miscellaneous	+32,807
Advances	+3,472
Deposits	+6,166

101. The decrease in refunds corresponds with the decrease in octroi receipts as compared with 1908-1909. The decrease under the Head "Water Works" has already been explained.

102. The decrease of Rs. 20,190 under the head "Conservancy" is due to curtailment of large items of expenditure for the renewal of conservancy rolling stock and purchase of conservancy cattle.

103. The increase of Rs. 4,015 in "Roads" is due to the purchase of a Steam Road Roller.

104. The decrease of Rs. 2,545 under the head "Works done for private individuals" is due to the fact that less private work of a miscellaneous nature other than work connected with water supply was undertaken by the Municipality during the year.

105. The increase of Rs. 32,807 under the head "Miscellaneous" was mainly on account of plague expenditure.

106. A sum of Rs. 5,885 was paid during the year in the discharge of Government loans.

107. The balance of the loan still due from the Municipality amounts to Rs. 1,72,939 at the end of the year.

108. The incidence of taxation fell from Rs. 1-14-6 to Rs. 1-10-4.

109. The management of the Ajmer Water Works was in the hands of the Municipal Engineer up to February 1910 when Mr. S. O. Heinemann having resigned the appointment, it was taken over by the Public Works Department.

110. The first rise in the water level of the Foysagar occurred after the rainfall on 22nd April 1909. The Lake filled and overflowed the weirs on the 10th September 1909 and continued to do so until the 12th September 1909. The rains ceased on the 24th September and the Lake was then full.

111. The total depth of the Lake between the sill of the sluice and the low level weir was about 24 feet. The level of water above sill of sluice before rain on the 28th June 1909 was 16·44 feet. The highest level of water above sill of sluice on 10th September 1909 was 24·17 feet. Total rainfall between 13th June 1909 to 24th September 1909 was 26·34 inches.

112. The water level in the reservoir on 1st April 1909 was 20·19 feet and it reached the lowest level, *viz.*, 16·44 feet on 28th June 1909. The fall from 1st April 1909 to 28th June was 3·75 against 4·01 feet from 1st April to 18th June 1908 in the previous year.

113. During the year, the core-wall of the dam was raised one foot to protect the bank from the action of the waves and the damage done to feeders was repaired.

114. The weir of the Bisla Tank was opened and the water allowed to run out as the effect of the water in this lake was condemned on sanitary grounds.

115. The question of Octroi taxation on Railway materials imported into Ajmer is under consideration. The Committee of Railway, Municipal and Local Civil Officers appointed to discuss the question decided that such articles were liable to be taxed, but to avoid the inconvenience of collecting the tax a proposal was

made that a fixed percentage of the Local gross earnings of the Railway at the Ajmer Railway Station should be charged.

116. As regards the New Water Supply Scheme, the Committee are consulting the Railway authorities with a view to finally deciding upon the best means of meeting a possible shortage of water.

117. The number of recorded births fell from 1,934 to 1,206 and the number of deaths rose from 4,138 to 6,609. These variations are due to the severe epidemic of plague which ravaged the city, also to malaria. The birth and death rate per mille of population was 16·33 and 89·56 against 26·17and 56·04 respectively in the preceding year.

118. The total number of deaths reported from plague was 2,376. The number of deaths among children under 5 years of age was 1,254 (18·97 per cent. of the total mortality) against 1802 in the 1908-1909. No cholera or smallpox prevailed during the year.

119. The total number of vaccinations performed in the Ajmer town and suburbs was 1,949 against 2,761 in the previous year. The decrease is due to the prevalence of plague and malaria. The number of primary vaccinations was 1,869 and of re-vaccinations 80 against 2,582 and 179 respectively, last year.

120. The present conservancy arrangements stand in need of reform. The Committee are considering the following matters :—

(*a*) Institution of Incinerators to destroy sweepings and excreta in the most economical manner.

(*b*) Supply of New Conservancy carts of a durable and convenient pattern.

(*c*) Disposal of insanitary dwellings which have sprung up in the South-Eastern Suburbs.

121. A loan of Rs. 60,000 from Imperial Funds repayable in six years was sanctioned by the Government of India to the Municipality during the current year. The loan was necessary in view of the serious strain upon the Municipal finances caused by the heavy plague expenditure and the loss in Octroi receipts consequent on the desertion of the city during the epidemic and the almost complete stagnation of business.

Beawar Municipality.

122. There was no change in the Municipal boundaries during the year.

123. As a result of the last triennial election new members took their seats on the Committee on the 2nd January 1909. During the year under report the Committee held 17 Meetings of which 9 were special and 8 ordinary as compared with 7 special and 8 ordinary in 1908-1909.

124. The total income of the year amounted to Rs. 85,185 as against Rs. 73,761 in 1908-1909 and the expenditure to Rs. 89,213 as against Rs. 87,126. The closing balance amounted to Rs. 17,421 exclusive of Rs. 10,000 invested in Government paper.

125. The increase of Rs. 11,424 in the income occurred chiefly under the head "Octroi" which realised a gross amount of Rs. 81,445 as against Rs. 70,672 in the preceding year. This increase is attributed mainly to the very good outturn of the Cotton Crop this year, which more than counterbalanced the decrease resulting from smaller imports of certain other articles in consequence of the prevalence of plague in the city.

126. The net receipts from Octroi after deducting refunds of Rs. 27,144 amounted to Rs. 54,301 against Rs. 43,685 in the preceding year.

127. The incidence of Octroi taxation on a population of 21,928 was Rs. 2-7-6 per head during the year under report as against Rs. 1-15-9 in the year 1908-1909.

128. Compared with the previous year the expenditure shows an increase of Rs. 2,087 which is chiefly due to the unforeseen expenditure incurred in connection with the Plague arrangements under the head "Conservancy."

129. The construction of the Municipal Town Hall was commenced in August 1909 and the Foundation Stone was laid by the Hon'ble Mr. E. G. Colvin, C.S.I., Chief Commissioner of Ajmer-Merwara, on the 14th February 1910. The Town Hall has been named the "Colvin Town Hall". It is hoped that the building will be completed about the end of the year 1910-1911. A sum of Rs. 1,000 was granted to Mr. Heinemann, Municipal Engineer, Ajmer, for the work done by him in connection with Water Works Scheme.

130. No investigation in connection with the Scheme was made during the year under report.

131. A sum of Rs. 5,424 was spent in taking measures against plague which prevailed in the city during the latter half of the year.

132. The numbers of births and deaths registered during the year were 841 and 2,184 as against 911 and 1,125 respectively during the year 1908-1909. The excess of deaths over births is due chiefly to Plague.

133. There has been no change in the constitution of the Committee during the year under report except the appointment of Munib Lachmi Narain in place of Munib Ram Gopal. Kekri Municipality.

134. The Committee held one ordinary and five Special Meetings with satisfactory attendance.

135. The total income and expenditure during the year amounted to Rs. 10,207 and Rs. 8,977 as against Rs. 7,310 and Rs. 9,564 respectively in the year 1908-1909. The closing balance on the 31st March 1910 amounted to Rs. 3,955 inclusive of Rs. 2,000 invested in Government Securities. The increase of Rs. 2,897 in income over the figures of last year is principally visible under the head of Octroi, which is the chief source of revenue of the Municipality and shows an increase of Rs. 2,411. This increase is chiefly due to the larger import of grain, sugar, gur, etc., for consumption in the marriages to be held during the year (1910-1911). The decrease of Rs. 587 in expenditure was effected mainly under the head of Garden and Arboriculture and General Miscellaneous. Proposals for improving the financial position of the Kekri Municipality are under consideration.

136. The incidence of Octroi taxation was Rs. 1-2-6 per head of the population during the year under report as against Rs. 0-12-11 in 1908-1909.

137. The number of births and deaths recorded during the year was 176 and 541 as against 247 and 279 respectively during the year 1908-1909. The decrease in the number of births as compared with the last year is explained by the fact that a large number of people left Kekri during the prevalence of plague and a number of births consequently went unregistered. The increase in mortality is also due to the outbreak of plague.

SECTION IV.

PRODUCTION AND DISTRIBUTION.

Agricultural Summary.

138. The year under report comprises Rabi 1316 Fasli and Kharif 1317 Fasli. The Rabi crops which depended on the rainfall of 1908 were generally bumper ones, the average outturn being 16 annas in the rupee in Ajmer and Todgarh and more than 16 annas in Beawar. Owing to excessive rainfall in 1909 the Kharif crops in some parts were damaged to a certain extent and the average outturn of the Ajmer Tehsil was 13 annas in the rupee while in Beawar and Todgarh the outturn was 12 and 14 annas in the rupee respectively.

139. *Ajmer*—The area sown for the Rabi of 1908-1909 was 62,669½ acres of which 650 acres failed. The outturn was estimated at 652,130 maunds. The area under cultivation for the Kharif of 1909-1910 was 115,214½ acres of which 19,963½ acres or about 17 per cent. of the area sown failed. The outturn was estimated at 330,258 maunds. The actual collections on account of these two harvests amounted to Rs 2,71,363 against Rs. 2,71,466 in the preceding year. The realizations of revenue suspended in previous years were Rs. 34,694. The total collections during the year came to Rs. 3,06,057 as against Rs. 3,31,046 in 1908-1909. There was no remission on account of calamities of either of the two classes A and B in the Khalsa areas. A sum of Rs. 59,889 was remitted under the orders of the Government of India and the Local Government in the Khalsa and Istimrari area as noted below :—

Khalsa 59,815 suspended arrears of previous years.

Istimrari 74 Unsuspended balance of the demand of Kharif 1316 Fasli of the Nimod estate.

The amount of revenue outstanding at the close of the year was Rs. 15,123.

140. The year under report being a good one it was not necessary to advance loans under either the Land Improvement Loans Act or the Agriculturists Loans Act. The realizations on account of principal and interest due under the two Acts to date amounted to Rs. 31,452 as against a total demand of Rs. 1,31,755.

141. *Merwara*—The area sown for the rabi of 1908-1909 was 47,543 acres of which 1,991 acres failed. The outturn was estimated at 509,470 maunds. In the Kharif of 1909-1910 62,118 acres of land were brought under cultivation of which 14,419 acres failed, or about 23 per cent. of the area sown. The outturn was estimated at 230,840 maunds. The collection of revenue on account of these two harvests amounted to Rs. 1,37,480 as compared with Rs. 1,25,939 in 1908-1909, and a sum of Rs. 36,181 was realized on account of arrears of previous years, the total collection thus amounting to Rs. 1,73,661. During the year under report nothing was remitted on account of calamities of classes A and B in either of the two Tehsils in the District. Suspended arrears amounting to Rs. 1,17,496 outstanding in the two Tehsils for over three years were remitted. The amount of revenue outstanding at the close of the year was Rs. 2,566.

142. During the year under report a sum of Rs. 100 was advanced in the Beawar Tehsil under the Land Improvement Loans Act and Rs. 55 in the Todgarh Tehsil under the Agriculturists Loans Act. The realizations under both Acts amounted to Rs. 21,877-14-2 including Rs. 2,445-5-1 on account of interest while the amount of advances to which remained outstanding at the close of the year in both the Tehsils was Rs. 1,83,201-12-3.

Exploring Licenses.

Mines.

143. During the year under report, a license to explore for Mica in Merwara District for one year was granted to Messrs. Nansi Bhai Pirbhai. No License was issued in the Ajmer District.

Prospecting Licenses.

144. No license was granted in the Ajmer District. In Merwara five Licenses were issued each for a year, one in favour of Messrs. Guy and Morley to prospect for Mica and four in favour of Mr. Sorabji Dadabhoy Vakil for Mica and Asbestos.

Trade.

145. The returns of the Rajputana-Malwa Railway show a decrease in the number of passengers booked from stations in Ajmer-Merwara from 1,050,521 in 1908 to 1,018,581 in 1909 (Calendar year).

146. The grain traffic of the two most important local trade centres for the year under report and the previous year is given below :—

	1908.		1909.	
AJMER—				
Imports	11,703		7,707	Tons.
Exports	343		158	„
Balance in favour of Imports . .	11,360		7,549	„
BEAWAR—				
Imports	3,040		2,943	„
Exports	1,773		3,810	„
Balance in favour of—				
(Imports)	1,267	(Exports)	867	„

It will be seen that in Ajmer both Imports and Exports of grain fell off in 1909, while in Beawar, though there is little difference in the Import figures exports rose considerably.

147. Imports of cotton at Beawar rose from 660 Tons to 3,529 Tons during the year 1909.

Public Works.

148. During the year under review, the total expenditure incurred on Public Works in the Ajmer and Merwara districts (exclusive of Irrigation Works, canals and Railways) amounted to Rs. 2,37,051 of which Rs. 1,87,585 were spent on works within the jurisdiction of the Commissioner as against Rs. 2,26,232 in 1908-1909.

The chief works carried out during the year were :—

Additions and alterations to Districts Courts and improvements to Treasury, Ajmer.

Additions and alterations to Court house at Kekri.

Quarters for certain Police stations.

Approach roads to the new east wing of the Mayo College, Ajmer.

Quarters for the Executive Engineer, Ajmer Provincial Division.

Tent godown for the Superintending Engineer and Personal Assistant at Ajmer.

House for the Assistant Engineer at Ajmer.

Additions and alterations to Agency Office, Deoli.

149. The expenditure on "Communications" amounted to Rs. 76,602. Revenue credited to Imperial Civil Works during 1909-1910 on account of Ajmer-Merwara amounted to Rs. 5,857 including Rs. 1,080, Rs. 733 and Rs. 543 on account of rent of Agency House, Deoli, Agency Surgeon's quarters, Deoli, and Cantonment Magistrate's Bungalow, Nasirabad, respectively.

Arboriculture Roadside tree plantation.

150. At the beginning of the year the total length of the roads with avenues was 44 miles and 3 furlongs. During the year 5 miles and 2 furlongs of Imperial and 3 miles and 1 furlong of the District Fund roads were planted with young trees, thereby making a total length of 52 miles and 6 furlongs of avenue roads. The number of trees planted to fill up blanks was 1,226. At the close of the year there were 1,797 young trees shown as fully established and not in need of further maintenance. The total cost of planting and maintaining the trees on both Imperial and District Fund roads amounted to Rs. 3,488 against Rs. 4,442 in the previous year. Expenditure would have been higher but for the non-payment of the cost of certain iron tree guards which should have fallen within the year, but was left over as the full number of guards was not supplied in time.

151. The expenditure on Imperial roads was Rs. 2,125 and on District Fund roads Rs. 1,363.

152. The number of Nurseries underwent no change during the year.

153. The income derived from the sale of dry wood, Babul pods, etc., amounted to Rs. 521 against Rs. 167 in the preceding year. The cause of increase in revenue is ascribed to the sale of stones of the abandoned tree guards of the Beawar Jawaja roads which fetched a good price of Rs. 238.

154. The net result of the year's operation was the addition of 8 miles and 3 furlongs of road side avenue against 7 miles 6 furlongs in 1908-1909.

Inspection of raingauges.

155. The number of raingauges maintained in Ajmer-Merwara was 58 against 56 in 1908-1909 as the two raingauges at Foysagar, formerly managed by the Ajmer Municipality, were transferred to the charge of the Public Works Department. All the raingauges were inspected from time to time by the District officers and found in efficient condition. All except one are Symon's Gauges.

SECTION V.

REVENUE AND FINANCE. A—IMPERIAL.

(1) Land and Water Revenue.

15. The year under report which includes the accounts for the Rabi harvest 1316 Fasli and the Kharif of 1317 Fasli was from an Agricultural point of view more propitious than even the previous year. The rainfall was above the normal, the average of the year being 28·13 inches (see the detailed analysis in the appended Table 31). The outturn of the crops was generally good, the only damage being to some of the Kharif crops from excessive rain. No suspension of revenue was, however, necessary and the only remission necessary was a sum of Rs. 88-13 in Merwara. Character of the season.

157. The total demand of land and water revenue for the year including arrears of previous years amounted to Rs. 7,11,981. Out of this Rs. 4,79,718 were realized as against Rs. 4,63,711 in the year 1908-1909 as shown below:— Demand, Collection, etc., *vide* statement No. 32 of Appendices.

	1908-1909.	1909-1910.
Arrears	66,307	70,873
Revenue of the year	3,97,404	4,08,845
	4,63,711	4,79,718

158. A sum of Rs. 17,725 on account of the suspensions of Land and Water revenue of Khalsa villages in arrears for over three years was remitted altogether by the order of the Government of India. Other arrears remitted by the Local Government were Rs. 74-6-1 to the Istamardar of Nimod in view of poor outturn in the Kharif harvest of 1316 Fasli and Rs. 80 to the Estate of the Dargah Khawaja Sahib on account of the demand for three harvests (Rabi 1315 Fasli to Rabi 1316 Fasli) of the resumed Jagir land in village Dilwara owing to the reversionary interest in the land having since been secured by the Dewan of the Dargah.

159. The retail prices of the principal food grains during April and May 1909 varied between 13 and 18 seers per rupee, during June and July between 12 and 20 seers falling slightly in Merwara and rising in Ajmer. From August prices began to decline steadily both in Ajmer and Merwara till in October they ranged between 16 and 27 seers per rupee, remaining stationary till January 1910. In February and March prices fell slightly in Ajmer and rose in Merwara. Prices.

160 The following statement shows the accounts of Tacavi during the year 1909-1910:— Tacavi Loans.

	Outstanding at the beginning of the year.	During the yaer.		Remitted.	Outstanding at the close of the year.
		Advanced.	Collected.		
	Rs.	Rs.	Rs.		Rs.
Under the Land Improvement Loans Act XIX of 1883. Ajmer	68,757	..	10,554	..	58,203
Merwara	91,940	100	6,354	..	85,686
	1,60,697	100	16,908	..	1,43,889
Under the Agriculturists Loans Act XII of 1884. Ajmer .	83,744	..	15,618	..	68,126
Merwara .	1,10,539	55	13,078	..	97,516
	1,94,283	55	28,696	..	1,65,642
Grand Total	3,54,980	155	45,604	..	3,09,531

Agricultural stock.

161. The following table compares the result of the enumeration of Agricultural stock in Ajmer-Merwara during the year under report with the two previous years :—

	1907-1908.	1908-1909.	1909-1910.
Cows and bullocks	138,906	145,849	157,503
Buffaloes	14,413	15,890	16,695
Sheep and goats	290,896	293,490	285,416
	444,215	455,229	459,614

162. There has been a steady increase in the number of cattle, indicating prosperity.

Boundary Marks and disputes.

163. Boundary Pillars and Survey marks were inspected by the Revenue Officials from time to time : 103 boundary pillars, 43 survey marks and 90 plot marks were found damaged and steps were taken to put them in thorough repair. Four new cases of boundary disputes were instituted during the year and were disposed of. Several old disputes are still pending, the special Boundary officer appointed during the year for Rajputana and Ajmer-Merwara not having found time to take up the Ajmer-Merwara cases.

Record and staff.

164. The Beawar and Todgarh Tehsils were inspected by the Assistant Commissioner, Merwara, and the Revenue Extra Assistant Commissioner, Ajmer-Merwara, and the Ajmer Tehsil by the Assistant Commissioner, Ajmer, the results being satisfactory. Tehsildars and Naib Tehsildars spent on an average 108 days in touring in their respective circles, but Girdawars and Patwaris were not relieved of Settlement work till towards the close of year.

Processes.

165. In the whole district 13 writs, 92 warrants of arrest and 3 warrants of attachment were issued for the recovery of the dues of land and water revenue and Tacavi and 25 persons were imprisoned for default of payment.

Revenue business.

166. In Ajmer, 39 revenue cases were pending from last year and 1,012 cases were instituted during the year of which 1,009 were disposed of. In Merwara, 1 case was pending, 607 were instituted and all were disposed of.

Acquisition and alienation of land.

167. Land measuring 7 bighas 3 biswas and 14½ biswansis was acquired in the Ajmer district for buildings and miscellaneous works involving an annual reduction of Rs. 1-1-3 in the Government Jama. There was no case of alienation of Government land nor assignment of land revenue.

(2) Opium, Excise and Drugs.

Excise *vide* statemens Nos. 36 to 40.

168. The gross receipts from Excise, Opium and Drugs amounted to Rs. 2,76,656 against Rs. 2,48,483 in the previous year, showing an increase of Rs. 28,173. The expenditure on the excise establishment amounted to Rs. 15,776 as compared with Rs. 15,983 in the preceding year. The net profit on the year's working thus amounted to Rs. 2,60,880 against Rs. 2,32,500 in the year 1908-1909.

Country spirits.

169. The year under review is the second year of the Contract Supply System. The rates as which country spirits are supplied by the Contractor are as below :—

	Mhowa.		Gur.	
	25° U. P.	50° U. P.	25° U. P.	50° U. P.
Rate per gallon .	0-13-6	0-8-0	0-15-0	0-9-6

170. The receipts under the head country spirits amounted to Rs. 2,33,276 as compared with Rs. 2,05,936 in the year 1908-1909. The increase of Rs. 27,340 is chiefly due to increased consumption of liquor.

171. The total sales of country liquor were 48,914·8 proof gallons as against 43,845·5 gallons in 1908-1909. The increase in consumption was mainly due to the good season and partly to marriages among the low caste people and the Mers and Merats of Merwara. The stillhead duty on spirits issued for consumption in Urban and rural areas was the same as in the preceding year.

172. The number of country liquor shops in the District remained the same as in the previous year *viz.* : 128.

173. The question of restricting the issue of temporary licenses for the sale of spirits at fairs and festivals was kept in view, but no change in the present practice appeared necessary.

174. The privilege of tapping and vending tari is held by a Contractor. A sum of Rs. 185 was recovered on this account for the year under review. The number of shops for vending tari was three. 180 trees were tapped, the yield being 3,000 gallons of tari.

175. Seventeen licenses were issued during the year for the sale of foreign liquor. The license fees for the wholesale and retail vend of foreign spirits and foreign fermented liquor amounted to Rs. 2,025 against Rs. 2,794 in the preceding year. The decrease is due to the fact that the figures for 1908-1909 include arrears of the preceding year.

176. The receipts under Opium amounted to Rs. 26,897 against Rs. 26,286 in 1908-1909. **Opium.**

177. A quantity weighing 64 maunds 39 seers 1 tola and 8 mashas was imported for consumption in Ajmer Mewara, the import duty realized being Rs.10,396. Twenty chests of opium were exported to Bombay: these paid a duty of Rs. 12,500. The export of opium to the Panjab and North-West Frontier Province has been stopped.

178. The total number of licenses issued during the year for the wholesale vend of opium was 18 as against 21 in 1908-1909. The number of shops for the retail vend was the same as in the preceding year *viz.*, 8 in the municipal and 34 in the rural areas.

179 No licenses were issued for the cultivation of poppy and there was no income from duty on locally produced opium.

180 The contraband opium received and sent to the Opium Examiner, Ghazipur, amounted to 13 seers 3 chataks 2 tolas and 3 mashas.

181. The receipts from hemp drugs amounted to Rs. 14,237 against Rs. 12,670 in the preceding year, showing an increase of Rs. 1,567 said to be due to competition. **Hemp Drugs.**

182. The number of shops for the retail vend of intoxicating drugs was the same as in the preceding year *viz.*, 16.

183. During the year 26 persons were prosecuted under the Excise Act, of whom 23 were convicted. Under the Opium Act 17 persons were prosecuted and 13 were convicted. There were no prosecutions of any Chandu smoker or of any person dealing in cocaine. The number of chandu dens was 11 as against 12 in the preceding year. **Prosecutions.**

184. It is satisfactory to note that the revenue from Excise shows steady increase under the new contract supply system. This is due, no doubt, to the improved administration resulting from the re-organization of the establishments. **General remarks.**

185. Mr. Gibb, Excise Distillery Expert, inspected the Distillery during the month of April 1910.

(3) Stamps.

186. The gross income from stamps amounted to Rs. 1,42,416 against Rs. 1,55,768 in the year 1908-1909 as detailed below :—

	1908-1909.	1909-1910.
Judicial stamps	1,06,950	1,03,963
Non-Judicial	48,818	38,453
Total .	1,55,768	1,42,416

187. The decrease in the revenue is due to the outbreak of plague in the districts during the year and the consequent closing of Courts from 1st October 1909 to 30th November 1909.

188. No prosecutions took place for any breach of the Stamp Law.

189. Nothing was recovered during the year under report on account of pauper suits.

190. There was no change in the number of Stamp Vendors during the year. The discount paid amounted to Rs. 2,550 as against Rs. 2,638 in the year 1908-1909.

191. The total charges in connection with the working of the Stamp Department amounted to Rs. 15,381 as compared with Rs. 15,870 in the previous year.

(4) INCOME TAX.

192. The number of persons assessed to Income Tax during the year under report was 761 against 734 in the previous year. The final demand was fixed at Rs. 70,765 of which Rs. 69,178 were collected as against Rs. 66,490 in the year 1908-1909.

193. No penalties were imposed, nor were there any prosecutions during the year.

194. During the year under report the Extra Assistant Commissioner I, Ajmer exercised the powers of the Collector to make all assessments under Part IV up to the sum of Rs. 250 on an income of Rs. 9,600 and to hear and pass orders on objections filed under section 26 of the Act against the Assessments made by him. The Collector of Ajmer also exercised the revisional powers of the Commissioner under section 27 of the Act in regard to petitions preferred against all orders made by the Extra Assistant Commissioner I under section 26 of the Act.

195. The number of objections was 65, of which only 1 was under Part II, the remaining 64 being under Part IV. Of these objections 8 were allowed, 26 partly accepted, 6 remained pending and 23 were rejected. In two of the objections the amount of tax was enhanced.

196. There were 6 applications for revision presented to the Collector under section 27 of the Act, against the orders passed by the Extra Assistant Commissioner I. All the applications which were disposed of by the Collector were rejected except 1 in which tax was partly remitted. Three applications for revision were presented to the Commissioner from the orders of the Collector.

197. The gross collections including arrears amounted to Rs. 69,253 as against Rs. 66,560 in the previous year. The cost of collection was Rs. 1,289. Deducting this, the net profit accruing to Government on the year's working was Rs. 67,964 compared with Rs. 65,323 in the year 1908-1909.

198. The percentage of collections under Parts I, II, III and IV of the Income Tax Act came respectively, to Rs. 30·54, 4·97, 1·80 and 42·09, and the incidence of Income Tax per head of population in the city of Ajmer with a population of over 70,000 was 6 annas 10 pies.

B—REVENUE AND FINANCE OTHER THAN IMPERIAL.

District Fund excluding Dispensary and Victoria Memorial Funds.

199. The year opened with a cash balance of Rs. 23,103. Receipts amounted to Rs. 47,483 and expenditure to Rs. 40,408 leaving a balance of Rs. 30,178.

200. The receipts show a decrease of Rs. 1,922 as compared with the income of the previous year due mainly to variations in the collection of arrears of local rates.

201. The expenditure fell from Rs. 53,909 in 1908-1909 to Rs. 40,408 a decrease of Rs. 13,501 which occurred chiefly under the head "Public Works Charges" and was due to the fact that the unusually heavy rainfall in 1908-1909 had necessitated extensive repairs to damaged communications and extra expenditure in that year.

202. The Veterinary Dispensary and Shoeing Forge at Ajmer are working satisfactorily and show improvement. They were inspected by Major Trydell, Superintendent, Civil Veterinary Department, Sindh, Baluchistan and Rajputana, and received a favourable report.

203. During the year under report one special and two ordinary Meetings of the Board were held.

LOCAL FUNDS, 1909-1910.

Dispensary fund.

204. The cash balance at the credit of the Dispensary fund at the beginning of the year was Rs. 1770. The gross receipts amounted to Rs. 7,706 as against Rs. 5,729 in the previous year showing an increase of Rs. 1,977 which was due to certain arrears of subscriptions having been recovered during the

year. The expenditure fell from Rs. 8,435 in 1908-1909 to Rs. 6,919. The decrease of Rs. 1,516 occurs chiefly under the heads "Dieting" and "Buildings." The year closed with a cash balance of Rs. 2,557 besides Rs. 23,50 invested in Government Securities.

205. The financial condition of all dispensaries except the Victoria Hospital, Ajmer, and the Todgarh Dispensary is good. In order to make up the debit balance of Rs. 882 which stood against the Ajmer Victoria Hospital on the 1st April 1909, an adjustment of Rs. 1,000 had to be made from the Deolia Dispensary cash balance. The debit balance against the Todgarh Dispensary rose from 1,009 to Rs. 1,137.

Victoria Memorial fund.

206. There was no income to the fund during the year under report. The expenditure incurred in making some additions and alternations to the Victoria Hospital building at Ajmer was Rs. 166. The year closed with a cash balance of Rs. 1,074.

Chaukidari Fund

207. The receipts amounted to Rs. 14,476 as compared with Rs. 15,721 in 1908-1909. The decrease of Rs. 1,245 is mainly due to the fact that no arrears of Chaukidari Cess were recovered during 1909-1910. The expenditure rose from Rs. 10,939 to Rs. 12,668 in consequence of winter uniforms being supplied to Chaukidars during the year. The cash balance at the close of the year stood at Rs. 13,475.

Police Clothing Fund.

208. The receipts and expenditure amounted to Rs. 757 and Rs. 2,190 as against Rs. 10,429 and Rs. 10,803 in 1908-1909 respectively. The fund was closed from the 1st October 1909. The balance to the credit of the fund at the close of the year was Rs. 754.

Police Chanda Fund.

209. The receipts amounted to Rs. 2,662 as against Rs. 1,759 in 1908-1909, the increase of Rs. 903 being attributed to the Chanda subscription having been raised from Rs. 39 to Rs. 76 per mensem from June 1909 and to a special grant of Rs. 500 having been made by the Government of India for the improvement of the Fund. The expenditure amounted to Rs. 1,574 against Rs. 1,401 in the preceding year showing an increase of Rs. 173 due to the purchase of medicines for the hospital of the Police farrier. The balance at the close of the year was Rs. 1,616.

Nasirabad Cantonment Fund.

210. The total receipts amounted to Rs. 54,426 as compared with Rs. 55,715 in 1908-1909, the decrease of Rs. 1,289 being chiefly due to abolition of license fees. There was a large increase of Rs. 8,908 in expenditure which amounted to Rs. 56,682 as compared with Rs. 47,774 in the preceding year. This was on account of plague and increased charges for conservancy and roads. The year closed with a balance of Rs. 21,918 to the credit of the Fund as against Rs. 24,175 in 1908-1909.

SECTION VI.

PUBLIC INSTRUCTION.

General. *Vide* Tables at appendices Nos. 46 to 52.

211. The total number of Educational institutions at the close of the year was 198 against 166 in the previous year. Of these 91 were public and 107 private institutions. The total number of pupils was 8,613 against 8,942 in the previous year. The pupils at public institutions numbered 5,640 and at private institutions 2,973. The percentage of the population of the School-going age receiving instruction was 12·04.

212. The average number on the rolls and the average daily attendance of institutions maintained by the Educational Department were 2,929 and 2,176 respectively as against 3,107 and 2,314 in 1908-1909.

213. The total expenditure on public instruction rose from Rs. 1,15,748 to Rs. 1,45,253, of which Imperial revenues provided 51,157 Local Cesses Rs. 7,920, Municipal Funds Rs. 13,884, fees Rs. 27,359 and other sources Rs. 44,933.

214. The total cost of the Arts College was Rs. 21,898. The expenditure on secondary schools amounted to Rs. 90,695 and on primary schools to Rs. 16,480. The total cost of Training schools was Rs. 1,500. Rupees 4,683 were spent on buildings. Inspection cost Rs. 5,350 and Rs. 3,784 were devoted to scholarships.

Government College and School, Ajmer.

215. Mr. E. F. Harris, B.A., continued to be the Principal of the Government College throughout the year. The following important changes took place in the Tuitional Staff.

216. Mr. Bishamber Persbad, M. Sc., Mathematical Master, left the College in August 1909 to join a private one in Agra on better pay.

217. In September 1909, the 2nd Moulvi Sadidudin, a man of erudition and an authority in his particular department died and his place was given to the 3rd Moulvi Abid Hussain. In November 1909, another casualty took place in the College staff in the death of the Head Moulvi Tehsin Ali who had served Government faithfully and efficiently in different capacities for 41 years.

218. The most noteworthy event of the year was the raising of tuition fees in all classes, throughout the College and school, in accordance with the recommendation of the Special Education Committee which was formed in 1907-1908 to report on the improvements needed in the educational system of Ajmer-Merwara. The revised scale of fees stands thus :—

College Department.

	Per mensem. Rs.	A.
B. A. Classes, 4th year and 3rd year	6	0
Intermediate classes, 2nd year and 1st year	4	0
School Department.		
High school classes, X and IX	3	0
Upper Middle classes, VIII and VII	2	0
Lower Middle classes VI and V	1	0
Upper Primary classes IV and III	0	8
Lower Primary classes, II and I	0	4
Preparatory sections, B. and A.	0	2

219. Coming into force on the 1st October 1909 the income from fees in the College classes and 4 classes of the High school rese from Rs. 5,480 in 1908-1909 to Rs. 6,355 in 1909-1910 while the number of pupils fell from 259 to 214.

220. One other suggestion of the Committee has been carried cut, *viz.*, the teaching of the 4 Senior classes of the High School in the College building.

221. Other matters recommended by the Committee are still before the Government of India.

222. The number of students in the college classes at the end of the year was 55 and in the school classes 154 as against 70 and 243 respectively in 1908-1909. In the Lower College the number on the rolls was 352. The results of the different examinations which were held at the close of the year are given below :—

B. A. Examination	2 out of 9.
Intermediate Examination	8 out of 24.
Matriculation Examination	7 out of 20.
Middle Examination	19 out of 42.

These comparatively poor results are attributable to the severe outbreak of Plague in Ajmer last autumn when the College and School had to be closed for about 3 months as well as to the general stiffness of the University Examinations.

223. The Boarding houses continued to be popular and fully occupied. For about one month during the plague epidemic students of the College and the principal school classes were accommodated in them Sanitary arrangements were carefully attended to and every body in residence was inoculated with the result that not a single case of plague occurred within the premises though the disease was in close proximity and dead rats were frequently found on the premises.

224. The number of Aided Schools was 11 at the close of the year and the total number of pupils attending them was 1,617. **Aided schools:**

225 During the year under report one new Primary School was opened in Merwara while the status of 8 schools was reduced from Upper Primary to Lower Primary. Thus the number of village schools on the 31st March 1910 was as shown below :— **Village schools:**

District.	Secondary.	Upper Primary.	Lower Primary.	TOTAL.
Ajmer	6	23	6	35
Merwara	2	9	5	16
TOTAL	8	32	11	51

Plague caused much unsettling of work in the villages during the year. Twenty-two village schools in Ajmer and two in Merwara were closed for periods of two to three months at a time and the average number of pupils on the rolls fell from 2,132 in 1908-1909 to 2,086 though the average attendance was not palpably affected.

226. The Inspector of schools reports that the work done in the village schools with few exceptions shows marked improvement, 25 boys were prepared by these schools for the Vernacular Final Examination of the United Provinces out of whom 18 appeared and 6 passed.

227. The total expenditure on village schools amounted to Rs. 31,116 of which Rs. 14,487 were provided from Imperial Funds, Rs. 11,885 from Municipal and District Funds, Rs. 2,141 from fees, Rs. 2,237 from Mission Fund and Rs. 366 from other sources.

228. The annual Rajputana school sports which were to be held in December 1909 were abandoned owing to the prevalence of plague in Ajmer.

229. The annual Rajputana Middle School examinations were conducted as usual at Ajmer by the Principal Government College, Ajmer, and 32 schools from Ajmer-Merwara and various States in Rajputana presented candidates.

SECTION VII.

GENERAL MISCELLANEOUS.

Pushkar Fair.

203. The annual religious Fair at Pushkar took place between the 22nd and 28th November 1909. Owing however to severe outbreak of plague in the Ajmer city and District, the Horse Show and Cattle Fair usually held in connection with the Fair were abandoned, and for the same reason the gathering of pilgrims was not large.

Urs Fair.

231. The annual Urs Fair in connection with the Shrine of the Dargah Khawaja Sahib at Ajmer was held from the 19th to the 24th July 1909. About 60,000 people attended the Fair. The Police and other arrangements were satisfactory. The Superintendents of Police, Agra, Delhi, Khandwa and Ahmedabad and the Commissioner of Police, Bombay, were requested to send constables for duty at the Fair to watch bad characters from their respective districts. These men as usual proved most useful.

Beawar Tejaji Fair.

232. The Tejaji Fair at Beawar was held from the 23rd to the 25th September 1909 and was attended by about 20,000 persons. It is purely a local gathering. The attendance was considerably larger than that of last year.

Kekri Tejaji Fair.

233. The Tejaji Fair at Kekri commenced and ended a day earlier than at Beawar. Owing to good rains the gathering at the Fair was normal.

Printing Presses *vide* Table No. 1, Serial No. 53.

234. At the beginning of 1909 there were 12 * printing presses. Two of them *viz.*, the Ajmer Printing Press and the Tarraqi Nazam Press were closed during the year. No new Press was started. Thus the number of presses at the close of the year was 10. Two Newspapers and seven Periodicals in all were issued from these Presses. No new Newspaper or Periodical was started during the year.

235. Eight books in English, two in Latin and thirty-seven in Indian languages were published during the year.

Bhumias.

236. The Assistant Commissioner, Ajmer, held the usual ceremony of receiving the Bhumias and their Nazrana on the 25th June 1909, the day appointed for the official observance of the Birthday of His Majesty the King Emperor. Out of the total demand on account of Nazrana amounting to Rs. 3,961, a sum of Rs. 3,924 was recovered at the Darbar, the balance being recovered in full afterwards.

Treasure Trove.

237. During 1909-1910, there was one case of Treasure Trove in the Ajmer District. A find of 257 coins in an earthen pot buried in the ground was discovered at Kanpura. The find was reported to the Asiatic Society of Bengal under rule VII of the Rules framed by the Hon'ble the Chief Commissioner, under the Treasure Trove Act.

238. The coins examined by the Numismatic Secretary of the Society were found to be of mixed metal (silver and copper) and belonged to the following periods:—

Allauddin Mohomed, A. H. 701-715	55
Qutbuddin Mubarik, A. H. 716-720	53
Gyasuddin Tughlaq, A. H. 720-727	144
TOTAL .	252

239. They are said to be fairly common and their numismatic value has been put at six annas each.

240. No case of Treasure Trove was dealt with in the Merwara District during the year 1909-1910.

*NOTE—Not 11 as stated in the report for 1908-1909.

Total	5,794	4,743	4,994	7,640	2,932	4,219	55	434	158	

Notes—*Column 1.*—(1) "Attempts" should be entered immediately after the offences to which they relate.
(2) "Abetments" should be included with the substantive offences abetted.
(3) When giving the list of special and local laws against which offences have been committed, care should be taken to specify the title of each Act quoted, as well as its number and year. An Act of a local legislature should be distinguished by initial letters placed after the number of the Act.

Column 2.—All offences (cases) of which information was given, complaint made, or cognizance taken under Chapters IV, V. XIV, XVI, C. P. C., for the first time during the year, are to be shown, although some of the charges may not have been prosecuted, or may have turned out to be false.

Column 3.—This column should be the total of column 2, less the number of cases dismissed under section 203, C. P. C., and less all other cases in which a *Magistrate* declared that the charge was false, and that the offence never occurred, or which were dismissed as frivolous and vexatious, and in which the complainant was fined under section 250, C. P. C.

Column 5.—This column should be the total of columns 6 to 9, *plus* column 9 of previous year's statement.

Column 8.—Persons transferred from one court *to* another *in the same Province* are not to be entered in this column.

Column 9.—A note should be added in the column of remarks showing respectively the number of persons who died, escaped or were transferred.

General Cases committed or referred should not be included in this statement by the committing or referring Magistrates. The results of the trials in these cases should be shown by the Courts to which the cases are committed or referred. If the total of column 7 of Statement 4 be deducted from the total of column 2 of that Statement, the difference should correspond with the total of column 5 of this statement.

W. STRATTON, *Lieut.-Col.*,
Commissioner, Ajmer-Merwara.

[*Vide* Section III—Criminal.]

Judicial Statement No. 3—(Criminal).

No. 13.—Statement of Miscellaneous Proceedings under the Criminal Procedure Code in Ajmer-Merwara during the year 1909.

Nature of Proceedings.	Total number of cases before the Courts during the year.	Number of persons concerned.	Number of persons discharged.	Number of persons convicted.	Persons under trial at the end of the year.	Remarks.
1	2	3	4	5	6	7
1. Proceedings against witnesses under Chapter VI C and section 485	19	91	51	34	6	
2. Proceedings under Chapter VIII to prevent breach of the peace	21	57	12	45	...	
3. Proceedings under Chapter VIII, Security for good behaviour	5	4	...	4	...	
4. Proceedings against local nuisances, Chapter X	22	37	37	...	...	
5. Possession, Chapter XII	1	3	3	...	...	
6. Frivolous or vexatious accusations, summarily dealt with under Chapter XX, section 250	...	...	...	...	...	
7. Non-attendance of jurors or assessors, Chapter XXIII, section 332	...	...	...	...	...	
8. Maintenance, Chapter XXXVI	13	13	12	...	1	
9. Forfeiture of bail or recognizance under Chapter XLII	2	2	...	1	1

11. Chapter XXV, Contempt of the Court	1	1	...	1	...	
Total	84	208	115	85	8	

Notes.—*Column 1, Sub-head 6.*—Complainants fined under section 250 are not to be entered as convicted in Statements 2, 4 or 5, but the fact of the fines having been imposed may be noted in the column of Remarks of Statement 2 against the complaints preferred by them.

Column 1, Sub-heads 2 and 3.—Cases under sections 107, 108, 109, 110, 118, 120, 123, C. P. C., will also appear under the appropriate head of the Schedule in Statement 2. Persons convicted under these heads and required to give security or recognizance under sections 120, 123, C. P. C., will also appear in Statement 5.

Column 1, Sub-heads 4, 5 and 8.—Cases under these Sub-heads will not appear in Statements 2, 4 or 5. Jury cases under Chapter X will, however, appear in Statement 13.

W. STRATTON, *Lieut.-Col.*,
Commissioner, Ajmer-Merwara.

Judicial Statement No. 4—(Criminal).

No. 14.—Statement showing the General Result of Criminal Trials in the Tribunals of various Classes in Ajmer-Merwara in the year 1909.

Total	7,652	55	2,936	3,199	...	...	...	1,021	...	...	...	12	434	4,836	10·2	4,205	

NOTES.—*Column 1, Sub-head "Court of Sessions."*—Includes cases decided by Sessions Judges on reference under section 123, C. P. C.

Column 1, Sub-head "Superior Courts."—Includes cases decided by the High Courts on reference under sections 307 and 374, C. P. C.

Column 2.—That is, the total of the entries in columns 3 to 8. The cases of persons transferred from one Court to another in the same province will appear only against the Court by which decided, or in which pending at the end of the year if not decided.

Column 3.—A note against the figure for each Court should be made in the column of remarks showing separately how many accused persons were transferred to other provinces.

Columns 5 and 6.—Persons whose cases were referred to a Superior Court for higher punishment, for orders under section 562, Criminal Procedure Code, or for confirmation of sentence will be entered in column 7, and not in columns 5 and 6, against the Court making the reference. Against the Court receiving the reference they will be shown as convicted or acquitted, according to the orders passed by it, or as pending, if orders have not been passed.

Column 7.—These cases will also be shown against the Magistrates who made the reference, entry being made as directed above.

Column 8.—An insane accused who has been sent to a lunatic asylum should be kept on the file and entered in this column until he has been tried and either convicted or acquitted.

Column 9.—Omit cases in which the accused died, escaped or was transferred.

Column 10.—In calculating the duration before the Magistrates' Courts, the starting point to be taken is not the date of complaint or information, but that of apprehension, or attendance on summons or otherwise of the accused. As regards Courts of Sessions, the actual number of days occupied should be given, commencing from the date of commitment. Cases in which the accused has absconded before arrest or has escaped from custody should be taken off the file till the persons implicated appear again.

General.—The figures in this statement should agree with those of Statement No. 2.

W. STRATTON, *Lieut.-Col.*,
Commissioner, Ajmer-Merwara.

Judicial Statement No. 5—(Criminal).

No. 15.—Statement showing the punishments inflicted by the various Criminal Tribunals in the district of Ajmer-Merwara in the year 1909.

Class of Tribunal.	Persons sentenced to								Persons ordered to find or give security, or recognizance to keep the peace, or sureties for good behaviour.	Persons imprisoned in default of security for good behaviour.	Detail of Punishment.																Number of boys whose sentences were commuted to detention in a Reformatory School.

Notes.—*Column 1, Sub-head "Courts of Sessions."*—Includes cases decided by Sessions Judges on reference under sections 31, 34 and 123, C. P. C.

Column 1, Sub-head "Superior Courts."—Includes cases decided by the High Court on reference under sections 307 and 374, C. P. C.

Column 19.—Includes fines realized during the year, though imposed in previous years. This column is intended to show the realized portion of fines imposed by officers in the exercise of original jurisdiction only.

Column 20.—Represents compensation awarded to complainants under section 545, Act X of 1882. These awards should also be shown under the head *fines* "imposed" and "realized" in columns 18 and 19, for they form part of such fines.

General.—(1) The total of columns 5, 6 and 11 should correspond with the total of columns 21 to 25 (both inclusive), and the total of column 8 should correspond with the totals of columns 12 to 17 inclusive

(2) This statement is meant to exhibit every sentence passed, and, where two penalties are inflicted on the same offender, to exhibit them both. Further to reconcile the number of persons entered in this statement as punished, with the number entered as convicted in statement 4, it is necessary to note cases such as those in which fulfilment of contract is ordered under Act XIII of 1859 in a footnote. As regards persons whose cases were referred for higher punishment or for confirmation of sentence, the punishment, if any, sanctioned by the higher Courts should be entered against such higher Court, and not against the Court making the reference.

W. STRATTON, *Lieut.-Col.*,

Commissioner and Sessions Judge Ajmer-Merwara.

Judicial Statement No. 6—(Criminal).

No. 16.—Statement showing the result of appeal and revision in criminal cases in the District of Ajmer-Merwara in the year 1909.

Tribunals.	Number of Persons.											Average number of days during which each appeal lasted.	Remarks.
	Total number of appellants and applicants for revision before the Courts.	Died, escaped or transferred to another Province.	Appeals or applications rejected.	Sentence or order confirmed.	Sentence enhanced.	Sentence reduced or otherwise altered.	Sentence reversed.	Proceedings quashed.	New trial or further enquiry ordered.	Referred for revision to the High Court.	Pending trial.

GRAND TOTAL	243	...	191	5	...	24	13	2	5	2	1	22·5	

Notes.—*Column 2.*—Total of columns 3 to 12. Cases transferred from one Court to another *in the same Province* will appear only against the Court by which decided, or in which pending at the end of the year, if not decided. The words "Applicants for revision" in the heading of this column should be held to include only *accused persons* on whose behalf an application for revision is made or in whose interest the Magistrate or Judge may take steps to obtain revision on his own motion. Where such application is made, or such steps are taken, on behalf of a *complainant*, the fact should be noted, with the number of complainants concerned, in the column of Remarks. In the latter case, the accused persons against whom the application is made, though not appearing in this column, will fall into their proper places in columns 3 to 13, according to the result of such application. This note is held to apply also to cases dealt with by the High Court on review of returns.

Column 5.—Appeals dismissed under section 423, C. P. C., should be entered in this column.

Column 9.—Orders of discharge set aside by a Superior Court under section 436, C. P. C., should be entered in this column.

Column 10.—When a sentence is reversed or proceedings quashed on appeal, and a new trial or further enquiry is at the same time ordered, the Appellate Court should not fill in column 8 as well as column 10, or column 9 as well as column 10, in each case respectively, but should make the entry in column 10 only.

Column 13.—Duration of appeals, applications for revision, or reference should be calculated thus—

(1) Appeals from date of receipt in office of the petition of appeal;
(2) Applications for revision—from the date of application;
(3) Cases dealt with by the Court otherwise than on application—from date of the order calling for the records; and
(4) Cases sent to the High Court by lower Courts for revision—from the date of the letter from the Court making the reference.

General.—Persons whose appeals were rejected under section 421, Criminal Procedure Code, should be entered in column 4, in which should also be included applicants for revision whose cases the Courts have refused to submit to the High Court. In columns 5 to 10, should be shown, opposite the sub-heads for Magistrates of District and Courts of Sessions, persons whose cases were disposed of by those Courts without reference to the High Court, and in column 11 all persons whose cases these Courts referred to the High Court.

W. STRATTON, *Lieut.-Col.*,
Commissioner and Sessions Judge, Ajmer-Merwara.

[*Vide* Section III—Criminal.]

TOTAL	8,669	3	1,678	1,183	2,432	1,132	186	64	13	724	168	1,085	565	78·85	34·71	

NOTES.—*Column 2.*—Total of the entries in columns 3 to 13. Cases transferred from one Court to another *in the same Province* will appear only against the Court by which decided, or in which pending at the close of the year, if not decided. The number of cases pending from the preceding year should be noted in the column of Remarks, and when deducted from the total of column 2 should leave a balance corresponding with the total of column 38 of Statement VII. If after deducting the arrears shown at the end of the previous year, the balance does not agree with the figures in column 38 of Statement VII, the difference should be explained.

Column 6.—When under section 102, C. P. C., a decree is wholly or partially made in favour of an absent plaintiff on the admission of the defendant, the case should be entered in this column.

Column 8.—A case in which defendant appears, but a plaintiff does not, and defendant does not confess judgment and the case is thereupon dismissed, the case should be entered in this column.

Columns 15 and 16.—As regards the average duration of suits, the date of their presentation of the plaint shall be considered as the date of institution, unless some defect or omission requires to be amended before the plaint can be admitted, in which case the date of admission after amendment shall be regarded as the date of institution. With regard to applications to execute decrees, the date of their presentation should alone be considered. In calculating average duration, the time that the suit has been actually pending in the particular Court should alone be calculated. The interval should be omitted during which an application for review which has been granted, or an appeal in which an order of remand has been passed, been pending in the superior Court. Revived suits are to be treated as if newly instituted on revival.

W. STRATTON, *Lieut.-Col.*,
Commissioner and District Judge, Ajmer-Merwara.

Judicial Statement No. 9—(Civil).

No. 20.—Statement showing the general result of the trial of the Civil and Revenue cases in the Courts of Original Jurisdiction in the District of Ajmer-Merwara in the year 1909.

I.—Fractions of a rupee are to be omitted.

II.—If the income of any school maintained by the Department (or by a Local or Municipal Board) exceeds the expenditure, the return of Government (or Local or Municipal) expenditure should be reduced accordingly, the income and expenditure of the school being thus equalised. If in such school the income from fees or other private sources alone exceeds the expenditure, the excess income and the sources from which it is derived should be shown in the column of Remarks.

III.—If the income of any aided school exceeds the expenditure, the excess should be proportionately deducted from the sub-heads of endowments, subscriptions, and other sources; or, if the receipts from those sources are insufficient, from the sub-head of Fees also. The actual receipts from Imperial Revenues and from Local and Municipal Funds should be shown in full.

IV.—In calculating the expenditure from Imperial Revenues or any other Funds, all payments or contributions from Fees or other sources credited to that Fund should be deducted. Such payment should be shown as expenditure under the sub-heads to which they belong.

V.—The expenditure under "University," "Direction" and "Inspection" should be shown only in column 6 and its sub-divisions, and not in the preceding columns.

VI.—The expenditure on stipends held in Training Schools should be shown as part of the expenditure in those schools, not under the head of scholarships.

N.B.—The headings prescribed by the Government and not required for this district have been omitted.

E. F. HARRIS,

Inspector of Schools, Ajmer-Merwara.

Education, General—Table V.

Note.—The number of girls shown in this table should correspond with the number returned under Primary and Secondary Schools in General Forms I and III.

Mixed schools should be entered as boys' schools, or girls' schools, according as the number of boys or of girls is greater.

N.B.—The headings prescribed by the Government and not required for this district have been omitted.

E. F. HARRIS,
Inspector of Schools, Ajmer-Merwara.
